

ARREST MOTORMAN FOR A BIG WRECK

Charged With Being Responsible
for Tragedy that
Killed Thirty-six.

7 BODIES ARE UNIDENTIFIED

LEARNED TODAY FOUR REGULAR
CREWS HAD REFUSED TO WORK
BECAUSE OF RECKLESSNESS OF
GREEN MEN.

(American News Service.)
Stanton, Ill., Oct. 5.—John Lerman, the motorman of the northbound trolley car in the terrible wreck here Tuesday, and who fled immediately after confessing responsibility for the wreck, in which thirty-six lives were lost, was arrested at Carlinville today. Seven bodies, including those of four women, were so badly mangled that identification is impossible. Information oozed out of official circles today that four regular crews had declined to take out their runs during the Springfield state fair because of the recklessness of the green crews. S. O. T. Arrant, of Brooklyn, died today and one body was identified as Edward Hill of Belleville, Ill.

Car No. 14, northbound, local, had orders to meet both sections of train No. 78, southbound at Stanton, Ill. The orders to meet were carried out so far as the first section was concerned, but it is officially reported that the application of the orders to the second section was overlooked.

Then Local Pulled Out.
When the first section of the limited had passed on its way to St. Louis, the local pulled out.

At Dickerson's curve, two and a half miles north of Stanton and 40 miles from St. Louis, the track winds sharply to the right at that point. It is at the bottom of a ravine and just at the edge of a cut—the worst possible place for a wreck.

The second section of the limited was a few minutes late and going at a high rate of speed. The local, sweeping down the hill at top speed, encountered it at the center of the deadly curve. So short was the warning that the car men had barely time to drop from their places to the ground as the crash came, and there was no opportunity to even reduce speed.

The local car overrode the sills of the stanchion and heavier limited and telescoped it, boring back and back through the crowded limited. The local literally sheared off the upper portion of the limited as if it had been saved to the level of the floor and carried the wreckage and its contents of dead bodies back half the length of the big car.

CHILD LABOR LAW WILL BE INVOKED

Young Russian Sues Local
Company for Damages for
Injury to His Hand.

IS UNDER REQUIRED AGE

AND ALLEGES HE WAS EMPLOYED
BY RICHMOND MANUFACTURING
COMPANY WITHOUT HIS AGE
BEING ASKED.

Within a week after thirteen year old Louis Jelavsky, who emigrated from Russia and has no living relatives or a guardian in this country, accepted employment with the Richmond Manufacturing Company, he was injured by a punch machine he had his left hand so badly mutilated that he is permanently disabled. He has filed suit in the circuit court against the manufacturing company and asks \$5,000 damages.

The boy claims that he accepted employment with the company, which manufactures automobiles and equipment, on September 22, and that although it is a state law that no child under fourteen years can be employed in a factory, he declares that his age was not ascertained. He was put to work at punching holes in tin metal sheets and other metals. On September 27, he avers, his left hand was caught between the bit of the machine and the sheet metal with the result that his fingers were amputated, or mangled, and his hand hurt in such a manner that it is permanently disabled. The shock to his nervous system was also very great and he suffered from the effects of this.

The child has no money and has petitioned the court for permission to prosecute the case as a poor person. The petition has not been acted upon but it is probable that the court will consent.

Authorities so far have not investigated the case of the company employing a minor under the age prescribed by law. It is probable that the state officials will look into the matter in conjunction with the county of Seals.

AN AIR TRAGEDY.

Paris, Oct. 5.—In an attempt to win a 200 mile aviation prize today Leon Morano suffered a broken leg, and Robert Morano, a brother and passenger, sustained a fractured skull. The wife was twenty thousand dollars.

Water bills due Oct. 1. 1-10

ONLY 3 HITS MADE

Off Delivery of Wonseller, Last
Sunday, Says Gray's Official
Scorer.

A LETTER OF CORRECTION

The sporting editor of the Palladium is in receipt of the following communication from the official scorer of the Cambridge City Grays:

With reference to the game of ball played here last Sunday, October 2nd, between the Grays and the Maxwell-Brisco team of New Castle and with all due respect to the major part of your report on this game, from the standpoint of official scorer for this team for the past few years, I desire to correct some mistakes in your record as reported, which, if they were not modified, will be very misleading to the large number of fans all over the county whose interest is with the Grays and who desire to know just exactly what they are doing.

Wonseller is a great pitcher for the amount of experience he has had and is, without doubt, one of the most promising youngsters for slab duty in Indiana today. Instead of 7 hits being permitted off his delivery in this game, that number must be reduced to 3, one each in the 4th, 5th and 6th innings. The last two were for two bases and from the fact that 16 assists were made by the Grays, two of which were made by Wonseller, himself, goes to show that he was accorded slugging support. But one error was made by the Grays and that, also, in right field which counted for nothing.

