

LINCOLN PENNY APPEARED TODAY

Local Bank Received New Coin Which Attracted Much Interest.

WON'T FIT SLOT MACHINES

COMPLAINT IS REGISTERED, BUT TIME WILL MARK CHANGE WHEN RIM WEARS DOWN FROM FRICTION.

"Have you seen the new Lincoln penny?"

This question worked overtime on the streets of Richmond today. A small supply of the new pennies was received this morning at the Second National bank and there was quite a "run on the bank" for a time as everybody wanted one. Only a few of this particular kind have been issued owing to the fact that the designer at Washington put his initials, V. D. B. in small letters near the lower edge of the coin. This is a violation of the law and the initials will be taken off on all future issues.

Doesn't Fit Machines.

There is much complaint among the slot machine men over the new penny. They allege that it will not fit their machines and are loud in their walls over the matter. However it is only a question of time according to Mr. Eggenmeyer of the Second National bank until this will be rectified and everyone will be satisfied, as the large edge of the penny will soon wear off and easily slip through the slots.

The new coin is of an unusually attractive, yet simple, design. It consists of the head of Abraham Lincoln in profile, on one side. Directly over his head is the inscription "In God We Trust" while on one side near the center is "Liberty" and on the other, "1909." The reverse side of the penny has "One Cent" in large letters, and directly underneath in smaller letters, "United States of America." "E. Pluribus Unum" is at the top of this side.

MAKING ABSTRACTS

Local Concern Has All Time Occupied Working for the Railroad Company.

RESULT OF EXTENSION

Members of a local abstract company are kept busy from morning till night preparing abstracts of title to land along the right of way of the Pennsylvania company through this county. The company is preparing to purchase the land described in the abstract in order to widen its right of way. Already several deeds have been put on record in which the property owners have sold land to the company. The price paid varies according to the amount of land purchased. The smallest price paid was one dollar for a thousandth part of an acre.

Within a few days when the abstracts have been completed, the officials who have charge of recording deeds are expecting to do a land office business. It is believed that the majority of the property owners will consent to sell. Already several portions of lots in Cambridge City have been purchased by the company. Since the four suits filed in the circuit court last Monday for the appointment of appraisers, no new suits have been filed by the railroad company.

YOUTH CHARGED AS DELINQUENT

Hagerstown Boy Alleged to Be Guilty of a Number Of Petty Crimes.

THIEVING IS A SPECIALTY

LIKES NICE CLOTHES AND JEWELRY, SO TAKES PROPERTY FROM OTHER PERSONS AND SELLS IT AGAIN.

An affidavit against O'Neil Rhodus, a 11 year old Hagerstown youth was filed in the juvenile court today by Prosecuting Attorney Charles Ladd, charging delinquency. The youth is one of the youngest examples of criminology ever in this county if tales coming from Hagerstown are true and on which the affidavit was based. Mrs. Elizabeth Candler, probation officer made the investigation recently.

The list of articles stolen by young Rhodus is quite large. Recently he stole \$18 from Harry Endsley and spent the money on two suits of clothing. Two bicycles which were mislaid by Hagerstown residents were afterwards recovered from young Rhodus. Much of the stuff which the lad stole, he afterwards sold and purchased some object of his eye's desire as shown by the purchase of the two suits of clothing and two watches.

The child is entirely beyond the control of his father. Mr. Ladd stated this morning that he would endeavor to have the child sent to White's institute. A sister, Lucile Rhodus, was recently sent to a girl's reform school.

OLD SOLDIERS TO HELP INDIANIAN

Want William Ketcham of this State Elected National Commander.

HAS A SPLENDID RECORD

AS SOLDIER AND IN PRIVATE LIFE HAS BEEN EXEMPLARY CITIZEN AND DESERVES HIGHEST HONORS.

Indianapolis, Aug. 6.—A special train carrying 200 members of the G. A. R. left the union station this afternoon for Salt Lake City, where the national encampment of the G. A. R. commences Aug. 9. The delegation from this city was joined by other delegates at Crawfordsville, Lafayette and Chicago.

The Indiana aggregation is going with the avowed purpose of winning the office of national commander in chief for William A. Ketcham of Indianapolis. Five thousand cards for distribution among the veterans at Salt Lake City will be taken bearing the record of Mr. Ketcham.

