natural resources, the principal is the same in each case."

He then took up the tariff and after endorsing the tariff commission plank saying by the next campaign the party would be a unit upon it Roosevelt said: "I want to add one thing on my own account which I would like to see added to the platform and that is, of having it the duty of some government official to investigate the wages, the terms of employment in each industry so as to see if the workmen really get the benefit of the protective tariff."

Then after a moment's pause Roosevelt added, "If they don't, then we can take measures to see that they do."

GIVEN ROYAL WELCOME.

Theodore Roosevelt Steps Into the Open Arms of the Capital City. Indianapolis, Oct. 13.—Theodore Roosevelt was accorded a hearty reception here this afternoon that has been given any other campaign speaker or any other person visiting the city for any cause in years. He was welcomed by thousands of Indiana folk, who had been pouring into the capital city during the entire day. His plan was to make three speeches during the afternoon. If the main speech which was delivered in front of the Hotel English in the monument place was not delayed too long. The train arrived in the city more than thirty minutes late and the speech was started in Monument place before a crowd of fully 30,000 persons who packed the steps of the soldiers and sailors monument, the Circle and the tributary streets.

The arrangement for the speech was such that all of the thousands could hear the Colonel's voice. Charles Warren Fairbanks, former vice president introduced Col. Roosevelt.

A Remarkable Ovation.

The Colonel was received with a demonstration that rivals anything political Indianapolis has ever had an opportunity to witness. Enthusiasm ran wild and thousands of throats shouted welcome to the man on whom the eyes of all Indiana were turned today. The approach to the speakers stand was lined for squares by thousands who had no hope of getting a place within hearing of the speaker's voice.

From the union station up Meridian street, a line of forty automobiles passed between solid masses of people, Col. Roosevelt and Senator Beveridge being the centers of attention and the objects of all the cheers that went skyward all along the line of the parade.

Early Thursday morning Roosevelt was met at Danville by a delegation from this city including Senator A. J. Beveridge, Chairman Edwin Lee of the state committee; John F. Hays, Lucius B. Swift, W. N. Harding and R. G. Leeds, a throng of newspaper men from various cities of the country, including New York, Chicago, Washington, Louisville and Indianapolis, also joined the party at Danville and are accompanying him in his big swing across Indiana.

After crossing the state line the party was met by another delegation headed by Charles W. Fairbanks at Covington. In the party were Harry

S. New, Fred C. Gardner and William A. Fox of this city. The largest delegation met the Colonel at Crawfordsville and in this last party were practically all of the republican leaders of Indianapolis, only two or three remaining in the city to look after things. Charles Roemler, president of the Marion club, and Harry R. Wallace, chairman of the county committee, headed the party, which included Capt. William E. English, Marten Hugg, A. B. Hansen, Leonard M. Quill, William N. Springer, Mayor S. L. Shank, Charles W. Miller, United States District Attorney, William Fortune and others.

Reception committees from Anderson, Muncie and Richmond met Roosevelt in this city and will accompany him during the remainder of the day. He is due at Anderson at 6 p. m. and at Muncie at 6:45, for twenty minutes, ending up at Richmond at 8:20 p. m. where he is scheduled to talk for fifty minutes.

THE HONEST PROPRIETARY MEDICINE.

Cincinnati, Oct. 13.—The house of bishops of the Episcopal church to day voted that in future clergymen of this church will be forbidden to overthrow an honest, reliable and standard preparation like Lydia E. Pinkham's Vegetable Compound, which is made from the roots and herbs of the field, and has cured more women of female ills than any other remedy we know of.

BOYS WERE RIOTOUS

Have Been Creating Disturbances Near a Hotel and Are Finally Arrested.

DRUMMER ROASTS POLICE

Small riots and disturbances around the Westcott hotel at night, in which rotten pears, bananas, apples and occasionally stones are thrown, have been the source of much complaint to the police department, and finally yesterday afternoon three boys were arrested, charged with these nuisances. The boys are Jimmy Willard, Frank Ruggles and Cecil Parker, all residing in Riverdale.

The youngsters, whose ages range from 10 to 12 years, admitted throwing missiles on Main street and were released after promising to be good. Several persons have been hit while standing in front of the hotel and the managers and merchants renting rooms in the building complained to the police.

Superintendent Gormon received a card this morning signed "A Traveling Man," saying that the order maintained on Main street of Richmond was "awful."

PLACE FOR WAGON

Expressmen Will Probably Be Located on South A Near the Court House.

BOARD CONSIDERS PLAN

Express wagons will probably be placed on South A street, near the Court house, if the plans of President Hammond of the Board of Works materialize. It was stated this morning that several members of the County Board of Commissioners have been seen on the subject and say they have no objection to the express wagons standing near the court house.

