CLARK SHOW CASE CO., Columbus, O.

ATTORNEY GENERAL
OF INDIANA HERE

Official Took Depositions in
The Alleged Insurance
Combine Case.

CLAIM RATE DICTATION

E. E. RONEY ON THE STAND TO
DAY TESTIFIED THAT THE LO-
CAL INSURANCE BOARD WAS
MERELY A "TRUST."

Depositions for use in the case of the state of Indiana against the Sun Insurance Company of London and others, in which it is charged by Attorney General James Bingham, that the insurance companies have a combination, contrary to the anti-trust law of the state, were taken this morning from local insurance agents, by Mr. Bingham representing the state and Judge Bates of Chicago, representing the insurance companies. The depositions were taken in the office of court reporter, Arthur Curme, and more than an hour was consumed in the examination of each witness. There were nine local insurance agents subpoenaed.

The case of the state against the insurance companies was filed in the superior court at Indianapolis several months ago. Mr. Bingham in his complaint says that the insurance companies have a combination for the purpose of regulating the price to be charged for insurance.

Purpose of Suit.

The purpose of the suit is for the dissolution of the Indiana inspection bureau, which publishes estimates at which the various risks should be written and to which the insurance companies and agents over the state are subscribers. E. E. Roney, of Indianapolis is at the head of the bureau and had much to do with the establishment of rates.

In the depositions taken today, Mr. Bingham endeavored to have the agents give specific instances which they have sold insurance here which was contrary to the rates advised by the inspection bureau. Few instances were given in which the agents had not conformed to the rates, it is said.

It is not probable that any of the local agents will have to be witnesses in the case when it comes for trial in the superior court at Indianapolis, soon.

In the taking of the depositions, Mr. Bingham was the more active. Much interest was attracted to Judge Bates as he is one of the leading corporate attorneys of Chicago. He was counsel for the Standard Oil company in the recent suit against that corporation by the United States government, before Judge Landis of the federal court of Chicago. Judge Landis assessed the famous \$25,000,000 fine against the Standard Oil company in that case.

Roney Was on Stand.

E. E. Roney, a local insurance agent, in his deposition to Mr. Bingham this afternoon stated that the local board was nothing but a trust. He had been thrown out of the local board on one occasion for some violation of the law and on two occasions became a "free lance" on his own accord. Mr. Roney's evidence was probably the best that Mr. Bingham received today.

Money Comes in Bunches to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at A. G. Luken & Co.

TO REMOVE BANNER

A special committee of the Fall Festival association, including Perry J. Freeman, Rudolph G. Leeds and Frank Taylor appeared before council last evening and asked that council take some action whereby the large streamer of the Moose lodge would be removed from over Main street. The council, on Mr. Von Pien's motion, revoked the permission granted this organization to advertise at the expense of the Fall Festival.

Council was shown that the Fall Festival was supposed to be for the purpose of the promotion of the common good of the city and not for any one individual or organization. Council agreed that it was unfair to the festival association and the citizens generally, that the Moose be allowed to suspend their banner.

HURRAH FOR OWNIE

Bush, Former Local Player,
Says Hans Wagner
Don't Frighten Him.

LITTLE FELLOW IS READY

Indianapolis, Oct. 5.—Shortstop Owen Bush, of this city, the ex-Indianapolis player, who has been one of the sensations of the American league, for Detroit, is not frightened because he will play opposite the great Hans Wagner in the coming world's series. Wagner is conceded to be the greatest baseball player the game has ever produced, but Bush has friends and admirers who believe he will show spectators at the World's series that there are others who also know how to play shortstop. Bush is the same reserved, well-mannered youth who was the sensation of the American association last year. He will be twenty-one years old Friday, the day of the opening of the world's series at Pittsburgh. He smiles when asked what he will do before the countless throngs that will witness those games.

Bush knows nothing about the crowd when he goes on the field. He simply plays all the baseball that is in him all the time and it makes no difference to him whether there is an army or a handful of spectators. He left last night to join the Detroit team. Indianapolis fans are pulling for Detroit on account of the presence of Bush and ex-Indian Eddie Summers with the Tigers. Bush watched the game between the Reserves and All-Pros at Brighton Beach Sunday and was kept busy greeting friends.

CARMANS TAKE TWO

The Carmans won two out of the three games played at the city bowling alleys last evening, with the Entre Nous team. The scores were as follows: Carmans—843, 801, 798. Entre Nous—721, 750, 849. The standing of the teams in the city league race now is as follows:

	Won.	Lost.	Pct.
Phoenix	9	3	.750
Colonials	7	5	.583
Carmans	6	6	.571
Entre Nous	4	7	.364
D. E.	4	5	.444
Pirates	3	9	.250

HE FAVORS DETROIT

(American News Service)
Youngstown, Ohio, Oct. 5.—James McAleer, manager of the St. Louis Browns, who will go to Washington next year as manager of that team, on a visit to his old home in this city, predicts that Detroit will win over the Pittsburgh Pirates in the post season series.