Mr. Ketcham was private, lieutenant and captain in the Thirtieth Indiana Volunteer infantry and fought with the Tenth and Eighteenth corps at Cold Harbor, Petersburg and Ft. Fisher. He is a member of the George H. Thomas post of this city, and has served as chaplain of Post No. 212, department of Indiana; judge advocate of the department of Indiana; twice delegate to the national encampment; member of the national pension committee; member of the national council of administration; commander of the department of Indiana in 1907, and chairman of the national committee on resolutions in 1907.

POOR STARVING WHILE LABORERS FIGHT FOR CLAIM

(Continued From Page One.)

car lines and cab lines are idle. Steamship companies are relying upon soldiers to work as laborers. Ferries have ceased their operations.

The railroad men are expected to go out but they have hesitated so far. The strike leaders today declare that the railroad men will soon join the ranks.

Poor Are Starving. Privation, starvation, and the actual suffering in war time are enforced upon the people. The stores are closed and food is getting alarmingly scarce.

Restaurant prices have been placed so high that the poor have turned to beggars. In sections of the city famine already reigns. In the country the situation is brighter.

Companies of soldiers escorted wagons containing provisions which were brought into the city through the day.

WANTED THE BOOK.

Milton, Ind., Aug. 6.—Dr. Sweeney of this place attended the county medical society picnic at Glen Miller Wednesday. He states that the item concerning his old books had met the eyes of Palladium readers and that county surveyor, Mr. Howard, was anxious to buy the old Bible. But Dr. Sweeney does not wish to part with the book. He hopes some day to return it to its proper owners.

PUT A BUGGY ON TRACKS

Andrew Coleman and Earl Walters, aged 7 and 9 years respectively, recently tried to teach the younger bloods of Dublin in the ways of devilment. As a result their conduct has been investigated by Mrs. Elizabeth Candler, probation officer, and it is probable that affidavits will be filed in the juvenile court charging the lads with indecency and delinquency. It is alleged a few nights ago the two took the buggy of William Floyd and taking it about a half mile from the town placed the buggy on the inter-urban track. Returning to town, the two started to pay a visit to every part of the town and perform some depredation.

BOATS LOST RACES WITH THE TARIFF

Failed to Get Into Port Soon Enough to Avoid Raise in Duties.

OWNERS MAKE A PROTEST

CLAIM THEY WILL GO TO LAW—CUSTOM HOUSE STORMED, BUT NOTHING SECURED FROM OFFICIALS.

(American News Service) New York, Aug. 6.—The importers who raced against time and the passage of the new tariff bill and lost a fortune thereby served notice on Collector Loeb today that they would make a fight.

The liner carrying a cargo which would be assessed \$20,000 higher under the new tariff bill than the old schedules, was within three miles of New York when the custom house closed at 4:30 o'clock yesterday afternoon pounding through heavy seas at top speed and trying to nose in before the fatal hour.

Owners Make Fight. The Hamburg-American line, owners of the Pennsylvania, will make a fight on a technicality but Mr. Loeb today declared that the manifesto of the captain should have been delivered at the custom house before the closing hour.

Yesterday afternoon saw the most eventful time the new custom house ever had with a long line of customers waiting to pay duties under the old schedules, but what happened yesterday was not a marker to the lively times today.

Mr. Loeb discovered that the old strenuous days when he defended Bwana Tumbo from the newspaper correspondents were tranquil compared to what the importers had to offer.

LODGE TO VISIT HERE.

Members of the Hagerstown Pochontas lodge of Red Men will be the guests of Maumee Council, Red Men of this city Saturday evening. Special arrangements have been made for the entertainment of the visitors. The Hagerstown delegation have secured special arrangements whereby the midnight train will stop at that place.

THREE WOMEN ARE CHECK FORGERS

Arrested Today in Apartments At the Congress Hotel In Chicago.

THEY WERE WELL DRESSED

FROM PARLOR TO CELL IN A SHORT TIME BUT ALL DENY ANY KNOWLEDGE OF WRONG DOINGS.

(American News Service)

Chicago, Aug. 6.—Arrested in their apartments at the Congress hotel at night, three fashionably dressed women are in cells in jail today, charged with passing worthless checks at the Willard hotel in Washington. They gave their names as Mrs. M. N. Edwards of Philadelphia, Miss C. C. O'cott, said to be a daughter of Mrs. Edwards and Miss Croake of Paterson, N. J.

The women were taken to Central police station. Miss Croake at first insisted she was Miss O'cott's maid, but later admitted she had passed the checks complained of.

