

HUGH CHALMERS TO SPEAK HERE FRIDAY

Young Men's Business Club
Noon Day Lunch Will Be
Held on That Date.

AT THE LEEDS BUILDING

CHALMERS IS A TYPICAL EX-
AMPLE OF SUCCESSFUL YOUNG
AMERICAN BUSINESS MEN AND
IS A GOOD SPEAKER.

Arrangements will be made by the officers and special committees of the Young Men's Business Club, in charge of the noon day business men's lunch, to give the affair Friday noon at the Leeds store room, 824 Main street. Hugh Chalmers, the typical young business man of the country today, and probably as successful as any in the country, will address the club.

Secretary W. W. Reller of the club received a telegram from Mr. Chalmers this morning in which he stated: "Wire if Friday noon, this week, will be satisfactory to you. Believe it would suit me best." The secretary, after consultation with several of the directors, wired a reply that Friday noon would be satisfactory in every respect.

The arrangements for the noon lunch were made several weeks ago, when Mr. Chalmers expected to be here, but was prevented by his illness.

The business men are taking an exceptional interest in the affair, because it is the first of the kind ever held here, and also because of the reputation held by Mr. Chalmers. He will make a short address and discuss business methods in some manner. The club expects the luncheon to last about an hour. The business men will be the guests of the club.

TO BE BIG AFFAIR

All Nations Represented at
Sunday School Conven-
tion This Week.

Philadelphia, May 16.—The World's Sunday school convention will open in Washington next Thursday. For more than a year lines from all over the world have been converging in the office of Dr. George W. Bailey, the executive head of the organization, and he now announces that more than 50 nations will be officially represented in the 8,000 delegates who will gather at the capital May 19-24. For four months past the office in this city has been refusing delegate credentials to applicants, as the quota of the seats were already filled.

The Sunday school has more than 20,000,000 members. While the bulk of the schools and all the members of the World's Sunday school association are to be found in the various Protestant denominations, the Sunday school as an institution yet exists also among the Roman Catholics, the Hebrews, Mormons and Buddhists. In North America there are above 16,000,000 members of the Sunday school and every state and province is completely organized.

A demonstration of adult Bible classes will be made at Washington next Friday when some 10,000 men from all over the continent will parade down Pennsylvania avenue. On Saturday afternoon there will be a monster open-air song service on the plaza and the east steps of the capitol.

The regular sessions of the convention will number 178, with speakers to the number of 300, including President Taft, Ambassador Bryce, John Wanamaker, Dr. J. Wilbur Chapman, Charles M. Alexander and many bishops and other distinguished men and women from America and abroad. Rev. F. B. Meyer of London, president of the World's Sunday school association will preside.

Next Sunday, May 22, will be observed by churches throughout the world as "World's Sunday school day."

A REAL CUTE PRANK

Y. M. C. A. Cut-ups Bombard
Pedestrians With Eggs
Saturday Evening.

A "prank" in the dormitory section of the Young Men's Christian association was perpetrated Saturday evening with satisfactory and unsatisfactory results. The prank was satisfactory in that Albert Medearis had his coat spoiled by an egg bombardment.

Several of the dormitory members of the association assembled in one of the rooms on the third floor about dusk Saturday evening. They seemed well supplied with eggs—fresh, not rotten. Every pedestrian was a target, real efforts being made to hit the men, but only to frighten the women. Albert Medearis was one of the first to pass and he received an egg on his new coat, right between the shoulders.

He, accompanied by his companion was bent on "cleaning out" the association. Secretary Goodwin was visited and a demand made that he be given a new coat. The official for the association tried to compromise by promising that the coat would be cleaned. Neither of the parties were able to effect an agreement. It is probable that the egg throwers will be expelled from the dormitory.

BOARD REAL SASSY

City Officials Order Around
Corporation Right and
Left Today.

OPEN PARK LINE AFFAIR

At the meeting of the board of works this morning the city clerk was instructed to notify the Light, Heat & Power company and the Richmond Street and Interurban company that they must make several needed repairs to the dam below the Main street bridge, the dam being owned jointly by the city and these two companies.

