

MAY TAKE STEP TO GET REUNION

Denver Brown Camp Expected to Go After State Meeting for 1910.

WANT THE 161ST REGIMENT

OTHER BUSINESS MATTERS WILL BE CONSIDERED BY ORGANIZATION AT THE MEETING HELD THIS EVENING.

An effort will be made by the Denver Brown camp of the Spanish-American War Veterans at its meeting this evening at the new quarters at the court house to secure the 1910 reunion of the 161st Indiana regiment. If successful the members of the local camp will ask that the reunion be held at the same time as the State Encampment Spanish-American War Veterans is held here.

The local organization has a good deal of influence in the state and with the cooperation of the local members and the commercial organizations, little difficulty will be experienced in landing the reunion for 1910. It is understood that this city is one of those favored as a meeting place by the veterans. In event the reunion is held here, veterans from all parts of Indiana and also from other states will be present.

Besides the above subjects the Denver Brown Camp will discuss plans for the state encampment to be held here next year. Reports of this year's convention at South Bend, at which time Frank C. Kibbey, of this place was elected commander, will be made by the delegates.

CAME PRETTY HIGH?

Fitzgibbons Didn't See It That Way and Loses Inheritance by His Drunk.

SLIPPED OFF THE WAGON

Poor Bill Fitzgibbons. He lost his inheritance yesterday by falling off the water wagon upon which he has been riding for the past three weeks. By the terms of his father's will William was to be a regular passenger on the aqua cart for the next five years in order to get his share of the inheritance or else he would be cut off with a paltry \$25. Bill stood it just as long as he possibly could but yesterday the temptation proved too strong and his anatomy was given a severe jolt. In the city court this afternoon Fitzgibbons drew a fine of \$5 and costs.

NO RACE SUICIDE

Nineteenth Child is Born in the Family of Farmer John Lipscomb.

SOME RIVALRY IS SHOWN

There certainly is no race suicide in the family of John Lipscomb, residing on rural route No. 4. The nineteenth child, a girl, was born Saturday. Twelve of the children are now living. The father of this unusual family is 56 years of age while the mother is 49.

The story was also a frequent visitor at the home of Mr. and Mrs. Wallace Williams of Perry street. A girl the tenth child, was left there yesterday by the Roper's bird. Only five of the children in this family are now living. The mother is but 33 years of age.

TAKEN SANITARIUM

Jesse Raper who was placed in the county jail recently for safe keeping was taken to a sanitarium at Oxford, Ohio, today by Sheriff Linus Meredith. Mr. Raper's mentality has been affected but a short time and members of the family are hopeful that with treatment he will recover his faculties. Before being placed in the county jail he had made threats against members of the family and they feared for their safety. He is well known in this city.

THAW LOST NERVE

White Plains, N. Y., Aug. 2.—Harry Thaw again lost his nerve at the insanity hearing today. While Jerome was reading evidence adduced at former trials to show the young Pittsburg surgeon is insane, Thaw became very nervous. He restrained himself as long as possible, but finally jumped from his chair and paced nervously back and forth as Jerome continued reading.

NO MORE BASEBALL

Team Has Quit and Manager Refuses to Hold Up the Weaker Aggregation.

OUTCOME OF THE POLICY

So often had they been led to believe they were engaged for a ball game only to be told at the last minute their services would not be needed, the players of the local baseball club quit cold last week. A game had been scheduled against a Dayton team for yesterday, but several of the team members refused to bind themselves to an agreement. When Manager Warfel found his team going back on him he reported to the management. He was asked to play the game with a patched up team and refused. The tolling of the bell was then heard. Maybe the Sunday league can keep the grass worn off the diamond.

REDS BROKE EVEN.

Cincinnati, Aug. 2.—Cincinnati and Brooklyn split even in a double-header here this afternoon. Rucker pitched in rare form in the first game, but one run being earned off him. Errors were responsible for two of the three runs scored by Brooklyn in this game. The second contest was a pitchers battle up to the seventh inning, when a wild throw by Wilhelm with the bases full gave the Cincinnati two runs and the game. The throwing of McLean was a distinct feature of the contests, no fewer than four attempts to steal in the second game being frustrated by him. Scores:

SHERIFF ON JOB

After a two weeks' illness, during a part of which time he was confined to his bed, Sheriff Linus Meredith is back on duty at the court house. His leg which was injured in the Newspaper-Lawyer ball game at Athletic park is not entirely well. Linus says that he is done with catching behind the bat unless he has a pair of shin guards on.

WAS IT WEATHER

During the month of July, 21 marriage licenses were issued by County Clerk Harry E. Penny. Cupid must have found it a little warm to exercise his duties very strenuously.

From antiquity the rose, the queen of flowers, has been regarded as the emblem of joy, love and prosperity. It is also the symbol of silence.

