DETROIT FANS CRAZED.

Went Wild Over News That Tigers Won Pennant.

Detroit, Mich., Oct. 1.—Detroit baseball fans celebrated the third pennant winning of the Tigers last night with such zest that the police were obliged to put the kibosh on them. While the fans had been confident ever since that August winning of 14 straight that the Tigers would cap the flag, they were not prepared for the sudden and spectacular finish of the night, and their joy overflowed with a rush.

They began to gather in downtown streets as early as 6 o'clock and, remembering the almost riotous demonstrations which followed last year's victory on the final day of the season, Police Commissioner Croul scented trouble. He gave orders that the reserves be right on the job.

The fans were not interfered with for a couple of hours. They were allowed to blow their horns, bang drums and pans and march and yell to their hearts content. But after a while Woodward avenue became so packed that it was impossible. Any person attempting to cross was caught in the mad whirl and carried wherever the crowd chose to rush, and not gently either. In addition to this, the "fresh" element began to rowl hold hats were smashed and ears were boxed. Gangs of young men and boys would single out girls and, forming a ring around them, join hands and execute a war dance. In some cases the girls were even handled roughly. These last scenes were the signal to the detectives in the crowd. The reserves were called and, with mounted police, scattered the crowd to the side streets. The demonstration continued, however, in more orderly form until after midnight.

JEFF IN GAY PAREE

Former Heavyweight Champion Is Engaged in Active Training.

READY TO MEET JOHNSON

(American News Service)
Paris, Oct. 1.—James J. Jeffries is doing his work at Jim Pratt's quarters at Neuilly on the Seine, a suburb of Paris, preparatory to meeting Jack Johnson, the colored champion. Jeffries' training which began soon after he returned from Marienbad, has been interrupted by a cold contracted while he was attending the races and for two days the pugilist has been confined to his room. His wife, however, says that his illness is not serious, and it is expected that he will soon take up his work.

Jim Pratt, who has followed the fighters for years, considers Jeffries in the pink of condition and ready to enter the ring with Johnson. Jeffries is as quick as lightning, said Pratt today. "The treatment which he underwent at Marienbad has reduced his superfluous fat and his waist-line has fallen away practically to normal. His weight is about 225 pounds. All that he needs now is to get his muscles in trim, and I am sorry that his training, which is confined largely to punching the bag and skipping the rope, has been interrupted."

FOOTBALL IN FAVOR

Football is in no danger of being eliminated as a school sport at the Richmond high school, unless some action develops in the future on the part of the school board or the high school faculty. An agitation has been started over the state, headed by the school board of Anderson, to stop the game of football as a high school sport, and this year there will be no team representing the Anderson high school in the field. The local school board does not entertain the same view of the sport as do the Anderson officials.

WILLIAMS ADMITS ATTEMPTS WRECK C. C. & L. TRAIN

States He Threw Switch on Newman's Hill to Pile up the Cars So He Could Loot the Contents.

LAD WAS BROKEN BY THIRD DEGREE GIVEN

In His Confession, Sixteen Year Old Desperado Implicated Frank Townsend, Loftus and Other Lads.

It required all morning of severe cross examination by Superintendent of Police Stannbach to make Walker Williams, aged 16, confess that he threw the switch on the C. C. & L. railroad near Newman's hill on September 19 and wrecked the cars of freight train No. 74 for the purpose of stealing the merchandise from the debris.

Williams was arrested early this morning by Patrolman Westenberg. He denied all knowledge of the affair at the time and stoutly maintained that he was innocent for several hours when he lost his nerve under the severe strain and crying like his heart would break, broke down and told the police the entire details of the affair.

Names Associates.

The youngster implicated, Frank Townsend, Charles Loftus, Otto Peters and Frank Laugel in the matter. He stated that the idea of wrecking the train was suggested by Townsend but that he (Williams) threw the switch. He declared that the affair was planned two or three days before it was accomplished, and that the whole thing was carefully arranged. About 9 o'clock in the morning of September 19 the switch was thrown and freight train No. 94, a double header, took the siding and crashed into the construction train on that track. The cars were piled up and about \$200 worth of damage resulted. Fortunately the engineer was the only person who was injured and he was not hurt seriously. Young Williams stated that immediately after the train was wrecked he and his pals ran away fearing that their crime would be discovered. It is thought the boy will disclose some more rather startling information before he is released from the administration of the "third degree." The boy resides with his stepfather, Elmer Rhodes, at 800 North Eighth street and has frequently caused the police trouble.

