

BAND TROUBLE TO BE SETTLED SOON

Understanding Will Be Reached by Union and the Fall Festival.

FIRST BID WAS TOO HIGH

SO IT IS PROBABLE UNION ORGANIZATION WILL SUBMIT A LOWER ONE—QUESTION WAS CONSIDERED.

The question of unionism entered into the discussion of the executive committee meeting of the Fall Festival last evening, and the band proposition was again thoroughly rehearsed. Bids were submitted by the Richmond City and the Union bands, and the whole matter resolved itself into a business proposition to the executive committee. While it was the unanimous opinion of the committee that both bands of this city be employed, the bid of the Union band was entirely too high and the executive committee feels that if they can get just as good music and decidedly cheaper, from another band they should take it and the matter should be viewed purely in the light of any other business proposition—a question of finance.

A Fair Proposition.

Walter Runge represented the Union band at the meeting last evening and stated that it was not his intention to appear hostile towards the committee or the fall festival. That all of the members of the band were just as much interested in the welfare of Richmond as anyone else and that if the Union band was not employed he did not believe it would occasion any ill feeling or cause any trouble to arise over the engagement of Smittie's band of Cincinnati, which is a union organization. It was stated by Mr. Runge that Smittie's band would be permitted to play in this city even though the local union band were not employed according to the rules of unionism, providing the local union did not object to such a procedure. This changed attitude on the part of the union band met with the decided approval of all the members of the executive committee, who greatly appreciated Mr. Runge's friendly view of the matter.

The committee found that they were up, against exactly the same proposition as the which the union band has had to face on frequent occurrences. It was stated by Mr. Runge that the band often had to send out of the city for other players and while they could easily enough get union players from other cities, non-union players were engaged by the band because of the fact that they could be obtained much cheaper.

Business Proposition.

And so with the executive committee. If they can get another band to deliver the goods at a cheaper rate, it is for the interests of the people, by whom the money has been entrusted, to the committee, to strike the best bargain possible. The matter was explained carefully to Mr. Runge who thoroughly understands the position and realizes that if the union band is not employed it will not be on account of any feeling of hostility that exists for that organization. Mr. Runge stated that he would consult the members of the band and try and arrange for a lower bid if possible which will be submitted at the next regular meeting of the executive committee next Tuesday evening.

SCHOOL IS A JONAH

(Palladium Special)

Webster, Ind., Sept. 24.—A hoodoo seems to be hovering over the men engaged in the construction of the new high school of this place as two of the men have received painful injuries during the week. Contractor Louck of Richmond, who has the carpenter work in charge, was carrying a heavy timber on his shoulder Tuesday and in some manner it became overbalanced. As it turned on his shoulder, the weight of the timber was sufficient to throw his shoulder out of place. Mr. Louck was removed to his home. On Wednesday, George Alexander, a workman fell from the second story to the first and sustained two broken ribs, a broken bone in his ankle and other bruises and cuts.