SUBBEN STROKE BY DEATH'S HAND

Eaton Woman Stricken When About to Board Car For This City.

COMING TO THE FUNERAL

HEART FAILURE ASSIGNED AS CAUSE OF COLLAPSE—DEATH WAS SURPRISE TO MANY FRIENDS.

Eaton, O., Aug. 2.—While about to board a traction car for Richmond, to attend the funeral of a friend, Mrs. Elizabeth Bender, aged about 75 years, without a moment's warning was summoned by the hand of death, and she fell to the street. Heart failure is given as the cause.

Mrs. Bender and her daughter, Mrs. F. M. Murray had walked from their home to the corner of Main and Beech streets, a distance of about one square, where they intended getting on the car. The car had arrived and Mrs. Bender was almost in the act of boarding when she was seized. She felt ill but a moment, and spoke to Mrs. Murray to catch her, saying she was falling. She was immediately carried back upon the sidewalk where she died.

Mrs. Bender was the widow of the late Jacob Bender, one of Eaton's staunch and respected German residents, and her death came as a shocking surprise to her many friends and relatives. Mrs. Bender had spent last week enjoying an outing at the Lewisville reservoir and she apparently was in her usual health.

Mrs. Bender is survived by four children, one daughter and three sons. They are Ed, Louis and Jacob Bender, and Mrs. Murray, all of whom reside here.

Arrangements for the funeral services have not as yet been completed.

"FRENCHY" JACONA TAKES HELPMATE

Married Mrs. Melchionnia This Morning.

Francisco Jacona, an erstwhile power among local Italians, was married this morning to Mrs. Filomena Melchionnia at the county clerk's office. This is the second venture for each one, the bridegroom having been divorced from his former wife last winter. Mrs. Jacona's first husband died. Jacona was born near Naples, Italy and his wife in Lacedonia, Italy.

The two appeared at the office of County Clerk Pappas bedecked in their Sunday best. Jacona's wedding outfit was a gray suit while his bride wore two gold ear rings, the circumference of which were equally as large as that of a silver dollar.

INVESTIGATE FIGHT

Provincetown, Mass., Aug. 2.—Navy officials will begin at once an investigation of the boxing bout on the battleship Vermont, Friday night which caused the death of a colored mess attendant named Foster. His opponent, a fellow mess attendant named Williams, is being kept under guard.

The fight was a grueling affair. Both men were badly punished, and after the fourth round of the scheduled ten, Foster showed signs of wilting. He was game, however, and answered the opening bell for the fifth and sixth rounds. Then the fight was awarded to Williams.

Foster, after washing and lightly treating his injuries, swung his hammock and retired. In the morning he complained of racking pains and was removed to the sick bay. There he lay in distress until late in the afternoon when he died.

The Waldorf baseball team of this city defeated the Boston team at that place yesterday afternoon by the score of 4 to 3. Rialt pitcher for the locals was in good form and allowed but 7 hits. Errors behind him figured largely in the close score.

Goar Proved Easy.
Cambridge City, Aug. 1.—With "Old Joe" Goar, the former big league pitcher in the box a portion of the game for the New Lisbon team in the game yesterday afternoon at this place, against the Little Giants, the locals had an easy time winning by the score of 8 to 4.

IDLY WANDERING.

When the Overwrought Worker Gets Loose From Care.

When a business man suffers from overstrain or a student from overwork sometimes, instead of taking to bed, he disappears. Suddenly he is missing, all trace of him lost. His family and friends invariably fear the worst. They imagine he has met with accident and is lying unconscious in a hospital or has parted with his wife and is confined in an asylum or has even taken his own life.

These things are all possible, but the probable thing is none of them. The probable thing is that the overwrought man has yielded to a natural impulse and instinctively has sought a cure by becoming a wanderer for the time. He has put the cares of the old life behind him and with them the people that recall the old life and has given himself up to the healing of the road. To drift with no well defined object, to see strange places and faces, ever to answer the call of the beyond—"die ferns," as the Germans call it—is more than a dream lying somewhere in the back of every man's mind, where it was lodged by some ancestor of the nomad period; it is one of nature's own remedies for the worries of life.

For the man with a great sorrow, for the man with a troubled conscience, for the man whose nerves are not treating him right, travel, change of scene, is one of the things the wise physician will prescribe. If it be a veritable tramp afoot the cure will be speedier and more complete and may work physical regeneration into the bargain.—New York Mail.

A FLOWER AND A WISH.

The Romantic Marriage of De Lesseps of Suez Canal Fame.

Sir Henry Brackenbury tells in Blackwood's Magazine the story of the romantic marriage of M. de Lesseps. A Frenchman living in Reunion was compelled by the illness of his wife to take her to France. He sailed with his wife and two young daughters, but the wife died on the voyage. Some time afterward the Frenchman called on M. de Lesseps, told him of his misfortunes and of his sufferings on the long sea voyage and expressed the wish to dedicate the remainder of his life to the furtherance of the construction of the Suez canal. De Lesseps gave him an appointment at Ismailia, and employment was found in one of the workshops there for his daughters.

