

JIM JEFFRIES IS IN SPLENDID FORM

If He is Not He Has Fooled
Some of the Best Ex-
perts on Coast.

WHAT CHOYNSKI THINKS

CAMP IS WIDE OPEN TO INQUI-
SITIVE VISITORS, WHO MAY SEE
FOR THEMSELVES HOW THE
BIG FELLOW IS.

BY ED SMITH.

San Francisco, May 21.—If Jim Jeffries is not in the best physical condition right now he has fooled some of the best judges of athletic form on the Pacific coast as well as the men in his immediate camp. But Jeff is not trying to fool anybody at all as far as his own form is concerned, for anybody who goes to the camp now is welcome to see and draw their own conclusions.

It was with considerable curiosity that I approached Joe Choyinski for a talk about the big fellow. Joe had then been in the camp for two weeks and looked a bit thin and drawn as a result of his labors.

"Mighty glad to have a chance to unburden my mind right now," Joe started off, when I asked him what he thought of the situation as far as James J. was concerned.

"But there is not much use of my talking to you about it, is there, after you have seen for yourself what he can do with Armstrong and me."

Nothing to Conceal.

"First of all let me tell you, as I have told some others, that there isn't a thing about this camp to conceal. All is in the open and free as a church and all are welcome to come in and look."

"Many people have come out here and friends of mine all over the country have come to me to ask if I would give them a confidential opinion of the big fellow. All have approached the subject as if it was a great big secret. 'It is anything but that. There isn't a thing to conceal. I know all there is to know about Jeff and his condition and am willing as he is to have me give it out freely and without stint to the public.'

"Jeffries has been as much of a relation to me as he is to anybody who comes here. He has strength and stamina, plenty of both to loan if that were possible. He has enough of it right now to make him ready for a fight and all that he needs is a polishing up of his speed."

"Do you think that if Jeff is called upon to make a long fight of it he will be able to last without wilting?" I asked the veteran.

Can Go the Distance.

"Look over what this fellow has done in his training and then give me one good reason for thinking that he won't," was the eager reply of the foxy old timer. "Yes, I know that argument about the 'real fight' and all that, how a man is apt to collapse when the real strain comes. Let me ask you a question. Isn't the other fellow just as apt to wilt under the strain as Jeffries, isn't he carrying just as much weight on his mind?"

"In my long experience in the ring I never have seen a man so absolutely tireless and immune to the ordinary effects of hard work. They keep on citing the many instances of fighters never coming back after a lay-off of this length of time. There is some good basis for the arguments. But let me tell you one thing that escapes the average man. I sometimes think Jeffries isn't really human, so tremendous is his capacity for work. That's what I really think sometimes."

"Johnson may be at this man but for the life of me I don't see how he is going to do it."

Choyinski did not find so much to do in the Jeffries camp as he had anticipated. The big fellow does not take orders from anybody. He knows what he needs to fit himself for the fight and maps out the daily routine himself, taking no plans from day to day or until such a time as he finds out how he is feeling, the state of weather, etc.

TWO TEXAS VISITORS

J. B. Earle and C. G. Davidson, of Waco, Texas, president and superintendent respectively of the telephone equipment of that city, were in the city yesterday investigating the automatic telephone system with the view of installing a similar system in Waco. They were greatly pleased with their visit and secured much valuable information.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herculide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herculide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herculide Co., Detroit, Mich. One dollar bottle guaranteed. A. G. Luken & Co., special agents.

INDIANAPOLIS WON

Indians Shut Out the Colonels
in Second Game of
the Series.

A BATTLE OF SOUTHPAWS

Indianapolis, May 21.—The Indians and Colonels played the second game of their series at Washington park this afternoon. Last night's rain left the field wet in spots, but the diamond, which had been covered, was dry. The threatening weather kept down the crowd somewhat. It was a battle of southpaws at the start, Halla and Graham being the pitchers. They worked against each other in the first game of the season at Louisville, and Graham won. Score and summary:
