## SNYDER-JONES.

A pretty home wedding for early fall was celebrated yesterday at the residence of Mr. and Mrs. Jesse Jones on the National Road, west. The bride was the granddaughter, Miss Irene Jones and the groom Mr. Weaber Snyder. The house was beautifully decorated for the occasion. In the parlor where the ceremony was performed by the Rev. Robert Dunaway, Cream roses and ferns were used in decorating.

Asters and ferns embellished the living room, while in the dining room dahlias were the main decoration. The bride was charmingly costumed in a gown of white batiste elaborately trimmed with Valenciennes lace and insertion. After the ceremony the wedding guests were bidden to the dining room where a dinner was served. All the guests were seated at one long table. Strands of smilax were brought from the chandelier and fastened at the four corners of the table. A French basket filled with red tinted dahlias formed an attractive center piece for the table. At each place small bouquets of sweet peas were placed. The guests were Mr. and Mrs. A. W. Snyder and family, Mrs. Edith of Indianapolis, Miss Della Snyder, Mr. George Snyder, Mr. and Mrs. Harvey Jones and family of New Madison, Ohio, Mr. Ernest Jones and family of Lynn, Ind., Mrs. Jessie Motter of Xenia, Ohio, Mr. and Christian Smelker and Mrs. Smelker of New Madison, Ohio, Mrs. Martha Dozier, Miss Jessie Dozier, Mr. and Mrs. Edward Dozier and Rev. Mr. Dunaway.

here, in fact, that her friends look upon her quite as much American as German. Nevertheless, the singer is Deutsch at heart, and no summer would be complete without her visit to her beautiful home in Berlin. An important adjunct of this home is the American colored porter, "Bill." Mme. Gaski secured "Bill's" services about the time she purchased her big purple touring car, and she bore both trophies of America off in triumph to the German capital. During her present tour, "Bill" remains in Berlin.

## Grant Angers Self-Rulers by Marching With "Drys"

Chicago, Sept. 29.—Protest against the appearance of General Frederick D. Grant in the uniform of his rank in the United States Army in the temperance parade in this city last Saturday was made in a letter sent to Secretary of War Dickinson by W. R. Michaelis of the Executive Board of the United Societies for Local Self Government.

Mr. Michaelis has asked if there is any rule of the war department governing such an appearance, and requests that the reply be in the form of an open letter. The letter is as follows:

"On Saturday last Major General Frederick D. Grant, of the United States Army, and in the uniform of the United States Army, marched at the head of a prohibition parade in Chicago. The above incident has caused considerable comment, and it is rumored that the same means that the federal government and the army in general have taken sides with the prohibition movement.

friends in Indianapolis. Mrs. Gerber's going-away gown was of navy blue cloth. She wore hat and gloves to correspond.

**FOR MISS MANNING.**

The Alice Carey club will hold its first meeting of the season Thursday afternoon, September thirtieth at the home of Mrs. Chauncey Riffle, 508 South Twelfth street. All members are urged to be present.

**THE COMPASS.**  
The Chinese seem to have used the compass or its equivalent at a very early date to guide them in their journeys across the vast plains of Tartary. They made little images, whose arms, moved by a freely suspended magnet, pointed continually toward the pole. An apparatus of this kind was presented to ambassadors from Cochinchina to guide them in their homeward journey some 1,100 years before our era. The knowledge thus possessed seems to have gradually traveled westward by means of the Arabs, though it was fully 2,000 years after before it was fairly applied among the peoples of western Europe.—New York American.

**Economy.**  
Wife—Oh, this is awful! These curtains I got at the bargain sale don't match our furniture.  
Hubby—Return 'em.  
Wife—I should say not—cheap as I got them! We must have some new furniture at once!—Cleveland Leader.

"Will you kindly advise me whether the department has ruled on such conduct, and whether the same can be said to have received official sanction?"  
"The letter was not written as an officer of the United Societies," said Mr. Michaelis. "I wrote as a private citizen."  
Several letters taking a contrary stand to that of Mr. Michaelis also have been sent to the secretary of war. These are from gentlemen who approve of the action of General Grant and defend his appearance in the parade. They claim that the parade was not a "prohibition parade," but was "a movement for great civic righteousness and the enforcement of law and order in Chicago."

## A GREAT DEMAND FOR WORKMEN NOW

It Has Been Years Since There Was Such a Cry for Laborers.

## IS EMPLOYMENT FOR ALL

STATE FREE EMPLOYMENT BUREAU IS HAVING ITS HANDS FULL ANSWERING DEMAND OF THE BUSINESS MEN.

(Palladium Special)  
Indianapolis, Ind., Sept. 29.—It has been years since there was such a demand for laborers as there is in Indiana at this time. Not a day passes but that the state free employment bureau at the state house is asked to supply from ten to a hundred laborers in this city and elsewhere in the state. Not only that, but there has been a request received from a factory in Ohio for a hundred men, which the free employment bureau could not fill. All of this is taken to indicate that times are good and that there is work for everybody that wants to work. For two weeks past the Indianapolis Water company has been advertising in the daily papers here for sixty men and forty teams, and it cannot get them. Good wages have been offered and still the men do not show up.

Rush on at Capital.

The Indianapolis Motor speedway, where the automobile races are held, is advertising for two hundred laborers, and it can not get them. The speedway track is being paved with a brick pavement, and the company wants the men to work on that job. The track is two miles and a half in length, and the job will take several weeks. The speedway people are nearly crazy over the failure to get enough men to do the work, for it hopes to get the track done in time to hold some more races in October. One effect of this unusual demand for men and teams has been to run the wages of teams up from \$3.50 and \$4.00 a day to \$4.00 and \$4.50 a day. And the wages may go even higher than that, because it is impossible to get the teams at any price.