The question of getting the expressmen off of Main street has been puzzling the officials some time. At council meeting Monday night a committee was appointed to confer with the county commissioners in regard to the matter. This conference will be held at the next session of the commissioners.

YOU LOOK OLD!

In nine cases out of ten it is not because you are old, but because you are tired, all worn out, and you act as if you just wondered how you are going to get through the season and do your work.

This condition may be caused by a run-down and debilitated condition, or by a bad cold which has left you without strength or ambition.

We want to ask every such person to try Vinol, our delicious cod liver and iron tonic, without oil. If it does not build you up and make you feel young, strong and well again, we will return the money you paid us for it. Isn't that fair? Leo. H. Flie, Drugist, Richmond, Ind.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours.

This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect.

It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with $\frac{1}{2}$ pint of warm water, and stir for 2 minutes. Put $\frac{1}{2}$ ounces of Pinex (50 cents' worth) in a pint bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gaulacol and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

SOUTHERN WHITES MUST HELP NEGRO

Said a Colored Minister Before the Presbyterian Synod in Session Here.

BELIEVES THEY WILL AID

REYNOLDSBURG, OHIO WAS CHOSEN AS THE NEXT MEETING PLACE—A NUMBER OF APPOINTMENTS ARE MADE.

Perhaps the most interesting discussion taken up at the second synod of the United Presbyterian church was that at the closing session on Thursday morning on reports which were made on the freedmen's missions. Two addresses were made on the subject, one by R. W. McGranahan D. D. of Knoxville, Tenn., president of the Knoxville college for colored students and the other by the Rev. D. F. White pastor of the Witherspoon Memorial church at Indianapolis for colored people. No action was necessary in the matter as the addresses were more for the purpose of information to the synodical delegates.

The Rev. McGranahan in his discussion of the general subject "Our Freedmen's Mission" said nothing great could be done for the southern negroes until the southern white residents awoke to the situation and accepted the responsibility for carrying on the work. If the southern negro is ever elevated in a large way he sees that it is possible only in the southern whites. He said that true southerners never take hold of a matter in a half hearted way, always whole-hearted.

Thinks Spirit is Aroused.

He feels that already this spirit of the southern white people is being manifested and he believes they will make all communities in the south what a few now are and in which the situation is most hopeful.

Reynoldsburg, Ohio, was selected as the 1911 meeting place of the synod. It will be held in October. At the closing session several matters of routine business were up for discussion and voted on by the delegates as the synodical committees reported. There were a number of appointments to different committees and boards made by the synod. Dr. S. R. Lyons, pastor of the Reid Memorial church, was appointed to the board of managers of Xenia theological seminary at Xenia, Ohio. Dr. J. B. Scouller of Philadelphia spoke on the ministerial relief work in the synod.

The Wednesday evening meeting was largely attended. Several interesting addresses were read.

Rather Bitter Fight.

Although the Rev. John G. King, of Columbus, Ohio, as a member of the committee appointed to select a synodical superintendent for the Second Synod of the United States Presbyterian church, in session at the Reid Memorial church, reported in favor of the Rev. E. F. Kimmelshoe of Walton, New York, and a member of the New York synod, the name of Rev. King was placed in nomination at the Wednesday afternoon session by recalculating delegates.

A rather bitter fight ensued among the delegates and that the committee's selection was not pleasing to a large number was evidenced by the roll call, resulting in the Rev. Kimmelshoe's defeat by a vote of 38 to 30. There were four other votes cast, none for the above two contestants. The election was then made unanimous. The Rev. King did not want the position, at least he declined to accept the nomination although the delegates would not permit his name to be withdrawn. This position is an important one but has not been filled for several years.

While the membership of the church has grown steadily according to the

report of Dr. W. D. Anderson, assistant secretary of the board of foreign missions, he declared the increase in missionaries from the church was so slight as to be hardly noticeable. Since January 1907 there have been two new missionaries added to the list, who are supported by the church. In his report he urged that it was imperative for something to be done to advance the work.

PORTLAND HAS SHOW

(American News Service)

Portland, Ore., Oct. 13.—The annual horse show of the Portland Hunt Club opened today, to continue through the remainder of the week. The exhibi-

tion this year is of a more representative character than any of the previous shows given by the club. In addition to numerous entries from the Northwest, including British Columbia, the exhibits include some of the famous saddlers from the Castlemore farm of Kentucky and horses from famous stables in other sections of the country.

Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off.

Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

PERFECTION SMOKELESS OIL HEATER
