

## FRIDAY A LARGE CLASS GRADUATES

Seniors of St. Andrew's High School Hold Commencement That Evening.

YEAR A SUCCESSFUL ONE

AND INDICATIONS ARE THAT NEXT YEAR THE SCHOOL WILL HAVE AN INCREASED ATTENDANCE—THE PROGRAM.

Annual commencement exercises of the high school department of St. Andrew's parochial school will be held on Friday evening at the chapel of the school building, Fifth and South C street. The class will include eight graduates and the commencement promises to be one of the best ever given. The graduating class will have charge of the program, each graduate reading an essay or rendering musical selections.

The work during the year has been very successful. Indications are that next year the school will be more largely attended. An admission fee of 25 cents will be charged tomorrow evening in order to defray the expenses of the commencement, the program for which is as follows:

## TWO INMATES DEAD

A. Henry and J. Smith, at the County Infirmary, Both Died Yesterday.

HUNT FOR FORMER'S KIN

Two deaths of inmates who have been at the county infirmary for several years occurred yesterday. Alvin Henry, age 32, who has been there since 1893 died as the result of dropsy which set in after a long illness from gangrene poisoning. John Smith, who has been an inmate for the last eleven years, died from paralysis of the throat.

Henry was one of the oldest inmates of the infirmary. For several months he had been suffering from gangrene poisoning and his death was not unexpected. He was sent to the institution by the Wayne township trustee serving in 1893. He had three children, Oscar E. and James F., of this city and Mrs. Jennie Addleman of Columbus, O., none of whom have been informed of their father's death by Infirmary Superintendent Meek, owing to inability to locate them.

Since his admission to the institution Smith has been afflicted with epilepsy. This was but a contributory cause to his death. His body will be turned over to a brother, George Smith, living near Hagerstown and burial will be in the cemetery near that place. Henry will be buried at the pauper cemetery in Centerville.

## CRACKS AT J. BULL

U. S. Representative at The Hague Makes Eagle Scream in Speech.

HE GIVES OPEN DEFIANCE

(American News Service)  
The Hague, June 23.—The arbitration tribunal that is hearing the arguments of counsel for England and America in the Canadian fisheries dispute was startled today by the speech made by ex-U. S. Senator Turner as two days ago. In what was tantamount to an open defiance of the claims of Great Britain, he said: "The United States insists that the right to fish subject to the will and pleasure of Great Britain is no right at all. Great Britain will never be allowed to set at defiance the wishes of the United States of America."

ICE CREAM FESTIVAL.

The Christian church at Bethel will give an ice cream festival on Saturday evening. Col. C. E. Wiley of this city is in charge of the arrangements. The receipts will be used for the benefit of the Sunday school.

## KETCHELL IS HERE

And the Cousin of the Famous Stanley Will Spar at the Coliseum.

TRAINING NORTH OF TOWN

Enroute to Reno, as many another good scrapper finds himself these days, Charley Ketchell, cousin of Stanley, is going to stop off in Richmond just long enough to show the stay-at-homes what the big mill will be like. He arrived last night with his manager and assistant manager and training partner, touring en suite to the Saginaw state, and has established training quarters on the banks of the babbling brooks by Hawkins Springs. There he will work out, spar, run and worry a punching bag, and on Wednesday night of next week he will appear before the fight bugs of Richmond in a ten-round sparring match with Howard Wiggam, of Indianapolis, known throughout Hoosierdom as the redoubtable "Kid." The exhibitions will be pulled off under the auspices of the Richmond Athletic club at the coliseum, and has been sanctioned by the police, according to the manager and assistant manager and sparring partner, as being not a prize fight but an interpretation, Marquis of Queensbury. Each morning at seven, Ketchell and his manager and assistant manager and sparring partner begin the day's training by running from the Y. M. C. A. to the training quarters. The "go" will not end with a decision, everyone being left free of referee's prejudices to form his own opinion.

Charley Ketchell and his manager and assistant manager and sparring partner will then journey further towards the B. F. which means, besides "Big Fight," a number of things.

## LION PROVED LAMB

Dalton Man, Who Boasted He Would Never Be Arrested, Is in Custody.