The end of the world. That the earth will eventually dry up and all living things will die of thirst is the theory of a scientific writer. He says that in both Africa and Asia, and indeed in all the great levels of the world, the water beds are drying up. Many lakes well known during the historical period have entirely disappeared, while others are shrinking rapidly. "Explorations in central Asia have proved that for centuries a zone stretching from the east to the southeast of this part of the earth's dominion has been drying up. Deserts are gradually spreading, and reports show that it is only in the neighborhood of mountains, round whose brows vapors condense and fall, that irrigation can be carried on or life itself can be preserved."

Just What He Meant. An American in London once attended a dinner where Henry Arthur Jones told a story about Beerbohm Tree.

"Mr. Tree," said the playwright, "met a friend of his one afternoon in Regent street.

"The two stood and conversed a little while, and then Mr. Tree said: 'Have you been down to see me lately, my boy?'

"No; too poor," said the other.

"Too poor," Mr. Tree exclaimed. "Why, you spend enough on wine and cigars."

"But the other, nettled, interrupted. 'I don't mean I'm too poor. I mean you're too poor,' he said."

Cramp in the Legs. People who are subject to cramp in the legs should always be provided with a good strong piece of cord, especially in their bedrooms. When the cramp comes on take the cord, wind it round the leg over the place where it is cramped, take an end in each hand and give it a sharp pull, one that will hurt a little, and the cramp will cease instantly. People much subject to cramp in bed have found great relief from wearing on each leg a garter of wide tape which has several thin slices of cork stitched on to it.

The Tools He Lacked. "Why don't you go to work?" said a chaste woman to a tramp before whom she had placed a nicely cooked meal.

"I would," replied the vagrant, "if I had the tools."

"What sort of tools do you want?" asked the hostess.

