REPORTS WERE NOT EXAGGERATED.

As Many People of Richmond Are Testifying.

The Root Juice instructors made many lasting friends while in Richmond. Their wonderful remedy has done worlds of good at this point, and reports of cures are being circulated from every direction. A. G. Luken's drug store is more busy than ever wrapping up Root Juice, and listening to the many flattering reports of the great good it is doing.

Mrs. Sarah Collins said: "I used to bleed so at times I could hardly get my breath, sour gases would form in my stomach and dull heavy headaches were at times so bad I felt I would go crazy; my tongue coated and I always had a bad taste in my mouth. My hands and feet were cold at times and at other times they would burn like fire, but, thank my good stars, after hearing so much about Root Juice, I went to the drug store and bought a bottle of it and after using the first bottle I went back and bought two more bottles. I have used it all and don't think I will need any more as I feel as well as I ever did in my life."

Root Juice seems to be good for any trouble of the stomach, liver, kidneys, bowels or blood. It is sold for \$1 a bottle, 3 for \$2.50, at A. G. Luken & Co's drug store.

NEW WESTVILLE, O.

New Westville, O., Sept. 22.—Mary Meyers has been ill with scarlet fever. She is now recovering and the family will soon be out of quarantine.

Raymond Mattix, son of John and Caroline Mattix, died on Thursday of last week, Sept. 16th, and was buried Saturday in the cemetery south of our village where other members of their family have been buried. He was only sick a few days, and as he had been exposed to scarlet fever, was in quarantine at the time, on that account.

The doctor in attendance however pronounced it tonsillitis, but to protect others against possible contagion, the other members of Mr. Mattix's family are placed in quarantine for the present.

Clarence Mattix, a young son of John and Caroline Mattix, while playing in their yard, dropped a knife into what was supposed to be an empty gasoline can. He wanted to get the knife, so lighted a match, and held it inside of the can. The small quantity of gasoline which had remained in the can, exploded and burned his face badly. It is thought he did not inhale any of the flame, or that his eyes are not seriously injured. The doctor in attendance says he is doing as well as could be expected at this date.

The authorities have taken stringent measures to prevent any possible spread of scarlet fever in the village or neighborhood. All who have been exposed are in quarantine, and we hope none of these are going to take the disease.

On account of the general fear of contagion, it has been decided to hold no services in our church until further notice, and not to open our school for this week.

Mr. and Mrs. Charles Cox met with a slight accident to their buggy recently on account of their horse being frightened by a passing interurban car. Mr. Cox was able to control the horse before serious damage was done.

A CORROBORATION

Of Interest to Richmond Readers.

For months Richmond citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Richmond residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Richmond reader.

Miss Sarah Hamilton, 27 N. Ninth Street, Richmond, Ind., says: "About eight years ago I began to suffer from acute pains in the small of my back, sometimes extending into my shoulders. I had an idea that the trouble was sciatic rheumatism but finally after suffering for about two years, I found that my kidneys were disordered. I at once procured Doan's Kidney Pills at A. G. Luken & Co's drug store and soon after I began their use, I noticed an improvement in my condition. I continued taking the remedy until I was free from all my aches and pains and in much better health." (Statement given July 14, 1906.)

On December 12, 1905, Miss Hamilton said: "I still believe that there is nothing as effective as Doan's Kidney Pills in relieving kidney trouble. I am just as willing to endorse this preparation now as I was two years ago."

A Woman's Secret.
It takes a lot to cow a Manxman or, for the matter of that, a Manxwoman, even in these days, as the late Mr. Gladstone once discovered.

On his visit to the island he found an old woman hard at work near Ruben and, probably without the slightest wish to appear paraensial, said to her in very gracious tones: "That is very hard work, my good woman, but you look well and strong. May I ask how old you are?" "How old? are thou thyself, thou imbecile old man?" was the prompt answer.—London Scraps.
