SINGLE COPY, 3 CENTS.

SOCIALISTS NAME A COUNTY TICKET AT A CONVENTION

At the Present Time There Are Five Locals in the County and the Party is in Flourishing Shape.

STATE PLATFORM WAS ADOPTED YESTERDAY

Unalterable Opposition to the Doctrine of Individualism of the Capitalists is One of the Planks.

Socialists of Wayne County met in their county convention at the headquarters, 175 E. Wayne avenue, yesterday afternoon, adopted the platform recently adopted by the State Socialist convention and nominated a county ticket.

The three important provisions of the platform are as follows:

Platform Adopted.
"We declare unalterable opposition to the doctrine of individualism espoused by the capitalist class which grants to a few the right, through the private ownership of the tools of production and distribution, to appropriate to themselves any portion of the wealth which is the result of another's toil."

"We denounce this individualism as subversive to the very principles upon which the government is founded and declare it to be the very essence of Anarchism and the breeder of it."

"We assert that Socialism stands in direct opposition to the horrors of the capitalist system, to all anarchy, whether it be the individualism of the capitalist political parties, or the openly avowed doctrine of violence."

The ticket nominated was as follows: Joint senator, J. K. Ball, of Richmond; representative, Philip Franksman, Germantown; joint representative, A. E. Jones, Richmond; prosecuting attorney, Hugh L. Spink, Richmond; auditor, Clinton Nolder, Hagerstown; clerk of circuit court, Zephaniah Thomas, Fountain City; treasurer, Leonard Eldler, Richmond; sheriff, Earl W. Doddridge, Milton; coroner, R. L. Locke, Cambridge City; county commissioner, middle district, Samuel Sell, Abington; western district, Josephus Fall, Hagerstown; assessor, Mitchell Caswell, Cambridge City; surveyor, Elijah Dye, Richmond.

At the present time there are five organized Socialist locals in Wayne county, Richmond, Centerville, Hagerstown, Cambridge City and Milton.

DEBT NEARLY PAID

By This Time Next Year Odd Fellows Will be Out of Building Debt.

WILL HOLD CELEBRATION.

A report showing \$4,000 debt paid in 1909-10 on the I. O. O. F. building, will be made at the annual meeting of the stockholders of the association at the Odd Fellows' Hall, Wednesday night. The report will be made by Secretary Lawrence Handley and will also show the debt on the building to have been reduced to \$3,000.

The Odd Fellows are planning to pay the entire debt by the 1911 meeting, next July, and at this time will have a grand mortgage burning. Mr. Handley said today this affair would rival any celebration ever held by any lodge in Richmond. He thinks the chances for paying the debt before the 1911 meeting are excellent. Besides paying the debt of \$4,000 during the year just closing a four per cent. dividend has been paid to stockholders, including four subordinate lodges, Whitewater, Richmond, Woodard, and Herman and the Herman Rebekhas and Oriental Encampment. The total membership is approximately 300, in the subordinate lodges and 300 in the Rebekhas and Encampment.

The first I. O. O. F. building was bought at the corner of Eighth and Main in 1889 and two others, one west and the other south of the original building have been constructed since that time.

"There is absolutely nothing new concerning the proposed sale of the I. O. O. F. building," declared Mr. Handley, "and this will not come up at the meeting Wednesday."

FIND BODY ON LAWN

(American News Service)
Philadelphia, July 30.—The body of a woman who had been strangled to death was found today on the lawn of W. W. Justice, a wealthy merchant in the aristocratic section of Germantown. The woman's clothing indicated a desperate struggle.

MADRIZ HEMMED IN

Reported That Estrada's Army Has Got the Rival Army in a Corner.

THREATEN THE CAPITAL.

(American News Service)
Bluefields, Nic., July 30.—The Nicaraguan revolutionists have practically hemmed in President Madriz at Managua. The end of the struggle is believed to be near.

Telegraph wires between Managua and San Juan de Sur have been completely cut by the revolutionists. The latter point is a cable station. The revolutionary forces in control between Managua and Rivas are steadily gaining in strength.

On July 20 they defeated the Madriz troops at Matatepe a small town on the railroad 25 miles east of Managua, capturing a large quantity of arms and ammunition. The Madriz faction has suspended public service on the railway from Managua eastward and appears to be acting entirely on the defensive.

Public feeling at Managua, it is reported is intensely bitter against Dr. Madriz. Three revolutionary newspapers are issued daily but clandestinely at Managua. It is said recruits are constantly leaving the city to join the forces of the revolutionists.

A ZANESVILLE FIRE

(American News Service)
Zanesville, O., July 30.—The Zanesville Art Pottery was entirely destroyed by fire today, resulting from overheated kilns. The loss is one hundred thousand dollars, with one-third covered by insurance.

