

CORPORATIONS OF COUNTY ASSESSED

Work Along This Line Has Been Started by the County Board of Review.

DECREASES WERE SCARCE.

SOME INCREASES IN ASSESSMENTS MADE AND NO CHANGES MADE IN OTHER ASSESSMENTS—A PARTIAL LIST.

The Wayne county board of review started Monday on its work of assessing the corporations of Wayne county. The board devoted its attention to corporations of the smaller towns of the county. The assessment of a large number of corporations were raised because the board found that these concerns had acquired more real estate, more personal property and the like. There were a few instances in which the assessments were lowered, the reason being that the corporations had disposed of some of their property.

PITCHER HAS A KICK

John Fisher, the Noblesville pitcher in whom Richmond fans have been much interested, was in the city yesterday enroute to Wheeling, W. Va., where he will hold a conference with Manager Phillips. The management of the Louisville American association team has announced that it would dispose of him and has arranged to send him to Mobile of the Southern league, but this arrangement Fisher objects to. He wishes to go to Wheeling. He made an enviable record with the Wheeling team last season. His brother, Monroe Fisher is in charge of the newstand at the Pennsylvania depot.

Investigators Surprised and Pleased

Scores of Impressive and Convincing Proofs.

From the Fort Wayne "Journal-Gazette": A committee of investigators visited the Root Juice laboratory and were very much surprised at the enormous business the company is doing with the great medical discovery that is doing wonders for thousands of people throughout the world. The manager produced scores of letters of praise and thanks from people living in almost every part of the country, but the most impressive and convincing letters were from druggists of Indiana and Ohio. All spoke of the remarkable satisfaction Root Juice was giving their customers, and many of them wrote that their Root Juice sales were the largest of any medicine they ever handled. R. C. Wood, a druggist of Franklin, Ind., sent some testimonials from some of his personal friends whom Root Juice had cured. One of the testimonials reads like a fairy tale, but all were undoubtedly genuine and conclusive proof that Root Juice well deserves the great praise it is getting. It seems to cure the most stubborn cases of rheumatism and kidney trouble, and its healing and tonic actions on the stomach, bowels and liver, is usually so sure and rapid that all who suffer from indigestion and catarrh of the stomach and bowels, nervous weakness and general run down condition, after taking Root Juice a short while, praise the remedy and persuade their sick friends to try it.

ASKS INVESTIGATION

Senator Money Wants the Forest Lands Restored to Public Entry.

CONSIDER LORIMER CASE

(American News Service) Washington, June 8.—Senator Money of Mississippi today offered a resolution in the senate providing for the appointment of a committee of five with authority to investigate lands now under forest reservation and ascertain what part of them can be restored to public entry under the present law.

KNOUFF IS HONORED

At a final meeting of the student body of the Richmond high school yesterday afternoon in the chapel, Principal C. W. Knouff took occasion to make a farewell address in which he thanked the pupils and teachers alike for their co-operation and support. At the close of the speech, Ed Cox thanked the instructor for the interest he had shown in the students, and on behalf of the faculty and the students presented the retiring principal with a gold watch, inscribed in such a way that Richmond will never be forgotten. Principal Knouff resigned some weeks ago and leaves in a short time for Tacoma, Wash., where he will become principal of the high school.

MET A TRAGIC FATE

(American News Service) Lafayette, Ind., June 8.—Otto Hamphill, a brakeman on Monon train No. 72 died on the operating table after having both legs badly mangled by falling from an engine this morning in front of train No. 71, which was going in the opposite direction and on which his brother, George Hamphill was brakeman. Otto's partner, George Gallagher, was killed in a wreck at Lowell last Saturday.

DISCUSS TRAINING COURSE.

The advisability of establishing an industrial training course in the county schools will be discussed at a meeting of the township trustees of the county on Thursday at the office of County Superintendent of Instruction C. W. Jordan. Dr. C. I. Stottemeyer, of Jefferson township, will read a paper on the subject and Dr. F. S. Klensie of Greensfork, will lead in the discussion.

