HAGERSTOWN NOW HAS A BIG BOOM

Houses Are Being Built Rapidly Owing to the Very Heavy Demand.

FIVE BEING CONSTRUCTED

PLANS FOR THREE OTHERS ARE PREPARED AND MORE ARE CONTEMPLATED—THERE IS NOT A VACANT HOUSE IN TOWN.

(Palladium Special)

Hagerstown, Ind., Nov. 11.—Hagerstown is now experiencing the biggest building boom in its history. Houses are being erected with great rapidity. Under the impetus of the Improvement Association five buildings are now under erection and the plans have been made for three other houses, for which the contracts will be let this week. Three new residences have been built by private individuals in the south part of the town and a number of other residents have signified their intention to build this fall.

The houses cannot be built fast enough. It is practically impossible to supply the demand and at present there is not a vacant house in Hagerstown. Not for a period of many years has such a condition existed and old residents of the town do not know how to account for the boom, but are pleased nevertheless. Preparations are being made to open up a new street in the south part of town where most of the dwellings are going up. Cement sidewalks will also be constructed along that thoroughfare, which will materially increase the price of real estate in that section of the town.

Health Commissioner Ritchie, of Boston, declares that pneumonia is now the most fatal disease in his jurisdiction. According to the present figures of the board of health, pneumonia comes first, heart disease second and tuberculosis, which was first in 1900, third.

HOUSEHOLD ECONOMY

How To Save \$2 On Cough Medicine By Making It at Home

Cough medicines, as a rule, are mostly syrup. To make the best syrup, take a pint of Granulated Sugar, add a pint warm water, and stir about 2 minutes. Get two and one-half ounces of Pinex (50 cents worth), put it in a clean pint bottle, and fill up with the Granulated Sugar Syrup. This makes a full pint of unequalled cough syrup for about 54 cents. Keeps perfectly. You couldn't buy as much ready-made cough syrup for \$2.50. This home-made remedy is pleasant to take, and usually stops even the most obstinate cough in twenty-four hours. It is splendid, also, for colds, whooping cough, bronchial ailments, etc. Take a teaspoonful every one, two or three hours. The Sugar Syrup is an excellent sedative. The Pinex is the most valuable concentrated compound of Norway White Pine Extract rich in all the healing elements of Norwegian pine. Be sure to use the real Pinex itself. Your druggist has it or can easily get it for you. Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

Plays Chicago's "Shanties;" Vengeance Up To Coach Stagg

Ithaca, N. Y., Nov. 11.—According to Professor Frank Albert Fetter, the Cornell sociologist and expert in philanthropy, Chicago is a shanty town, built on a swamp.

"Now it is up to Stagg and his Maroon crew," was the way students expressed their views after the lecture. "If Chicago can clean up Cornell on the gridiron Saturday there will be no laughter over the 'shanty' talk."

"Chicago is a city of dilapidated second hand houses. The visitor there sees a veneered city of brick, covering a wooden tumbledown shanty town. Chicago is built on a swamp and the streets are elevated six or eight feet above the level of the ground."

"Chicago has a luxury of alleys. As they are used they are not exactly thoroughfares of enjoyment. The garbage cans would not be so bad if they were emptied once a week, but if one visits an alley in August, when the cans have not been emptied since July, he realizes that there is a sanitary problem of some importance."

"A man started out to hunt for the pavements there. He was told by the officials that there had never been any pavement, but after considerable excavating he found it in a fair state of preservation, due to the exclusion of air, perhaps."

"Lodgers sleep in relays, and the bedclothes never get cold. This perhaps has a certain economical advantage," he added with a smile.

"The day workers sleep there during the night and when they go to work in the morning the night workers take their places."

A cairn and cross have been erected on Killingstringan moor, near Ballantrae, in memory of Robert Cunningham, postman, who perished there in the great snowstorm of last winter. At the unveiling the postmen from the surrounding districts attended in uniform. Into the cairn is built an inscribed block of granite, and along with a memorial tablet in Ballantrae parish church, it is the outcome of a public subscription. The cross is a gift from the postmen's federation in memory of a comrade who lost his life on duty.—London Globe.

The railway station of Braganza, Servia, is so infested with snakes that special precautions are taken when trains stop there to prevent the reptiles from entering the compartments. An English woman coming from Constantinople was appalled to find a small snake coiled round the handle of her traveling bag. The consequent search resulted in the discovery of several other snakes among the passengers' rugs.

If You Have Rheumatism Let Me Send You a 50 Cent Box of My Remedy Free.

Suffering in Chronic Rheumatism.

My Remedy has actually cured men and women seventy and eighty years of age—some were so decrepit that they could not even dress themselves. To introduce this great remedy I intend to give fifty thousand 50 cent boxes away, and every suffering reader of this paper is courteously invited to write for one. No money is asked for this 50 cent box neither now nor later, and if afterwards more is wanted, I will furnish it to sufferers at a low cost. I found this remedy by a fortunate chance while an invalid from rheumatism and since it cured me, it has been a blessing to thousands of other persons. Don't be sceptical, remember the first 50 cent box is absolutely free. This is an internal remedy which goes after the cause of the trouble, and when the cause of rheumatism is removed, have no fear of deformities. Rheumatism in time will affect the heart, so do not trifle with this merciless affliction. Address enclosing this adv., JOHN A. SMITH, 5376 Smith Bldg., Milwaukee, Wis.

Anty Drudge's Horrible Dream.

Anty Drudge—"Mercy sakes! ! ! ! I'm glad there's no danger of that dream ever coming true. I dreamed there was no such soap as Fels-Naptha and I had to wash clothes in the old way of boiling in hot water with ordinary laundry soap and hard-rubbing. Nothing could be more awful."

Fels-Naptha has changed everything on washday.

Instead of a hot fire, little or no fire.

Instead of boiling, just a short soaking in cool or lukewarm water.

Instead of steam and smell through the house, no steam nor odor at all.

Instead of all day over the wash, a half day.

Instead of hard-rubbing, only a little rubbing.

Yes, Fels-Naptha has completely changed washday!

Fels-Naptha is imitated but not duplicated. You are sure of the genuine if you insist on the red and green wrapper.
