

# IN THE WORLD OF SPORT

## WILL HORN SIGNED

Will Horn, a Richmond boy, well known in local baseball circles, has signed a contract with the Minneapolis American Association team and has left for Des Moines, Ia., where he will join the squad. Horn is a pitcher of considerable ability and it is thought that he will make good without difficulty.

### KLING REINSTATED.

But Crack Cub Catcher Must Pay Fine of \$700.

Cincinnati, March 30.—The National Commission yesterday reinstated Catcher John Kling of the Chicago Nationals, but imposed a fine of \$700 and provided that this money could not be paid by the Chicago club, and that that club could not trade or sell him for the period of one year. Kling states that he will not pay the fine.

### TO REJOIN CINCINNATI.

Griffith to Take Back Eccentric Catcher at Reduced Salary.

Cincinnati, March 30.—President Herrmann of the Reds has made public his letter to Catcher Larry McLean. He points out to the famous backstop that no deal whatsoever can be made by the club for McLean's transfer and that when McLean objects to the notoriety he has received he must remember that if he had kept the rules this notoriety would not have come to him. Advice from Hot Springs tonight forecast that McLean will be back with the team before the season begins. All day Tuesday he held little talks with Griffith and Griffith is quoted as saying that if he does take back the catcher it will be at a figure considerably below what McLean received last season.

### GETS ANOTHER TRYOUT.

Waddell Given Second Inning in Matrimonial League.

St. Louis, Mo., March 30.—George Edward (Rube) Waddell, the St. Louis Browns' eccentric southpaw, will be given another chance in the matrimonial league, from which he was released two months ago after a five year tryout by Mrs. Wynne Waddell. Miss Marge Maguire of New Orleans has consented to give Rube a trial, in answer to a telegram and twenty-five post cards a day.

Waddell met Miss Maguire at a party here last summer while she was attending school in St. Louis. She is in St. Louis now, having arrived the day the Browns left for their training camp.

Waddell and his intended bride had planned an elopement Monday, April 4, which will be Rube's first day of leisure after the team's return to St. Louis. They also had planned to keep their wedding a secret.

### BASEBALL RESULTS.

Lincoln, Neb. 11; St. Paul 4.  
New York Nationals 6; Shreveport 0.  
Philadelphia Americans 6; Greenville, S. C. 0.  
Philadelphia Nationals 7; Baltimore 0.  
Boston Nationals 11; Augusta, Ga. 1.  
Brooklyn 2; Chattanooga 1.  
Louisville 7; Philadelphia II, 4.  
Detroit 2; Houston 1.  
Detroit II, 9; Fort Sam Houston, 1.  
Washington 7; Richmond 1.  
Cleveland 0; Birmingham 0 (thirteen innings).  
Chicago Nationals 3; Nashville 1.

### DIAMOND CHIPS

Bristol Lord is hitting better than any other Nap outfielder.

Deacon McGuire is catching the Cleveland pitchers in practice.

Pitcher "Stony" McGlynn is in vaudeville with a roller skating act.

'Tis said that Catcher Lou Criger, now of the Highlanders, has not for years looked as well as this spring.

Johnny Evers is pounds heavier than usual this spring, but assures Murphy he will be down to weight when the season opens.

Fred Tenney is playing first now for the Giant regulars. His condition is said to be much improved, so that he scarcely limps at all now.

Manager Hugh Duffy says the White Sox's trouble is the same old thing—inability to hit. What, making excuses already?

Ball players who are clamoring for upper berths on the diamond fight for the "lowers" when they ride in the rattlers.—Cincinnati Commercial Tribune.

The New York club has purchased Third Baseman Hallman from the Oakland club of the California state league. He was bought by President Frank Farrell on the recommendation of Hal Chase.

Manager Donovan of the Red Sox is of the opinion that "a man cannot play basket ball in winter and do himself justice at baseball. It is too much of a strain on any human being."

Outfielder "Rube" Ellis of the St. Louis Cardinals has refused to join the team in Texas, because he was denied \$300 advance money to transport himself and wife to Texas. He was offered transportation for one and \$10 for expenses.

