**PARTY AT CLUB HOUSE.**  
Pink roses and carnations were used in decorating the Country club house Monday afternoon when Mrs. John H. Nicholson, with her daughter, Miss Edith entertained a large company at bridge. The game was played at fifteen tables. Favors were given to Mrs. Gennett Rose of Nashville, Tennessee, Miss Florence McGuire and Mrs. W. R. Poundstone. After the game a luncheon in several courses was served. Among the out-of-town guests were Miss Mattie Belle Gayle of New Liberty, Kentucky, Miss Almira Starr of Chicago, who is the guest of Miss Mary Gae, Mrs. Holden of Indianapolis, Mrs. Gennett Rose and Mrs. Curtis of Nashville, Tennessee, and Mrs. Frank Roe, of Piqua, Ohio.

**MARRIED THIS MORNING.**  
Mr. Glen Taylor and Miss Mable Eikenberry were quietly married this morning at the First Christian church parsonage by the Rev. S. W. Traum. There were no attendants. The bride wore a pretty light tan traveling suit. Her hat was a large black picture one. She wore a corsage bouquet of valley lilies.

Mr. and Mrs. Taylor left at nine-fifty-five o'clock for Columbus, Delaware and Cleveland, Ohio, where they will spend their honeymoon. Upon their return they will be at home at 227 North Twenty-first street. Their many friends extend most hearty congratulations. The bride is well and favorably known here.

**CHANGE FLOWER.**  
Mrs. Charles W. Fairbanks suggested to the General Federation of Women's clubs in Cincinnati, last week, that the laurel instead of the goldenrod, be adopted as the national flower. Here reasons in part are: "The laurel grows in every state, we are told. It is beautiful, and above all, enduring. I do not know that it has any peculiar fragrance, but that is not essential. Its greatest characteristic is that it is a universal American plant and is typical of all parts of the country. The goldenrod may or it may not be; but it does not stand for any peculiar virtue."

"The laurel from the days immemorial has stood for courage, victory, conquest and achievement, not only in war, but in every pursuit. We need a national flower and I think the Federation would do the movement if it would endorse the laurel."

Mrs. Fairbanks stated that the impression which she had gained of the necessity of a national flower for the United States was greatly strengthened by the tour of the world from which she has just returned with her husband.

**DANCE A SUCCESS.**  
In honor of the Kokomo, Richmond, Marion and Anderson track teams, Walter Bercau, Berry Whitaker and Paul Moreland gave a novel dance at the town house of the Country club

## WILL MAKE A FIGHT

Second Hand Dealers Object to the Proposed Regulating Ordinance.

## THEIR ATTORNEY SPEAKS

The ordinance regulating pawnbrokers and second hand dealers was brought up for second reading at the meeting of council last evening. Attorney John F. Robbins appeared in behalf of the second hand dealers and will contest that section of the ordinance pertaining to these dealers. Mr. Robbins contends that there is nothing in the city charter which prohibits the regulating of the business of a second hand dealer and that for this reason that portion of the ordinance concerning them is invalid.

It was explained by Mr. Robbins that it was unreasonable to compel second hand dealers to make daily reports to the police of articles bought, and especially unjust to prohibit them from selling such articles within twenty-four hours after the time of the sale. It is said that the term "second hand dealer" includes every person who buys or sells a second hand article, even referring to school teachers who buy and sell books. No complaint is offered to that section of the ordinance pertaining to pawn brokers, as it is alleged that the city charter provides that their business may be regulated. The matter was referred back to the ordinance committee.

## BACK IN ALIMONY

A motion was filed in the circuit court today, directing the county clerk, Harry E. Penny to notify Oliver Chambers, of Henry county, to appear in the circuit court on May 31 and show cause why his property should not be attached to pay about \$100, which amount he is in default in alimony.

Mrs. Margaret Chambers, of Centerville, got a divorce from him on June 11, 1906, and the court ruled that she should receive \$1 a week from the defendant to assist in the support of a child, now 6 years old. The defendant has neglected to do so for so long that the amount is now about \$100. He is building yb T-F844. He is a building contractor and said to be in such circumstances as to easily afford this amount.

## DESERTED HIS WIFE

J. B. Carr, of Jeffersonville, sheriff of Clark county, arrived last evening and took William G. Reasor, who is wanted at Jeffersonville on a charge of wife desertion, back with him. It is alleged that Reasor deserted his wife several weeks ago, and according to Sheriff Carr, the man will be vigorously prosecuted.

