

A PEACE MEETING OR ROUGH HOUSE?

Democrats Meet Tonight to
Name Ticket for the
City Election.

P. REID VERSUS C. BECK

BOTH MEN ARE OUT FOR MAYOR-
ALTY NOMINATION AND BOTH
ARE CONFIDENT THEY WILL
SECURE THE HONOR.

Pettis A. Reid and Charles Beck, the two candidates for the democratic nomination for mayor, are confident that enough of the delegates selected at the ward meetings last evening will vote for them tonight at the city convention, city building, to insure their nomination. With both candidates claiming the nomination, it is easily seen that the race will be a tight one and interesting. No doubt it will be a hot one, as it is understood that much bitter feeling has arisen between the Schillinger and Bayer forces of the city.

The successful candidate will be the opposition furnished to Dr. W. W. Zimmerman, the republican nominee. Friends of democratic hopefuls, of course, are claiming that their man is the only one who will tear down the strength and fortifications of Dr. Zimmerman.

The delegates elected at the ward meetings last evening were not instructed. They can vote for whom they please. However, the leaders on both sides were in evidence today, talking with the delegates.

The following are the council candidates: First Ward, Casper Kelly; Second Ward, John W. Bolser and Seven Ward, J. Rethmeyer. No candidates for council were named in the other wards. However, it is understood that there will be several to seek the nomination at the hands of the convention, this evening, for councilman-at-large. Among the candidates are A. Davis and possibly one or two others may be named. Mr. Davis is a shop employee and is receiving offers of support from the republicans as well as the democrats.

The Fourth Ward intends to put up a candidate against William Bartel, the republican nominee. The candidate will be selected at an adjourned meeting of the ward democrats Friday evening.

INVESTIGATION OF WATERWORKS OVER

Engineer Maury, Employed by
The City, Has Completed
His Work.

EXPECT HIS REPORT SOON

HE HAS FOUND THE PLANT IN AN
EXCELLENT CONDITION—BOARD
GIVES HIM INSTRUCTIONS THIS
MORNING.

Dabney H. Maury, of Peoria, Ill., the expert engineer employed by the board of works to examine the Richmond City Water Works plant, met with the board this morning in order to come to a complete understanding as to the scope of his report and in regard to what it should cover. Mr. Maury has been examining the condition of the water works plant but has not yet filed his report. In examining the books of the company Mr. Maury found them to show the amount of the investment to be \$642,000, while his investigation disclosed the fact that the investment should show \$549,000.

The Reason Assigned.

This difference is alleged to have been due to the fact that the company bought bonds and charged them as improvements on the books. The condition of the plant, according to Mr. Maury, is in a very satisfactory state and his final report is expected to be most gratifying to the board. Mr. Maury went to Peoria today but will return in a few days to file his report with the board.

The board, at its regular meeting this morning, also awarded the contract for the construction of a cement sidewalk on West Second street from Richmond avenue to Chestnut street to John F. Cronin. The contract price was 53 cents per lineal foot. Work will be started immediately, it is said.

MORREY PAROLED

The state board of pardons today paroled William Morrey, who has been at Indiana Reformatory for more than a year, serving sentence for grand larceny. He was one of a trio who robbed a cigar store of \$50.

KELLEY IS FINED

Ernest Kelley, an old offender, was arrested yesterday afternoon for intoxication, and drew a fine of \$5 and costs and an additional jail sentence of 30 days in the city court this afternoon. John Fitzgerald, who was arrested yesterday on a cruelty to animals charge, pleaded not guilty in the city court. He asserted that he gave the horse and rig to Kelley to return to Nolle's livery barn and therefore should not be held responsible. The matter was taken under advisement by City Judge Converse.

TO STOP PRACTICE

Cambridge City residents are determined to stop the practice of motor-men and conductors of the Terre Haute, Indianapolis and Eastern lines from starting their cars before the passengers have alighted. The procedure adopted has been by filing damage suits, two being filed in the circuit court today. Miss Emma Smith in one of the suits asks for \$3,000 damages and Hester Polk, by her next best friend, her mother, Mrs. Hannah Polk, wants \$2,500 damages. Both persons were injured as they attempted to alight from the cars and being thrown to the street by their sudden start.

FOR LOWER PRICES

At the meeting of the grocers at the Commercial club rooms, last evening a committee was appointed to meet with the bakers and try and induce them to lower the wholesale price of bread. The grocers and bakers will hold a joint meeting soon. The petition of the grocers to the bakers, which was presented recently, was turned down. The meeting last evening was well attended and the grocers are determined to get bread at three and a half cents per loaf instead of the present price of four cents per loaf.

