OFFICIALS VISIT

SCENE OF MURDER

Silver Watch and Watch Case Found, But Woman's Watch Is Missing.

BLOCKS ROBBERY THEORY

CHIEF GORMON STATES THAT THE TIME FOR TRACKING THE MURDERER HAS PAST—VERDICT OF CORONER.

(Palladium Special)

Cambridge City, Ind., April 13.—In sifting the ashes of the ruins of the Allison home, which was burned a week ago today, for the evident purpose of covering up clues in the most brutal murder ever perpetrated in Wayne county—that of Mrs. Frank Allison—the authorities found further evidence, although not conclusive evidence that the crime was not committed for the purpose of robbery.

The authorities found a silver watch and also the gold case of another watch. The gold watch belonging to Mrs. Allison, was not found. Had the murderer's purpose been robbery, it was very poorly executed, inasmuch as the money which was kept in the house was not taken nor the two watches. The money, concealed as it was, would have been hard to find, but the watches were kept in a bureau drawer and could have been secured with but little effort.

Watch in Handkerchief.
It is believed that the watch which belonged to the murdered woman was taken, because it was probably laying in some exposed place. The handkerchief in which the watch was tied, was found west of the home and the authorities have evidence that it and the woman's watch were the only things taken from the home.

The two motives for the crime, first assigned, robbery and assault, have been practically eliminated from the minds of the authorities.

The reward of \$500 raised by personal subscriptions from among citizens of the county, but particularly of western Wayne; added to that of \$500 offered by the county, has added incentive to the search for the murderer. Detectives, no doubt, are working on the case, but if they are, no one knows. I. A. Gorman, chief of police at Richmond, states that the hour of tracking the murder has passed and that the only way of discovering the identity of the brute is to wait "until somebody talks too much."

Abandon the Farm.
Mr. Allison and his two children, Merrill and Leon, have taken up their residence with Mr. and Mrs. Grant Clark. Mr. Allison will not stay on the farm, which has so many unpleasant memories for him.

Coroner A. L. Bramkamp filed his verdict in the case this morning. It was that Mrs. Allison met her death from fractures of the skull and burns, inflicted by some person or persons with the intent to commit murder.

GRAY ENTERS RACE

Mayor of Connersville Hanks for Honors from the Democrats.

WOULD BE CONGRESSMAN

A dispatch from Connersville this morning stated that Mayor Finley H. Gray of that city had just announced his candidacy for the democratic nomination for congressman. The nominating election will be held in Richmond on May 25. Mayor Gray has a strong following in the southern part of the district. He is a brother of Judge George Gray of Connersville. There are now three entries in the democratic congressional race. Besides Gray there are the Rev. Thomas H. Kuhn of Richmond, and Lon Mull of Rush county.

A BLOW TO COOPER

(American News Service)
Nashville, April 13.—The supreme court today affirmed the sentence of twenty years in the case of Col. Duncan B. Cooper, convicted of killing ex-Senator Carmack. The case of Robbins Cooper, convicted with his father was reversed.

CONSIDERING BIDS

It is probable that the contract for the new business block, to be erected at Eighth and Main streets by the Second National Bank, will not be let for a week, owing to the intention of the officials of the bank to have a clear understanding as to the different bids. The officials held a consultation, yesterday, but came to no conclusion. It is expected that the building will not cost more than \$100,000.

Too Luxurious.
Telling of the sights of London, a returned tourist described the street near Tottenham Court road where second-hand clothes are sold.

"A discussion I overheard in that street," he said, "will give you some idea of the prices that prevail.

"I say," said a young man, "not price these here?"

"And he held up before the dealer a pair of plaid trousers.

"I can let you have 'em, my son, for sixpence," the dealer answered.

"The other threw the trousers back into the barrow.

"'Garn,' he said, 'I don't want a pair for Sunday. I want 'em for work-in' in.'"

Historic Limoges.
Once a flourishing Roman city and supposed to be one of seven cities where Christianity was planted about the middle of the third century, Limoges is the capital of the department of Haute-Vienne and is 250 miles south of Paris. Its porcelain manufactures are justly celebrated. In 1768 kaolin was found near by, and naturally Limoges immediately began making the hard paste porcelain. This is more durable, though ware made of soft paste absorbs less color in the decorating and has a pleasing softness of effect.