## The Quest For Beauty

(By MADAME MADELENE MAREE.)

Mrs. T.: The very best hair tonic that I know of is made by mixing half a pint of water with half a pint of alcohol then adding one ounce of beta-canthol. I am sure this will stop your hair falling out and promote its growth. You can get the beta-canthol from any druggist in one ounce bottles, and this will make a full pint of hair tonic.

Miss L. M.: I wouldn't advise you to use the electric needle for removing superfluous hair unless you are sure the operator is an expert. You can easily remove the hairs yourself by mixing a little delol powder with enough warm water to make a paste. Smear over the hairs to be removed, leave on for a few minutes, then scrape off and the hairs will come off with the paste. You can get this delol from any first class drug store.

Miss Jennie K.: Wrinkles are caused by an impoverished condition of the skin. The skin needs food as well as anything else. The best way to feed the skin is by massaging with a good cream. The very best I know of is made by heating a pint of water to boiling point, then add three ounces of cerol and stir constantly until cold. Massage morning and night with this and your wrinkles will soon disappear.

Anna H.: Those yellow spots on your face are probably caused by a bad stomach and inactive liver. Take a tablespoonful of olive oil every night and morning for three weeks, and have your druggist fill this prescription: Compound tincture of cinchona one ounce; prosene compound one ounce; sherry wine half a pint. Take a teaspoonful before meals and at bed time. This will set your stomach right and the oil will start your liver to action.

Mrs. H. H.: I know just how you feel. There is nothing so uncomfortable as tired, aching tender, sweaty feet. We don't give our feet the attention they need. I know if you will get an ounce bottle of boro lister from your druggist, dissolve this in one and a half pints of boiling water, then add half a pint of alcohol. Now every night put a couple of tablespoonfuls of this solution into a basin of water and bathe your feet; you'll be surprised at the instant relief you will get.

Mrs. A. F. B.: Do not use these so-

called dry shampoos on your hair. They're usually made of strong alkalies that dry the hair out, making it brittle and lifeless. I never recommended anything but an egg for a shampoo. If you want a dry hair tonic you can make this by mixing two ounces of capthol with four ounces of powdered orris root, rub this well into the roots of the hair once a day until the hair stops falling and dandruff disappears.

Rose Bud: If you will get a package of amaro from your druggist, dissolve the contents in a pint of hot water, use on the hands and face after washing and drying. I am sure you will not complain of red hands and face, as this lotion will keep them soft and white. You'll not need to use powder when you use this amaro lotion.

Mrs. Josie Mc.: There is only one way to get rid of the unsightly pimples and that is through the blood. Get an ounce bottle of Sarsene from your druggist. Dissolve half a pound of granulated sugar in enough water to make a pint, and add the sarsene. Take two teaspoonfuls three or four times a day, and you'll soon drive these impurities from your blood.

W. K.: I do not know of anything to suit your case and would advise you to consult a good physician.

Mrs. C. S.: The Vaucaire treatment is very highly recommended for developing the bust, but I understand that the ready-made kinds do not give very good satisfaction. This is probably due to the fact that cheap drugs are used in the manufacture. If you will make a pint of sugar syrup—then get one ounce of gallol from your druggist, add it to the syrup and take one or two teaspoonfuls three or four times a day and drink plenty of water, you will get wonderful results. It usually takes several months for a complete treatment so do not be discouraged at first. The true gallol comes in one ounce bottles only. It is quite expensive, but an ounce makes a pint of remedy, which will last for a month.

Mamie W.: Borothol solution is the best preparation I know of for eczema. It is made by dissolving two ounces of borothol in a pint of hot water. Add two tablespoonfuls of glycerine. When cold apply on cotton, three or four times a day.

## DOCTOR ON FOOD

Experimented on Himself.

A physician over in Ohio says: "For the last few years I have been a sufferer from indigestion and although I have used various remedies and prepared foods with some benefit it was not until I tried Grape-Nuts that I was completely cured."

"As a food it is pleasant and agreeable, very nutritious and is digested and assimilated with very little effort on the part of the digestive organs."

"As a nerve food and restorer, Grape-Nuts has no equal and as such is especially adapted to students and other brain-workers. It contains the elements necessary for the building of nerve tissue and by so doing maintains an equilibrium of waste and repair."

"Grape-Nuts also enriches the blood by giving an increased number of red blood corpuscles and in this way strengthens all the organs, providing a vital fluid made more nearly perfect. I take great pleasure in recommending its use to my patients for I value it as a food and know it will benefit all who use it."