AFTER SIX BANDS FOR THE FESTIVAL

A Contract Has Already Been Closed With the Richmond City Band.

NEW CASTLE BAND WANTED

ORGANIZATION IS SAID TO BE ONE OF THE BEST IN THE STATE—\$1,200 TO BE SPENT FOR MUSIC.

A contract was closed yesterday afternoon with the Richmond City band to furnish music for the Fall Festival by Frank L. Waldele, chairman of the music committee. This band will consist of thirty pieces during the festival and will play on each of the three days. Its regular headquarters will be at the hippodrome, the location of which has not yet been determined.

Mr. Waldele is corresponding with the Maxwell-Briscoe band of New Castle, Ind., which will probably be secured for the festival. Jean Moerman, formerly soloist for Sousa's band, is leading that organization this year and it is claimed to be one of the best in Eastern Indiana.

If possible six bands will be brought here for the festival because there is a great demand for music among the merchants. Mr. Waldele is in communication with organizations in Greenville and Eaton, in Ohio, and with the Soldiers and Sailors Home band at Knightstown, Ind. From \$1,000 to \$1,200 will be spent this year for music.

During the festival bands will be located at the poultry, flower and grain shows, besides being stationed at the hippodrome, in the north end, and at several other points. When parades are held the bands will all march.

REVOKES FRANCHISE

Blow Struck at a Street Car Company by the Mayor of Pittsburgh.

CITY DIDN'T GET SHARE.

(American News Service)
Pittsburgh, Pa., July 30.—Mayor Wm. A. Magee today signed the ordinance passed by council revoking the franchise of the Pittsburgh and East Liberty Passenger Railway Company and its successors, to forthwith cease operating cars in Fifth avenue and all other streets for which franchises were granted to the Pittsburgh and East Liberty Passenger Railway Company, and its successors. The charge on which the franchise is revoked is the alleged failure of the company as is stated in the original ordinance.

WENDLING DENIES THAT HE KILLED LOUISVILLE GIRL

Fugitive Arrested in San Francisco After Long Chase Says he Will Gladly Face all Charges.

FEAR OF A RELATIVE CAUSED HIM TO FLEE

Says His Wife's Brother Threatened to Kill Him and he Immediately Decided to Make His Exit.

(American News Service)
San Francisco, July 30.—Joseph Wendling, St. John's parochial school janitor, of Louisville, wanted on a charge of murdering Alma Kellner in the basement of the school last December, was captured here today. He was found hiding in a lodging house on Third street. Wendling admitted his identity but denied the crime.

Wendling declared tonight he would return to Louisville without the formality of requisition papers. He said he was willing and anxious to face the charge and would have little difficulty in proving his innocence.

"I did not know Alma Kellner, and, to my knowledge never saw her," said he. "The story that I saw her enter the school on the morning she disappeared and followed her into the building, is without foundation." Detective Carney, of Louisville, who followed Wendling through Mexico, Central America and the United States finally locating him in San Francisco, is here to take charge of the prisoner.

Wendling to all appearances, does not take his arrest seriously and laughs at the charge lodged against him. In a statement at the city prison, Wendling said he eloped with and married Madeline Arnold in France. Her relatives objected to the marriage. They went to Louisville where he got a position as janitor. His wife's brother found out where they were and came to Louisville. He threatened Wendling's life and Wendling, afraid, fled. He said he didn't know he was suspected of the Kellner murder as he couldn't read English. It was his fear of his brother-in-law that kept him eluding the police, he said.

RACE RIOTS STILL RAGING FIERCELY

And Texas Troops Are Being Rushed to the Scene of The Outbreak.

NEGROES ARM THEMSELVES

AND A THOUSAND STRONG THEY THREATEN TO EXTERMINATE THE WHITES—EXACT FATALITIES NOT KNOWN.

(American News Service)
Houston, Texas, July 30.—Reports received from Palestine, Elkhart and other points in Anderson county tonight, indicate that the most serious riots in the history of the country have broken out in the vicinity. Reports received from Elkhart, state that seven negroes are dead and deputy constable, Jim Spurgis (white) is also dead. An afternoon paper here published a report alleging that fifteen negroes were dead and a Galveston newspaper claims eighteen are dead, but all efforts to obtain news from Slocum direct are unavailing up to eight o'clock tonight. All reports, however, say both whites and blacks are armed and more trouble is expected. Troops have been ordered to the scene. The trouble started over a note endorsed by a white man named Alfred for a negro. The negro cursed and said "no white man could do him." This started trouble. A thousand negroes have organized with a vowed intention of cleaning out the community.