Fat Crystals.
If small quantities of butter, lard and beef fat be separately boiled and slowly cooled for, say, twenty-four hours, the resulting crystals will show very marked differences under the microscope. The normal butter crystal is large and globular. It polarizes brilliantly and shows a well marked St. Andrew's cross. That of lard shows a stellar form, while that of beef fat has a foliated appearance. In course of time, as the butter loses its freshness, the globular crystal degenerates and gradually merges into peculiar rosette-like forms.

A DIVORCE HEARING

Color was lent to the circuit court proceedings, this morning, in the trial of a divorce case of Effie Jones vs. William Jones, both colored. The divorce was granted, the plaintiff averring in her testimony that her husband was a drunkard and failed to support. The defendant was placed upon the stand in his own behalf but did little more than to strengthen his wife's allegations.

DEED IS RECORDED

A sheriff's deed for lots three, four, five and six of Waldron and Pittman's addition to the city of Richmond, executed to the C. & W. Kramer company, was recorded today. The deed was for \$9,522.24. The Kramer company foreclosed a mortgage on the lots last year. The Pilot Motor Car company now occupies the buildings concerned in the transfer.

TOOK RUBBER BOOTS

Elmer (Shorty) Smith of Cambridge City, was brought to the county jail this morning, by Marshal Driscoll of Cambridge City, being slated for petty larceny. It is averred that Smith, while intoxicated, yesterday, stole a pair of rubber boots, several pairs of articles, flannel shirts and the like from the Hall Mercantile company. It is not known when he will be arraigned in the criminal court.

POSTPONED MEETING

In order to permit the members to attend the minstrel show at the Genet given by the Tenth Infantry of Fort Benjamin Harrison, the session of the Young Men's Business Club last night was cut short. The discussion of factory bonuses which was to have been debated, was postponed until the next meeting of the club.

WILL OPEN STREET

The board of works at its regular meeting yesterday, adopted a resolution for the opening of South West C street from South West Third to College avenue. The day of hearing has been set for May 2 when the property owners may remonstrate against the opening of the street, if they so desire.

Verdict of Coroner on Murder

Finds No Criminal Assault Was Made on Mrs. Allison—Exonerates Husband and DuBoise—Robbery the Motive.

In the introduction of his verdict on the murder of Mrs. Allison, the coroner states that upon being notified of the murder and the arrival of himself and other officials at the scene of the murder, authorities in nearby towns were notified to arrest all suspicious characters. He also states in the introduction: "The testimony of Frank Allison and George DuBoise the hired man, was at once taken and was of such a nature as to at once exonerate them of all suspicion and they were not detained."

"The head of a hatchet was dug out of the ashes of the porch shed in my presence by George DuBoise, under the direction of Mr. Allison. Just such an instrument was, apparently, used to inflict the wounds on the victim's head, but there was no evidence that this was the one used."

The coroner gives as his opinion, after two examinations of the body, by Dr. H. B. Boyd and Dr. J. N. Study of Cambridge City, and the other by himself and Drs. J. E. Weller and C. S. Bond of this city, that no criminal assault was made on Mrs. Allison. Continuing the coroner says: "The unmistakable evidence, by its odor, of the presence of coal oil on the clothing of the deceased, and the fact that the body was entirely removed, at the time it was found, by Frank Allison from contact with the burning portions of the building, with evidence as to the incendiary nature of the fire is conclusive proof that an attempt was made to destroy evidence of the crime of murder by cremation of the body."

"In the absence of evidence to the contrary, the apparent motive of the crime was robbery."

Frank Allison in his testimony before the coroner said that he smelled smoke and looking in the direction of his home saw that his home was on fire. He says that he does not know whether the kitchen was in confusion or whether a struggle had taken place. He says that while plowing he saw John Speers and Pete Van Etan walk along the railroad track and later return in the direction of Cambridge City by the same route. George DuBoise, the farm hand, also testified before the coroner. The evidence of the coroner's verdict is concluded with that of the physicians who made examinations of secretions, at the coroner's request.

A SETTLEMENT MADE
