The New
1910 Model

The 1910 Standard Hot Point Iron is essentially the same as in former years. All the distinctive features on which this iron has built its reputation have been retained. The appearance however, has been very much changed. This is principally owing to the fact that the cover of the iron is made of pressed steel and highly polished.

We have retained the "Cool Handle," the "Hot Point" and the "attached stand" features.

It is SIMPLICITY ITSELF—tests show that this iron is by far more efficient than any former model. Any one who has had experience with the using of the hot point iron of former years knows that this means THE 1910 STANDARD HOT POINT IRON IS the most efficient iron on the market today.

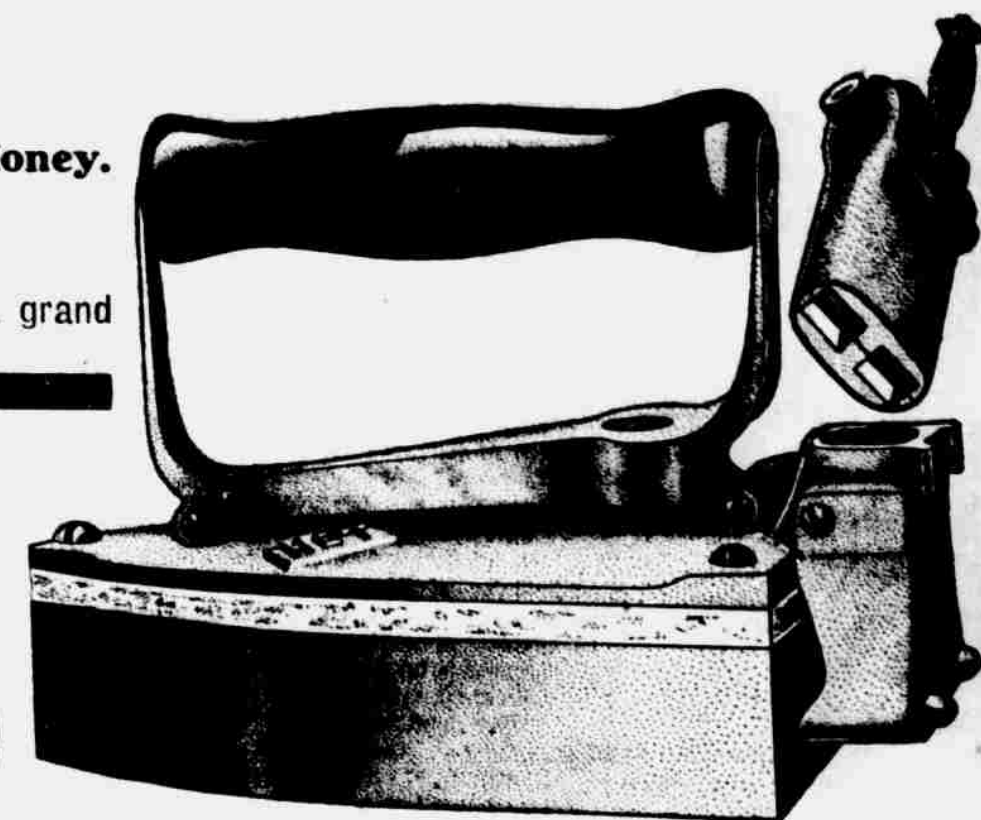

The heat is still held in the working face of the iron by a heavy asbestos mat as in former years. This mat is enclosed by the pressed steel cover. This means very little heat wasted. ITS THE SAME STYLE IRON ONLY IMPROVED AND ITS COST IS

who are light housekeepers—who send their washing out, but prefer to iron those dainty and expensive pieces at home. It is a big convenience to the women on the stage—to the women who live in cottage hotels—to the women who live in flats. Useful in every way, for heating water, for curling, and for touching up a trunk wrinkled costume. Quickly it makes a cup of tea or chocolate—sometimes used for regular cooking. It is light, takes up little room in trunk or traveling bag.