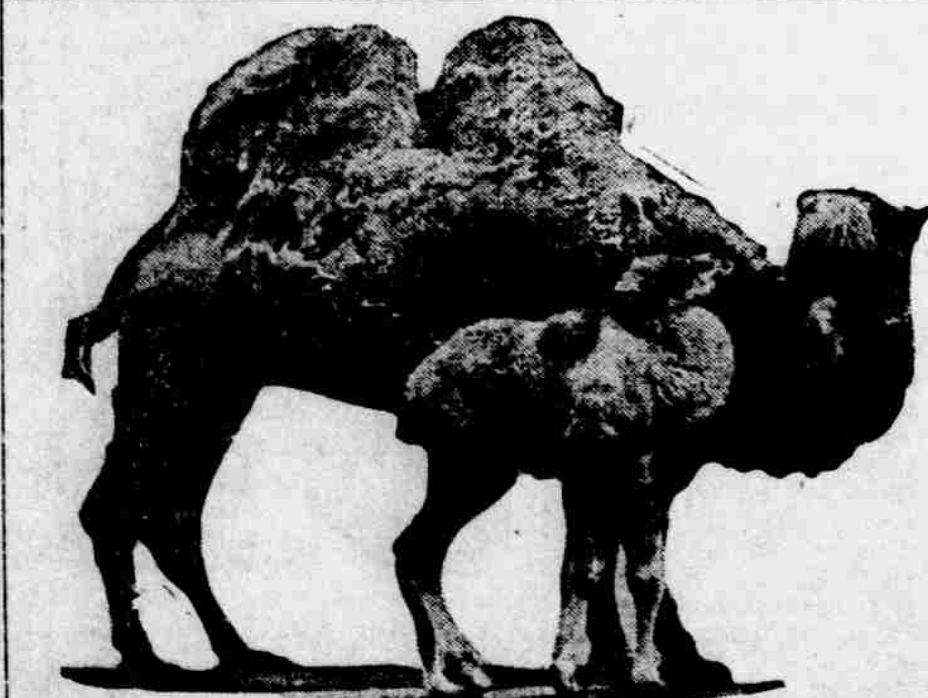

The matter of granting the wishes of the property owners on South West A street by extending the water mains was threshed out by the board this morning. In all probability the extension will not be made.

The Terre Haute, Indianapolis and Eastern traction officials who were given their choice between conferring with the board today or waiting until Thursday, concerning the removal of the tracks in the Glen, apparently are going to wait until the last day, as they failed to put in an appearance this morning. In event they fail to show up Thursday, the board will order the tracks torn up immediately. It is said, as ample opportunity has been given the officials to explain why this course should not be adopted and they have failed to avail themselves of it.

The city attorney was instructed to draw up a resolution for the closing of the Gaar bridge temporarily until some needed repairs are completed.

TO ASK MERCHANTS TO LIGHT ALLEYS

Chairman Hammond of Board
of Works Will Advise Such
Precautions Be Taken.

WOULD ASSIST THE POLICE

MERCHANTS' PETITION FOR
LIGHTS DENIED BECAUSE CITY
OFFICIALS THOUGHT THEY
SHOULD BEAR THE EXPENSE.

Believing that the Main street merchants should protect their places of business by placing a small incandescent light to be left burning all night in the alley in the rear of their stores, Homer Hammond president of the board of public works, will visit the different merchants along that thoroughfare this week and endeavor to persuade them to install a light of this nature as an aid to the police.

The value such a light would have as a means of protecting the merchants from burglary is apparent, according to Mr. Hammond and Chief of Police Gorman. It is alleged that by the expenditure of a very few cents each night the danger of having their places of business entered by burglars would be greatly lessened. It is frequently so dark in the alleys that it is impossible for the policemen to see down them beyond a few feet, and the thieves, under cover of the intense darkness, are given just the opportunity for which they have been waiting to enter the store without difficulty and with little fear of detection.

Several days ago the merchants on the south side of Main street between Seventh and Eighth streets presented a petition to the board of works requesting that a light be left burning all night in the alley between these two streets, at the expense of the city. The petition was given the deaf ear on the ground that it was the merchants who profited by such an arrangement and therefore should bear the expense. Mr. Hammond has been studying over the matter since then and is of the opinion that by the proper persuasion the merchants in the business district on Main street can be induced to realize the importance and value attached to the installation of a small electric light in the dark alleys in the rear of their stores and follow the example set by merchants in other cities in this particular where such methods of warding off thieves has been adopted with a degree of great success.

Eureka Fence Company Has
Dissolved Corporation as
the Result.

IT IS NOW PARTNERSHIP

NEW FEDERAL LAW WAS OBJECTIONABLE TO THE LOCAL CONCERN—ITS CONDITION IS QUITE FLOURISHING.

Because of a special revenue tax law recently passed which provides that corporations shall make annual reports to the government, the Eureka Fence company of this city, located at North Twenty-second and E street, has filed notice of dissolution of the corporation with the secretary of state at Indianapolis, and hereafter will continue in business as a partnership concern.

M. A. Wilson, president of the company, stated that there were several reasons for discontinuing as a corporation. As a corporation the company in the past has been compelled to make annual reports to the state auditor, and county auditor as well, and this inconvenience will not be necessary when the concern is organized as a partnership. Mr. Wilson stated that the company was in a flourishing condition and the change would make no apparent difference whatever as far as the public was concerned as the manufacturing business would be continued along exactly the same lines as in the past.

