

WILLIAMS FORGED CHECK ON FATHER

But Terre Haute Young Man
Was Released, His Par-
ent So Requesting.

GOING TO SUMMER RESORT

AND WHILE WAITING FOR TRAIN
HERE HE HIT UP A FEW PAGES
AND PROMPTLY FELL IN HANDS
OF LAW.

For attempting to pass a forged check at Muth's saloon, Paul Williams of Terre Haute, was arrested here last evening. Williams told the bartender he wanted to cash a \$3 check but was refused. Then Williams left the saloon in company with C. H. Bidaman, a stranger here. Previous to this Williams had offered Patrolman Vogelsohn a cigar and as the officer had never seen him before he considered the action suspicious. Vogelsohn went to headquarters and put on citizen's clothes and when he returned to the saloon he found an attempt had been made to pass the check.

Williams was arrested an hour later at Sixth and Main streets by Patrolman Westenberg. When searched a check for \$50 signed by P. C. Williams was found. It was on the Keen National bank of Terre Haute. Williams admitted that the check was forged and said that P. C. Williams was his father and is a liveryman at Terre Haute.

Superintendent of Police I. A. Gorman immediately called up the elder Williams, who said, while the check had been forged he did not wish to prosecute his son. Young Williams had a ticket to a northern Michigan summer resort, where he is going for his health which is very bad. His father stated that he should be permitted to go to Michigan.

It is inferred the young man is mentally unbalanced and that he is not altogether responsible for his actions. He is now in the city jail but will be released today by Superintendent Gorman and sent on his way to Michigan. He had only a few dollars besides the check and ticket.

THE PYGMIES.

Curious Mode of Life of the Dwarfs of Rhodesia.

Of the pygmies of northwestern Rhodesia a modern traveler writes: "The Batwa stand about four feet high and are long armed, short legged and ugly, being unusually prognathous. The legs are disproportionately short, the feet large, and the body is covered with a sort of down. Both sexes affect a state of complete nudity. They have their own tongue, but usually know a little of the language of their big neighbors. No attempt is made to till the open forest glades. They depend for food on game and what they steal from the fields and plantations of the surrounding tribes."

"Though there are seven different tribes of pygmies, they appear to have no tribal organization. It is the custom for a group of families to attach themselves to a negro chief and in return for food to assist him to fight his enemies. The standard of morality of these little people is high, and, strange to say, they are remarkably intelligent."

"The wild beasts living in this forest are killed for food, even the elephant. Pitfalls, snares and heavily weighted spears are used, but their favorite way of hunting an elephant appears to be with bow and arrow. Poisoned arrows are shot into him, and the great beast is followed until he falls, when the little hunters camp around the body and feast on the carcass until it is finished."

Catch-as-catch-can.
She gave him a playful pinch on the cheek.
"New suit!" she exclaimed. "And what a beauty!"
"Rather nice, isn't it?" he agreed, surveying himself proudly in the glass. It was a spring suit of the very latest style. Even the editor of the Tailor and Cutter could have found no fault.

"And doesn't it fit well?" she cried. "Turn round. To a T! Lovely! It must have been expensive!"
He put his fingers on his lips.
His other hand wandered affectionately down a very pronounced crease, and his eyes filled with a look of pride.

"Hush!" he whispered. "Not so very! Five bob down and five bob every time the collector sees me first!"—London Answers.
Hoar and Everts.
On one of his later birthday anniversaries Senator Hoar wrote to William M. Everts and congratulated him upon his length of years. In his reply the aged lawyer said it brought to mind an old lady in New England who had occasion to write to a friend about some matter of trifling importance and when she had reached the end of the thirteenth page awakened to the fact that she had been rather diffuse and added, "Please excuse my longevity."

At Murray Theater Next Week

MR. FREDRICK LYLE
Stage Director and Stage Manager With Cutter Stock Company.

At Local Theaters

The Mae La Porte Stock Company.

The dainty Mae La Porte stock company which is now holding the boards at the Gennett with capacity houses, promises to prove before the week is over to be one more of Richmond's favorite companies and that certainly means a great deal. The company has a repertoire of about fourteen plays each one different from any other ever produced in this city. The play will be changed at every performance. Tonight "Hands, Not Hearts" will be given. A new play with special scenery and electrical effects and an entire change of vaudeville. The vaudeville carried with this company surpasses anything heretofore attempted by a stock organization, including Miss La Porte and her College Boys, and Billy Craig the boy with the baritone voice. There will be daily matinees every afternoon at two-thirty.

At the Murray.

Patrons of this popular playhouse appreciate the efforts put forth by Mr. Murray to keep his house cool in spite of the extreme tropical weather. A variety bill is offered this week and night. "Christmas at Higgins" is a fine comedy sketch with sufficient pathos to hold the interest of all. The lines are good, the music fine, scenery special as well as other features. Alburus and Altus introduce some novelties in the juggling line by putting in some clever work with the rebounding clubs and balls. James Boyd is a monologist so different from the usual run of talkers. Edmonds and Healy present their creation "A Day at the County Fair." The motion pictures are the latest and the best that can be secured. A new film will be put on tomorrow. Next week, the favorites, The Cutter Stock Company.

Next Week at the Murray.

The coming of the famous Cutter Stock Company has aroused more than usual interest among the lovers of repertoire organizations and next week will be a gala one as the posters for the Cutter Stock Company promise many new plays and added features. Manager Cutter has this season surpassed all previous efforts and has done what others dare not attempt and they all despairingly and despondently with doleful deference doff their caps to the captain of them all in the repertoire field, the famous Cutter.

VACATION MONEY

Why Not Take Advantage of the
VERY LOW RATES

and spend a few days with relatives or friends. If it's money you need, call on us. We will loan you any amount from \$5 to \$100, on easy weekly, monthly or quarterly payments. Your household goods, piano, horses, wagons, etc., will act as security. You do not have to ask a friend to go on your note if you deal with us.