CAMBRIDGE TO VOTE

(Palladium Special)
Cambridge City, Ind., July 30.—Because of legal requirements the proposed \$15,000 bond issue for the enlargement of the Cambridge City electric light plant has been reduced to \$8,000 and the date of the election from August 11 to August 18. It is planned with the proceeds of this issue to install a larger or complementary engine in the present plant to take care of increased business. The Rush county gas fields have failed to an important extent to supply local institutions and homes, especially in the winter time.

A BIG MOTOR TOUR

Many Machines Will Participate in the Munsey Run This Summer.

ROUTE INTERESTING ONE.

(Palladium Special)
Washington, July 30.—The latest additions to the entry list of the Munsey historic tour include two Maxwells, entered by the United States Motor company, a Staver-Chicago, entered by the Staver Carriage Co., of Chicago, and a Stoddard-Dayton, the entrant being Leo H. Shaab, a Baltimore dealer. It is practically certain that seven other well known makes of cars will be entered before August 5, assurances to that effect having been received at tour headquarters. In number of makes the number of entries exceeds last year's. The complete entry list to date contains a Premier, Columbia, Maxwell, two Washingtons, Reading, Ford, Elmore, Warren Detroit, Corbin, Spoerer, two Brush runabouts, Regal, Pierce-Racine, Kirt, Enger, Great Western, Cino, Ohio, two Maxwells, a Staver and Stoddard-Dayton.

The referee of the tour will be E. L. Ferguson, one of the best known men in motoring circles in this country. He has been managing automobile contests from their inception in this country. He is vice president and general manager of the motor contest association, and previous to that he was secretary of the contest board of the American automobile association in which capacity he did splendid work. Mr. Ferguson is especially versed in the rules governing reliability contests and has the full confidence of all who know him.

MME. GINETT TO IDENTIFY CRIPPEN

Final Link in Chain of Evidence to be Furnished by an Actress.

FRIEND OF BELLE ELMORE

IT WAS THE SUSPICIONS OF MME. GINETT THAT RESULTED IN THE DISCOVERY OF HORRIBLE MURDER.

(American News Service)
Father Point, Que., July 30.—The final link in the chain of identification that will lead Dr. H. H. Crippen back to London to stand trial for the murder of his wife will be forged by an American woman, Mme. Fred Ginett, vaudeville and close friend of Belle Elmore, who arrived here today. It was Mme. Ginett who was responsible for the disclosure of Mrs. Crippen's murder and again it was she who set in motion the machinery of Scotland Yard and began the world wide man hunt.

"Belle Elmore will be avenged," said Mme. Ginett today. Mme. Ginett whose vaudeville act consists of trained horses was at her New Jersey farm training new animals when she learned of the supposed death of Mrs. Crippen. They had not only been close friends but had been associated in the London Music Hall artists guild. Mme. Ginett was president of the organization and Mrs. Crippen treasurer. Her suspicion aroused by Crippen's various stories of his wife's death in America, she made inquiries and then had a friend in London, J. E. Asher, a manager, question the quack. As a result Nash took the case to Scotland Yard and had the authorities acted more promptly on the report of Mme. Ginett and Nash, Crippen would not have left London and the chase would not have been necessary.

U. S. LOSES POINT

(American News Service)
New York, July 30.—The government lost today an important point in the coal lands case when Judge Lacombe of the U. S. circuit court, filed an opinion sustaining the writs of habeas corpus to prevent removal of Rufus J. Ireland, Patrick T. Wells, George W. Daily and Wilberforce ornaments below. Sully to the district of Wyoming where they are under indictment for conspiracy to defraud the U. S. government by obtaining coal lands in violation of law. Judge Lacombe says the defendants will be discharged unless the prosecution appeals.

THE WEATHER.

INDIANA—Continued fair Sunday.

Bonilla Threat to Honduras

Ex-President Bonilla of Honduras, who according to President Davilla instigated the recent revolution, which Davilla says he squelched without any loss of life. Bonilla's friends declare, however, that this is untrue; that Bonilla, with at least 500 soldiers, is in camp on the north shore of Honduras and scores of recruits are being added daily to his forces. According to Bonilla's friends in New Orleans, Bonilla will move against Tegucigalpa as soon as he perfects his final plans of attack.

COX SAYS BURTON BROKE HIS WORD

Says the Senator Agreed to Support Brown and Then Broke Contract.

CALLE DLONGWORTH SNOB

BUT HIS DELEGATES AT THE OHIO CONVENTION SUPPORTED HIM FOR THE FIRST TWO BALLOTS CAST.