DEPAUW TEAM WINS

Depauw won from Earlham in baseball Saturday, at Greencastle, by the score of 4 to 5, at the same time the track teams were competing here on Reid field. Hays pitched a good game for the Quakers, and should have won his game, had he had perfect support.

IS ARRESTED HERE

At the request of John B. Carr, of Jeffersonville, Ind., sheriff of Clark county, William G. Reasor was arrested in this city yesterday on a charge of wife desertion. Reasor is alleged to have deserted his wife at Jeffersonville some time ago. Recently he has been employed as bartender in the saloon owned by Lawrence Thurman at the corner of North Eighth and E streets. The man will be returned to Jeffersonville in custody with Sheriff Carr who will probably arrive from that city this evening.

St. Joseph Members At Banquet

An Enjoyable Affair Was Held Last Evening and Several
Excellent Addresses Were Made—Elaborate Menu.

The banquet which was served at the Pythian Temple last evening to delegates to the Staats Verband, the clergy and members of the St. Joseph's society was a great success in every particular and was a fitting close to so brilliant a jubilee. About 25 persons were seated at the tables. The menu was elaborate. Short addresses were made and the music was a pleasing feature of the program. The Rev. F. A. Roell acted as toastmaster for the occasion.

John Sulzer, president of the Staats Verband, discussed the organization and explained that its object was to band Catholic men together. It is also the aim of the society to fight socialism and to uphold the German language, he contended. President Sulzer's address was very interesting and was greatly appreciated.

"Catholic Federation" was the subject of another interesting address by John Funke, of Evansville.

In discussing the Catholic federations and organizations the Hon. Peter Wallrath of Evansville, showed the growth of the Catholic organizations in the United States and the advancement in power that has been made within the past few years.

The Rev. Flavian Larbes of Cincinnati, formerly of this city and a member of the St. Joseph society, gave an interesting talk on reminiscences of the society.

Other addresses were delivered by John Hafner, Sr., president of the St. Joseph society and the Rev. Anthony Scheidler, the oldest priest in the Indianapolis diocese. The banquet was regarded as a brilliant success and was one of the pleasing features in connection with the Golden Jubilee.

A JOB FOR AUDITOR

The various township assessors, with the exception of Charles Potter, of Wayne township, made returns of the assessments of personal property and additional real estate improvements, to the county auditor today. The work of compiling the assessments for Wayne township, which includes the city of Richmond, is a heavy task and cannot be completed at the same time that the other townships are. However, Assessor Potter and his assistants will have all returns complete within the next day or two. No figures can be given out until the county auditor has completed an abstract of the annual assessment which will not be for several weeks. In most townships and incorporated towns, however, there were substantial gains over the 1909 assessment. The Board of Review will meet in annual session on June 6 and will be in session for thirty days. All incorporated companies will be assessed by the board in addition to reviewing the personal assessments made by the township assessors.

FLAG OF TRUCE HAS BEEN RUN UP

Regular Senators Are Willing
to Treat With the Insurgent Members.

ALARMED OVER RAIL BILL

THEY REALIZE THAT THE PROGRESSIVES HAVE IT IN THEIR POWER TO PROLONG DEBATES INDEFINITELY.

(American News Service)
Washington, May 16.—The regular in the senate are frightened and considering today whether it is not best to make some concessions to the insurgents on the railroad bill for the sake of securing an early vote on the measure, and thus permitting consideration of other matters.

Remembering the coup which the insurgents brought about last Friday on the long and short haul proposition it is the humiliation of the reactionaries the latter are now more favorably disposed toward treating with the followers of Cummins and LaFollette. They have gone so far as to send up a flag of truce and ask them what they propose to do and demand hereafter, with a view of considering their suggestions and, if possible, find common ground upon which they can agree and which will result in ending the struggle over the bill, by the end of the week if possible.

Near-insurgents to Act.
It is likely that such near-insurgents as Borah, Nelson and one or two others may act as intermediaries to bring about concessions on both sides. The regulars realize that even if they should be able to control enough votes in the end to defeat further amendments offered by the insurgents that the latter have it in their power to prolong debate indefinitely and thus greatly embarrass the administration and prevent the consideration of other matters which the president is anxious to have taken up.

While these negotiations are in progress it is believed that the naval appropriation bill which is now ready will be taken up and passed by the senate.

WERE TWO ALARMS.

The fire department responded to alarms yesterday. In the morning a spark from an engine set fire to the roof of a house on North Seventeenth and E street, but practically no damage was done and the flames were quickly extinguished. In the evening an alarm was turned in from box No. 61 and here it was found that some trash in an old shed in the rear of Schell's saloon, North Twelfth and F streets, was burning briskly. The blaze was extinguished without difficulty and the damage was of no consequence.
