

AUTO CONVENTION HELD THIS MONTH

A Federal Registration Law
Will Be the Main Object
of the Meeting.

STATES ARE INTERESTED

AND NOT LESS THAN TWENTY
GOVERNORS HAVE PROMISED
TO SEND DELEGATES—BILL IS
INTRODUCED.

(American News Service)

Washington, Feb. 2.—A federal registration law for automobiles will be the main object of the national legislative convention to be held in this city February 12 and 16 and 17 under the auspices of the American Automobile association.

The interest in the enactment of a measure of this kind is so great that delegates will be present, not only from the various automobile clubs throughout the country, but from a number of different states; at least twenty governors having promised to send official representatives.

The proposed measure is now before the interstate and foreign commerce committee, having been introduced into congress in March, 1909 by Representative W. W. Cocks, of New York. It passed the bill will enable an automobile owner after conforming to the motor regulations of his own state, to secure a national registration for his machine at a nominal fee and then be at liberty to tour in any part of the Union without fear of being halted at various state borders, and told, in the words of that law, that he cannot enter unless he registers his machine and pays the license tax under the laws of that state.

At New Willard Hotel.

The convention will be held in the New Willard hotel and headquarters will be opened there on February 10, being in charge of Charles Thaddeus Terry, chairman of the legislative board of the A. A. A. and who spoke on the necessity of automobile legislative uniformity at the National Civic Federation convention last week, President Lewis R. Spear, A. G. Hatchelder, chairman of the executive committee, Secretary Frederick P. Elliott of the A. A. A.

Senator Chauncey M. Depew, from New York, has been invited to deliver the opening address to the delegates and state representatives at 10:30 a. m. on Tuesday, February 15. Vice President James S. Sherman has indicated his intention of attending one of the sessions and will be invited to speak to the delegates, and invitations have been extended to Senator A. J. Beveridge, from Indiana; Congressman John Dalzell, from Pennsylvania; Senator Isadore Rayner, from Maryland and other prominent speakers.

Governor Shafroth, of Colorado, has delegated Charles P. Allen, treasurer of the Denver Motor club, as the official representative of the state of Colorado. Mr. Allen has recently been honored by the appointment as state highway commissioner, of Colorado.

Catarrh Germs

Move Out When Hyomei Moves In.

No stomach dosing. Hyomei is made chiefly of oil of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system.

In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs cannot live, and in consequence catarrh and consumption are unknown. Breathe Hyomei and get the same pleasant germ killing air as you would get in the eucalyptus forests.

Hyomei is sold by druggists everywhere and by Leo H. Fife at \$1.00 a complete outfit.

An outfit consists of a bottle of Hyomei, a hard rubber pocket inhaler and full instructions for use. The inhaler lasts a lifetime, but if you need another bottle of Hyomei you can get it at druggists for only 50c at any time. Guaranteed to cure catarrh, croup and throat troubles or money back. Booth's Hyomei Co., Buffalo, N. Y.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease, or money back. Large box of tablets, 50 cents. Druggists in all towns.

and will be among the early delegates to reach the national capital.

Governor Fred M. Warner, of Michigan, has appointed Hon. Frederick C. Martingale, secretary of state as official delegate from Michigan. Favorable assurances have also been received from Governor Judson H. Harmon of Ohio, Governor Willson of Kentucky and Governor M. R. Patterson of Tennessee, that they will appoint delegates to represent their respective commonwealths. Dr. C. H. Kohler has been appointed from Minnesota and George S. Walker has been appointed from Wyoming.

Easy to buy, easy to try, the best, wholesome, appetizing breakfast is Mrs. Austin's famous pancakes.

THEATER WILL HELP

Gennett Management to Assist in Making May Festival a Success.