WANTED AT HUNTINGTON

(Palladium Special)  
Dalton, Ind., June 23.—John Smith, a fugitive from justice from Huntington, Ind., was arrested here by Sheriff McCarthy of Huntington, and deputy sheriff Oscar Mashmeyer on a charge of contempt of court. He showed fight when cornered at the home of his mother in this place and drew a revolver, but was overpowered by Sheriff McCarthy before he had time to use the weapon.

Several weeks ago he was ordered by the court at Huntington to pay a certain amount for the support of his wife and six children. He fled and went to New Castle where he escaped arrest by "hot-footing" to Wayne county. He made it a boast among Dalton residents that he would never submit to arrest. However as soon as he was disarmed he was "meek as a lamb." He has not been able to work recently owing to a disease.

## APPEALS THE CASE

An appeal to the circuit court from the justice of peace court has been taken by Oliver Hodgkin, plaintiff in his case against Lee Fulghum on demand \$25. At the time of the trial in the lower court the defendant introduced a counter claim for \$100 and the court found in his favor.

AND THE ROCKS FLEW.

"Jack" Morrison was arrested and charged with assault and battery on Joe Jones this afternoon by Officer over what could not be learned, and Morrison rushed from a Main street saloon near Fourth street and picked up a rock striking Jones on the head with it. Jones rushed to police headquarters and made complaint. The wife of Morrison gave \$25 bond for his release. Morrison told Chief of Police Gorman that he should have killed Jones.

## WHEAT LOSING OUT

Prospects Are the Crop Will Be Unknown in This County Before Long.

CROP IS POOR THIS YEAR

Repeated failures, year after year, of the wheat crop in Wayne county is very discouraging to the farmers and it is predicted that in a few years a field of wheat will become a novelty. Judging from statements by well known farmers and millers, prospects for a crop this year are no more flattering than were the crops of the last few years.

Generally the wheat fields do not have a healthy appearance and moreover the wheat is very thin on the ground. Furthermore several farmers have said that prospects are the crop will ripen unevenly this year, some fields as much as three weeks in advance of the crop in general. These conditions foretell that the yield will be small and probably not of as good grade as has been raised in this community.

Were it not for the fact that a better stand of some hay crop can be obtained by planting it in the spring in with the wheat than it can be obtained in almost any other way, it is said that farmers would have abandoned the crop already. The diminishing acreage in wheat and the increasing acreage in corn and meadow land indicate the faith that the farmers have in hay and corn.

If this concerns you, read carefully: Dr. Caldwell's Syrup Pepsin is positively guaranteed to cure indigestion, constipation, sick headache, offensive breath, malaria and all diseases arising from stomach trouble.

## JUDGE A TRUE FAN

Eaton Justice Fines Ball Team Cent Apiece and Remits the Costs.

CONSTABLE ALSO A SPORT

(Palladium Special)  
Eaton, O., June 23.—When arraigned before Police Magistrate Joe A. Kennel on a charge of having violated the Sunday base ball law, the members of the Eaton team pleaded guilty. Attorney P. A. Saylor was present and asked for leniency of the court explaining that many who attended were far better off morally, because the game was conducted quietly and without boisterousness. He further stated that the law providing against baseball on Sunday was of the "puritanical blue" kind and not applicable in this day of civilization. Following Saylor's plea Kennel assessed a fine of one cent and costs to each member, but remitted the fine and threw off his individual costs in the case. Constable Wagoner, arresting officer, not to be outdone by the liberality of the magistrate, arose and stated that he would not charge anything for his services. Arrest of the teams was made on an affidavit sworn to by Manager C. A. Bennett.

## GIVEN A RECEPTION

Mr. and Mrs. Albert Conrad of 238 South Thirtieth street tendered their cousin, Mr. George W. B. Conrad and his bride, who have just returned from their wedding trip to New York and Boston, a delightful reception at their beautiful home last night. The house was beautifully decorated for the occasion and there were about forty guests, who were introduced to Mr. Conrad and his bride by Mrs. W. B. Arnold. A mass of roses, carnations and evergreens presented the appearance of a large bell over the dining room table. Mr. and Mrs. Conrad were the recipients of many hearty congratulations and have received many useful presents.

The out of town guests were Mrs. E. J. Cox and daughter, and Miss Zenobia Cox of Cincinnati.