Out of the four runs registered by the Grays three were earned runs. There were two double plays indulged in by the locals, the last one coming in the ninth with a runner on first and second. A sacrifice was attempted which was hit into a double—Caldwell to Cook to Hamilton. Carlin next up was out—Ayette to Hamilton and there was no strike outs in this ninth inning as your report gave it. Wonseller, however, struck out nine and walked one, fanning Lemon on his three trips to the plate. Brandt was given excellent support also, having eleven assists behind him. Although he permitted eleven hits, fanned three and walked two. Out of that, also, in right field, was the only slip the visitors made.

Thanking you for the consideration given this game in part of your report and trusting that you will kindly reproduce this in your paper, that the Grays may be given a square deal before the fans throughout this section. I beg to remain,

Yours sincerely,
Chas. Doney,
Scorer for the Grays.

VEHICLE TAX FUND

A sum of \$4,023.48 has so far been and when the expenses of the license have been deducted, including printing, tags and refunds to farmers illegally taxed, the net gain will be about \$2,700.

SPORTING GOSSIP

BASEBALL NOTES.

"Young Cy" Young of the White Sox is booked for another trip to the minors.
There doesn't seem to be a chance for any player to pass "Nap" Lajoie for the batting championship.

Dick Smith, manager of the Springfield Three-I league champions, goes to the Minneapolis club next season.
For forty-one successive seasons major league games have been played on the present national league ground in Boston.

Southern California is to have a winter league composed of four clubs. Several major league players will play with the teams.

Pitcher Barberich who played with the Providence team the past season will be given another trial by the Boston Americans next season.

In the last series between Brooklyn and Pittsburgh at Brooklyn the Dodgers looked a great deal more like champions than the Pirates.

Because he thought soldiering an easier life than ball playing "Soldier" Johns, the Southern league pitcher, has re-enlisted in the United States army.

Managers Charlie Carr of Indianapolis, Charlie Babb of Memphis and William Bernhard of Nashville, three well known ex-bat leagues, have been given the pink slip.

Manager Ed Barrow of the Montreal team is making a bid for the President Pat Powers of the Eastern league. It is said that five of the eight clubs are with Barrow.

FOOTBALL NOTES.

Yale will play Vanderbilt university this fall instead of the usual game with Penn state.

Minnesota opened the season with a shut-out against Lawrence and making a score of 34 points.

Coach Roper has the Princeton squad in fine shape and expects the Tigers to do good work against the big fellows.

The young women of Purdue university will wear Gurdyor skirts and march with the men who will also appear in corduroys at the Wabash-Purdue game.

Assisting head coach Houghton at Harvard are eight old crimson warriors, the list including Messrs. Greene, Cutler, Page, Burr, Leary, Cutting, Blagden and Dewey.

WITH THE BOXERS.

If he can win from Owen Moran, Pal Moore will be in line for a battle with Champion Ad Wolgast.

On his first appearance in New York this fall Packey McFarland made a fine showing against "Fighting Dick" Hyland.

Bill Lang, the Australian heavy-weight is a bear at chess. "Tis said that Bill is a better chess player than he is a fighter.

A LOT TO FESTIVAL

A Beallview lot valued at \$400 was given the Fall Festival at the meeting of the South Side Improvement association last night. The association desires fifty per cent of the proceeds received from the lot sale. At the present the association feels that it is not in financial condition to make a cash contribution.

Look a man and mules.
Have anything to say to him—likewise a mule.—Cincinnati Tribune.

GOOD BLOOD.

Given good, clean, healthy blood, Nature will do the rest with any case of catarrh, inflammatory rheumatism, scrofula, eczema, erysipelas, boils, pimples, scrofula, or skin disease of any kind. Good blood invariably means vigorous appetite, good digestion and strength.

Thus it stands to reason that an effective "alterative" or blood purifier, while it will not cure all diseases, will help in fighting any disease and will cure those mentioned above, all of which comes from bad blood.

Forty years ago Dr. A. B. Simpson, of Richmond, was known as one of the most successful physicians in three states. His success was founded almost exclusively on one prescription, the most powerful blood purifier ever known. After his death this prescription was regularly put up as Dr. A. B. Simpson's Vegetable Compound. It has been used extensively all over the country and in forty years has never failed, even in that most dreadful of all blood diseases, syphilis in its worst stage. And when an alternative will do that, it of course cleans and rebuilds blood affected with other troubles. Simpson's Vegetable Compound is purely vegetable and as harmless as it is effective. It is sold at \$1 per bottle at all drug stores.