EMANCIPATION DAY

The colored population of the city is celebrating Emancipation Day today. The colored Eureka lodge of the K. of P.'s is holding a picnic at Jackson's park this afternoon and will give a dance at the park this evening. A large delegation of colored folks arrived today from Fort Wayne, New Castle and Muncie to take part in the celebration. S. R. Oxendine and William E. Jenkins of this city, both colored, will be the principal speakers at the event. Emancipation Day is the occasion of an annual celebration among the negroes of this city.

PLAN A DEDICATION

The Elks will meet tomorrow evening at their new home, North Eighth street, and arrange for the dedication of the building. The dedicatory speaker will be some officer high in the circles of Elksdom. Garry Hermann, the Cincinnati baseball magnate, has been suggested as a suitable one to deliver the address. He was a candidate for the Grand Exalted Ruler at the recent National convention at Los Angeles, California, but was defeated by Judge Sammis of Iowa.

FINALLY LOCATED

Arthur Reed, colored, who shot "Snooks" Murray, also colored, in the leg about two weeks ago at the home of the latter on South Ninth street, during a controversy over a woman, was arrested this noon and will probably be bound over to the circuit court. Reed made a successful getaway at the time of the shooting before the police arrived and efforts to locate him since then have been futile.

UNION BAND GETS SHARP TURN DOWN

Fall Festival Resents Attempt
Made to "Bull-doze"
Association.

THREATS ARE NOT HEEDDED

ORGANIZATION STATED THAT IF
IT WAS NOT EMPLOYED IT
WOULD PREVENT SMITTEE'S
BAND COMING.

In view of the fact that the Richmond Union band made a proposition to the executive committee of the fall festival that unless the band was employed during the festival, Smittee's band of Cincinnati, which is a union organization, would not be permitted to play in Richmond, it was the unanimous decision of the executive committee at its meeting last evening, not to engage the union band of this city.

The executive committee stated that it did not propose to be "buffaloed" by a few musicians or allow them to interfere in any way with any arrangements they have made. Smittee's band is under contract to play in this city during the fall festival and the committee does not believe that the contract will be broken, despite the threats of the local union musicians, who declare they will use every means to prevent Smittee from coming here. The menacing attitude of the local union band is looked upon with much disfavor by the committee. The band made a direct threat that unless they were employed at those terms direful consequences would follow. The committee does not regard the band as a first class organization.

Negotiations are under way to secure the Indianapolis Newsboys band so in event Smittee does withdraw from his contract, there will be plenty of good music anyway. The Newsboys Band consists of fifty pieces and is recognized as one of the best musical organizations in the state.

PROF. HADLEY ILL

Mr. Hadley left Earlham with Mr. Mendenhall with the intention of attending Michigan this summer. When he arrived at the college the index finger of his right hand was festered and it was necessary that an operation be performed. He has been in the hospital for several weeks and it is not known whether he will be able to meet his classes this fall.

Protection For Labor.
The North Carolina act of 1907 providing \$5,000 yearly and special agents with power to make arrangements with steamship companies and agencies abroad to promote immigration of laborers into the state has been repealed.

By a joint resolution of the Ohio legislature senators and representatives in congress are petitioned to enact more stringent immigration laws for the protection of American labor. The petitioners hold that a protective tariff without protection from the competition of cheap labor at home is a travesty of the industrial problem.

A Union's Fine Record.
The members of Boston Cigarmakers' union, No. 97, voluntarily assessed themselves more than an aggregate of \$25,000 during the first six months of this year to assist, in addition to the international benefits, the members out of work during the dull times in the trade and for other purposes. It gave \$19,352.43 to out of work members.

Giant Storm in Southern

Great Force.

TALES OF HORRORS TOLD

BASED ON STORIES TOLD BY THE
REFUGEES THE DAMAGES WILL
TOTAL AT LEAST FIVE MIL-
LIONS OF DOLLARS.

(American News Service)

New Orleans, Sept. 22.—Fully three hundred lives were lost in the hurricane and tidal wave which devastated the gulf coast, according to details brought by half naked, half starved refugees, men and women, who straggled into the city today from a portion of Louisiana extending from the Grand Island to Vermillion Parish. Basing estimates on the stories told by the refugees, the property loss will exceed five million dollars. Many isolated villages have not yet been heard from and telegraph and telephone are still crippled. The refugees declare a terrible havoc was wrought by the tidal wave blown before the hurricane of wind which reached one hundred miles an hour. Big substantial buildings were lifted from their foundation and shattered; giant trees were uprooted and sent whirling through the air.

Beams Were Smashed.
Beams, stanchions and supporting beams were smashed like toothpicks. People were caught unaware by the gulf storm, being drowned like rats in fallen houses. Many bodies were washed out into the gulf ravaged district which had some five thousand inhabitants. Refugees declare many northern people with summer colonies on Louisiana and Mississippi gulf coast have probably perished as the fury of the storm was irresistible. Many of these summer cottages were seen to be in ruins by the refugees. Blix and Jackson are still isolated being without wire communication.
