

## MOUNTED TROOPS PATROL STREETS

Effort Made to Control the Situation at Pressed Steel Co. Plant.

### VICTIMS BURIED TODAY

IMMENSE CROWDS WITNESS THE SERVICES HELD FOR THE DEAD RIOTERS AT THE GREEK CATHOLIC CHURCH.

(American News Service)

Pittsburg, Aug. 24.—Funerals of the dead rioters who were killed Sunday were held at the Greek Catholic church today. Mounted soldiers and deputy sheriffs patrolled the streets in McKee's Rocks all day to prevent disorder. It developed today that trooper John Williams, who was killed by foreign rioters, Sunday, was robbed of several hundred dollars while the body lay in the street.

Simultaneously with the arrival of more troops at McKee's Rocks, to prevent further outbreaks in the strike at the Pressed Steel Co. Company's plant, early today, a band of armed and determined strikers gathered opposite the plant on the north side of the Ohio river to prevent the landing of more strike-breakers.

Make Careful Entrance. Troop B of the state constabulary arrived at Homestead and were taken to the scene of the strike by a circuitous route over the tracks of the Pittsburgh & Lake Erie Railroad to prevent passing through the city. More trouble is looked for as a result of the riots that have already claimed eight lives, with three believed to be dying.

Tremendous excitement was caused by the report that the company was bringing a trainload of strikebreakers over the Pennsylvania route, to Bellevue, just across the river from the car works plant.

### SERVICE SUSPENDED.

Pittsburg, Penn., Aug. 24.—At 10 o'clock last night President J. D. Callery, of the Pittsburgh Street Railway Company, on whose cars the men were killed Sunday night, suspended street-car service into the strike district at McKee's Rocks until such times as Sheriff A. C. Gumbert can man the cars with deputies.

President Callery declares the lives of passengers are not safe from the strikers and he has ordered the stopping of all wheels on the Neville's Island and the Schoenerville lines, which traverse the strike district. The whole town of McKee's Rocks is practically under martial law, with state troopers, now thoroughly aroused holding up every person met on the streets and searching them for weapons. Another special train filled with an additional troop of state constabulary is flying across the state.

### Cleaning the Streets.

"Send everybody who hasn't business on the street, home. If they won't go home send them to the hospital," was the terse order given here by the leaders of the state constabulary, and the men obeyed with alacrity, urged by the memory of their fellow troopers, Smith and Williams, who are dead from Sunday night's rioting, their bodies at the County Morgue.

Trooper John C. Smith died at the Mercy Hospital in Pittsburgh yesterday making the death roll seven. Four strikers and Troopers Kitch and O'Donnell are dying in different hospitals, and the list of most seriously injured numbers 17.

It is claimed that weapons to the extent of a ton's weight were taken from those held up by the authorities in the vicinity of McKee's Rocks. These weapons will be confiscated by the county on orders from Sheriff A. C. Gumbert tomorrow.

Gun stores of Pittsburgh are exercising great care in the sale of weapons. Scores of persons who looked as though they might be interested in the McKee's Rocks row were refused the right to purchase weapons in the gun stores of Pittsburgh yesterday.

## A. C. Q. D. MESSAGE?

Harriman Sends Wireless for Directors to Meet Him on Ship.

### STEAMSHIP IS CRIPPLED

(American News Service)  
New York, Aug. 24.—E. H. Harriman this afternoon wirelessly wired to New York from the steamship Kaiser Wilhelm that two tugboats be immediately chartered and for the directors of both the Union Pacific and Southern Pacific railroads to board them and meet him at quarantine. Both boards of directors held regular meetings this morning. Wall street is mystified by the wireless message and cannot conjecture why Harriman is in such a hurry to see the directors. The message added: "Am in good condition."

Later the steamship Kaiser Wilhelm with Harriman aboard dropped anchor at 2 o'clock this afternoon in disabled condition, flying signals "M. T." which means "unmanageable" and two black balls which means "all vessels keep clear."

## UNDER DOLLAR NOW

For the first time in several months wheat quotations have been under the dollar mark. Local millers are still paying a dollar a bushel, but the Indianapolis quotations show that wheat today sold for 99 cents a bushel. It is probable that reductions in price in all of the big markets and local markets will be made in a day or so.

## BOY WONDERS AWAY

Richard Grant, aged 7 years, of 101 South Eighth street, wandered away from his home last evening and caused his parents considerable anxiety for a few hours. The police were notified of his absence and a diligent search was instituted. However the boy returned of his own accord later in the evening, smiling and happy and apparently unaware of the great uneasiness his short disappearance had caused.