Latham Makes New Record

Hubert Latham and the monoplane of his own construction in which he broke all speed records, at Buoy, France. Latham went forty-one miles in thirty-five minutes. At times Latham was credited with a speed of eighty miles an hour. He is one of the three Frenchmen who are coming to compete in the international cup race to be held at Belmont Park, New York, during the week of Oct. 22-30.

\$25,000 BUDGET BY THE FRIENDS

Money Appropriated for Mission Work in Alaska, Mexico and in Cuba.

SEVERAL REPORTS HEARD

FINANCIAL AFFAIRS SHOWN TO BE SATISFACTORY AND THE LAYMEN'S MOVEMENT IS PROGRESSING FAST.

Appropriations of over \$25,000, recommended by the finance committee will be made by the American board of Friends' missions, in session at the South Eighth Street Friends' church Wednesday. This amount of money will be used for work in Alaskan, Mexican and Cuban fields, where the board is now engaged in extensive work.

The finance committee, consisting of William P. Henley of Carthage, Josiah Sparks of Wilmington, O., and D. W. Edwards of Indianapolis, all prominent bankers, held a preliminary meeting at the Friends' church Tuesday night, when the amount of the appropriations were determined upon. The 1910-1911 budget is greater than that of 1909-1910, which was \$20,000. The \$5,000 increase was believed to be reasonable, inasmuch as receipts are increasing. The field of work is also greater than formerly.

Edgar F. Hiatt, treasurer of the board, made his report at Wednesday morning's meeting, showing the receipts in 1910, \$27,000, which is a decided raise from the receipts of former years. The expenditures showed a wide range of activity in missionary work.

Another important report, that of General Secretary C. E. Tebbetts of Richmond, was heard at the morning session. This report outlined the work in the different fields, accomplished by the Friends' missions during the past year. Mr. Tebbetts reported that the laymen's movement in which the board is taking a decided interest is progressing with wonderful rapidity and that the Friends are especially strong in this branch of work.

His report of the Edinburgh convention was very interesting. Other reports were given by E. Gurney Hill, president, and Mrs. Elizabeth Armstrong, recording secretary. Sessions will be held this afternoon and this evening. If the business of the board is not complete then there will be a short meeting Thursday morning.

Represented on the board are thirteen yearly meetings, including all in America with the exception of the Ohio and Pennsylvania yearly meetings.

LATEST NEWS FROM LISBON

(American News Service.)
London, Oct. 5.—The admiralty office this afternoon received a dispatch saying a warship manned by Portuguese revolutionists had closed the harbor of Lisbon and not even foreign vessels are permitted to leave.

RAILROADS SEIZED.
Hamburg, Oct. 5.—Private dispatches to merchants from the frontier state that the revolutionists have taken possession of the railroads and have refused to permit the movement of trains. All traffic is suspended.

CONTINUOUS FIGHTING.
London, Oct. 5.—Central News agency says "continuous fighting" since the initial shot of the revolution was fired in Lisbon. Bloody conflicts now raging throughout the capital. Hundreds have fallen in the struggle for liberty. The fact that fighting continues indicates revolutionists not in complete control and that a large part of the population and possibly the soldiery remain loyal to the old government.

KING IS FIGHTING.
Paris, Oct. 5.—A dispatch from Madrid at seven o'clock this evening says the latest advice from Lisbon is that King Emanuel is making a desperate fight for life in his palace where his guards remain loyal and had repulsed the revolutionary forces a dozen times in attempts to storm the edifice. This conflicts with previous advices which stated Manuel had fled on board a Brazilian warship for London.

HE MAY ABDICATE.
Madrid, Oct. 5.—Reported here tonight that King Emanuel has announced his intention to abdicate the throne.

THE MIDDLE AGED MAN.

Finding Happiness in a Life That to Youth is Irksome.
"Younger people," said the middle-aged man, "want variety. They want to be always on the go. Routine galls them. They hate to have to do the same thing over and over and over again day after day.
"They want to go somewhere or do something different all the time. Older people are happiest in a life of routine, most disturbed when variety is thrust upon them.

For myself I welcome my daily task, endlessly repeated and always the same. I should be lost without it; disturbed if it were changed. A life of habit suits me best. I like the old scenes—familiar friendly surroundings. I don't want to change.

"Nor do I want much outside pleasure. In fact, I think I should be best suited with none. I like my groove. It fits me, and I fit it. I don't want change. I just want to be left alone to work in my accustomed ways. It is in my groove that I am most comfortable. I like a life of labor and routine.

"And could there come to one a greater blessing? Nature and the customs of men enforce routine upon us whether we like it or not. In youth this fits us, but in our mature years in a life of routine, in the undisturbed enjoyment of familiar labor, we may find our greatest happiness."—New York Sun.
