Music

Miss Maud Zimmerman will leave soon for Topeka, Kansas, where she will teach music in Bethany college, a school for girls. Miss Zimmerman is an accomplished musician and has a large class of pupils in this city. She is a graduate of a Chicago musical school.

The choir of the First Methodist church under the direction of Mrs. Grace Gormon, will render several pretty music numbers at today's services.

Miss Louise Millikan of New Castle Ind., a pupil of Miss Laura Gaston, was a guest in this city Saturday.

Mr. William Kloecker gave two charming musicals Wednesday and Thursday of the past week at his home on South J street.

A special music program will be given this morning at the South Eighth Street Friends church, during the Sabbath school hour.

Madame Nordica sailed for New York Saturday, August 28, on the steamer *Lusitania*, and she is due here Friday. Her first appearance this season will be at Ocean Grove, on Labor Day, where she will be assisted by Albert Spalding, the American violinist. During October, Madame Nordica will make a tour of the Middle west after which she will begin rehearsals for the opening of the new Boston Opera house. Her engagement at the

Metropolitan Opera House will begin in December. Madame Nordica's manager, R. E. Johnston, is arranging a Southern tour for the spring which will include Florida.—Musical Courier.

Corinne Rider-Kelsey will sing the soprano part in Mendelssohn's "Elijah" on the evening of September twenty-ninth at the Worcester Musical festival. Mrs. Kelsey will be the leading soprano of the festival.

Among the new songs prominently considered for next season's recitals by the principal artists, are several songs by Felix Heink, the composer pianist, whose piano works, such as "Marche Militaire" and "Valse d'Amour," and his well known "Minuet" and "Remembrance," have already secured him a wide reputation as one of the leading composers.

David Bispham, in a letter to the composer, speaks as follows regarding three of Heink's new songs, poems by Thomas Moore, which are yet in manuscript form: "It is so very kind of you to send me your charming songs, and it will give me the greatest pleasure to accept the dedication you offer me," etc.

Madame Schumann-Heink, speaking of some of Heink's new songs, says as follows: "They indicate an understanding of the art of interpretation and of the singing voice, which makes me inclined to believe that if the composer were himself a singer gifted with a fine voice, he would rank among the greatest vocalists of our day."

The T. P. A. of Richmond have another candidate for city office in the field. Chas. Beck, the candidate for democratic nomination for mayor is a loyal T. P. A. and has had a host of friends in the past. Some of the boys would be glad to have Charles nominated and elected.

Now that the North Pole is discovered and located "Daddy" Kramer has become interested and has written Dr. Cook to ascertain whether the pole would make good saw logs or not.

Charles O. Tooker attended the Ohio state fair at Columbus the past week and reports one of the biggest fairs Ohio has ever had.

Four new applications during the past two weeks have been written and the field is getting better every day. Boys, don't forget that Post C must show a handsome growth for President Lebo.

We are told that Dr. Cook is a member of the T. P. A. and has planted a T. P. A. emblem on the very top of the north pole. If you don't believe it, go up and see for yourself.

Don't forget the last Saturday night in September is regular meeting night and will be the first meeting since the warm months set in. A number of important matters will come up at this time.

The committee having the work of improving the pool and billiard room in charge is progressing in a fine style and promises to give us a first class pool and billiard room.

Now that the north pole is found, it becomes a matter of concern as to what to do with it. We would suggest that it be made a place where all the hot heads of the T. P. A. might be sent to cool off. During their departure plenty of time would be had to accomplish something to the good of the old organization.

No noise around the club rooms. Hegger is sick. And surely he is sick when there is no noise.

The amount of indemnities paid to members during the month of August amounted to \$14,213.80.

John Hegger is again able to be at the club rooms after a period of sickness of ten days. Every member of the post was so interested in his welfare that each one contributed some sort of ready and quick relief. If all the remedies offered for trial were used, Hegger would now be a fit person for a speedy operation.

Indiana has had fewer lapses in membership at this paying period than at any time in its recent history, all of which goes to show that Indiana will show a healthy growth during President Lebo's administration.