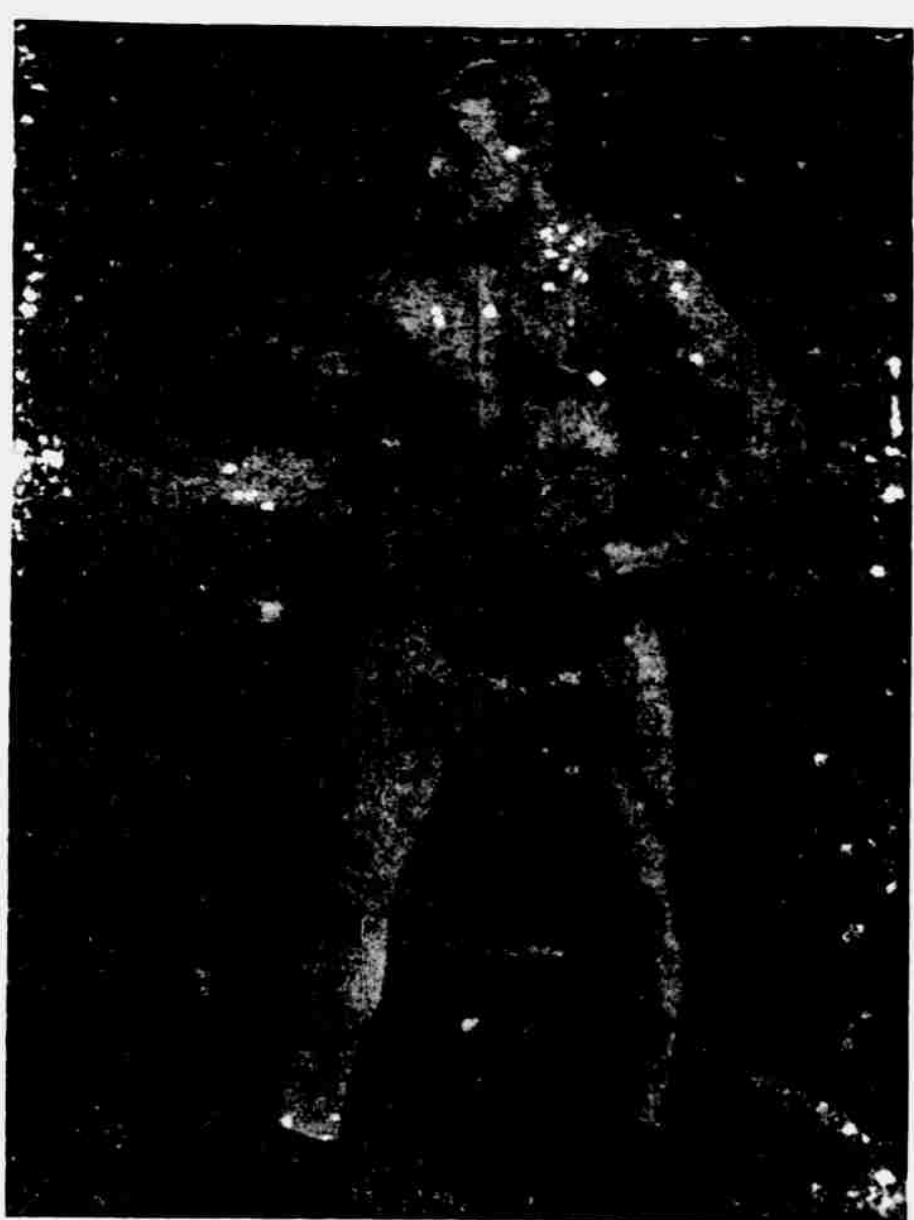

"A knife and fork," said the tramp.—Tit-Bits.

We Eat Too Fast. "The trouble is that we eat too fast," said the man who worries about health.

"That's right," answered the man who worries about money. "Some of us eat so fast that our incomes can't keep up with our grocery bills."—Washington Star.

He who comes up to his own idea of greatness must always have had a very low standard of it in his mind.—Hass.

He Will Wrestle Charley Olson

CHARLES POSTL.

The sturdy Milwaukee wrestler, who is to meet Charley Olson in the coliseum on the night of October 6.

FRIENDS WILL MEET EXPECT BRIDGE WAR

Some of Most Noted Members Of the Church Will Speak, Sunday.

PENNINGTON OFFICIATES START SCRAP IN COUNCIL

The program for the gathering of all Friends in Wayne and adjoining counties, at East Main Street Friends church, Sunday, includes talks by several well known Friends, including Dr. Rufus M. Jones, editor of the American Friend, and professor of philosophy at the Haverford college, Pennsylvania, members of Earlham college faculty and others.

The divine worship and proclamation of the gospel will be in charge of Prof. Elbert Russell of Earlham college and Rev. T. C. Kenworthy, pastor of East Main Street Friends Church. At 10:30 o'clock Dr. Rufus Jones and Rev. Allen Jay will take charge. In the afternoon the services will convene at 2:30 o'clock. Rev. Charles E. Tebbetts, general secretary of the American Friends' board of foreign missions, will speak. The Union Christian Endeavor of all Friends' societies will be held at 6:30 o'clock. In the evening, the general devotional service will be resumed. Rev. Levi Pennington, pastor of South Eighth Street Friends church will officiate.

REUNION WAS HELD PRINCESS ESCAPED

(American News Service)
Budapest, Oct. 1.—Princess Louise of Coburg, was in an automobile accident yesterday, but suffered no injury, according to a statement made today. The car in which she was riding was badly damaged, but she escaped with merely a few bruises and the shock.

ALL HAD EXCELLENT TIME

Eighteen veterans of the Civil war from Wayne county attended the thirtieth annual reunion of the Fifty-seventh regiment of the Indiana volunteer infantry which was held at Muncie on Wednesday and Thursday of this week.

There were \$1 percent out of the original 1600 in the regiment. So far as is known but 163 are now living. The reunion was held in the K. of P. hall. The first day was spent in renewing old acquaintances, registering and being assigned to their places.