One day De Lesseps' attention was attracted by these two girls, with whom he entered into conversation. He came again next day and gave to each of them a flower, saying that they should frame a wish the last thing at night and that if in the morning they found that the flowers had opened the wish would be granted.

On the following morning he went to their house and found one of the girls smiling, the other in tears. He asked the cause of the latter's sadness. "My flower has not opened," she replied.

"Tell me your wish, so that if possible it may be granted," responded M. de Lesseps.

"Ah, to you least of all men I can tell it," was her answer. The great engineer married her.

Chinese Dramatic Crudities.

Here is a sample of one of the naive bits of Chinese stagecraft. Hom Ling, leading tragedian, playing the part of the younger son, remonstrated with the means that the widow and orphans are going to the temple to celebrate funeral rites. The property man sets on the stage a little box for an altar and throws over the widow's head a white veil, symbol of mourning. Then Hom Ling, as the younger son, waves his hands and kicks his foot like a man punting a football. This signifies that the rest of the family is out of his sphere of action. The scene has officially changed from a house to a temple. So, while the rest of the family kneels before the altar, Hom Ling strolls over and chats with one of the musicians who happens to be resting. —Everybody's Magazine.

What Forty Poles Make.

A good story is told about a certain professor whose business it was to lecture to a number of students on surveying. During one of the lectures the professor said that in his opinion the pole was of little or no value. To the astonishment of those present a Polish gentleman arose and after accusing the professor of insulting his countrymen demanded an apology.

The professor thereupon explained that the pole to which he referred was merely a term of measurement. (The Polish gentleman, seeing his mistake, asked the professor to forgive his apparent rudeness. To this the professor smartly replied:

"You could not be rude, sir, even if you tried, for it takes forty poles to make one road!"—London Mail.

The Amazon River.

Although not the largest or longest river, the Amazon is the most wonderful river in the world, with a mouth 150 miles in width and with a force of water that repels or at least overflows the ocean to a distance of more than fifty leagues. Yet in spite of the weight of the river the tide makes its influence felt for 500 miles from the coast. The easterly trade winds blow almost invariably upward, so as to be ready to help the vessel against the adverse currents.

In Disguise.

"Do you mean to say that you flirted with your wife all the evening at the masked ball and didn't know her?" "That's right. But she was so deuced agreeable how was I to know her?"—Exchange.

UNION COUNTY SPEAKS.

Editorially the Liberty Herald says: If the State of Indiana can't make the Pennsylvania Railroad at Richmond interchange freight with the C. & L., then the people's rights are grossly trampled upon. The railroads have bred their own troubles and are driving the people to government ownership and the case at Richmond is a flagrant example.

LOCAL LODGE LEADS

Whitewater Odd Fellows Third In the Number of Candidates Initiated.

SHOWS WELL IN REPORTS

Whitewater lodge, Odd Fellows, of this city comes to the front in the compilation of the semi-annual reports from the subordinate lodges. As shown by the Odd Fellows' Tallyman, Whitewater lodge is third in the list of "champion workers," having initiated thirty-nine. It is ninth in the list of "largest lodges," now having a membership of 413. It is seventeenth in point of resources, having a reserve of \$23,500.00. The lodge at Marion is the wealthiest, having about \$95,000 in reserve. The largest lodge is Indianapolis, 465, it having a membership of 740, and this is considered remarkable in view of the fact that there are eighteen lodges of the Order in Indianapolis. The combined membership of the ten largest lodges in the state is 4,900, and the total membership in the state is now 78,000. Indiana now has one Odd Fellow to every thirty-five of population. The combined membership in all branches of the order in the state is about 170,000. Only five lodges paid out more money for relief during the last six months than did Whitewater lodge. The expenditure for this purpose was \$1,398. The total amount paid out by the Indiana lodges for relief for the six months was about \$175,000.

WAS BOUND OVER

Harry Ralston, colored, who was arrested Saturday night for stealing a bicycle from Oliver Johnson, has been bound over to the circuit court. In the arrest of Ralston the police believe they have solved the problem of the mysterious disappearance of several bicycles in the city lately. It is alleged that Ralston has quite an original way of covering up his thefts by taking the wheels of one bicycle and attaching them to the frame of another.

THE USE OF ROUGE.

The Cheap Variety Should Never Be Bought.

Skin specialists, and surely these people ought to be authorities on the subject, claim that the use of rouge and paints can only injure the skin. Many of the rouges on the market merely fill up the pores and give the face a pasty look. Many are the serious cases of skin disease that have resulted from using rouge. Although the use of rouge is never to be recommended, there are certain times when its use might be said to be permissible. No woman ever should make it a practice to use rouge regularly, for it will not be long before her skin is coarse in texture and the pores are open and coarse. On occasions, however, a little rouge may be used on the face, but it must be applied carefully.

