CHARLES MORGAN RESIGNS.

Charles Morgan, president of the Young Men's Business club and a member of the committee, handed in his resignation as a committeeman. He has been transferred to the Indianapolis Sun and found it would be impossible to continue to serve on the committee. Will Klopp, a well known young man, was appointed to take the position. He will also be chairman of the committee on advertising. The executive committee extended its best wishes to Mr. Morgan, but regretted very much to lose his services.

Various matters were considered last evening. That of offering silver cups instead of cash premiums to merchants of the city who win prizes was placed in the hands of a committee, including L. A. Handley, Willard Carr and F. H. Schornstein. The executive committee also worked out plans for appointment and duties of sub committees and the employment of a stenographer.

Bad Stomach

My Stomach is Going from Bad to Worse.

Yes, it's true: thousands of people cannot eat the simplest meal without having it lie on the stomach like a lump of lead, causing misery, sour stomach and gas eruptions.

And later, when the stomach has gone from bad to worse, there will be longer periods of food fermentation, and then dizziness, biliousness, sick headaches and nervousness.

If your stomach is out of order, if it doesn't feel right after meals, go today and get a 50-cent box of Mi-ona stomach tablets. In a few minutes after the first dose, the misery will disappear, and you will be thankful.

Then go right on taking Mi-ona for a few days. It will build up the stomach, unclog the liver, purify the bowels and make you entirely satisfied with your stomach in a few days.

Mi-ona stomach tablets are made from the best prescription for stomach troubles ever written. They are sold by druggists everywhere and by L. H. File and are guaranteed to cure in digestion, acute or chronic, or money back.

Local Orchestra A Unique One

Very Few Cities the Size of Richmond Can boast of a Symphony Organization Like Splendid One Here.

HANNA WOLFF
Famous Pianist to Appear at the May Festival.

BY PROF. WILL EARHART.

A Symphony Orchestra in a town the size of Richmond is a project unique enough to bespeak attention. In the discussion aroused values are not always seen correctly.

Such an organization cannot be a one-man affair. It requires the co-operation of many earnest people. The effort of each one of these people is an integral and indispensable part of the result, and should be valued accordingly.

The people concerned are a sufficient number of musicians, an adequate business or managerial force, and a large body of right-minded citizens as patrons. Failure of any one of these factors means failure in the result.

On the side of the musician the support has been such as to confer on those taking part lasting honor. When fifty-five people meet for two years every Sunday afternoon from October to May in the interest of a progressive movement, they have performed a public service. It is idle to say that they have, in so doing also secured pleasure or benefit for themselves. Any community should be grateful when a large body of its citizens finds pleasure in activities that are distinctly of public good.

The pleasure and benefit undoubtedly deserved by the members of the orchestra must often have been of a very broad and altruistic sort. The orchestra is not by any means all amateurs. The town at large can justly take pride in it.

Nothing that can be said here can give the Commercial club fairer fame in the city; but the heavy financial responsibilities so cheerfully assumed by him for but him and Mr. Walter Runge were the original promoters of the orchestra and Mr. Hicks held the forces together and directed for a time until the final organization was effected.

His pupils number a decided majority, of all the violins in the orchestra and consequently his teaching and playing must be regarded as vitally important to the success of the project.

Other musicians whose labors in the cause because of their experienced musicianship cannot be looked upon as narrowly self-educational, but rather broadly musical, are Mr. V. O. Williams, Mr. Jesse Woods, Mr. Harry Seiffert, Mr. Henry Runge, Mr. Edward Schaeffer, Mr. Robert Wilson, Mr. Charles Groce, Mr. John Connolly, Mr.

HE FELL FROM LOFT

While slightly intoxicated it is said, Jack Driftmeyer, fell through the opening in the loft at Shoer's livery barn on South Sixth street last night and cut an ugly gash in the side of his head. The man was rendered unconscious and several stitches were required to close the wound. The accident is almost exactly similar to the one in which David Doty met his death several weeks ago.

