29 BROKERS LANDED IN THE FEDERAL NET

Among the Bunch Were Five
Millionaires—Enough Evi-
dence for Convictions is the
Claim Advanced.

(American News Service)

Washington, April 2.—The special agents of the department of Justice simultaneously raided the bucketshops in seven large cities and armed with bench warrants for twenty-nine brokers, began a relentless warfare which the government will wage against marginal gambling. On a signal flashed by telegraph at precisely eleven o'clock eastern time, the raids were made on Edward Everett Taylor and Henry B. Duryea, representatives in this city of out-of-town companies. Both were arrested. Reports soon were flashed back from New York, where Boggs and Co., on Broadway were raided; Philadelphia reported Boggs's branch in that city was also raided.

Others in the Net.

Others who felt the hand of the law were Price and company, Baltimore; the Standard Stock Exchange company New York, with branches in Jersey City, Philadelphia, Cincinnati and St. Louis. Altogether twenty-nine brokers and one telegraph operator were nabbed. Five reputed millionaires were among the bunch. The government claims to have sufficient evidence for convictions. The raids were the result of searching investigations recently made by the department of Justice special agents. It is said a total of two hundred offices, covering a territory from New England to Oklahoma will be put out of business, and prosecuted. Those arrested took the matter good naturedly and philosophically.

FAYETTE FOR KUHN

Democrats There Will Join in
Fight For Wayne County
Preacher.

WHY THEY OPPOSE MULL

(Palladium Special)

Connersville, Ind., April 2.—Just what has done it is not known, but the word seems to have been passed around among democrats here that the Rev. Kuhn is the man to stand for, for congress. It could not have been the unanimous action of Wayne, in Kuhn's favor for action taken there has been recent, but it has helped the movement along and braced up the Kuhn following wonderfully. They are saying nothing against Lon Mull who is an avowed candidate further than that he is rich and given to taking things easy, while Kuhn will hustle for votes and make speeches.

If Wayne and Fayette could settle the matter it would be settled now, but the decree has gone forth that Mull is to be supported and he will be, with little doubt, in Rush, Shelby Hancock and Decatur and possibly in Franklin. Henry is on the fence, while little Union may help Kuhn a little, having but little to give.

There are some local protests against Taggart's domination in the state. One man says "the people" are not with Taggart, but with Marshall. But, it ought to be asked where do the people come in in a state convention when only Tom has the delegates?

FAST SKATING RACE

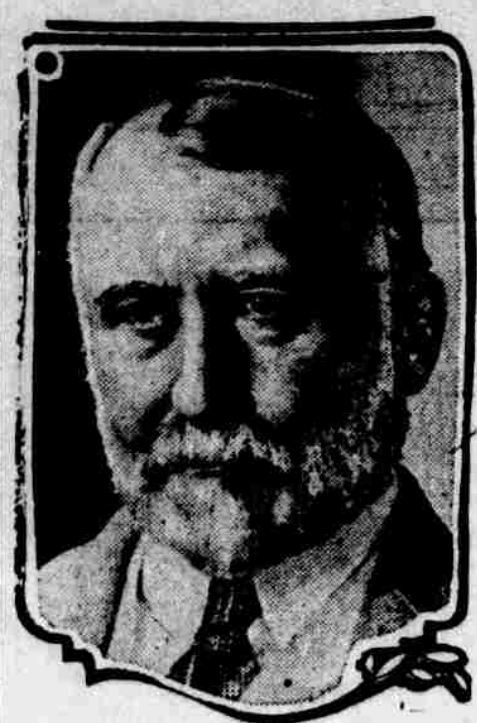

Will be Pulled Off Tonight at
the Coliseum Between
Two Stars.

JACK TOTCH IS COMING

There will be a roller skating race at the Coliseum this evening. "Tacks" Bradford, a local boy, will be pitted against Harry Snyder of Dayton, and the two will fight it out for 21 laps around the rink, which is the equivalent of a mile. Bradford has been practicing faithfully for the event and recently clipped off a mile in the remarkably fast time of 3:10. On a track where it requires 21 laps to make a mile this time is almost a record breaker it is said. Snyder went a mile in the Dayton rink in 2:57. However, this time was made on a track requiring only 14 laps to the mile. It is thought the two racers are about evenly matched and an exciting contest is expected.