## TROUBLE IN CHINA

Foreigners in Sunflower Empire Fear Another Boxer Uprising Soon.

WOMEN LIVE IN SUSPENSE

(American News Service)  
Washington, June 23.—All foreign legations in China are in immediate danger and the rumored boxer uprising is a menace to every white person in the empire, according to Mrs. Barnett, wife of Col. George Barnett, U. S. M. C., stationed at Pekin.

Mrs. Barnett reached Washington today on her way to her estate in Virginia, after two years stay in China. She declared emphatically that the boxer trouble has only commenced, and that if they should attack the legations no foreigner would survive. "No one knows what would happen," said Mrs. Barnett. "The European and American ministers to China know nothing. The imperial government is non-committal. But one thing is certain, the trouble has just begun. Every foreign woman in China is living in constant suspense. The men, even, are apprehensive. They know that if the uprising comes the legations would have little chance. It would be wholesale slaughter."

## WHY BIG MILL IS TO BE ON SQUARE

Neither Jeffries or Johnson Can Afford to Make the Fight a Farce.

FRAMEUP IMPOSSIBILITY

NEGRO WOULD DEMAND QUARTER OF MILLION TO LAY DOWN—WHO WOULD RISK GETTING THE "DOUBLE-CROSS?"

By TOMMY CLARK.  
All the talk about the big fight not being on the level is calculated to make an observer of sporting affairs seasick with disgust. Let's get together, brethren, in this quiet corner and reason the thing out calmly, as sensible fight followers ought to.

Why should Johnson lay down? He has everything to gain by fighting to win and very little to lose. He is the first colored man in the history of pugilism to hold the undisputed heavyweight championship of the world, and the glory of being the title holder

Photo by American Press Association.  
LATEST PICTURE OF JEFF SHOWING HIM THROWING MEDICINE BALL.

means more to the negro than any amount of money. If he defeats Jeff it means that he will be the idol of his people and a celebrity of world-wide fame. He also knows that his income will be a large one for many years if he continues as champion. No stipulated amount, no matter how big, would represent anything in particular to him, not nearly so much as the glory that would be his with victory and the revenue that would go with it.

Those who figure that the fight is a frameup for the white man to win because it can be manipulated better that way from a monetary standpoint might do well to stop and think what an enormous sum of money it would be necessary to offer even to tempt Johnson, granting that he would so much as consent to listen to such a proposition.

Johnson stands to make from \$100,000 to \$300,000 in the course of a year or two in the event of his winning. It would therefore take twice that sum to make a bid even tempting. Where is there any man who would offer a quarter of a million or more with only the assurance of one man that he would not be double crossed?

Although Johnson has felt the pangs of hunger and was without means to gratify his appetite many times in the old days, still he does not seem to know the value of money. If he were strapped at the present time he might be induced to lay down, but there is little to tempt him while he is in prosperous circumstances. Johnson is an easy going negro who believes in spending his money freely and is not stingy or grasping.

Now, here is the Jeffries side of it: No one who has ever come in contact with him or who even knows him by reputation would give a second thought to the suggestion that he would lay down to an opponent. Jeff may be a tightwad and passionately fond of money, but he has never shown the slightest inclination to make money dishonestly. When Jeff was at the height of his career he could always be depended on to do his best, was always in condition and, above all, strictly on the level. This is the most important battle of his career, and for any one to think he would consent to throw down his friends is the worst kind of tommyrot.

Therefore there is no reason for any one to figure that the coming big battle will be decided other than on the merits of the contestants.

If the fight is a fake the pictures will be worthless. If it is a good fight they will be worth \$500,000, if not more. So you see that Rickard has to protect his own interests in every way in his power. In fact, it is unjust to reflect on Gleason or Rickard by even suggesting prearrangement. You jot this down in your little notebook—the big mill is strictly on the level.

There is no medicine so safe and at the same time so pleasant to take as Dr. Caldwell's Syrup Pepsin, the positive cure for all diseases arising from stomach trouble. The price is very reasonable—50c and \$1.

## LANDIS THREW OUT GOVERNMENT CASE

But Orders Grand Jury to Meet and Probe More Deeply Into the Matter.

RUMOR OF SCANDAL HEARD

HINTED THAT CASE AGAINST ALLEGED PACKERS' COMBINE WAS DRAWN FAVORABLY TO THE DEFENDANTS.

