

## MANY "FRESHIES" FAILED TO PASS

Three Out of Every Ten  
"Flunked" on Entrance  
Examinations.

### EARLHAM IS A BUSY PLACE

STUDENTS TRYING TO STRAIGHTEN OUT CONFLICTS IN THEIR COURSES AND GET SETTLED IN THEIR ROOMS.

Approximately three out of every ten students "flunked" in the entrance examinations at Earlham college yesterday and today. The changes in the department of English requiring the freshmen to take examinations upon entering college blighted the hopes of several prospective "freshies" when they were told that they had failed to pass the required examinations.

The changes in the English department were made for a twofold purpose, primarily for the advancement of the scholarship in that department and secondarily for the advancement of the work in the high schools and academies in the state. Professor William N. Trueblood, professor of English at Earlham stated yesterday that he thought the advancement of the work would be beneficial to all parties concerned.

#### Are Many Conflicts.

The college yesterday presented a busy place from the standpoint of professors and students. Many of the arrangements in the catalogue conflict with the courses of the students and the professors are busy remedying to satisfy all concerned. The students are chiefly concerned about their rooms and chairs, tables, rugs and every article used to furnish a room were brought to the college today.

Another important change in the college curriculum is in the department of music. Miss Lucy Francisco announced today that she would have charge of the voice department and head the department of piano. Miss Francisco will be assisted by Miss Edna Hecker in the department of piano and the latter will teach the violin.

#### Lindley is Factor.

Professor Harlow Lindley will again be an important factor in the library work of Indiana. The first invitation to be accepted by Professor Lindley is to deliver an address before the Tri-State Librarians association to be held at Louisville, Ky., October 20-24. The Library associations of Indiana, Ohio and Kentucky will send representatives to the meeting and librarians from many of the public libraries of the middle west will be in attendance.

During the summer the Friends reference library of the Indiana Yearly Meeting was catalogued and placed at the disposition of the student body. The library consists of about 500 volumes of valuable books, many of which were printed in the 17th and 18th centuries.

Dr. J. H. Coffin will again organize his college quartet. Last year the quartet was one of the features of the social life at Earlham. The several appearances in the college chapel were a source of pleasure to the entire student body. One of the members of the last year quartet is not in college this year and Dr. Coffin is looking for a suitable man to fill the vacancy. Those who were members last year and who will again take part in the work are: Clarence Jones, Robert Sanders and Carl Weesner.

### TO HOLD SERVICES

Churches in This City Will Join  
In Great Union Move-  
ment.

### NOVEMBER 1 THE START

Evangelical services to be held in this city, commencing about November 1, will be conducted in a different manner than heretofore. Various churches will join for the common welfare of all instead of each church acting for itself. This union system, proposed by the evangelical committee of the Ministerial association, is expected to meet with universal approval, among the church people. The pastors of the different churches have not met with the evangelical committee as yet to complete their arrangements. However, one of the members of this committee said that it was an innovation in this city and the ministers were expecting it to be as successful as in other cities. Services will be held in each church of the city, but only at one church at a time. About four churches will constitute a group. The ministers of each group of churches will take part in the services. The pastor of the church where the services are held will act as master of ceremonies.

#### A NARROW ESCAPE.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." A. G. Lukens & Co.

Seven persons out of ten have eyes of different strengths.

### NEW FALL CORSETS

When nature with her magic wand gives to the trees their dresses of rich reds, yellow and browns, the smartly gowned woman begins to consider the dictum of Fashion and the first to receive their attention is the foundation for their new tailor-made suit. That, of course, means a new Nemo. The fit of your suit will depend altogether upon the corset you wear. Nearly every woman (in every country where corsets are worn), knows that the Nemo Corset does something for you that no other corset can do. It's the only corset ever made that really helps a stout woman reduce her abdomen without perfect comfort and hygienic safety. For the slender figures almost equally famous are the Nemo willow-shape (with the novel flating back skirt), "the military belt" corset, the wonderful back resting corset, and the chic Swan-shape, all for the slender and medium figure. If you wish to know fashion's latest word on the all important subject of corsets, stop at our corset counter and consult with our experienced corsetiers.

There was a Democratic congressman who failed to show up for a vote on the tariff bill. He was not paired, and his absence was unaccountable. He leisurely strolled into the house the next week and was at once hauled over the coals for his dereliction. "Why, I couldn't come," said he; "my

health was givin' way. I had three doctors 'tumpin' me chist at waist, and they united in sayin' that me condition was alarmin', and that in whole system was reekin' with in-nomina."