WILL END SQUABBLE

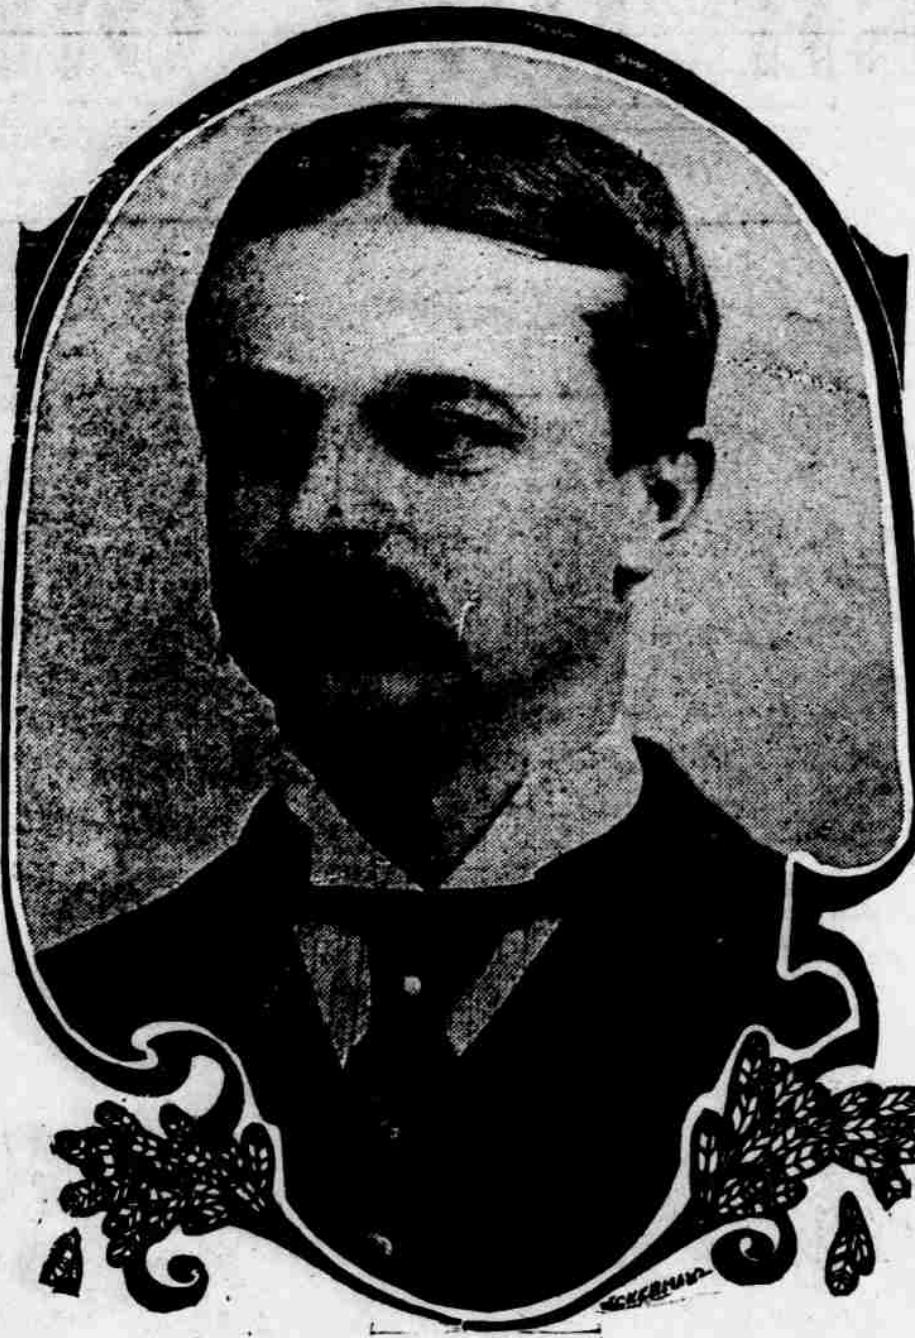

(American News Service) Bar Harbor, Maine, Sept. 24.—Thos. Hubbard, president of the Peary Arctic club, announced today that a meeting will be called very soon to consider every phase of the Peary-Cook controversy. Mr. Peary will withhold his promised public statement attacking Dr. Cook until after this meeting.

WALDRIP WAS HURT

One of the most peculiar accidents of the season was that of Prof. W. O. Waldrup, of the high school, who, while playing golf at the Country Club links yesterday afternoon, was struck on the ankle by a golf ball. The ankle is much swollen but will not prevent his attending to his duties at the high school.

WILL HOLD A RALLY

The St. Paul's Lutheran church will hold their annual Sunday School rally next Sunday morning at 8:45 o'clock. W. C. Hall, of Indianapolis, president of the Indiana Sunday School association, will be the principal speaker. The school at present has a total enrollment of 736 members, the largest Sunday school of any in the county. E. H. Hasemeier is superintendent of the Sunday school, and Miss Anna Schults is assistant superintendent. It was largely through the efforts of these two persons, together with the pastor of the church, Dr. Conrad Huber, that the school has grown with such remarkable rapidity.