Next week Jack Totch, the famous "Flying Dutchman" will give three performances in this city at the Coliseum on April 7, 8 and 9, and will be matched against some fast skaters. Some interesting sport is promised.

MAYOR GAYNOR DROPS A BOMB ON GRAFTERS

Mayor Gaynor of New York, who has thrown a bomb into the camp of the police grafters who have been fattening on saloon keepers by permitting them to violate the excise law. Mayor after mayor and police commissioner after police commissioner, including former President Roosevelt, have tried in vain to invent a way to stop the graft. Mayor Gaynor points the solution by issuing orders to his police commissioner that he must order his police to make no more arrests for excise law violations, but submit any proof of such violation to the District Attorney of the county. This takes the matter entirely out of the hands of police captains and inspectors who have been the men to profit by the non-arrest of excise offenders. As the same state of affairs exists in many cities, Mayor Gaynor's action is thought to have solved a very hard graft problem. The district attorney and the grand jury will now have the say as to violations and not a subordinate police official. The mayor expects his action to make excise violation more numerous perhaps, but he maintains this is better than permitting a police graft system.

FOR SCHOOL CENSUS

The school enumerators of the different school corporations of the county and township have received their commissions and will start to work on April 10. The enumerators will report on or before April 30, as to the number of persons of school age, between 6 and 21, and unmarried, in their respective districts.

On this report depends the amount of money which the county will receive from the state school funds for educational purposes. This county being one of the wealthiest in the state, pays more money into the state treasury than is received.

INTIMATION MADE COLLIERS' WEEKLY OFFERED A BRIBE

U. S. Marshal Love, of Alaska,
Causes Sensation Today
Before Ballinger-Pinchot In-
vestigating Committee.

REPEATS STORY TOLD HIM BY JOHN DUDLEY

Says Dudley Informed Him
That Colliers Told Him it
Would be Worth Large Sum
to Give Testimony.

(American News Service)

Washington, April 2.—Charges intimating bribery developed in the Ballinger-Pinchot investigating committee today, when United States Marshal H. K. Love of Fairbanks, Alaska, formerly special agent of the interior department was under cross examination, and volunteered information that in a conversation with John W. Dudley, formerly receiver and register of the land office at Juneau, Alaska, Dudley had told him that Collier's Weekly had intimated to him (Dudley) that it would be worth from five to ten thousand dollars for him to come to Washington and testify. The witness, however, preferred to believe that it was intended as "pay" rather than a "bribe." The statement created much interest among members of the investigating committee.

Is Examined Rigidly.

Instantly the members of the committee were aroused and the witness was subjected to a rigid examination by Representatives Madison and James.

"Tell us all about this conversation," demanded Madison.

"We met in the Occidental hotel at Juneau," Love went on, "and Dudley told me he had been superseded as register and receiver, but that as a matter of fact he was making more money than ever before in the land business. He told me he had received an intimation from Collier's Weekly that it would be worth from \$5,000 to \$10,000 for him to testify in Washington."

"Did you understand from that he intended to convey the idea that Collier's Weekly wanted to bribe him to testify?" asked Madison.

"Not to bribe him, but to pay him," replied the witness.

"You are able to draw a finer line of distinction than I am," said Madison.

FROM FRYING PAN INTO THE BLAZE

Jack Welzer Released Here
From County Jail, Taken
To Fort Wayne.

GRAND LARCENY CHARGED

MAN SERVED TIME HERE FOR
PETIT LARCENY—HE CONFESSES
GUILTY TO CHARGE IN THE
NORTHERN CITY.

Released from the county jail today after having served a sentence of \$25 and costs, to which an additional jail sentence of 30 days was added for petit larceny, only to be immediately re-arrested again on a more serious charge, is the experience of Jack Welzer, who was returned to Fort Wayne, Ind., this morning in company with Officer Rundle of that city to face an affidavit charging grand larceny.