## FAMILY SAVED HIM

William Helser was arrested last evening for intoxication at the corner of Fifth and Main streets. In consideration of the fact that he has a wife and eight children dependent upon him for support and in view of it being his first offense, the court granted leniency and the man was released on his promise of future good behavior.

## TO A FRAT MEETING

Earl Spangler, a well known young man went to Kokomo today to represent the local chapter, Kappa Alpha Phi fraternity, at the national convention. The convention convened today and will be in session three days. An excellent program has been prepared, including both social and business matters.

## A NOBLEMAN WOES THROUGH BANKERS

If She Has the Coin, Italian Wants to Wed California Belle.

### INFORMATION ASKED FOR

SAN FRANCISCO BANK TODAY MAKES PUBLIC REMARKABLE LETTER RECEIVED FROM ITALIAN FINANCIAL FIRM.

San Francisco, Aug. 24.—Who is the Italian nobleman in love with Miss Verbillia Bogue, daughter of Vice President Virgil Bogue, of the Western Pacific railroad, society girl, novelist and extremely handsome?

That is the question which San Francisco society asked today. Indications point to another international romance. One of the biggest banks in Italy has requested its Pacific coast correspondent to ascertain the moral, financial and social standing of the young woman.

Miss Bogue is one of the handsomest women in California. While the name of her wooer is withheld the bank today made public the following from the letter they had received.

He is Her Admirer.

"Our client has for some time been an admirer of Miss Bogue, his admiration dating from the time he saw her in Pelago. As his relatives have not the honor of the personal acquaintance of Miss Bogue, it is but natural that they should wish to satisfy themselves in regard to her moral, social and financial standing in San Francisco, and we would esteem it a favor if you will kindly inform us on these points without delay. The relatives of the young man are more deeply concerned over the social position of the young lady than over her financial standing. Their wish is to see the young man happily married. We can vouch for our client to the fullest possible extent. He comes from an illustrious family and has in every way lived up to his honorable name and standards."

It is two years since Miss Bogue was in Italy. Just now she is making a horseback tour through the wilderness of the Plumas country along the line of the Western Pacific. Miss Bogue is 23 years of age and extremely fond of athletic sports. She has just been chosen the queen of the coming festival in competition with 2,000 of California's fairest women. Her family is proud of their ancient lineage which has been traced back to a Norman baron in the army of William the Conqueror.

## WHITWORTH INSANE

New Castle, Ind., Aug. 24.—John W. Whitworth, one of the most prominent Henry county farmers, being the possessor of 400 acres of land and personal property to the extent of \$10,000 and also having an illustrious war record, and being a retired county official, has been declared insane in the local courts. He is to be admitted at the Eastern Indiana Hospital for the Insane.

## MRS. STEWART DEAD

Dublin, Aug. 24.—Mrs. Charles Stewart of this place is dead at the age of 70 years. The funeral will be held at Richsquare, Henry county Wednesday morning at 10 o'clock.

## ON AN INSPECTION

Tomorrow morning a party of C. & O. officials together with officials of the C. C. & L. will start from Cincinnati and minutely inspect the entire line of the C. C. & L. railroad, from Cincinnati to Chicago. It has been stated very authentically that the C. & O. intends purchasing the C. C. & L. and it is thought the inspection trip tomorrow will be made with a view of learning the exact condition of the road bed and will bring about a mutual agreement between the two companies, relative to the purchase.

## POSTOFFICE BURNS

(American News Service)  
Plaistow, N. H., Aug. 24.—Fire started by incendiaries destroyed the postoffice, a large grain store and several houses here early today and would probably have caused a serious damage in the business section but for the arrival of help from Hamerhill, just across the Massachusetts line.

## GIRL WAS RELEASED

Jeannette Dinger, Cambridge City, Is Once More Out Of Jail.

### EVIDENCE IN PAYNE CASE

New Castle, Ind., Aug. 24.—Grover Winder, who, with Jeannette Dinger, was arrested Friday on an immorality charge, has entered a plea of guilty and drew a fine of \$10 and ten days. His father was here arranging for the cash end of the fine today and said that the Dinger girl is only 17 years of age. She was not in court and her case was continued until the October term. She was released from custody yesterday morning.