60 cents is the weekly payment on a \$25.00 loan for 50 weeks. Other amounts in proportion.

If unable to call at office, write or phone. We will have our agent call on you.

An Apple Exhibit at Spokane Will Be Held Next November

(Palladium Special)

Spokane, Wash., July 27.—Six hundred and thirty boxes or 210 barrels of the best commercial apples exhibited at the third national apple show in Spokane, November 14 to 19, will win the sweepstakes prize of \$1,000 and a gold medal banner with the title of champion of the world for the owner, lessee or authorized agent of the land where the fruit was grown. The second prize is \$300 and a silver medal banner. Premiums of a total value of \$19,000 will be awarded in other contests ranging from 10 boxes each to a single apple. All competitions are free and open to the world, entries to close November 9.

In making the foregoing announcement, E. F. Cartier Van Dissel, chairman of the board of trustees of the National Apple Show, Inc., said that exhibitors may enter from one to six varieties, provided that each consists of at least 50 boxes, or he may show 630 boxes of a single variety, 580 boxes of one variety and 50 boxes of another or make any other division he chooses within the limits.

Mr. Van Dissel also announced carload competitions on seven varieties and one mixed carload, as follows: Winesap, Rome Beauty, Wagner, McIntosh Red, Jonathan, Yellow Newton and Spitzenberg. The mixed carload entries may consist of not less than 50 boxes of any standard winter variety to the number of 630 boxes in each display. The straight carload entries will be scored against all other exhibits in their class on variety. The first prize in each contest is \$250 and a gold medal banner, the second being \$100 and a silver medal banner. There will also be special prizes for the best packs. The carload prize-winners and district displays from various parts of the northwest will be exhibited in the First Regiment Armory, Chicago, November 28 to December 4.

Judges of international reputation will pass upon the exhibits shown in Spokane next fall, the chief points of consideration in making comparisons of value being as follows: First—Values of the varieties for

the purposes to which they may be adapted.

Second—Color, size and evenness of fruit.

Third—Freedom from marks of insects and blemishes.

Fourth—Apparent care in handling and taste displayed in the packing and arrangement.

Scoring points are thus apportioned: Quality, color, pack and condition, 20 each; size and uniformity, 10 each; possible 100.

The following points will be considered on box exhibits: Bulge or swell, alignment, height at ends; firmness and attractiveness, 4 each; possible 20. For barrels: Staves, hoops, heads and nailing, 2 each; possible 8 points. On packing: Facing, 6; tilling, pressing and packing 2 each, possible 12 points, total 20 points.

"The national apple show is not a money making enterprise in any sense of the term," said Ren H. Rice, secretary and manager of the organization. "In fact it costs the people of Spokane fully \$25,000 a year to maintain the institution. The first show in 1908 cost \$41,000, while the expense of the 1909 exposition, which was much larger, the display space occupying an area of three and a half acres, was \$42,000.

"The people of Spokane look upon these contributions as an investment in a project, which is designed to develop the apple industry, not only in the northwestern states and provinces but all over the continent; encourage perfection in growing and fix a standard for commercial apples. Another purpose is to bring the growers of the various districts together for the interchange of ideas.

"More than 1,000,000 apples were shown in 1908, while in 1909 there were 1,526,331. There will be more

HAD SCRATCHED FOR 28 YEARS

Till It Got to be Second Nature—
Suffering Endless and Without
Relief—Cuticura Made Skin
as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off of me all the time and my suffering was endless and without relief. A thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be free of what some of the doctors called leprosy, some ringworm, psoriasis, etc. I took and used sarsaparilla over a year and a half but got no cure. I cannot praise the Cuticura Remedies too much. They made my skin as clear and free from scales as a baby's. All I used of them was two cakes of Cuticura Soap, three boxes of Cuticura Ointment and three bottles of Cuticura Resolvent. If you had been there and said you would have cured me for two hundred dollars, you would have had the money. I was covered with the scales but by using Cuticura I was soon as clear as any person ever was. This was over twenty-two years ago and for a long time, through force of habit, I used to rub my hands over my arms and legs to scratch, but to no purpose—I was well. I had scratched twenty-eight years and it got to be a kind of second nature to me. Dennis Downing, Waterbury, Vt., November 27, 1909."

Cuticura is the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap and a box of Cuticura Ointment are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. 50¢ Mailed Free. 25¢ per Cuticura box, an authority on the skin.

The New Idea Spreader

It is Simple and Durable

The New Idea is simply made. There are no complicated parts, no delicate mechanisms to continually regulate and put in order.

The bed is a solid box strongly made and solidly built; the conveyor is of steel throughout and there is little wear and no breakage.

There are few parts to the distributor and pulverizer, just two levers are required to control and regulate the whole machine.

It will positively outwear any other and all other machines made.

It is a Perfect Pulverizer

Too many manure spreaders throw the manure out in chunks; they distribute, but do not pulverize. Again the New Idea is different. Instead of the single beater found in other spreaders the New Idea has two. These work together and the long, securely fastened, pointed, steel teeth tear and break up all bunches and chunks of manure that would be thrown out whole by any other spreader.

No matter how rounded your load may be the New Idea will distribute it evenly.

THE NEW IDEA COSTS NO MORE, IT LASTS LONGER, IT DOES BETTER WORK, IT WILL SAVE YOU MORE MONEY AND MAKE YOU MORE MONEY THAN ANY OTHER.

Jones Hardware Company

than 2,000,000 apples entered in the various contests next November. If these apples were placed end to end in a straight line they would extend a distance of 73 miles. The total value of this year's entries is estimated at from \$55,000 to \$80,000."