Welzer was arrested at Dayton, O., on January 26, at the request of the local authorities, the man being wanted here to answer to a charge of petit larceny preferred by Mrs. Erbs, a boarding house keeper on North Eleventh street. He was alleged to have stolen about \$4 from his landlady and also a suit of clothes from his room mate. The young man was brought to Richmond by Chief of Police Gorman, and when arraigned in the city court, pleaded guilty to the charge. He was promptly fined by Mayor Zimmerman and given a jail sentence.

After Welzer's admittance to jail, it was learned from advices sent out by the Fort Wayne authorities that a man answering Welzer's description, was wanted in that city on a serious charge. It was alleged that he had stolen an Elk's pin valued at \$30 from Charles Winks of Fort Wayne, a suit of clothes, a pair of shoes, a pair of gloves and a hat on January 19. Welzer had stated that he came to Richmond from Fort Wayne and following up this clue, Chief of Police Gorman finally obtained a confession from the man, recovering all of the stolen goods with the exception of the Elk's pin. The man had the suit of clothes on which he had stolen at Fort Wayne, when arrested at Dayton. Welzer will probably draw a prison sentence on the latter charge, it is said.

STARTS A CRUSADE

Government Has Planned to
Drive Bucket Shops From
the Country.

INDICTMENTS ARE DRAWN

Washington, April 2.—Attorney-General Wickersham's hand has fallen heavily on the bucket-shop industry of the United States, and within a few days a blow will be struck that will practically wipe the bucket-shop gamblers out of existence.

Indictments have been prepared against three score of the most prominent bucket-shop proprietors in a dozen cities of the country. These indictments await only the approval of Oliver E. Pagan, indictment expert of the department of justice. Warrants of arrest, based on the indictments, have already been prepared. Every detail has been carefully looked after.

At a given time, only several days distant, these warrants will be served simultaneously on the accused men in the big cities where they are located. It is planned by the department of justice to make a clean sweep. New York, New Jersey, Baltimore, Boston, Cincinnati, Pittsburgh, Chicago and St. Louis are all included in the list of cities to be cleaned up, and it is learned that the men listed for indictment and arrest in these cities include several millionaire operators, a group of well-known bookmakers and other pseudo financiers who have been deriving a profitable business through the operation of bucket shops.

Manifestly all of the details of this wide-spread campaign against the bucket shops can not be told at this time. It can be said, however, that not less than 30 arrests are planned, and so complete are the arrangements that it is not believed a single man who is wanted will be able to elude the marshals who will be armed with warrants. At a signal agreed upon notice to strike will be flashed from the office of the attorney-general in Washington, and simultaneously the marshals will descend upon the bucket-shop men in each of the cities in which the cases have been worked up.

The campaign is the result of an investigation conducted under the personal direction of Attorney-General Wickersham, by Chief Finch, of the investigation bureau of the department of justice, and his efficient corps of investigators, who have turned the bucket-shop business inside out. In every section of the country these investigators have got down to bed rock and they are in possession of a mass of evidence that will almost certainly convict and land in prison all of the dominating figures of this species of the gambling industry.

Unknown Boy, Riding Down
Hospital Hill Strikes Mrs.
Will Pugh and Her Condition
Now Alarming.

CONCUSSION OF BRAIN SUFFERED BY VICTIM

Unfortunate Woman When
Struck Was Going to Hos-
pital to See Mother, Who
Has a Fractured Hip.

Mrs. William Pugh was seriously and perhaps fatally injured last evening near the Reid Memorial hospital by being run into by a youth on a bicycle. It has not been learned who the boy is. The woman is suffering from concussion of the brain and her condition is regarded by the attending physician as being extremely critical, it is said.

Mrs. Pugh, in company with her sister, Mrs. Rethus Chase, and another woman, was walking along the sidewalk almost directly in front of the Reid Memorial hospital last evening about 7 o'clock, when a boy on a bicycle came down the hill on the sidewalk at a fast rate of speed, colliding with Mrs. Pugh and knocking the woman unconscious. The youth declared he would go for help and hurried away.