(American News Service)
Cincinnati, July 30.—George B. Cox tonight gave to the newspapers of Cincinnati a statement signed and attested by a notary public in which he passes the lie direct to Senator Burton, charging that Burton told him in conference that Judge Brown was the best man to nominate and had then refused to stand by his promises and had voted the other way. Cox details the way in which Joseph Garretson, managing editor of the Times-Star, Cincinnati, had arranged for a conference; how Burton told him (Cox) that Thompson was too weak for governorship, that Longworth was a "snob" how Garfield was absolutely impossible and how, to his mind, Burton thought Brown the most available candidate. Then he says, when the convention met, the Cleveland delegates voted for Longworth on the first and second ballots, and he (Cox) saw his chance and switched his vote to Harding, whom Burton had voted in their conference "a man not strong enough for the place."

BIG POULTRY SHOW

The National White Wyandotte club in which a number of Richmond fanciers are interested holds its national convention at St. Louis the second week in August in connection with the American Poultry association which meets at St. Louis at that time. Frank L. Waldele and John Huber of Richmond are members of the Wyandotte club. Mr. Waldele will probably attend the convention.

A POSTOFFICE SITE

(American News Service)
Washington, July 30.—Announcement was made at the treasury department that Chicago's new postoffice will be erected on the West Side. The site has been tentatively selected but was not made known. The building will cost \$1,750,000.

CONTRACT DRAWN BY GARDNER FOR COUNCIL ACTION

Form a Contract for Proposed Water Works Deal Drawn by the City Attorney for Inspection.

SHARE IN MANAGEMENT IS TO BE DEMANDED

Proposes That the City Shall Have the Right to Take Any or All of the Stock at Its Decision.

A form of contract protecting the city in every way, believed to be one which will meet the approval of council in its proposed contract with the Richmond Water Works company, has been drawn up by City Attorney J. M. Gardner.

The ordinance provides: First, a certain number of shares of stock shall be issued to the city for granting the contract to the company. Second, a certain number of shares shall be reserved as treasury stock to be used for making extensions and additions to the plant. Third, the city shall have an option on all such treasury stock issued and may elect to take any or all of it. Fourth, the city shall have the right to take any or all the stock at any time, in case all is taken terminating the contract. A board of directors shall have charge of the corporation, two of whom shall be appointed by the mayor of the city. Control by City.

By these provisions City Attorney Gardner is confident the city through the board of works, will be in a position to control the company. An important section of the ordinance provides that the water works company shall post a bond of \$100,000, making possession of streets or alleys.

Pending the valuation of the plant many definite figures in the contract are withheld. However, the dividend on capital stock and on all treasury stock will be fixed in the ordinance. Net receipts shall be divided between the water works company and the city as follows: Forty-five per cent to be retained by the company and fifty-five per cent to be paid to the city. After the dividends of the company have been declared and the company given its share of the net receipts, all additional receipts are turned over to the city. Another important provision of this section states that the city may reserve the right at any time to commute a sum not exceeding its share of the net receipts for the previous year into a reduction of the rates to be charged for water.

A Sinking Fund. A sinking fund will be provided by council from the receipts from the plant with which to buy the entire company or part of it at any time.

Upon a six months written notice the city reserves the right, under the ordinance to purchase the entire plant of the water works company. In case the city elects to purchase the plant it shall pay for the following items: The par value of the capital stock issued by the company, including the stock originally issued, and all treasury stock issued from time to time, for the purpose of making additions to and extensions of the plant, plus unpaid dividends due on said stock, less the par value of all said capital stock held and owned by said city at time of such purchase.

As to the salaries paid to directors, officers, agents and attorneys of the company, the company itself may have control, but the city may object to payment by written notice, and if there is a disagreement between the company and the city the question of salary will be submitted to the judge of the Wayne county circuit court.

City Avoids Liability. It is provided that the city shall not be liable in any suits filed against the company for any reason. Whenever streets or alleys of the city are to be dug up for the purpose of laying or repairing pipes a permit must be taken out from the board of works.

Meters for measuring the water must be furnished free of charge by the company and all service pipes connecting mains with patrons shall be located according to wishes of the patrons. Mains shall be laid with reference to the present grade of the street and in case the grade of the street is changed the pipes must be changed.

A provision of the contract will fix the rate to be charged for water. The board will fix this rate, as Mr. Gardner in his ordinance has left it blank. An emergency fund of \$500 must be kept on deposit by the company. When the company fails to repair streets, which it has dug up, the city will repair the places and charge it to the company's emergency fund.

Extension of the lines of the company must be made on a petition to the board of works by property holders. The exact provisions of this section are (Continued on Page Eight.)