The art in applying rouge to the face is to put it on to look like the best imitation possible of nature and not to plaster it on until there is no mistaking what it is. It is best never to use liquid rouge, for it is almost impossible to apply this successfully, and in any case the only time it should be used is at night. The least harmless of rouges are those that come in the form of grease. Rouge that comes as a powder also is injurious to the skin.

As in the case of all cosmetics, cheap rouge should never be bought. If you must use rouge, use that which is prepared by some reliable house. Women do not seem to realize that nature is wiser than we are and that if our skin naturally is delicate and white it mars the beauty of it to try to make it red.

SENATOR FIGHTS

AGAINST REPORT See as Much Danger in Conference Measure as the Original Aldrich Bill.

CLOSE VOTE IS PROBABLE

CHARGE MADE THAT FREE HIDE CLAUSE WAS BETRAYAL TO THEM AS IT CONTAINS TOO LIKELY JOKER.

Washington, Aug. 2.—Its all over softly breathed 92 United States senators as they gathered in the senate chamber to take action on the conference tariff report, which passed the house Saturday night by a vote of 195 to 183.

Despite the confidence of the senators that the flesh-reducing hot weather session was near an end it was expected that the vote on the adoption of the report would be close, some experts even declaring that the vote of Vice President Sherman would be necessary to break the tie. One senator asserted that it would take even the best efforts of President Taft to pass the report in the senate.

Normally the republicans would have a majority of thirty, as there are 32 democrats and sixty republicans in the senate and Senator McHenry of Louisiana, is avowedly for the measure.

Senators Beveridge of Indiana; Bristow of Kansas; Cummins and Dooliver of Iowa; Clapp and Nelson of Minnesota and La Follette of Wisconsin are certain to vote against the bill. Three other of the revisionist insurgents among the republicans whose attitude is not known are Brown and Burkett of Nebraska and Crawford of South Dakota.

The revisionist insurgents watched eagerly to see what the so-called regular insurgents would do. These latter are the Western republicans who became rampant over the proposition to put hides on the free list. They agreed to free hides solely upon the assurance that there would be accompanying reductions in boots and shoes.

Now the free hide senators claim the report of the conferees betrayed them. Boots and shoes and certain manufactures of leather do receive an apparent reduction in the report, but that reduction is limited to boots and shoes and manufactures of leather that are made from such hides as those that are to come in free. Court decisions have held "such hides" to be those weighing 25 pounds or over and the hides insurgents are pointing out that it is utterly impossible for the importers of any boots and shoes and manufacturers of leather to prove that they were made of hides weighing 25 pounds each.

There is a chance that the vote may be taken although the general expectation is that it won't be taken until Wednesday.

President Taft is fighting for supremacy against the influences of the senate. After having used his influence to get this measure through the house, it is not likely he will allow it to fall in the senate.

ONLY FRIENDLY SUIT.

The official board of the Fifth Street Methodist church will meet this evening and several matters of important business will be discussed.

EAGLES HOLD OUTING.

The Eagles lodge will hold their annual outing at Spaulding's grove, August 29. Members and their families are invited.

RICHMOND LOST OUT

The committee of the state Y. M. C. A. board which had before it today the decision of the meeting place of the state convention this fall decided in favor of Kokomo over Richmond. Richmond did not press its claims for the convention as the local officials want the convention to be held here in the spring. The committee also decided in favor of Kokomo because it will lend impetus to the campaign to be started soon for the purpose of raising money with which to erect an association building there.

COUNCIL TO MEET

Indications are that the session of the city council this evening will be short and sweet. City Clerk C. W. Merrill has nothing of any consequence to be introduced this evening. Street improvements may be brought up for consideration by councilmen, as there is a sentiment in this body for the improvement of certain streets by macadamizing, and the bricking of Main street hill from the bridge to Fourth street.

Indianapolis, Aug. 2.—The state board of agriculture has completed the work of establishing its own police force for service at the state fair in September. Capt. She Consulted a Clerk.

Girls are not noted for being strong on figures, and one of them was relating recently the mental maze into which she was introduced as the result of asking a perfectly innocent question. She was going downtown on the car one afternoon and queried the conductor as to the time. He withdrew his alarm clock of a watch from a capacious pocket, observed the dial with the care used by a mother in taking an observation with the sextant and then remarked in a portentous tone, "It lacks three seconds of being 2:48." The poor girl was so overwhelmed with the mass of material for a short exercise in oral arithmetic that she waited until she got downtown before trying to find out really what time it was, and then she consulted a big clock, where she had plenty of time to see just where each hand was.—Louisville Courier-Journal.