In this connection it is stated on reliable information that Sheriff Burr and other officers have discovered additional evidence in the Payne blackmail case. Just what it may be is not definitely known. It is known, however that it is important and implicates Ralph Duncan and Ernest Fidler, both of whom are in jail facing serious charges. She was arrested as an accomplice in the scheme to extort money some weeks ago, but was released.

## COMMISSION STUNG

(American News Service)  
Chicago, Aug. 24.—United States circuit court today made permanent the injunction restraining the interstate commerce commission from enforcing its order to compel railroads to give a proportional through rate from the Atlantic seaboard to the Missouri river points. The decision affects all jobbing centers west of the Missouri river. It is the famous Missouri river rate case.

### HOT WEATHER HEALTH HINTS.

Cold water dashed on the face and chest each morning gives the same tonic effect as the cold plunge without danger of shock.

Learn to relax if you would be free of lines in your face and cheat old age. Most of us keep ourselves at tension mental and physical.

When the skin becomes overheated, as it too often does in summer, try putting a little baking soda in the water in which you wash.

If relaxing exercises will take the kinks out of your face, relaxation—the kind best suited to your taste—will remove kinks from your soul.

Nothing relieves the sting of mosquito bites or the intense itching of hives like bathing in a weak solution of carboic acid and water.

Eyebrows should not be neglected. Use a fine brush on them each night, pinch between the fingers into a delicate line and rub in vaseline if thin.

Dandruff arises from different causes, but when it is very much in evidence it is usually a symptom of depleted roots and the scalp needs feeding with grease or tonics.

Do not neglect the value of fruit in improving the complexion. Nothing equals the juice of oranges and lemons to clear up skin and brighten eyes. The latter must be diluted and taken without sugar, a half lemon to a glass of water.

### Cowpeas May For Live Stock.

Cowpeas hay is very nutritious. It is nearly equal to wheat bran as part of a ration. It is satisfactory for work stock and for beef or milk production, and it gives good results when fed to poultry. The grain is a rich feed, excellent for poultry, but little used for other feeding.

## HIGH WINDS CAUSES DELAY IN CONTEST

Great International Aerial Race Was Not Pulled Off Today.

### GLEN CURTISS FAVORITE

YOUNG AMERICAN ESTABLISHES NEW SPEED RECORD AND IT IS THOUGHT HE WILL WIN THE PRIZED CUP.

(American News Service)

Rheims, France, Aug. 24.—High winds today made the flying hazardous on Bethany Plains and the international aviation tournament, was postponed, although thousands of persons had congregated. Curtiss, the American, is favorite for the championship. Great care is being taken to prevent damage to his machine. Rumor of intended mischief have been rife.

Six and one-fifth miles in eight minutes, 35.35 seconds, or 44 miles an hour, made by Glenn H. Curtiss, of the United States, and 35 miles in 58 minutes and 48 seconds made by M. Paulhan of France.

These were the two records that the aviators gathered upon Bethany Plain in the first international aviation tournament, wanted to beat today.

### Has Good Chance.

America's chances for the honor of being the first nation to hold the international aviation cup seemed even brighter when Curtiss announced that he had established his new world's record for speed while his engine was not running at full power and that he had not made an attempt to gain time upon the curves.

The vast crowds which filled the grandstands and spread out over the field cheered lustily for the daring American aviator today when he made his first appearance and the Americans among the spectators could not control their enthusiasm.

The betting today became heavier than at any time yet. The crowds are getting larger, too. Train load after train load came from Paris, while the roads leading to the Aerodrome on Bethany Plain were black with automobiles, carriages and pedestrians. Curtiss is now the favorite in the betting for the international cup.

## MRS. GOULD HAPPY

(American News Service)

New York, Aug. 24.—Mrs. Helen Kelly Gould was today awarded absolute divorce from Frank J. Gould, no opposition being made. An interlocutory decree had been granted last May. No alimony is mentioned. The two children will spend six months each year with each parent. Mrs. Gould may remarry, but Gould cannot while she is alive.

## LAY OUT CONSIDINE

(American News Service)

Detroit, Aug. 24.—William (Billy) Considine, a well known sporting man, was found this morning lying unconscious on his side, by policeman McGann. He had been assaulted by an unidentified man, probably for the purpose of robbery. He had two fractures of the jaw bone, a broken nose, and bruises all over his body.

## OPEN IN SEPTEMBER

Public and Parochial Schools Getting Ready for the Season.