The big event of the reunion was the camp fire Wednesday night in the K. of P. hall. The hall was crowded to its utmost capacity and an enjoyable evening was spent. Mayor L. A. Guthrie following the invocation, made the address of welcome.

A banquet was served the soldiers in the K. of P. temple last evening. A large four foot picture of the soldiers was also taken immediately after the automobile ride yesterday morning.

The next meeting of the reunion will be held the first week in September, 1910 at Springfield, Ind. Henry county, James B. Gilmore of that place was chosen to preside at the 1910 meeting. Mrs. C. W. Morgan and daughter, Miss Clara of this city attended the reunion of the old soldiers at Muncie.

WAS A SMALL BLAZE

A small blaze in the shed back of the property at 36 Washington avenue caused an alarm of fire to be turned in from Gaar, Scott and company's plant yesterday afternoon about 2:30 o'clock. The departments made a quick run and easily extinguished the flame. A traction engine was being tested in the alley back of the shed and it is believed the fire resulted from sparks from this source. The loss was very small.

TO INVITE WOMEN TO THE BANQUET

Members of Fair Sex Are as Welcome as Members of The Stern Sex.

MRS. MARSHALL IS COMING

SHE WILL ACCOMPANY HER DISTINGUISHED HUSBAND FROM LAGRANGE—WILL ARRIVE IN RICHMOND NEXT THURSDAY.

Arrangements for the press banquet, Thursday evening, October 7, at the coliseum, were completed today when the executive committee announced that accommodations for the women would be reserved. The banquet will not only be honored by the presence of Governor Thomas R. Marshall but also by his wife.

Owing to the fact that Governor Marshall and his wife will not be able to arrive in the city until 6 o'clock, the hour for the banquet has been set at 6:30 o'clock. The doors of the coliseum will be opened to those who intend to participate in the banquet at an earlier hour, however, and it is expected that every one will be seated when Governor Marshall, his wife and the committee in charge of his entertainment arrive.

To Entertain Mrs. Marshall. Mrs. Marshall will be entertained by a number of well known women. The committee of ladies has not been announced, however. It is expected that half of the number present at the banquet will be women.

The tickets for the banquet are selling rapidly. Just the exact number out is not known as no report has been made to the chairman in charge. Tickets are one dollar each, a price which is regarded as small for the number of courses to be served.

Following the banquet, which will require an hour or more, the doors of the coliseum will be thrown open to the public. At this time, toastmaster P. L. Freeman, will call for responses from Governor Marshall, Representative W. O. Barnard and Senator A. J. Beveridge if it is possible for him to be here, and several others.

WAS COLDEST MONTH

Last September in This Vicinity Equals Same Month in 1896.

AVERAGE 75.2 DEGREES

According to the report of meteorological observer, Walter Vossler at the Water Works pumping station, east of the city, last month was the coldest September since 1896. The average high temperature for the month was 75.2 degrees, while the average low temperature was 50 degrees. The maximum was reached on the 13th and 14th, when the mercury soared to the 90 mark. The liquid in the little glass tube, however, dropped to two degrees below the freezing point, the minimum temperature, on the 28th of the month, and a very heavy frost, in which a number of fruit trees were killed, was experienced. A heavy frost of this nature is an unusual thing for September.

The rainfall for last month was decidedly below the average. But 1.21 of an inch of precipitation was recorded.

BOARD TRUSTEES HOLD A MEETING

Make Plans to Pay Off \$40,000 Hanging Over Earlham College.

PART BUILDING EXPENSE

PAST YEAR COLLEGE ECONOMIZED BY THE WITHDRAWAL OF FUNDS FOR SCHOLARSHIPS—TO MAKE A CANVASS.

The Board of Trustees of Earlham college met yesterday in the office of President Robert L. Kelly and decided to decrease the unnecessary expense and patch up the "leaks" in the finances of the college. The Board also decided to employ someone to solicit funds in behalf of the college in order that the debt of about \$40,000 be paid.