Uncle Sam Will Stage Big Show
To Promote Sane Fourth Methods

Gigantic Military Tournament Will be Held in Chicago and
Several Regiments of Regulars Will Participate.

Chicago, June 9.—Chicago's coming same Fourth celebration and United States military tournament has lately assumed proportions that command national interest. Aside from being the inaugural celebration whose purpose is to turn the flood of patriotic excitement on our national birthday into rational channels, the military tournament is attracting almost equal attention since it now develops that it will be far and away the largest ever staged by Uncle Sam for any city and will comprise a comprehensive exhibition

of every branch of the regular army in action.

Independence day in Chicago will be inaugurated by a monster historical and patriotic pageant in the morning.

DON'T GET RUN DOWN

Work and miserable. If you have kidney or bladder trouble, don't let it ruin your life. Get a pack of Mother Gray's AUSTRIAN-LEAF, the pleasant herb cure. It never fails. We have many testimonials from grateful people who have used it. Ask for Mother Gray's Australian-Leaf at drug stores or sent by mail for 50 cts. Sample FREE. Address, The Mother Gray Co., Lehigh, N. C.

Numerous floats will be shown illustrating momentous events in our history and also the various race elements which have become a part and parcel of our nation. This pageant or parade will in all probability be the largest and most elaborate given in any city and many of the floats will require weeks of work in construction. Men and women appropriately costumed will ride on the floats and every detail will be historically correct so that the parade will be a remarkable history lesson in itself.

In the afternoon the crowd will wend its way to the lake front where on a wide strip of ground fronting on the lake the opening exhibition of the military tournament will be given at 2:15. For weeks before the Fourth, soldiers will be pouring into Chicago from all parts of the United States and will immediately go into camp at Grant park, the locale of the tournament. By the Fourth several thousand soldiers will be encamped at Camp

Dickinson (this is to be the name of the encampment in honor of the secretary of war) and there will be a representation of each branch, infantry, cavalry, artillery, signal corps and aviators. The orders issued from the war department provide for the assembling of the following troops at the camp:

Tenth infantry, headquarters, band, twelve companies and machine gun platoon, from Fort Benjamin Harrison, Indianapolis, Ind.

Twenty-sixth infantry, headquarters, band, eight companies and machine gun platoon from Fort Wayne, Detroit, Mich.; four companies from Fort Brady, Sault Ste. Marie, Mich.

Twenty-seventh infantry, headquarters, band, twelve companies and machine gun platoon from Fort Sheridan, Ill.

Twenty-eighth infantry, headquarters, band, twelve companies, and machine gun platoon from Fort Snelling, Minneapolis, Minn.

Fourth cavalry, band and four

troops from Fort Meade, S. D.

Sixth cavalry, headquarters, band, twelve troops, machine gun platoon from Fort Des Moines, Ia.

Fifteenth cavalry, third squadron, four troops from Fort Sheridan, Ill.

Battery C, Fourth Field Artillery (mountain) from Fort D. A. Russell, Wyoming.

Battery F and band, Fifth Field Artillery from Fort Sheridan, Ill.

Battery A, Signal Corps from Fort Leavenworth, Kansas.

Detachment of Signal Corps with army aeroplane from Washington, D. C.

Companies L and K, Engineer Corps with pontoon train, bridge building materials, field searchlight, engine and generator from Fort Leavenworth, Kansas.

Company C, Hospital Corps from Fort Niagara, N. Y.

Detachment of cooks and bakers from the school at Fort Riley.

REFUSES TO TESTIFY

Louisville, June 9.—When the wife of former Janitor Wendling was called before the coroner's jury today she refused to answer questions on the advice of her lawyer. Wendling is wanted in connection with the murder of little Alma Kellner, whose body was recently found in the basement of St. John's Parochial School.

Since the introduction of taxicabs in New York city four years ago, the time honored hansom has been gradually disappearing from Manhattan's streets. Of the hundreds of these vehicles that were at one time a feature of life in the busy city only a few remain.
