

LAFOLLETTE IN AN APPEAL TO VOTERS

Wisconsin Senator Asks That Good Men Be Sent to the Next Congress.

FIGHTING MONEY POWER

HE WANTS MEN IN THE NATIONAL LEGISLATIVE BODY LIKE BEVERIDGE AND DOLLIVER—QUOTES LINDSEY.

(American News Service) Madison, Wis., July 22.—Advising the progressives in all political parties to unite in a common struggle against "Big Business," Senator La Follette in this week's issue of the La Follette's Weekly Magazine asks the people in the coming primaries and elections to "place true representative government on a higher plain than party fealty. Otherwise it will mean that you may vote for a party label and get not even a shadow of representation." Published as it is in the same issue with an article by Judge Ben E. Lindsey of Colorado urging every progressive democrat to lend his strength to the re-election of insurgent republicans "like Beveridge, La Follette and Dolliver." It is one of the first indications that Senator La Follette will attempt to arrange the progressives of all parties to fight the "Money Power" in politics.

"It is not a question of republican doctrine or of democratic doctrine," says Senator La Follette. "It is a question of getting the right man elected to office."

"For the issue today is not between parties. We are not engaged in a contest to determine whether democratic 'doctrine' or republican 'doctrine' shall prevail. It is a struggle between Special Privilege and Public Welfare. And good citizenship demands that the people present a united front against the common enemy. Republican Aldrich and Democratic Foster unite for Big Business. Democrat Fitzgerald and Republican Cannon join hands against the people. Why not, then, Mr. Progressive Democrat and Mr. Progressive Republican, stand together for the same cause of popular government?"

Vote for insurgents.

In a similar vein Judge Lindsey declares that he considers it "the highest duty of a Progressive Democrat to lend any strength he may have to the re-election of Insurgent Republicans."

"The real struggle is not between the two parties, as now constituted. It is between the people and privilege; and that contest is really between these contending forces within each of the old parties. There the struggle will go on until one or the other is free. Intelligent and patriotic citizens will therefore vote for the man rather than for the party, no matter what the politicians say."

"We are on the eve of the fiercest struggle since the Civil war—the new struggle between human rights and property rights, privilege and the people—and in such a struggle it is a part of the conspiracy of confusion by the special interests to use the slogan of party advantage against the man who rings true. To follow such a false trail is not only the height of folly but it is the height of treason."

"Consider it the duty of a Progressive democrat to support an Insurgent Republican who is already in congress and has stood against Cannonism and Aldrichism, even if that insurgent is opposed by a Progressive Democrat, who stands for precisely the same thing. In the first place, a Progressive Democrat has no business opposing an Insurgent Republican who is marked for slaughter by those interests whose unjust aggressions he dared to oppose. And where democratic politicians, for mere party gain seek the defeat of an insurgent republican, the democratic voters should rise above the appeal of partisanship and respond to the appeal to patriotism. They should rebuke those who would thus become the conscious or unconscious tools of pillage within their own party. They can do it best by voting so as to insure the triumph of the Insurgent republican, thereby standing best by their party, whatever its name. For after all the real party is not the name but the idea—the spirit of protest against pillage."

CHILDREN'S ILLS IN SUMMER

The hardest period of a child's life is during the heated term. It is then that the little men and women become so subject to stomach and bowel troubles. With one it manifests itself in the form of obstinate constipation, with another the very reverse—diarrhea. One is as bad as the other. Constipation makes the child lose appetite and sleep, makes it languid and sickly-looking. Diarrhea weakens

it and destroys appetite and energy. Piles, pimples, eruptions, itch, worms, etc. follow in the train until many a mother feels that her child is indeed very ill. But these are all troubles that can be easily cured. The child needs a few doses of a remedy like Dr. Caldwell's Syrup Pepsi, the grand laxative and tonic. Parents can make no possible mistake by giving it Syrup Pepsi, as the chances are always in favor of the child needing a laxative. It is sold in two sizes, 50 cents and \$1.00, and any druggist can supply you. It cannot be mentioned too strongly that parents should look closely after the welfare of the children during the hot months. If you would like to try it before buying send your address for a FREE SAMPLE BOTTLE to DR. W. B. CALDWELL, 400 Caldwell Bldg., Monticello, Ill.

The Caloric Makes Saturday's Baking Easy

Saturday with its endless baking and cooking, with the sweltering heat of a kitchen made almost unbearable by the stove which must be "hot enough to bake with" is the dreaded day of a woman's work day week. But the Caloric Fireless Cooker will make Saturday's work more like pleasure. Think what it would mean to be able merely to start your cooking and then go off and leave it with the knowledge that it can not burn, with the knowledge that you will find your food cooked—perfectly—when you are ready for it.

Cooking Without Heat

The Caloric way is the heatless way. Just enough heat to start the cooking and then the perfect insulation of the Caloric retains this heat until the food is perfectly cooked. No more steaming hot kitchens on Saturday if you use the Caloric, no more bending and stooping to watch the things that are in the oven, no more worrying about leaving them in too long, no more fallen cakes and underdone food.
