T. P. A.  
Notes  
BY T. C. H.

The wrecks occurring on the different traction lines in the state of Indiana during the last week is just cause for every T. P. A. to shudder with horror and wonder when his time may come. The wreck on the New Castle branch of the T. H. I. & E. last Saturday, the one on the Marquette branch of the T. H. I. & E. last Sunday, the terrible catastrophe on the Bluffton line and the head-on collision on the Union Traction line only yesterday sums up a week's history in the traction life of Indiana that will long remain a black page in the management of these several lines. Much is heard and said relative to the operation of cars. Severe, and sometimes unjust criticism is heaped upon the officials of the different roads. If one will care to investigate into the operation of the different lines it will be found that in most cases ample and proper safeguards are established. If only the crews of the cars properly carry out the rules of the companies. Yes, the crews are in most cases to blame for these ever occurring collisions on traction lines. Too often the crews take the running of cars entirely into their own hands and throw aside all regard for rules, train orders and all the established ways of the companies. This disregard and violation of train rules is something in which the traveling public is highly interested. The only safeguard the traveling public has is the proper execution of train rules and orders for the crews in charge. A thousand rules on any system man might devise would come to naught if the trainmen continue to disobey and run cars to suit their own fancy.

Disobedience of orders is the cause of such awful loss of life and such terrible injuries. Something must be done to bring the trainmen to a realization of their responsibilities. Some punishment, drastic, severe, and quick must be meted out to these violators of company rules. Running by sidings or running cars ahead of schedule is something that must stop. The traction companies must see to it that their crews run the cars according to their rules and orders. To run by a passing point should be cause for immediate dismissal from the employ of the company. When the trainmen are made to understand that a train order is an order to be executed to the last letter the running past meeting points will cease, the awful loss of life will be greatly lessened, and sorrow and sadness will not be found in so many homes as is the case throughout Indiana today.

"Shorty" Shreve has so well nursed the large bull on his nose that it has about gone. His friends were greatly interested and inquired frequently over the phone as to his condition. "Shorty" appreciates the inquiries on his behalf, but objects to being called out of bed at 12 at night to answer the phone and tell the anxious friend the condition of the bull.

Much excitement was caused in Richmond when news of the Bluffton wreck was received here. Many of the boys of post C travel in the northern part of the state and the wives at home were considerably alarmed at the first reports. Only one traveling man was killed on the ill-fated car, his home being in Bryan, Ohio.

It behooves every one eligible to the T. P. A. to get in line, become a member and then have a T. P. A. accident policy. It is needed nowadays.

'Cheer up, boys. The fair is about over.

Resignations in Advance.  
If Fred Shane and James P. Egan, organized labor candidates, are elected to represent Lucas county in the Ohio senate and lower branch of the assembly respectively about the first thing they will do thereafter will be to write their own resignations. The resignations, under blank date, will be addressed to the governor of Ohio, but will be held by the officers of the Toledo labor congress. If the Toledo labor congress decides that its representatives in the lawmaking body of the state ever cease to be real representatives of the cause of the workers the right of recall will be exercised. The made in advance resignations will be forwarded to the chief executive of the state, the officers will become vacant and the ousted legislators repudiated by the voters who elected them.

-BURGLARY-  
The summer outing season will soon be here, when you will leave your silverware, fur, rug, paintings and bric-a-brac to the burglars. Upon your return, if you find some valuable gone, others destroyed, locate burglars, and your pretty home turned into a place of desolation, a great covering of loss and damage will look upon you. Let POLICE & CO. protect you. Phone 1167.

## Here Are Some Good Propo- sitions in the Line of Small Farms

37 or more acres of level to gently rolling land—all tillable and well tilled; no wash or waste lands. No timber. Nice fruits and shade at the house. Fencing on this land is mostly good, with a few rods quite ordinary. House of 7 rooms with good cellar, well and cistern. Large barn with watering facilities inside same. Chicken house, smoke house and crib separate. Commenced, and located on public gravel road with rural mail delivery at the door and phone can be installed at pleasure of occupant. Steam railroad station within ½ mile and Richmond only 4 miles by good roads. Community is first class. This farm will please the seeker of a small place, all tillable. Price \$4,500. Possession this fall.

40 acres within two miles of Richmond—an upland farm and a fine location. Land is not all smooth, and some parts must be guarded as to heavy rains. Some timber of fine value mostly. Assortment of fruits; fences ordinary. Good house of seven rooms and small barn, and out-houses; wells and cistern. One of the most attractive locations to be found in any section of the country. Excellent pikes in all directions and free delivery of mails daily. Price \$3,500. Terms easy. Possession by March 1, 1911.

65 acres four miles by excellent pikes to Richmond. About ½ of this farm is level to slightly rolling; balance is fine for pasture, and is blessed with never failing waters and good fruits. Fencing is all good. Well over 80 feet deep, supporting wind-pump and threshing without fail. House of 6 rooms and cellar; good barn, silo, and dairy barn arranged for the stabling of 25 cows at one milking. If you seek a good little stock or dairy farm this will please you. School ¼ mile, and all advantages at Richmond four miles distant. Community and location first class. Price \$100 per acre. Possession soon, if demanded.

72 acres within 2 miles of a first class trading and shipping point and about 8 miles of Richmond. This is a number one piece of dirt and while the buildings are old and out-of-date, they will be tenable for both make and beast for years to come. The soil is there to get the up-to-date building with later on. This farm is mostly level to slightly rolling, the greater per cent of land being on the level order. It is one of the best tilled and best fenced farms in the community. Two fine never failing springs of water near to the buildings—worth thousands of dollars to the owner. Good well and cistern at house and well at barn. No timber—lots of fruits, especially apple. Phone there and R. F. D. at gate. Good roads in all directions. This farm is well worth the price asked. See it and satisfy yourself. Price only \$6,000 today. Possession this fall, if sold soon.

80 acres well improved and laying level without waste or wash. Well tilled and fenced. Good buildings both as to house and barn; assortment of fruits and plenty of good well water with wind pump. Location is first class and within 2 miles of a good trading and shipping town, with elevator, stock pens, etc. there. Excellent pikes to and from any point. Price \$125.00 per acre

80 acres within 6 miles of Richmond. Mostly level, tillable land, small branches passing through each end of the premises; some fuel timber left. Good new house and new barn. Buildings are O. K. Location on a much traveled pike, with buildings close to road. School ¼ mile and store ¼ mile. Churches within 1½ miles of the farm. R. F. D. and phone. Price \$90.00 per acre. Possession this fall, if demanded.