FACTORY WILL BE DEDICATED SOON

Arrangements Made for Celebration in Beallview Thursday, June 16.

PROGRAM NOT ANNOUNCED.

A NUMBER OF THE BEST KNOWN RESIDENTS OF THE CITY WILL BE CALLED UPON TO MAKE A FEW REMARKS.

Arrangements for the dedication of the National Automatic Tool Works factory in Beallview on Thursday evening of next week were made at the meeting of the directors of the South Side Improvement Association last evening. The program has not been announced but the arrangements so far completed provide for addresses by many known citizens and officers of the association. The program will also include a review of the building, which is located on the C. C. & L. R. R. and South N. streets.

Those who will speak at the celebration include Judge Henry C. Fox, of the Circuit Court, Mayor W. W. Zimmerman, William Dudley Foulke, P. J. Freeman, Wilfred Jessup, William H. Kelley and W. S. Boekhoff, president of the new factory. Invitations have been extended to the city officials and to every commercial organization in the city to attend, and the official of the improvement association are anticipating a crowd of five or six thousand persons.

President A. W. Blickwedel announced the following committees: Program—Matt Von Pein, Hans Koll, John Hanseman and Adolph Blickwedel.

Refreshments—Anton Stolle, John Knollenberg, Peter Geier, Ed Temme, Henry Bode, Curt Behring, Fred Miller, Gus Kennepohl, Conrad Zwissler, Hans Koll, Cash Beall, Joe Kutter, Matt Von Pein, and William Haberkorn.

Dancing and Music—John Hanseman, Harry Steinbrink and Emil Steen.

WETS IN BAD SHAPE

It Appears Jackson Township Liberals Are Doomed to be Defeated.

HINTS OF FRAUD HEARD.

Although no prediction has been made by the liberals of Jackson township as to their success in challenging signatures to the blanket remonstrance petition, it was stated by a representative of the temperance organization that so far as could be ascertained the "wets" had opportunity to have but one name removed. The signature was that of a minor.

A former county official who kept out of the fight, after looking over the petition said that he believed there was a large number of names which the liberals might successfully remove. Some of these signatures were signers who had not lived in Cambridge City for years. He cited another instance of the name of a man who has been in a semi-comatose condition for several weeks. This man is reported to be a signer.

The petition will be acted on by the county commissioners on June 15. The liberals have announced that unless they believe they can successfully challenge enough names to reduce the number of signatures to less than a majority, they will make no further effort to defeat the petition.

DIVORCE AND CUSTODY.

Suit for divorce and custody of one child, age 10 years, was filed in the circuit court this afternoon by Mrs. Jeanette Beatty against Peter Beatty. Cruel and inhuman treatment are averred. They were married on December 1, 1901. The defendant is alleged to have abandoned the plaintiff on August 5, 1907.

R. R. ASKS FOR NEW TRIAL.

A new trial has been asked by the Pennsylvania railroad company in the damage suit instituted by Earl Cotman, a ten-year old colored boy. The boy was awarded \$300 damages by a jury in the circuit court recently. He was injured last fall at the Sixteenth street crossing by being struck by an engine.

TO LET CONTRACTS

Four Bridge Awards Will be Made by Commissioners on Saturday.

PLANS HAVE BEEN FILED

Four bridge contracts probably will be let on Saturday by the County Commissioners. Attention was given the matter by the commissioners this morning, plans and specification being filed by the representative of a bridge company at New Castle. These bridges were ordered constructed this spring by the last board of County Commissioners.

The four bridges are the Thompson bridge, Boston township; Ballinger bridge, Perry township; Cook bridge, Clay township; White bridge, Franklin township. The Thompson bridge is to be located over Elkhorn on the Thompson road in the northern part of the township. Trustee Porterfield, of that township, is urging the immediate construction because it will open up a useful road and also a large gravel pit, which is now little used because it is difficult of access. The bridge plans call for a sixty-foot arch of reinforced concrete.