"I have been watching the playing of both teams and believe I can safely predict a victory for the American team," said McAleer.

PROVED A SUCCESS

Net Receipts of the Recent
Chautauqua Amounted
To Over \$500.

HALF GOES TO Y. M. C. A.

The net receipts of the seventh annual chautauqua assembly at Glen Miller park, August 20-29, amounted to \$522.77 as reported by Secretary George L. Goodwin last evening, at the meeting of the directors at the Y. M. C. A. building. This amount will be divided equally between the city and the Young Men's Christian Association, the latter institution being given half by agreement of the directors as the officials of the association have charge of the chautauqua assemblies.

The gross receipts for the assembly were \$6,043.76 and the expenses \$5,520.99. The two large items of the receipts were the proceeds from attendance, \$2,040.25, being received from season ticket sales to adults and children, and \$2,415.10 for single admission tickets, sold at the gates. The remainder of the receipts is made up from various incidental sources.

CIRCUIT COURT A
VERY BUSY PLACE

There Was Much Doing This
Morning in the County
Seat of Justice.

THE DOCKET WAS CALLED

ONLY A FEW OF THE CIVIL CASES,
HOWEVER, WERE SET FOR TRI-
AL— COURT ADJOURNS FOR
THE FALL FESTIVAL.

Business in the circuit court today was strenuous, compared with that of the average day of court.

Judge Fox, of the circuit court, began the calling of the civil docket, containing 168 cases, and on completion announced that there would be no more court this week, owing to the Fall Festival. It was due to this fact, that the court rushed matters through in order that business might be resumed promptly next Monday.

Only a few of the civil cases were set for trial. These included in the majority of instances, divorce cases. However, rules to answer were entered against a number of defendants and a few long standing cases were dismissed.

Office Rent Suit.

Some interest was manifested in the action of W. F. Medsker, a Cambridge City attorney, when the case against him, by A. W. Bradbury, also of that place, was called. Mr. Bradbury is represented by Attorney A. R. Feenster of Cambridge City. Mr. Feenster was in the court room at the time. The action is brought to collect office rent. The case was filed a year ago and it is probable that it will be dismissed when the office rent due is paid.

The case of Frank Owens versus Mary Melissa Owens, for divorce, had no interesting features.

Two suits were filed in the court by John L. Rupe, attorney for the P. C. C. & St. L. R. R., against property owners of Center township to condemn the property in order that the railroad may carry out its double tracking policy. Charles and Mary Porter are named as defendants in one case, while John A. Dunbar and other members of his family are defendants in the second case.

To Collect Notes.

Robinson and Company has entered suit against Thomas Mertz, a fertilizer manufacturer, for the collection of notes and the foreclosure of a chattel mortgage.

Bertha Crawford, of Muncie, formerly of this city, is asking a divorce from Joseph Crawford. Cruel and inhuman treatment and abandonment are the charges made. The two were married October 28, 1905, and separated October 20, 1908.

Perry T. Williams is being sued by Bertha Williams for divorce on the grounds of cruel and inhuman treatment and abandonment. Custody of two minor children and \$2,500 alimony is asked by the plaintiff. They were married September 5, 1889, and separated September 15, 1906.

Suit was entered against the Alford Drug Company by Henry A. Maurer, Daniel A. Johnson and Frank Braden, sign painters, through their attorney, Paul Comstock, for the collection of an account amounting to \$300.

The Bed-Rock Of Success

lies in a keen, clear brain, backed by indomitable will and resistless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Lisemore, W. Va., writes: "They are the best pills I ever used." 25c at A. G. Luken & Co.

TIPS BY TELEGRAPH

(American News Service)
Marietta, O., Oct. 5.—Miss Lethunia Young left her seven months' old baby in a chair near the stove today and his clothing caught fire. The little fellow's feet were literally burned off. The child is still alive. Mrs. Young attempted to jump into the Ohio River because of the accident to her baby, but was restrained.

TAFT AT OAKLAND.

(American News Service)
San Francisco, Oct. 5.—President Taft arrived at Oakland at eight o'clock this morning and began one of the most strenuous programs yet mapped out for him. His welcome at Sacramento was the most hearty and noisy since he left Chicago.

START A HOLY WAR.

(American News Service)
Gibraltar, Oct. 5.—A holy war of extermination against christians has been declared, by Mohammed and priests of Morocco with the Rif tribesmen. Thousands of fanatic warriors are pouring into native camps that hedge Spanish troops in the Melilla peninsula.

BALLOONS STILL UP.

(American News Service)
St. Louis, Oct. 5.—All of the ten balloons which sailed from here yesterday are believed to be still traveling westward. Four have been sighted today, the St. Louis II passing over Booneville, Missouri, and three unidentified are near Tipton, Mo.