Taken to Her Home.

Mrs. Pugh was removed to her home, 401 North Fourteenth street, where medical attention was given her. She remained unconscious all through the night and this morning, and is still in a semi-comatose condition, this afternoon, it is said. Besides suffering from concussion of the brain, the physician stated that she was also injured internally.

Efforts are being made to locate the youngster who was responsible for the mishap, but thus far they have been futile. Mrs. Pugh was on her way to visit her mother, Mrs. Mary Ridgeway, who is confined at the hospital with a broken hip, when the accident occurred.

INSTALL A PASTOR

Rev. McNary Takes Charge of
Pulpit at Second Pres-
byterian Church.

SERMON BY REV. HOWARD

Installation service of a most successful nature was held at the Second Presbyterian church last evening at which the Rev. Thomas C. McNary was formally installed as pastor of the church. A large number of the congregation were present.

In giving his charge to the pastor, Dr. I. M. Hughes took for his text, "Take Heed to Thyself and Doctrine." He pointed out the duties and obligations of the pastor to his congregation. The installation sermon was preached by the Rev. E. G. Howard of the First English Lutheran church. He chose for his text, "This, my son, who was lost is found." His address was very impressive and his remarks abounded with much good thought.

Dr. Hawley of Cambridge City, delivered the charge to the congregation and declared that it should support the pastor in every way possible in attending church, Sunday school and the mid week services. Others who took part in the services last evening were the Rev. H. R. Smith of the First Baptist church, Dr. S. R. Lyons, of the Reid Memorial and the Rev. Truman Kenworthy of the East Main Street Friends.

COOK OFFERED HELP

Wealthy People Ready to As-
sist Explorer in Clear-
ing Good Name.

IS EXPECTED HOME SOON

(American News Service)

New York, April 2.—Captain B. F. Osborn, of the Arctic club, announced today that he had received letters from millionaires offering backing to the extent of more than \$1,000,000 for Dr. Frederick Cook, the discredited explorer, to establish proofs of his claim that he and not Commander Peary, discovered the North Pole.

Capt. Osborn said that Dr. Cook had received enormous offers to take the lecture platform and that he would take up both matters with the explorer when he reaches New York. Dr. Cook is expected here within three weeks. "The report that Dr. Cook would be here today and would establish himself at a big hotel is nonsense," said Captain Osborn. "He does not want any publicity until he has convinced the world of the wrong it has done him."

"This offer of a million dollars puts us in a position to establish the truth of his claim without a doubt. We have been negotiating with some of the best scientists in the world and several of these will be retained."

AUTO WINS OVER

"And That's Going Some,"
Growled the Big Police
Chief Today.

MACHINE HIT HIGH SPOTS

AT EIGHTH AND MAIN AND COP
PHONES HEADQUARTERS TO
STOP THE CAR, BUT MESSAGE
WAS TOO LATE.

"When an automobile beats a telephone message to Cambridge City, you know it's going some," said Superintendent of Police Gorman at police headquarters this morning. Then chief then went on to state that Patrolman Stauch, the policeman stationed at the corner of Eighth and Main street, had telephoned headquarters at about 9 o'clock to the effect that a big black touring car headed west had brushed by him on Main street while burning up the bricks at a rate that would make Barney Oldfield look like a cheap imitation.

He said to stop the auto at Fifth and Main and with that the then excited Mr. Gorman dropped the receiver and dashed out onto that thoroughfare only to perceive through the dust a dark object in the distance crossing Main street bridge at a startling rate of speed. Hurrying back to headquarters ETA OETA ET ETET headquarters Chief Gorman immediately called up Cambridge City and was connected within a few minutes, he states. He asked the authorities there if a big black touring car passed through within the next half hour to stop the chauffeur and place him under arrest. Word came back over the wire that it was too late; that a machine answering that description had just that minute blown through, leaving only a cloud of dust and the odor of gasoline to tell of its presence there. At least the informant stated he thought a machine had gone through Cambridge, but that it looked to him more like a streak than an automobile. However, he declared he was confident that it was an auto, and so supposed that it was the same party.