At the reading of the report of the president of Earlham college at the Western and Indiana Yearly Meetings the members of the board were made acquainted with the financial condition of the college, and the members of the Yearly Meetings contributed about \$18,000 toward the liquidation of it. This left a debt of about \$40,000, part of which was the debt of the new buildings and part of which was the administration debt.

Scholarship Question.

Under the administration debt came the subject of scholarships. Each year the college has been giving to students by way of assistance forty scholarships valued at \$50 each. This year it was necessary that these scholarships be withdrawn. Many other items calling for expenditure of money were eliminated from the college budget. The Board however was careful that the scholarship and standing of the college was not affected by the withdrawal of the funds.

The members of the board who were present yesterday included: Amos K. Hollowell of Indianapolis, Benj. Johnson, Finley Newlin and Timothy Nicholson of this city, Caroline M. Wright of Kokomo, Mary B. Blumer of Greenfield, Joseph A. Goddard of Muncie, Morris E. Cox of Westfield, Samuel C. Cowgill of Montezuma, Allen Jay and President Kelly.

ed, the average being 3.50 of an inch. The greatest amount of rain fell on the third of September when .50 of an inch was reported. There were nine clear days during the month, seven cloudy and fourteen partly cloudy days.

COPS HAPPY AGAIN

Police officials at the city building are wearing the elastic smile today. From the deepest depths of gloom to the highest ecstasy of happiness were the big blue coats raised when Frank Townsend, the youthful Casperado, who made such a sensational escape from Sheriff Linus Meredith, Wednesday night, returned of his own accord to apologize for his ungentlemanly conduct in "shaking the sheriff," and doing the vanishing act.

Business was practically suspended today in police circles and all the patrolmen could talk about was Townsend's sensational return. Dreams of the \$50 reward offered for the young man's capture were rudely shattered, but the cops are all satisfied and everybody's happy now.

PATENT: Gold Medal Flour is very highest quality.

Branch Offices for Palladium Want Ads

are located in every part of the city. No matter where you live, it is just a few minutes' walk to the nearest AGENCY in your neighborhood . .

These little WANT ADS are great business producers. If you have something to sell, it will bring a buyer; or it may be that you want to buy something -- you will be sure to find the owner.

It is the same if you are in need of help, as a cook or housekeeper, they will always find you what you want. Look over the bargains for each day, perhaps you will find the article you would like to have

Look on the WANT AD page for agencies. There is one in YOUR NEIGHBORHOOD

ONE MAN IS KILLED

Punxsutawney, Pa., Oct. 1.—One man was torn to pieces and two others injured, one perhaps fatally in an explosion at Fordham mine No. 7 of the Berwind-White Coal and Iron company, three miles west of here. The dead:

John Yorko, aged 34, leaves widow and nine children.

The injured: Stephen Vargo, scalp torn off, otherwise injured, dying at hospital.

Mike Vargo, face burned badly bruised.

A pocket of gas igniting from an open lamp, caused the explosion.

WAS WEAK COMPANY

"The Right of Way," a dramatization of Sir Gilbert Parker's thrilling novel, was presented at the Gennett theater last night by a decidedly weak company. The leading characters were poorly played and the supporting roles were just as poorly executed. It was a rude awakening of a beautiful dream for those who read the book and witnessed the production.

The same company will play at the Park theater at Indianapolis for 25, 35 and 50 cents, but did not hesitate to ask \$1 and \$1.50 for seats in this city. Fortunately, only a few got "stung," however. A few more plays by third, fourth and fifth rate companies in this city will put the show business "on the hummer."

DEED FILED TODAY

A deed was filed with county recorder Will Robbins this morning by the owners of the Wayne Works which was recently changed from a corporation to a partnership. The deed says that for \$1 and other valuable considerations the stock of the concern is transferred to Walter W. Schultz, E. B. Clements, Harry Land, John B. Dougan, Howard Campbell, Mrs. Emeline Land and Mrs. Helen L. Dougan. The stock is not divided equally. Mr. Schultz and Mr. Clements own the controlling interests.

Seats for Wrestling Match on sale at Simmons' Cigar Store.