The executive committee of the May Festival has addressed letters to the different theater managements of the city, requesting them to co-operate with the festival management and avoid making dates for their houses that week if possible. The Gennett theater management replied as follows:

"Dear Mr. Haas: In taking up your letter of January 25 with Mr. Somers, regarding the May Festival, he requested me to inform you that he would try and arrange it so there would be no opposition during the dates mentioned. If there is any way in which we can be of assistance, permit me to extend assurance of our heartiest co-operation to do anything to make the festival a success. Yours Very Truly, "ORA PARKS."

Women Who Doubt

the ability of Lydia E. Pinkham's Vegetable Compound to cure female ills are requested to write to any or all of the women whose correct names and addresses are given below, and see what they say—you are not obliged to take our word for it—ask the women who know from personal experience that Lydia E. Pinkham's Vegetable Compound can and does cure female diseases.

LEE B. NUSBAUM

Bennett or Springer for Rep. State Chairman

The Former, an Indianapolis Man, Appears to Be Most Favored, But Business May Keep Him Out of the Job—Gossip from the State Capital.

(Palladium Special)

Indianapolis, Ind., Feb. 2.—The question of who shall be the next Republican state chairman of Indiana must be decided between now and next Thursday. While it is the general understanding, of course, that the state committee when it meets here Thursday will do the selecting will select the man it desires, it is true, nevertheless, that such questions usually are pretty well thrashed out beforehand and this question will demand the attention of the leaders from now until some decision has been reached.

Some time ago it is stated that Henry W. Bennett, of Indianapolis, would in all probability be the state chairman. He was said to be a man who would be entirely satisfactory and would be particularly satisfactory to Senator Beveridge. There has been no change in the feeling toward Bennett but it is said now that his business interests may prevent him from taking the place. He is connected actively with the state life insurance company and is a very busy man.

Springer Second Choice.

In case Mr. Bennett cannot accept the place a number of men are to be considered, it is said. It is the understanding now that the name of Senator William F. Springer, of Elizabethtown, may be one of those most seriously considered. Senator Springer is a shrewd political worker and has had a lot of experience. In the last session of the Senate he was one of the Republican leaders and had a prominent part in all party caucuses. In addition to this Senator Springer is well and favorably known by many of the political workers of the state.

Another man who is to be considered is W. A. Guthrie, former state representative. Mr. Guthrie was a member of the Legislature when Senator Beveridge was first elected to the United States Senate. Mr. Guthrie is well-known among the political workers of the state and has plenty of money, so that the duties of state chairman would not be burdensome to him. The name of Harry Pettit also is to be considered.

It is not believed that there is much chance that Charles Remy will be the state chairman. For one thing it is understood that Mr. Remy is not exceedingly anxious for the place as he wishes to devote much of his time to his law practice.

Beveridge is Pleased.

Senator Beveridge was at his office yesterday afternoon receiving the reports from the different district conventions. While the senator had nothing to say in regard to any of the dispatches he was well pleased, it is said with the results and with the harmony which prevailed in all of the districts except the eighth and the fourth.

The trouble in the eighth district was generally regarded as the result of the work of former Congressman Cromer. In Indianapolis three weeks ago the report was going the rounds that the people who were personally opposed to Senator Beveridge were getting ready to organize the republican state committee with anti-Beveridge men. When this talk was traced down, it was found that it all originated from the action of Cromer. Whether or not Cromer had it in mind to organize the state is not known but all he succeeded in doing was to elect

Dr. J. H. Culbert of Portland as chairman of the eighth district.

Not Much Trouble.

Not much trouble resulted in the fourth district where Jacob Bauer was elected over A. M. Tripp. Mr. Bauer received ninety of the 117 votes. Those who have been much given to gossip have been saying for the last few weeks that a hornet's nest was being stirred up in the fourth as it would be impossible for anyone to oppose the Tripps down there. It seems however, that the opposition was pretty well faded away by the time the convention was held.

