

OPENING OF THE THEATER DELAYED

Murray Vaudeville House Will
Not Start the Season
This Week.

IS NOT QUITE FINISHED

MANAGER OMER G. MURRAY WILL
FORMALLY OPEN THEATER, ON
MONDAY, OCT. 11—TO BOOK
THE BEST ATTRACTIONS.

The opening of the new Murray theater, Tenth and Main streets, has been postponed until Monday evening, October 11, by Manager O. G. Murray. The failure of the contractors to complete the lobby and box office of the theater is responsible for the week's delay.

Mr. Murray had hoped to open the theater in time for the Fall Festival with a strong vaudeville show, characteristic of the attractions to be given at this theater. Although he might have done so, even though the box office and lobby were not completed, he felt that it would be wiser to wait for one week when a grand opening might be made with everything in readiness.

Gets Good Attractions.
The attractions to be booked at the theater are the best on the Murray-Sun circuit, of approximately twelve houses. Mr. Murray plans to increase the attractions to four acts each show. Instead of three, and give illustrated songs and motion pictures in addition. Owing to the increased cost in bringing the better talent to the city, the prices of the new theater will be slightly advanced.

The theater will be the most beautiful on the Murray-Sun circuit. The interior decorations will be very attractive but more especially those of the lobby and entrance.
The remainder of the building will not be ready for occupation by tenants for three or four weeks yet.

A BABY IS WANTED

Pilgrim Brothers Want One to
Place in New Baby
Incubator.

TO BE NOVEL ATTRACTION

Wanted—A baby.
It does not make any particular difference just what kind of a baby is procured, just so it is small enough, as well as young enough, to perform the experiment successfully. Of course a baby of good disposition is desired.

The baby is wanted by Pilgrim Bros hardware company, who have on display at their store during the Fall Festival, a baby incubator. The incubator is much like the regular chicken incubator and will no doubt attract a large number of visitors to the store. The tray for holding the baby is equipped with a soft, downy pillow. The baby, if one is secured, will be on display, it being possible to see it through a glass window.

A recent traveller in that land of dikes and windmills has been at pains to make notes of the names bestowed by the Dutch merchants upon their country houses. Here are a few examples translated. "Our Contentment," "Joy and Peace," "Lelure and happiness," "My Desire is Satisfied," "Friends and Quiet," "My Wife and I," "Not So Ban." To say the least, any one of these would seem to indicate more of the genuine sentiment of the householder than can possibly be expressed by the "Belle Vues" and "Cedars" of Suburbia.—Westminster Gazette.

Prof. Cras. Richet, of Paris, has devised a means for purifying the air in rooms. His apparatus is an air filter, which mechanically sterilizes air. Very fine drops of glycerine are scattered along the walls of a cylinder containing a suction fan. Each particle of air drawn in by the fan is freighted with glycerine and hence tends to drop, thereby carrying with it the germs, dust and microbes with which it may be laden.

Real Live Indians

Don't be afraid if you see three full blood Indians on the streets Monday, for it is only

CHIEF AMERICAN HORSE AND FAMILY
who hold the boards at

The Palace Theatre

Monday, Tuesday, and Wednesday

This Chief participated in the Custer Fight and will lecture on that great battle.

"A Woman of Mystery."

The metropolitan cities of the United States get performances in their theaters that the smaller cities cannot support on account of the enormous expense, such as great productions with 200 people on the stage, which possibly is the only reason that the production is great. Richard Mansfield when starring in "Cyrano de Bergerac" of "Henry V." could not afford to play the smaller cities but last season in "Beaucaire" it was possible for him to do so because he merely carried a limited number of fine artists in his support, still this play was just as attractive in metropolitan cities as one of his great-number-of-people productions. Other artists play large cities that can afford to play smaller cities also, for instance, Mrs. Walters and Way make it possible for Miss Courtenay Morgan to play them because "A Woman of Mystery" can be played by a moderately small company. It is hoped that the citizens of Richmond will give credit to our local manager for bringing such attractions

to our city thereby encouraging more artists of this quality to come.

Murray Theater.

Owing to the failure of the shipment of marble to arrive for the Murray theater, the contractors have been unable to thoroughly complete the new building in order for the management to present the opening bill on October 4th next Monday, as announced. The opening, therefore, will be postponed until October 11th, when an excellent bill of vaudeville will be the offering. With the completion of the new play-house, Richmond will be the possessor of one of the finest and most complete theaters in Indiana and one which theatergoers may well be proud of as a home of real, live vaudeville. Remember the opening October 11th when everything will be in readiness for a bill of merit.

RETURN INDICTMENT

(American News Service)
Boston, Oct. 2.—The United States district court grand jury has returned an indictment against Ernest H. Martin of this city, for using the mails in an alleged scheme to defraud James A. Whitla, father of Willie Whitla, who was kidnaped from Sharon, Pa., some time ago. A letter claimed to have been mailed by Martin was sent after the boy had been returned to his father and is alleged to have contained a threat that the boy would be stolen again.