George Mack says that Kommer,

## KETCHEL EPIGRAMS ON FIGHTING GAME.

I read the knocks through; I throw away the boots.  
It took me five years of training to win the middleweight championship. Now I am going to live the way I want to.

If a fighter hasn't got the punch he might as well quit the ring.

I notice that the man at the top hasn't any trouble in finding friends. I wonder how they look from the toboggan.

There are always people who will spend a lot of time advising a champion. Why don't they advise the man who's coming up? He needs it.

I know colored fighters who are whiter than white ones.

It's the people who guess at what I do that bother me. I never am bothered by those who know what I do.

I don't fight because I like it. I fight because I can make more money at it than I could by shoveling sand around the equator—and make it a lot quicker.

There probably have been a lot of square fighters who turned crooked because they were constantly charged with being off the level. The game goes with the name sometimes.

A man's color doesn't denote the quality of his punch.

It's a cinch that any one who sticks to the game is going to get trimmed. The thing is to know when to quit, and I notice that there isn't one in a thousand who does.

The Washington boy and one of his kid twirlers, has the longest fingers of any man he ever saw. They stand out like a red nose and are as long as an unpaid board bill. When the kid hooks these twirlers around a ball it reminds one of a centipede trying to move around a circular track.

It is now said that Tim Hurst, the far famed American league umpire, will soon take a flyer in vaudeville. Timotheus should not only be a great card for his past reputation, but would make a crackerjack of a monologist. He is chock-full of good Irish stories as well as narratives from the ball field and ought to be a swell entertainer.

Charley Schmidt, the Detroit catcher, wants to be a pugilist, not on the ball field but in a real prize ring. Schmidt has been receiving instructions from Rube Farns, the former welterweight champion, and has just issued a challenge to fight any ball player in the major leagues. Larry McLean of the Cincinnati Reds preferred, for twenty rounds and a side bet ranging from \$500 to \$2,000. Schmidt says he will be ready for business at the end of the coming season on the demand and he feels sure some of the leading promoters will bid for a match of this kind. Schmidt is a powerful man physically and weighs 180 pounds. Farns says he can hit like a pile-driver.

## MONSTER FIRE BELL

Has Been Received for the New West Side Fire Department Building.

IT WEIGHS 1,500 POUNDS

The fire bell for the new West Side hose house, ordered some time ago by the board of works, has arrived and will be installed in the tower tomorrow. The bell is of steel alloy and weighs 1,500 pounds.

Work is being rushed with all possible haste on the new structure. The roof is now being erected and President Hammond of the board of works stated that he thought the building would be ready for occupancy without doubt, by May 1. A new patent device called the concealed spring hanger has been purchased by the board and will be placed in the department to which the suspended harness will be attached. The contrivance does away with the unsightly ropes and is much more satisfactory. It is said the beds and bedding for the firemen will arrive tomorrow. The department will be equipped with four men, a team of horses and a combination hose and chemical wagon.

The team of horses for the No. 5 company, recently bought by the board, has been thoroughly trained at the No. 4 hose house and quickly respond at the first tap of the big gong. Mr. Hammond stated that he had never seen horses learn so quickly and the firemen declare that no difficulty whatever was experienced in breaking the animals in.

## NOMINATE C. CLINE

(American News Service)  
Fort Wayne, Ind., March 30.—Cyrus Cline of Angola was nominated for congress by the democrats of the twelfth district, today.

### MRS. STEWART RESIGNS.

Mrs. Mary Stewart, teacher in the Dublin schools, has resigned her position. She was considered one of the best teachers in the county and has been teaching for many years.

## Big League Training Days Nearing End

DID YOU EVER SIT UP IN FRONT WHILE BOTH TEAMS ARE PRACTISING AND SEE SOMETHING LIKE THIS?

## UNIQUE ROADWAY IS NOW PLANNED

"Great Apple Way" Between Spokane and Coeur d'Alene Considered.