The following members of the state committee were elected: First, Edgar Durre, Evansville; second, Will Hayes, Sullivan; third, Bert Thurman, New Albany; fourth, Jacob Bauer, Lawrenceburg; fifth, Thad Peck, Greencastle; sixth, Elmer Bassett, Shelbyville; seventh, Henry W. Bennett, Indianapolis; eighth, Dr. J. H. Culbert, Portland; ninth, George Palmer, Sheridan; tenth, Andrew J. Hickey, Laporte; eleventh, Francis I. Stults, Huntington; twelfth, James M. Henry, Ft. Wayne and thirteenth, Demas D. Bates, South Bend.

Freight Rates Question.

The question of the equalization of freight rates in Indiana may reach the U. S. supreme court. Bitter complaint from shippers has come to the commission in regard to the discrimination in rates and one thing which the commission is considering, it is said, is trying to get the old case of Schnull & Co., of Indianapolis, before the supreme court. Schnull and Co. wholesale grocers brought their case for an equalization of rates before the railroad commission several months ago and the commission gave a ruling in favor of the plaintiffs but the case was taken to the United States court on the plea that the commission was attempting to interfere with interstate commerce. It was tried before Judge Anderson of the United States court and his decision was a refusal to enjoin the road which Schnull and Co. had sued from charging a higher rate for a given distance west of Indianapolis than it charged for an equal distance to the east, all other conditions being equal.

Shippers Are Kicking.

The shippers are now far from satisfied with conditions and they believe there is greater discrimination in freight rates in this state than in other states. As the rates now exist, the shipping charges are higher in all classes of freight, being about three

This contractor got results.

Some years ago a contractor building a railroad in a warm climate was troubled a great deal by sickness among the laborers.

He turned his attention at once to their food and found that they were getting full rations of meat and were drinking water from a stream nearby.

He issued orders to cut down the amount of meat and to increase greatly the quantity of Quaker Oats fed to the men.

He also boiled Quaker Oats and mixed the thin oatmeal water with their drinking water. Almost instantly all signs of stomach disorders passed and his men showed a decided improvement in strength and spirits. This contractor had experience that taught him the great value of good oatmeal.

The cost was small: 10c for regular size packages; it is also packed in hermetically sealed tins for hot climates.

times as high out of Indianapolis to the west as they are to the east. The same rate applies on the Vandalia-Pennsylvania lines to Vincennes and Richmond as applies on shipments to Greencastle, except for the slight difference that the rate to Greencastle is about three times as high. Shippers in Evansville, Richmond, South Bend, Terre Haute, Indianapolis and many of the other larger cities of the state are interested in the case.

Only Few Collected.

Only twenty per cent of the fines assessed in Indiana during the month of January in circuit, city and police courts and justices courts were collected according to reports which have been received at the office of the auditor of state. These reports are made under the new uniform accounting law and the reports for January are the first of the kind.

The total amount of all fines assessed was \$1,854 and the amount collected was \$2,442. The largest fine returned was for \$500. One forfeiture was reported from Floyd county, the amount being \$1,000. The amount of fines assessed in Marion county was \$5,431 and of this, \$982 was collected. Vigo county came next and Wayne county showed the best per cent of collections. The smallest fines were from Lake county where they ran in such amounts as one cent and costs, five cents and costs, etc.

Poison Does It

Rheumatism Caused by Uric Acid and Other Poisons.

If you have Rheumatism, get rid of it; don't think you must suffer longer, for Leo H. Fife has a remedy that will free you from this poisonous disease or he will give you back the 50c you paid for it. It never fails. It cured a Cleveland man. Why should it not cure you? He says:

"For several years I was a terrible sufferer from Rheumatism in my back and hips, and was unable to get in or out of bed without assistance. A friend recommended Rheuma and it cured me completely." Elmer E. Clayton, 55 Center Ave.

Rheuma acts quickly. It starts at once to drive the uric acid from the system; it drives all poisons from the kidneys, liver, stomach and bowels and completely cleanses and renovates them. It is a wonderful prescription of a wonderful physician and deserves a trial by every Rheumatic sufferer. Mail orders filled by Rheuma Co., 1600 West Ave., Buffalo, N. Y.