The Ballinger bridge is south of Economy in Perry township. The plans call for a twenty-foot reinforced arch, constructed on a abutment of thirty degrees. The Cook bridge is to be located South of Greensfork and the plans show a thirty-foot reinforced concrete arch. The White bridge is the largest of all. It is proposed to replace the bridge which now crosses the East fork of the Whitewater river, near Whitewater with a ninety-foot reinforced concrete span bridge.

LICENSE GRANTED TO ROBERT ASHE

Merely a license, not a franchise, was granted by the county commissioners to Robert S. Ashe today to use the highways of eleven of the townships of the county to construct electrical lines. The license is revocable at any time. The commissioners advised with County Attorney John F. Robbins before granting the license and he said that the county's interests were sufficiently protected.

The license says in part: "The board of county commissioners grants the full right, power, authority and privilege, as completely as said board can so grant, to erect, construct, equip, maintain, perpetuate, operate poles, standards, wires, conduits, electrical equipment over the highways of the townships of Center, Washington, Jackson, Harrison, Clay, Greene, Jefferson, Dalton, Perry, Webster and a part of Wayne."

In order that there would be no misunderstanding over the power of the commissioners to revoke the license Attorney Wilfred Jessup, representing Mr. Ashe, made the following insert: "And in event the same shall be revoked, or rescinded, the said Robert S. Ashe, his successors or assigns, agrees to at once, upon notice, remove all poles, wires and other apparatus, forming a part of said system from said highways at their own expense."

VIEWERS ARE NAMED

On petition of the South Side Improvement association and several others, the county commissioners today appointed viewers to investigate for the proposed extension of South Eighth street and an alley between South Seventh and Eighth streets, to South Q street. The extensions are about 85 feet long. They pass through property formerly possessed by John Burbank, deceased.

R. R. ASKS FOR NEW TRIAL.

A new trial has been asked by the Pennsylvania railroad company in the damage suit instituted by Earl Cotman, a ten-year old colored boy. The boy was awarded \$300 damages by a jury in the circuit court recently. He was injured last fall at the Sixteenth street crossing by being struck by an engine.

THOUGHT YEGGMEN WERE IN RICHMOND

Stolen Horses and Rigs Found Here May Have Been Used by Robbers.

TRY ROBBERY AT LIBERTY.

EFFORT MADE LAST EVENING TO BLOW POST OFFICE SAFE IN THE LITTLE TOWN—RIGS TAKEN AT LOTUS, IND.

Yeggmens who attempted to blow the postoffice safe at Liberty last evening are believed to have come to this city and then made their escape by train. Two horses and buggies which were stolen from J. J. Lee, Lotus, Ind., early today were found in South Richmond and the authorities have every reason to believe that the outfits were stolen by the yeggmens. The authorities have a clue which may lead to the arrest of the men.

The attempt on the postoffice safe was unsuccessful. The drilling had been completed when the yeggmens were evidently frightened away, for they left a few tools, but had not fixed the charge. The postal authorities did not discover that an attempt had been made on the safe until this morning.

The stolen outfits were found in a barn near the Stolle storage house, and in the creek bottom this morning. The two horses and the best buggy were placed in the barn while the other buggy was run down the hill into the creek. The horses were old and showed the effects of a hard drive. Mr. Lee returned with his property this afternoon. He said that he discovered the animals had been stolen about 1 o'clock this morning. The local authorities were notified at once but did not see the yeggmens enter the city.

Throw a ray pills and strong cathartics which are violent in action, and always have on hand Dr. Caldwell's Syrup Pepsin, the guaranteed cure for constipation and all diseases arising from stomach trouble.

TIME LIMIT IS UP

Farmers who received credit for their taxes by working on the township roads, but who have failed to turn in the receipts to the county treasurer will be losers. County Treasurer Albertson announced this morning that the time for cashing the receipts was past as the regular spring settlement had been made with the auditor. It is said that only a few farmers neglected this.

ROUGH ON EVERETT!

An order was made today by Judge Fox against Everett Bradford instructing him to pay into the Circuit Court \$20 for the prosecution of the divorce case of his wife, Ethel.
