

STRIKE IMMINENT ON PENNSYLVANIA

Labor Leaders Announce That
Call Is Likely to Be Is-
sued Tonight.

AFFECTS FORTY THOUSAND

BOARD OF DIRECTORS OF PENN-
SYLVANIA COMPANY APPROVES
ATTITUDE OF OFFICIALS TO-
WARDS EMPLOYEES.

Philadelphia, July 15.—Following a conference of the leaders among the Pennsylvania employees, the declaration was made this afternoon that the strike call would be issued tonight if word is received from Pittsburgh that the officials of the lines west had denied the demands made upon them. This practically means that the strike will be commenced, for the board of directors of the Pennsylvania railroad company in special session this morning passed a resolution approving the position taken by the executives of the road in relation to the employees' requests for increased wages.

It is said that the Pennsylvania railroad may seek to avoid a strike through the Erdman law. If the strike is called, forty thousand men will be involved, including the lines west of Pittsburgh.

The Arbitration Here.
Should a strike be declared by the committee of six in whose hands the matter of arbitration now is, it is said by local members of the union that the strike would not be as general as the vote might indicate. There are many employees in all departments who are not affiliated with the Brotherhood, while several of the older members have opposed the strike from the start.

Superintendent Nettleton Neff said at noon that he had nothing to give out.

AFRAID OF THE DARK

But This Hundred-pound Hus-
band Did Not Fear His
Wife at All.

REFUSED TO RETIRE EARLY

Because his wife told him he should go to bed early, Lonnie V. Cole, a farmer living north of the asylum, slapped her and then grabbed a club. Neighbors hearing the screams of the children, rushed in and prevented further chastisement. Mrs. Cole came to the city and filed an affidavit against her husband. Cole, who is a small man, not weighing over a hundred pounds, said he was thirty-six years old and had been married seventeen years. The Coles came from Virginia last October and live on a nine acre farm. He admitted slapping his wife but said he did not intend to hit her with the club. He said both he and his wife have hot tempers.

WITNESS FAILS TO APPEAR.

Harry Ryle, colored, who is in the county jail awaiting trial for highway robbery will be released on Monday owing to the absence of the prosecuting witness, Richard Hill. Hill is in the east and it is doubtful whether he will appear on Monday. A motion to continue the case was filed this morning in the circuit court and it is probable that the charge will stand against Ryle and will be pushed if Hill ever puts in an appearance.

APPOINTED ADMINISTRATOR

Perfect Confidence

Richmond People Have Good Reason
For Complete Reliance.

Do you know how—
To find quick relief from backache;
To correct distressing urinary ills;
To surely cure sick kidneys?
Just one way—your neighbors know—

Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Richmond testimony.
David Hershey, 318 S. Thirteenth Street, Richmond, Ind., says: "I was troubled for some time by kidney complaint and the remedies I tried did not help me. Often I was hardly able to straighten on account of sharp, cutting pains across the small of my back and the least exertion or any cold I contracted caused the kidney secretions to pass too frequently. Doan's Kidney Pills, procured at A. G. Loken & Co's Drug Store cured me and at that time, I publicly recommended them. I now gladly confirm all I then said, as I still firmly believe that Doan's Kidney Pills are a splendid remedy for kidney disorders." For sale by all dealers. Price 50 cents. NO CHEAP DIAMONDS

Monopoly of the Trade Re-
newed in London for An-
other Five Years.

PRICE WILL BE KEPT UP

New York, July 15.—All hope of a break in the monopoly which controls the diamond output of the world was dissipated today, when Malden Lane diamond importers received cablegrams officially confirming a rumor that the contract between the De Beers Consolidated Mines (Ltd.) and the London Diamond Syndicate has been renewed for a period of five years, the old contract expiring the first part of the month. The renewal of the contract between the De Beers company and the London Selling Syndicate, together with the new agreement with the Premier Mine, places the price of diamonds absolutely under the control of the monopoly for the next five years.

According to agreement between the De Beers Consolidated Mines (Ltd.) and the London Diamond syndicate, the syndicate is bound to take the output of the mines and to sell a certain amount each year. In this way prices are kept up or increased. The only mines not under the control of the monopoly are the German South African mines, which produce small diamonds averaging less than one-third of a carat, and the London syndicate has, it is reported, attempted to gain control of their output.

Renewed activity in the diamond industry in this country, where over one half of the world's output of diamonds are sold, is reflected in the record-breaking imports for the fiscal year ending June 30. During that time more than \$45,000,000 worth of gems reached this country. At the Port of New York the total value of the gems for the fiscal year was \$44,885,067.25.

LEASE NOT WITHDRAWN.

A member of the company in charge of the Athletic park took the lease away from the Giants baseball team yesterday without consulting other members of the firm, claiming that the Giants owe some back rent. A meeting of the company will be held soon to determine whether the park shall be rented to the Giants for the remainder of the season. Robert Deviney, manager of the Giants, has games scheduled with the Dayton Reserves for next Sunday and the Springfield Reds, July 31. The team goes to Dayton on Tuesday for a game with the Reserves.

New York Police Fail to Find
Traces of Dr. Crippen
When Boat Docks.

CASE STILL A MYSTERY

SCOTLAND YARD DETECTIVES RE-
GARD CRIPPEN AS AN ARCH-
FIEND OF THE AGE—MANY
CLUES INVESTIGATED.

(American News Service)
New York, July 15.—Following the failure of the United States authorities to find any trace of Dr. Crippen or his stenographer, Ethel Clare Levee, on the steamer Lusitania, which docked this morning, a wireless network was started with a view to locating them on some other steamship now afloat.

London, July 15.—The investigation into the Crippen murder mystery has developed the fact that revolver shots were so frequently heard at the Crippen home on Hill-top Crescent, North London, that neighbors had ceased to regard them with alarm, although no explanation was ever forthcoming. Scotland yard detectives are now working on the theory that the Crippen home was a house of mystery, where many crimes were committed, and efforts are being made to connect the disappearance of many women therewith. The search for Dr. Crippen in London is also being prosecuted.

Crippen's first wife's death will be investigated, as the circumstances were peculiar.

WANT RETURN MATCH

Tex Rickard Says "There Is
One Good Fight Still
Left in Jeff."

RENO MAY STAR AGAIN.

Los Angeles, July 15.—According to Tex Rickard, at present a visitor in Los Angeles, "there is one good fight left in Jim Jeffries, and I'm going to try to bring it out."

This was the reply Rickard made to a reporter who questioned him on the report that he was here to secure Jeffries consent to a return match between the former champion and Johnson for next Thanksgiving day. "I have not as yet talked to Jeffries," continued Rickard. "Jeffries, Kipper and myself will start late today on a hunting trip. We expect to be gone several days. When I find Jeffries in a good humor I will propose a return match with Johnson to be pulled off in Nevada, probably in Reno, on Thanksgiving day. I believe Jeffries is a good match for the negro and I am willing to offer a good purse for another meeting between the two."

It is said that the "hunting trip" on which Rickard, Jeffries and Kipper will start, is a jaunt to Catalina Island, thirty miles off the coast from Los Angeles.