WOULD BE 31 MILES LONG

60 FOOT WIDE MACADAM ROAD WOULD BE BORDERED WITH APPLE TREES, 40 FEET APART, AND ENGLISH ELMS.

(American News Service)  
Spokane, Wash., March 30.—Lined with apple trees, set forty feet apart and alternated with English elms, and fountains for man and beast as milestones, will be the Great Apple Way, a sixty-foot wide macadamized thoroughfare between Spokane and Coeur d'Alene, Idaho, thirty-one miles, upon which construction work is to begin within thirty days. J. A. Perry, secretary of the Spokane County Good Roads association, which will direct operations, announces that the estimated cost of the speedway is \$310,000, or \$10,000 a mile.

Funds for the building of the road, the first of its kind on the continent, will be obtained through an assessment plan, operating similar to a levy for municipal improvements. The governors and members of the legislatures of Washington and Idaho and the supervisors of the various townships are in favor of the highway and have promised to take active part in promoting the enterprise.

### To Irrigate Trees.

Contracts have been signed by the Spokane Canal company to furnish water for irrigating the trees and supplying the fountains for a period of five years without cost to the counties and states, and the property-holders along the right-of-way have undertaken to care for the trees and assist in maintaining the roadway until it is taken over by the states. Tree planting will begin May 1.

Seventeen miles of the road between Spokane and the Washington-Idaho state line will be built by the Spokane County Good Roads association, assisted by commercial and improvement organizations in the valley, and the remaining fourteen miles, between Spokane Bridge and Coeur d'Alene, is to be constructed by the chamber of commerce of the last named city.

"The road taps four towns in the Spokane valley," said Mr. Perry, "and when completed it will be one of the most beautiful and picturesque speedways in the United States and the equal of any in Europe."

## EATON CELEBRATION

A delegation of the local lodge of Pythian Sisters accompanied by the degree staff, attended the celebration of the anniversary of the Eaton lodge, last evening, at Eaton, and the staff initiated four candidates into the order. The Eaton lodge tendered a banquet in honor of the visiting lodges, which in addition to the local lodge, included delegations from the orders at Camden and West Alexandria.

### TO REAPPRAISE.

A petition to reappraise real estate of August F. Boden, deceased, has been filed in the probate court by Sanford Wilson, administrator.

### TWO INDIANA CARRIERS.

(American News Service)  
Washington, March 30.—Joshua T. Sallors and Charles Sallors were appointed rural carriers at Marion, Ind.

## WESLEY POPE DEAD

Heaviest Engineer in United States, Weighing Over 500 Pounds.

WEIGHT LOST POSITION

(American News Service)  
Lafayette, March 30.—Wesley Pope, forty-eight years of age, reputed to be the heaviest engineer in the country, died today of dropsy. He weighed five hundred pounds. He was compelled to quit the Monon Railroad a few years ago because he couldn't enter the gangway of the engines.

## GRAND JURY ACTED

Some Time Ago in Connection With Condemning Infirmary Building.

ACTION NOW NECESSARY

The condemnation of the women's quarters at the county infirmary, because it is unsanitary, by county health officer J. E. King, is not the first time that action of this nature has been taken. Four years ago, the grand jury on its investigation, condemned the building, but as the jury's action amounted to little more than a recommendation, it was never followed.

The principal reason for ignoring the action was the alleged refusal of the county commissioners to appropriate the required sum for the construction of a new building. However, the present board of commissioners has taken steps in this direction and it is certain that something will be done this year. In fact it is necessary that the improvements be made promptly, because as soon as the health officer condemns the women's quarters it can not be used any longer for such purpose.

Dr. King stated today that he had not completed his report on his investigation, made yesterday. He will review the testimony of the inmates who declared that they were made ill by the unsanitary conditions; also the testimony given by Superintendent Harry C. Meek, who realizes that a change should be made.

## WILL IS PROBATED

Proof and probate of the wills of John and Sarah Cooper were made in the probate court today. Mr. Cooper died September 21, 1909 and his wife on January 11, 1910. By the will of the former, which was made in October 1884, and a codicil in April 1899, he left all of his property to his wife and also appointed her executrix. Mrs. Cooper in her will left her estate to her daughters Mrs. L. Dennis of Chicago and Mrs. Elizabeth Philbrooks.