The members of the Knights of Columbus will tender a farewell reception to Rev. F. A. Roell tomorrow evening in their club rooms. Father Roell will shortly sail for Europe.

FLANAGAN IS HERO

Robert Flanagan of Indianapolis, formerly of this city, may receive a Carnegie medal for heroism displayed in saving the lives of the Misses Edna and Grace Walters of Indianapolis.

TALKATIVE KERBY PLACED ON STAND

Tells Ballinger-Pinchot Committee About the "Whitewashing" Letter.

HE EXONERATES GARFIELD

SAYS EX-SECRETARY DID NOT HAVE HIM MAKE DISCLOSURE AS TO TOO MANY JOBS HAD BEEN SACRIFICED.

(American News Service) Washington, May 17.—Frederick W. Kerby, the Interior of the Department stenographer, who was discharged by Secretary Ballinger yesterday for giving out information regarding the circumstances connected with the correspondence handled by him in his capacity as stenographer, was today put on the witness stand before the Ballinger-Pinchot investigating committee. Kerby admitted a close friendship between himself and former Secretary Garfield. He said he had not heretofore desired to be called as a witness before the investigating committee because he "wished to retain his position," and he knew what had happened to Glavis. Kerby related the circumstances which led up to his exposure of last Saturday. Kerby said that about the time of the president's letter exonerating Ballinger, he had talked with Hugh A. Brown, formerly secretary to Garfield, and had told him as a matter of fact it had been practically written in Ballinger's office.

Later he had been called on by newspaper correspondents and had given out the story to one of them, representing an Ohio paper.

Attorney Vertrees endeavored to show that Garfield has inspired the statement, but Kerby declared that Garfield had said that too many jobs had been sacrificed to the controversy already.

SHE DIED SUDDENLY

Local relatives have received word of the very sudden death of Mrs. George Brown, formerly of this city at Fort Wayne, Ind., last evening. Mrs. Brown was on her way home from church when she dropped dead on the street. She had been a victim of heart trouble for several years. The deceased was well known in Richmond. She left this city about twenty-one years ago and made her home with her daughter, Mrs. Roy Whitacre at Fort Wayne. She was 52 years old. Besides her daughter the deceased is survived by her husband, her mother, Mrs. Margaret Renk of this city, four brothers, George, Ernest, Simon and Fred Renk and one sister, Mrs. Frank Peer, all of Richmond. The funeral and burial will be at Fort Wayne.

Federal Child-Conserving Work

Is Urged in Address by President of National Conference for Education of Truants, Delinquents, Dependents.

St. Louis, Mo., May 17.—In his presidential address to the National Conference on the Education of Backward, Truant, Delinquent and Dependent Children, Mr. O. E. Darnall, superintendent of the National Training School for Boys, in Washington, D. C., made an appeal for a country-wide agitation in favor of a number of bills now pending in Congress. President Darnall said in part:

"With the coming of Cain into the home of Adam and Eve a peculiar responsibility concerning mankind was transferred from God to man. With the evolution of the agencies of mankind it has been found necessary that this responsibility be shared by the home (parents), society and governmental authority. At no time since the birth of the first child, perhaps, has so much stress been placed upon the child, its rights and duties, as at the present time, and in no country in the world have such advance steps been taken in the conservation of childhood as in our own."

"The initiative in governmental child-conserving work has usually been taken by local governments. The great interest taken in this work by country and state governments being a logical sequence.

"As an individual is not only a citizen of the local community in which he claims his residence but a citizen of his country and state, he is also a citizen of the United States, and the federal government must be and is interested in those things which make for better citizenship. While our local, county and state governments have done admirable work in all lines looking to a better, stronger and saper citizenship growing out of properly protected and directed childhood, we should not underestimate what the federal government has done, is doing, and we believe will do, for this great class of our little citizens. There are some things which perhaps the federal government cannot do because of constitutional limitations, but there are in addition to what she has done many things which might be done.