(American News Service)  
Chicago, June 23.—Judge Landis today threw the government's case against the National Packing company and subsidiary concerns out of court and ordered a special grand jury summoned. There is to be a more thorough examination. Judge Landis apparently believed the case against the packers was framed favorably to the packing interests. His sudden move was a shock to the district attorney. "The indictment," said Judge Landis in rendering the decision, "sets forth the defendants' formed a combination in restraint of trade within the specified three years, but there is a fatal omission; the bill fails to specify that the defendants were engaged in interstate commerce during that period, and combined in restraint of trade. The court cannot supply the omission."

## MARKET A GOOD ONE

The best market held at the East End market place so far this year was that of this morning. Practically everything which is usually in season at this time of the year was displayed. The gardeners are much pleased and say that vegetable produce is very plentiful. The prices are about the same as they are ordinarily at this time of the year. However with cherries the price is much higher, due to the freeze this spring killing almost the entire crop, but the quality is excellent.

## SCALE HURTS TREES

Prevalence of San Jose scale in the orchards of the county and particularly in the fruit trees in this city is causing the owners considerable anxiety. The disease was discovered a few years ago in the orchards in California and since has spread to all parts of the United States, but only within the last two or three years has it made inroads in the orchards of this county.

The Happy Family Circle.  
Father and mother, sisters and brothers, soon get to know one another's intimate affairs, and the little bowel and liver disturbances soon become household common. It is well to remember that in constipation and indigestion, and other troubles of the stomach, liver and bowels a quick cure can be had by the use of Dr. Caldwell's Syrup Pepsin. Take it tonight and you will feel perfectly well in the morning. Price only 50 cents and \$1 at druggists.

## WOMAN BALLOONIST

(American News Service)  
London, June 23.—Mrs. Assheton Harbord today won the title of champion balloonist of England by traveling 115 miles in a race that started from Hurlingham. Mrs. Harbord covered thirty miles more than any of her opponents in the race, descending at Beccles. At times she rose to a height of 7,000 feet and when the balloon descended she was on the verge of collapse from cold, having to be assisted from the car.

## SHANK IS DEFEATED

If checkers is the qualification, assistant fire chief Walter Paulus should be mayor of Indianapolis instead of L. S. Shank. Three "hot" games were played by the two this afternoon at the city building and in each Mayor Shank was an easy victim. There will be plenty of material for conversation at the No. 2 hose house for the next few weeks as a result of the games.

## START A LITTLE HOME FACTORY

A New Book Creating Widespread Interest

This new book is being circulated widely throughout the country by The National Home Products League, an organization for the promotion of the welfare of the home, advancing plans and ideas whereby women may earn in the home without seeking employment in mills, factories, stores or shops. The purpose of the book is to familiarize women with such methods as they are now using to earn a livelihood. It is creating widespread interest in the entire subject.

Mrs. Alden tells women how to earn money in womanly ways. One is struck by the number of original and novel occupations mentioned. Its value in every home from Maine to Oregon will be more than transient. It is breezy and inspires confidence and women will find it a comfort to have in the home. There is hardly a woman who may not some day be called upon to earn and this book may save many an anxious hour.

The first efforts of this organization is to deal with home manufacture of goods which can be sold by the maker in her own locality, without the aid of the selling organization of the League. Later the manufacture of articles in the home to be sold widely through the League is to be taken up.

Those who are interested in earning who wish to corner the making and selling in their own locality, articles of home manufacture, will receive full information by writing to The National Home Products League, 277 Broadway, New York City.

If the book, "Women's Ways of Earning Money" is of interest, the cloth edition may be secured by mailing \$1.00 to the League.

One of the profitable lines of manufacture advocated by the League, is the treatment of any inexpensive cotton cloth with a waterproof fluid, then making in the home waterproof aprons, overalls, rain coats, hay covers, wagon covers, rain curtains for carriages and automobiles, folding water buckets and bath tubs.

The cost of waterproofing cloth by such methods does not exceed two cents per yard and produces a material superior to any other to be had and very light weight. There is a great local demand for such goods, especially when they can be sold at only a fraction of the cost of rubber material or rubber substitutes, which are usually very heavy in weight and last but a short period of time.