BIG CEMENT ORDER

The new factory building for the Automatic Tool Co., to be erected in Bealview addition is getting rapidly under way, and will be one of the best, if not the best, factory building in the city. It will be built almost wholly of concrete, and to get some idea of the size of the building it is announced that the order for cement given to Mather Bros., is the largest ever given in this city, even larger than the order for the large new high school building, which is also built largely out of concrete. The order calls for 5,000 barrels, or thirty-five car loads. The building will be as near fire proof as it is possible to make a building.

ORDINANCE SIGNED

The amended ordinance affecting the payment of meter rent to the Richmond City Water Works Company by the consumers was passed last evening and signed by Mayor Schilling, at council meeting. Customers of the company who have signed a contract to pay meter rent as it falls due, semi-annually, will have to pay rent for the past six months which fell due Oct. 1. The passage of the ordinance virtually places the question back to where it was before the passage of the original ordinance.

PALLADIUM WANT ADS. PAY.

BALLOON IS READY
TO MAKE FLIGHTS

Big Bumbaugh Dirigible Has
Been Inflated With
Hydrogen Gas.

TWO FLIGHTS WEDNESDAY

TOMORROW AVIATOR STATES HE
WILL MAKE EFFORT TO BREAK
WORLD'S MILE RECORD FOR
GAS BAG AIRSHIP.

The dirigible balloon in which George L. Bumbaugh, the Indianapolis aviator, will make his first flight tomorrow morning and the second in the afternoon, and then two each on Thursday and Friday, is ready for operation.

The inflation of the big balloon was completed today, 12,000 cubic feet of hydrogen gas being necessary and requiring nearly twenty-five hours to manufacture it. Other details such as the arrangement of the basket and the motor, which propels the dirigible wherever the driver desires to go, have also been completed.

After a Record.

Mr. Bumbaugh stated today that he would on his first flight, endeavor to break the world's record for a mile flight. The record is a mile in six and one-half minutes. The success of his effort will depend largely on the weather. If he does not succeed in his first trial tomorrow morning, Mr. Bumbaugh declares he will try in his other flights and expects to achieve success in at least one of them.

The big balloon is now on exhibition in the tent, South H and Eighth streets. The street car company officials have planned for handling the crowds and will institute quick service by the means of additional cars on the Eighth street lines.

COSTUME MAN HERE

Oscar Beck, representing Beck and Sons Co., of Cincinnati, the official costumers for the Fall Festival, arrived here today, bringing with him six large trunks of costumes, and face masks. These Mr. Beck now has on display at the Model Clothing store on Main street.

There are costumes for both men and women and of all varieties. These costumes Mr. Beck will rent for any parade or display, but particularly for the fantastic parade on the last night of the Festival. Facial masks of various kinds he will sell.

The array of costumes which Mr. Beck has, is larger than ever shown in Richmond before.

CAN LAY MAIN NOW

Trouble of Piping Water to
Wernle Orphans Home
Is Settled.

AN AGREEMENT REACHED

The difficulty in laying the water main from the city limits to the Wernle Orphans' home, southeast of the city, has been settled. A deed was filed with County Recorder Will Robbins today in which it is shown that William E. Triplett, his wife Armintha and Miss Mary Gaar, for \$1 and other valuable considerations, grant the Richmond City Water Works company the privilege of laying a six inch main through their farms. The company experienced considerable difficulty in getting concessions from land owners which would permit the company to lay its water mains.

An agreement entered into between the board of Wernle Orphans' Home and the water works company was also filed in which it is stated that the officials of the orphanage agree to pay \$2,500 for the construction of the water main. The home officials will pay an annual rental of \$25 for each fire hydrant installed. The rates for water used for domestic purposes will be the same as those charged the company's local patrons.

CITY HEALTH GOOD

The health report for September shows no unusual features. There were nineteen deaths during the month as against 24 for August. Eight of the deaths last month were between the ages of 19 and 40 years; five were under one year and six over the age of 65 years.

The boys and girls broke even in the birth race, there being 19 of each sex reported. Last month was not as healthful a one as August, there being 11 cases of contagious diseases recorded as against six during the month previous. Typhoid fever ranked first, with seven cases. There was also one case of measles and three of scarlet fever.

VERY ODD.

Did you ever notice that when a woman is left a widow or is in straitened circumstances, her first move is to start to keeping boarders or opens a small millinery shop in one room of her house. What is it they want to take in washings as a last resort? Because this is the hardest work a woman can do. But not so when rub-a-lac is used. Insist on getting it. If your grocer does not sell it either see that he puts it in stock or buy elsewhere.

A new Japanese steamship service has been put on between ports of Japan, via Hong-Kong and Valparaiso, Chile, by the TogoKishin Kaisha Company of Yokohama. The three steamers are subsidized by the Japanese government. Other ports of the west coast of South America will also be used.
