DOES NOT WANT AN INSANE WARD BUILT

Supt. Smith of Easthaven Gives Advice to County Council Today.

HIS WORD MAY BE HEEDED

HE SAYS THAT ACCOMMODATIONS FOR WAYNE COUNTY INSANE WILL BE BETTER AT EASTHAVEN HEREAFTER.

At the joint session of the county council and county commissioners, this afternoon, Dr. S. E. Smith, superintendent of the Eastern Indiana Hospital for the insane, advised the county officials not to appropriate \$10,000 for the insane ward. Instead he advocated quarters where the insane might be cared for temporarily, as the state probably would be able to take care of its insane after the first of the year. Dr. Smith said that he expected a number of the patients of the hospital at Easthaven to be released February 1, and after that there would be sufficient room to accommodate this county's insane.

Dr. Smith was questioned after he presented his view of the question and the discussion brought out much information of interest and value to the officials. The officials were inclined to believe that it would be best to follow Dr. Smith's plan, providing he was certain that conditions which he discussed would come about as he said they would.

The county officials have cut into their other items of expense in order to permit an appropriation of \$10,000 for an insane ward. The commissioners last evening, cut their estimates on needed appropriations for bridges by \$15,000. It is probable that a number of these appropriations will be restored, providing the officials heed Mr. Smith's advice.

BASS TRIAL NOW ON

Lawyers Wrangle Over Whether There Should Be a Separate or Joint Trial.

ELEVEN JURORS SECURED

In the case of Mr. and Mrs. William Bass, daughter, Miss Isabelle and son, Ellsworth, who are charged with assault and battery on Arthur Englebert and are being tried in the city court, the attorneys, Henry U. Johnson for the prosecution and Wilfred Jessup for the defense, this afternoon engaged in a wrangle as to whether each defendant should be given a separate trial. The defense desired to try each separately, but in as much as Mr. Jessup was unable to give any reason why they could not be given a perfectly fair trial by being tried jointly, Judge Converse overruled the motion.

A large portion of the afternoon was spent in securing a jury. Up to the time of going to press the following had been secured: H. Stofharst, William Sherman, John Evans, P. Birch, Henry Highley, H. M. Elrod, J. Hauer, G. M. Moore, J. M. Miller, John Sittich and H. C. Hasemeier.

HAD LUCKY ACCIDENT.

While returning from Connersville on a motor cycle Sunday, the front forks of the machine broke, and Elmer McConaha was thrown to the road. Although Mr. McConaha was going at a terrific rate of speed he was not hurt. The accident occurred just this side of Centerville as Mr. McConaha was coming down the Meeks' hill.

Cautious George.
"George, that man across the car is winking at me."
"Which one?"
"The little man. There, see! What are you going to do about it?"
"Guess I'll have to say something rude to him."
"Well, what will you say?"
"I'll suggest to him that he ought to consult an oculist."—Cleveland Plain Dealer.

WITHOUT A LICENSE

Mrs. Lydia Hazlitt Is Charged In Affidavit With Violating Medical Laws.

DOCTORS LONG AFTER HER

An affidavit was filed in the circuit court this morning charging Mrs. Lydia Hazlitt, proprietor of a sanitarium on West Fifth street with practicing medicine without a license. The affidavit is signed by William T. Gott of Marion, who alleges that on May 20, 1909 Mrs. Hazlitt violated the medical laws. That charges have been brought against Mrs. Hazlitt, is largely due to the Wayne County Medical society which organization has been working for the past year in trying to secure evidence on which to prosecute Mrs. Hazlitt.

RECEIPTS SMALLER

The receipts from the sale of single admission and season tickets for the seventh annual chautauqua assembly, which was held at Glen Miller park in August will not be as large as the receipts for the assembly held in 1908. The total net receipts which will be divided evenly between the Y. M. C. A. and the city are not known as yet, owing to several outstanding bills, not having been presented. It is expected however that the association will net as much as it did last year.

CAPTURES A ROOSTER

Barney Oldfield While Passing Through Wayne County, Adds to Trophies.

A NICE BIG FAT POT PIE

Centerville, Ind., Sept. 7.—Barney Oldfield, the noted automobile racer has added another honor to his long list of trophies and this time the trophy was added by his exploits in this county. While passing through this place recently, Mr. Oldfield drew up in front of a local grocery store and called to a farmer there. He presented him with a Plymouth Rock rooster and said that the bird had become frightened at his machine, east of the city and in an effort to get out of the road, flew and struck him on his breast, thus stunning the rooster. The farmer did not know that it was Barney whom he was talking to, until he departed toward the west when he saw his name on the rear end of the car.

Advance of Labor Organizations in the Past Ten Years.

For Mutual Benefit.

The four railroad organizations of Minnesota, the Order of Railway Conductors, the Brotherhood of Railroad Trainmen, the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen, have started a movement in the state of Minnesota to form a joint legislative board, consisting of a representative from the State Federation of Labor and the four railroad brotherhoods.

COUNTY SCHOOL OPEN SUES FOR SEWER PAY

The formal opening of the district and town schools in the county was held this morning, although the pupils reported yesterday and were instructed as to what books to purchase and then relieved for the balance of the day, as it was a holiday. County superintendent of instruction C. W. Jordan is much pleased with the reports which have been made to him up to date and believe that the attendance this year will equal that of last year. Last year there were 2,417 pupils enrolled in the district township schools while the enrollment of the town schools, not including those of Richmond was 1,226.

Does the Air Crack?

Professor A. W. Porter explained in the course of a lecture at the London Workingmen's college that lightning cracks the air and that the visible form of the flash follows the crack. It might be thought that the air was not a likely thing to crack, said Professor Porter, but neither was cobble's wax, the liability of which to split under a sudden blow was well known. They had all heard the crack of the carter's whip, but which was it that cracked the whip or the air? He thought it was the air.