### ONLY FEW CHANGES MADE

Teachers, school children and patrons are looking forward to the opening of the public and parochial schools which takes place during September. Indications are that all of the schools will have a larger number enrolled than in a number of years and that the school year will open under most auspicious circumstances. With the exception of the teachers for the public schools, the personnel of the teaching forces have been announced. In the public schools the teachers have not all been employed yet, according to Superintendent T. A. Mott, and he does not care to announce his staff until this has been done.

The public schools will open late Monday, September 20. This is necessitated by the work on the Garfield building which after this year will be a part of the new high school.

St. John's parochial school, south Fourth street will be opened September 1, according to Rev. A. J. Feegeer, pastor of St. John's church. The school teachers will be the same as last year. An attendance of 100 or more is expected.

St. Andrew's parochial school will be the next to open. Rev. Father Roell, pastor of the church, stated that it would open September 6, and that an attendance of 300 or more was expected. There has been one change in the teaching force, Sister Anna Reindis being succeeded by Sister Leon Ida.

Two changes have been in St. Mary's parochial school, but Sister Mary Isabella did not care to announce who they were. This school opens September 13. The attendance will be as large as last year, it is believed.

## MONKEY FAD AGAIN

Fashionable Summer Colony At Lenox, Mass., All Stirred Up.

### OWNER HOLDS RECEPTION

(American News Service)

Lenox, Mass., Aug. 24.—The fashionable summer colony here is in ecstasies over a Marmoset monkey, which Madame Carnello Deggio of Rome, Italy, constantly carries with her, and for which she held a reception at the Hotel Aspinwall yesterday afternoon.

The Simian is so small that a dollar bill would hide it from sight. Madame Deggio carries it in her arms.

Madame Deggio, who was the daughter of Mrs. Charles Robinson of New York, bought the animal abroad, paying \$5,000 for it. She keeps it at night in a gold case, which cost over \$5,000 and while she was bringing it across the Atlantic there was a life insurance policy on the Marmoset of \$5,000.

Yesterday afternoon in the saloon of the hotel, Madame Deggio held a reception for her pet. The fashionable society leaders of a dozen cities paid court to the creature, hissing baby talk to his chattering highness, pinching his toes, and making a huge fuss over the little fellow, who seemed terribly bored.

## HUNDREDS DROWN IN WRECK TODAY

Argentine and German Steamers Crash in Montevideo Harbor.

### CAPTAIN TRIES SUICIDE

COMMANDER OF GERMAN VESSEL SAVED BY SURVIVORS—MANY OF THE VICTIMS WERE WOMAN AND CHILDREN.

(American News Service)

Montevideo, Uruguay, Aug. 24.—Between two and three hundred persons, mostly women and children, were drowned here today as a result of a collision between Argentine steamer Colombia and a German steamer at the entrance of the harbor of Montevideo. A number of passengers and the captain of the German steamer were rescued. The captain attempted to commit suicide but was restrained. The Colombia was bound from Buenos Ayres to Montevideo where a great festival is in progress. It was crowded with merry-makers. Festival decorations were already in sight from the entrance of the harbor when the German passenger steamer, also with festival passengers, suddenly appeared. The two crashed together and the German steamer went down so rapidly that few could be rescued. The great confusion on board the Colombia caused a delay in launching the boats and German steamer went to the bottom with nearly all on board.

## ACTION WAS TAKEN

As a result of the failure of the Rost Marshall Company two years ago, which went through bankruptcy proceedings, John F. Bartel who was interested in the company filed a petition for personal bankruptcy in the federal court today. The petition sets forth that his liabilities are \$23,877.43 while his assets are \$1,191. He is represented by Henry U. Johnson.

Although at the time of the failure of the Rost Marshall Company he was not a member of the firm, yet he was associated with the firm when it contracted some of its debts and was held equally liable with the two members of the firm. His action of today was taken to protect himself. It will not affect the firm of Rost, Marshall & Co.

## ACTION BY BARTEL

At the meeting of the church council of the Second English Lutheran church last evening, the resignation of Rev. G. E. Harsh, pastor, was accepted. The matter now comes before the congregation. It is probable that the matter will be considered following the church service Sunday morning. Rev. Harsh's resignation, if approved by the congregation, takes effect Oct. 1st. He has received a call from Columbus, Ind., which he would like to accept.

### SUIT FOR DIVORCE.

Suit for divorce was filed in the circuit court today, Charles M. Robinson vs. Essie Robinson. Abandonment is the charge in the complaint.