## KUHN THE SPEAKER

The commencement exercises of the Perry township schools will be held Saturday evening. The Rev. T. H. Kuhn of this city will deliver the commencement address. County superintendent C. W. Jordan will assist in the exercises.

PALLADIUM WANT ADS PAY.

## DEATH OF BREWER DOES NOT DELAY

Decisions on Standard Oil and Tobacco Cases Have Been Decided.

VERDICTS ARE NOT MADE

AND THE SECRET IS LOCKED IN THE BREASTS OF EIGHT MEN, BUT RULINGS WILL SOON BE MADE PUBLIC.

(American News Service)

Washington, March 30.—Decisions of the supreme court in the tobacco and Standard Oil trust cases have already been agreed upon and the death of Justice Brewer will not affect the final result. Only eight men know what the verdict is and the secret is locked in their breasts.

The absence of a suggestion from the court that a rehearing is requisite to final adjudication of either case, removes any doubt that might have existed on this score. It means that the cases have already been decided, and that the preparation of the decision which will put the finding of the court in a concrete form is simply a matter of ordinary routine.

Nine justices of the court heard the argument in these trust cases. When the decisions finally appear the opinion of Justice Brewer will be included with those of the other eight justices.

## ITALY FELT QUAKE

Disturbance This Morning in Calabria Reported a Severe One.

## INHABITANTS HAVE FLED

(American News Service)  
Rome, March 30.—A severe earthquake occurred this morning in Calabria. The shock was most severe at Catanzaro and Meleto. Inhabitants of both these towns fled to the surrounding country. Houses were shaken down in the second of the series of shocks extending over several minutes.

## PLAN NEW BUILDING

Plans and specifications for the new factory building of the Starr Piano company have been completed. The company will construct the building, which will be 60 by 160 feet, itself and has placed the work under the general supervision of Oren Miller. The building will be five stories high and when finished will accommodate a large force of men.

## A YOUNG GIRL HURT

Grace E. Trotter, a seven year old student of Baxter school broke her left collar bone during the school recess yesterday. She was sitting on one end of the tetter-totter board and the occupant of the other jumped off when she was in the air. The girl's injuries were painful. She was taken to her parents home.

## SUNDAY SCHOOLS

### HOLD CONVENTION

Greensfork Was Today Well Filled With Workers From Over the County.

### NEW OFFICERS ELECTED

AND SUPERINTENDENTS OF THE VARIOUS DEPARTMENTS WERE ALSO CHOSEN—NEXT MEETING AT CENTERVILLE.

(Palladium Special)  
Greensfork, Ind., March 30.—The forty-sixth annual convention of the Wayne County Sunday School association will come to a close this evening, after a most successful session, from the standpoint of interest manifested, although the attendance has not been up to the anticipations of the officers, due to the farmers being busily engaged in the spring work.

Officers were elected for the ensuing year, this morning, and include: President, C. H. Graver, Cambridge City; vice president, Edward Hasemeier, Richmond; secretary, Miss Laura Bertsch, Centerville; treasurer, J. F. Harris, Richmond.

Superintendents Elected.  
Superintendents of the different departments of the association were also selected and include: Teachers' training, Edward Hasemeier, Richmond; home, Mrs. Oliver Hiatt, Economy; adult class work, E. M. Haas, Richmond; intermediate class work, Mrs. Harry J. Duffee, Whitewater; elementary grades, Mrs. W. A. Ellis, Richmond; temperance, D. E. Hale, Boston; missions, Rev. T. J. Graham, Richmond.

The 1911 county convention will be held at Centerville, in May. The dates have not been set. Miss Laura Bertsch was also selected as the delegate to represent the association at the state convention, to be held at Indianapolis, April 25-29.

The county association voted to cooperate with the Richmond association in an effort to land the 1911 state convention for Richmond. Miss Bertsch was instructed to stand for Richmond until the end. The state convention will be held in June next year.

There have been a number of excellent addresses delivered at the different sessions of the convention. The program has been carried out, with but few exceptions, as previously announced.