From several towns out in the state where improvements are being made, railroad work being done and factories running, the state free employment bureau is being implored for men. In some of the places the factories write in that they simply must have more men.

**No Charge Is Made.**  
No charge is made by the state free employment bureau for finding places for men who register with it. Neither is there any charge to the employer for furnishing him with men. It is the purpose of the bureau to get employer and employee together so that both may be benefited.

Not only are men wanted for work on improvements and in factories, but many farm owners write to the bureau to furnish them with men for their farms. Here is a letter that came to the bureau a few days ago:

**One of Letters Received.**  
"I want a man and his wife on my farm, and to the right kind of a couple I will pay \$30 a month the year round, house rent free, garden and truck patches furnished, and a number of chickens, together with the milk and butter from a cow that I will feed."

"If such offers as that do not eventually solve the problem of city congestion following migration from the farms I hardly see how it can be solved," said Frank Clouds, bureau employment clerk. "Thirty dollars under the conditions offered means more than an annual saving, with better conditions of living than any one out of a thousand workmen in the city enjoys. Sooner or later the workingmen, it seems to me, will surely realize the advantages being offered by the farmers of the state and accept them."

Count Zeppelin finds himself too popular and a notice has been issued in the German newspapers calling on the German public to desist from adding to Count Zeppelin's invalid condition by worrying him with unnecessary communications. The number of letters received daily from his admirers is asserted to have reached four thousand.

**The Murray Theater.**  
Some conveniences, which have heretofore been denied theatergoers of Richmond, but which have been provided for the patrons of the new Murray Theater, are to be found in the large lobby and promenade foyer with the ladies' boudoir to the left. The management has taken great pleasure in constructing these commodious and they will no doubt be welcomed with favor by the theater-going public.

One of the biggest, best and most expensive vaudeville shows of the season will be the offering for the opening week. On the bill will be found Prof. Bristol's troupe of ten trained ponies and one mule, which is one of the most instructive and entertaining acts that can be secured.

The feature of the bill will be the big scenic novelty production "A Night with the Poets." Mr. Wm. B. MacCallum, the author of the act, got

## A PLEASANT WAY TO CURE CATARRH

Poor deluded victims! Continually sprinkling and spraying and stomach dosing. What are you doing it for? Trying to kill the catarrh germs? Might just as well try to kill a cat with fresh milk.

Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.

You can't kill the germs that cause catarrh unless you get where they are. You can get where the germs are by breathing Hyomel, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.

Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by L. H. Fife to cure catarrh, or money back. It is sold by leading druggists everywhere. A complete outfit, including inhaler, costs \$1.00. Extra bottles, 50c. Cures sore throat, coughs and colds.

I take especial pride in recommending Hyomel to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomel, had any recurrence of asthma."—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909.

## MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease, or money back. Large box of tablets, 50 cents. Druggists in all towns.

## OBSTINATE FRECKLES.

Apply These Lotions and "the Beauty Spots" Will Disappear.  
Take some English mustard with enough lemon juice to form a paste as for a poultice. Apply this to the face four nights in succession. Wash off in the morning. The freckles will generally disappear and likewise the redness.

Another remedy is to take rainwater and add as much pulverized alum as the water will dissolve. Dab this on the freckles several times a day.

Still another method is to use half a teaspoonful of rainwater and two teaspoonfuls of powdered borax. Allow the borax to dissolve and with this wash the affected parts twice a day. This is never failing remedy for removing freckles for people possessing certain features of skin.

With others the following remedy is effective: Two teaspoonfuls of lemon juice, one of powdered borax and one of sugar. Mix and allow to stand a day or two. Then apply two or three times a day.

The following remedy is vouched for by medical authority and is very simple: Break the stem of a dandelion. The juice which exudes should be wiped over the face twice daily, morning and evening preferably. Of course the larger the stem the more juice can be extracted, which, by the way, should be milky in color.

As most of the remedies for the cure of freckles contain astringent properties, which are more or less drying to the skin, it will need to be protected from becoming too harsh and dry while using the remedies. A good cold cream of equal parts of rosewater and glycerin with a few drops of carbolic acid may be applied between the application for freckles. Should the skin be naturally moist or oily none of the above remedies if used judiciously will be found too drying. A soothing cream to use for this purpose is made of one ounce of benzoated oxide of zinc ointment and two drams of spirits of camphor.

Where the treatment for obstinate freckles has been tried there is nothing more soothing than the cream which is skinned from milk. This is a natural substitute for a cold cream and is very cooling.

## A New American Comedy.

Ashton Stevens of the Chicago Examiner has hailed "Mary Jane's Pa" as "a vitally new American comedy," with Henry E. Dixey as the Star. Henry W. Savage will present it at the Gennett next Tuesday.

his inspiration from those well known poems "An Old Sweetheart of Mine" by James Whitcomb Riley and "Maud Muller" by John Greenleaf Whittier which combine to make a very beautiful and pleasing theme. In its presentation fifteen actors and actresses are required and a full one-half car load of scenery and effects are carried.

Brooks and Carlisle in their comedy sketch entitled "The Limit" have something said to be away from beaten paths.

Henry Bobker is very clever when it comes to character impersonation and his acts are always well received. He takes the audience into his confidence about his make-up which makes the act instructive as well as entertaining.

The new theater will be formally opened with the above high class bill on October 4th at popular prices, 10, 15, 20 and 25 cents.
