

## MAKE RESPONSE TO CHARITY'S APPEAL

Liberal Contributions Have Been Sent to the Associated Charities.

## STILL NEED MORE FUNDS

IT IS ESTIMATED THAT \$2,000 WILL BE REQUIRED TO MEET THE DEMANDS OF THE POOR DURING WINTER.

Liberal responses are being made to the letters of appeal, sent out Saturday afternoon by the financial committee of the Associated Charities, more than \$200 having been pledged before the treasurer's report was made at the regular monthly meeting of the association yesterday afternoon. If the contributions come in at the present rate during this week a sufficient amount of money for the winter's work will easily be raised. Most of the contributions were from \$1 to \$25.

The association decided that fully \$2,000 will be required for the work this season, not including a car load of coal, which the coal dealers of Richmond are expected to donate free. In case the coal is not donated it must be bought by the association. There was considerable discussion yesterday as to how the coal would be furnished to the city poor during the winter. It was finally decided if the car was donated it would be stored away and given out by the bureau.

September, just closed, proved to be the most severe month the association has ever known during the early autumn. Although bills were only allowed to the amount of about \$70, clothing, fuel, and medical supplies, the missionary, Mrs. Elizabeth Candler, was required constantly to attend sick persons. It is stated there is a great deal of illness among the poor people of the city at this time.

Notwithstanding the great need, the Rev. Conrad Huber, president of the association, says that the Richmond poor are much better off than the same class of people in Muncie, Marion, Anderson and other cities of similar size in the state. Richmond's poor are cared for in a more systematic way than the needy class in most cities.

From the heavy work in September the association believes that the winter of 1910-11 will be one of the hardest in the history of the association, and that probably \$2,000 will not be a sufficient sum to handle the work. Last year between \$1,000 and \$1,500 was contributed, according to Mrs. Emma Mather's treasury report yesterday. This was raised in sums of from \$1 to \$100. It was believed in the early part of last year the association would have to disband on account of lack of funds.

## More Hair for Men, Women, Children

Lee H. Fihe Has the Secret and Gives It to the Readers of the Palladium.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by Lee H. Fihe with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise. But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of the Palladium to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, fascinating and full of life. Large bottles only 50 cents at Lee H. Fihe's and druggists everywhere. Girl with Auburn hair on every package.

Unfortunate Man Gets Drunk on Leaving Jail and Was Returned Today.

## DRAWS VERY HEAVY FINE

MAN WHO TRIED TO CLIMB TROLLEY POLE SOAKED BY MAYOR—NEGRO ASSAULT CASE IS GIVEN A HEARING.

"I did try to keep sober," said Ed Edsall, in police court this morning, after he had been fined \$100 and costs and 30 days in jail for public intoxication, "but I just sort of took a drink of whiskey and I'd been in jail so long I couldn't stand it." Edsall had been out of jail less than a half an hour when he took his first drink. He was released just after breakfast after a twenty day term for drunk.

Ed had quite a time on Eighth street yesterday afternoon just before being arrested. First he fell up the steps at the Y. M. C. A. as he was trying to get in that building. Then he went to a millinery store nearby and wanted a glass of beer. When arrested he was wallowing in the mud and water in the alley near the City Hall.

Christopher Schneider was fined \$1 and costs for drunk. He tried to climb a trolley pole at Eighth and Main late yesterday.

A case of assault and battery against Frank Randall, a negro, preferred by his wife, Ira Randall, was continued until Saturday, Randall being placed in jail without bail. He claimed he was not ready for trial. It is alleged the man hit his wife with a whiskey bottle Saturday night and knocked her down. The woman was in court, but did not seem to be badly injured. The parties have not been living together for some time.

Ell McCleary, the Cambridge City man who cried yesterday when his case was postponed, pleaded guilty to drunk this morning and was fined \$1 and costs. He claimed he was not used to "booze" and it intoxicated him.