## TO STRIKE FRIDAY

In Illinois Alone There Will Be 75,000 Men Go Out on That Date.

INDIANA ALSO AFFECTED

(American News Service)  
Chicago, March 30.—Seventy-five thousand coal miners in Illinois prepared today to strike next Friday in the general movement of bituminous miners in the United States for wage increase. Both operators and miners regard the breaking off of negotiations which had been on since March 8 in Cincinnati, as making the strike inevitable. Several operators reported that men already had begun leaving the mines.

The Illinois strike will be part of the general strike in thirteen states involving 279,000 men. That the effect will not be immediate to fuel consumers was stated by large operators who declared they had prepared for the shortage by accumulating a large surplus at the mines. The railroads too, had ample warning to lay in large supplies.

According to the forecast made today, the strike will be distributed in the middle west as follows:

Illinois	75,000
Ohio	50,000
Western Pennsylvania	35,000
Central Pennsylvania	35,000
Indiana	20,000
Iowa	13,000

Bargains galore, prices cut almost in two on Shirts, Walstings, at \$24 Main street.

30-11

## WARNING IS ISSUED

Ordinance Governing Riding of Wheels on Walks to Be Enforced.

### HARRY BREHM ARRESTED

The city ordinance pertaining to the riding of bicycles on the sidewalks will be enforced to a letter hereafter, according to Chief of Police Gorman, who stated this morning that arrests would follow every violation in the future.

Harry Brehm was arrested yesterday for the offense. He admitted riding a bicycle on the sidewalk near the Pennsylvania freight depot, but declared that he thought the walk was a part of the street and didn't know he was violating the ordinance. After a stiff lecture by Mayor Zimmerman, Brehm was dismissed. He was told that a repetition of the matter would result in his arrest and fine the next time. Mayor Zimmerman declared that the ordinance was being too frequently abused and recommended that the police keep a sharp lookout for violators.

The arrest of Brehm by Patrolman Westenberg, is the first made by the police on this charge for almost a year, and it is thought it will have its effect towards putting a stop to the practice.

## WRECK RELIC HERE

Engine in Collinsville Accident Repaired at the Logansport "Hospital."

IS GIVEN A REGULAR RUN

Pennsylvania Passenger engine, No. 8,330, which was in the Collinsville, O., wreck disaster last October, has just been taken out of the repair shops at Logansport, and is once more in service again. For the past few days it has been attached to an accommodation between Cincinnati and Chicago, and has attracted considerable attention when passing through Richmond. The engine is now as good as new. When brought to this city after the wreck the engine was witnessed by hundreds of local persons and it appeared to be battered and broken beyond all repair. Many exclaimed at that time that it would never be fit for anything but junk.

## CAIRO WROUGHT UP

(American News Service)  
Cairo, Ill., March 30.—Cairo officials today doubled the guard about the jail where James Solomon, forty-five years old, an umbrella mender, is being held, fearing a mob will attack the jail and lynch the prisoner. Solomon is accused of having attempted to attack Lela May Nation, a five-year-old white girl. Many threats against the umbrella mender are being made and because of the action of mobs in the past the officials are on the alert.

## City Statistics

Deaths and Funerals.  
YEDDING—Josephine L., the 15 months old daughter of Mr. and Mrs. August H. Yedding died yesterday afternoon at the home of her parents. Death was due to pneumonia and the croup. Besides the parents, two brothers also survive. The funeral will take place Thursday afternoon at two o'clock from St. Andrew's church. The burial will be in St. Andrew's cemetery. Friends may call any time.

Marriage License.  
George Hatfield, Melville, 29, farmer and Mrs. Kate Seaward, Cambridge City, 44, housekeeper, divorced in 1907.

Robert N. Godey, Richmond, 29, coremaker, consent of parents and Marjorie Mulholland, Richmond, 18, seamstress.

Raymond Earl Swallow, Greensfork, 25, bank clerk and Miss Julia Ellis, Greensfork, 22, clerk.

William Henry Philpott, Milton, 21, farmer and Miss Hazel Filby, Milton, 19.

## If You Wear Shoes