"I was sure they were alright," she said. "They were given to me by B. M. C. Durfee of Philadelphia in payment for furniture I sold him. One was for \$195, the other for \$60 and the third for \$30. If they were not good, then I was imposed upon."

Simultaneously with the complaint from the Willard hotel, came similar stories from the Fort Pitt hotel, in Pittsburgh, the Bellevue-Stratford hotel of Philadelphia, Younes hotel, Boston, and the Waldorf-Astoria, New York. At all these places the three women are said to have passed checks signed by "B. M. C. Durfee."

WANT WIDER WALKS

The county commissioners have ordered that the sidewalk between Third and Fourth streets on South A street, adjoining the court house yard shall be twelve feet wide instead of six feet as provided by the board of works. The side walk is eighteen feet wide and a small walk such as ordered by the board of works would not be very attractive according to the commissioners. Work on taking up the bricks along the walk preparatory to commence work was started today.

PICNICKERS HAD MERRY OCCASION

Horse Shoe Tossing Provided Amusement.

The picnic of the former trustees of Wayne county whose term of office expired last December, at Glen Miller park yesterday, was attended by nearly all of the former officials, their wives and children. Altogether about 45 persons were present. The county officials were guests of the trustees.

The most exciting event of the day was the game of horse shoe contest in which Albert Anderson, ex-trustee of Franklin township, and Mr. Williams, a former resident of that township, won over all contestants. Chas. Potter and George Bishop were victors in the morning contests but lost out in the finals.

HEALTH REPORT IS ISSUED TODAY

Nothing Out of Ordinary Contained in It.

Nothing out of the ordinary is shown by the health report for July except that there were nine more deaths last month than in the month of June. Thirty-five births were reported as against 47 for the preceding month. Twenty of these were boys and fifteen girls. But five cases of contagious diseases were reported showing the general health of the city to be in an excellent condition. Three of these were scarlet fever, 1 for measles and 1 for typhoid fever. There were 10 cases of contagious diseases reported in June. The grim reaper paid 31 visits to this city during the month of July.

WAS NOT OUR JOHN.

Solicitude on the part of friends of John McCarthy, Jr., of Chicago, who is a son of Mr. and Mrs. John McCarthy of this city for his safety was unfounded. Accounts in the morning Chicago papers stated that Mr. and Mrs. John McCarthy were injured in a street car wreck. However the address given was different from that where Mr. McCarthy lives.

SUNDAY SCHOOL SOCIAL.

Milton, Ind., Aug. 6.—The Robinson chapel, Sunday school, near Waterloo will have an ice cream social at the chapel, tomorrow night. It is given for the benefit of the Sunday school by the young people of that church.

CHICAGO VOTES FOR BIG STRIKE

Street Car Employees Overwhelmingly Decide to Declare Labor Grievance.

DELAY MAY BRING CHANGE

STRIKE ORDER WILL NOT BECOME EFFECTIVE AT ONCE AND SETTLEMENT MAY COME IN MEANTIME.

Chicago, Aug. 6.—While the result of the referendum vote of the street car men will not be officially announced until presented to Presidents Mitten and Roach of the Traction companies, it is estimated today by officers of the union that at least 90 per cent of the vote was in favor of supporting the demands made on the companies—in effect a vote to strike.

The polls closed at 3 o'clock this morning and it was estimated by leaders of the car men that out of 6,100 men in division 241, 5,500 cast ballots. Of those who voted it was estimated that only about 200 voted against the strike. Out of the 212,900, 2,900 men are employed by the South Side company. It was estimated that out of 2,750 voted, less than 100 voted against a strike.

This vote does not mean that a strike will be called immediately. Negotiations have not been abandoned and there are several steps yet to be taken before a strike may occur.

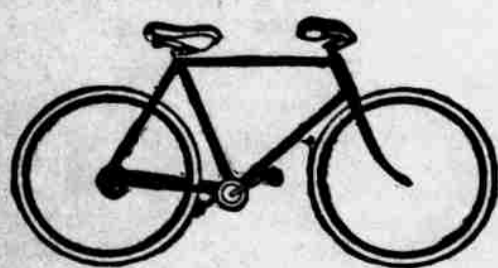

Members of the state board of arbitration are in Chicago and today planned to tender their good offices to both the car companies and the employees in an effort to secure a peaceful settlement of the difficulty.
