## HAREM IS PENSIONED

Deposed Shah's 746 Wives Have Claimed for Financial Aid.

## ASK SMALL SUMS MONTHLY

New York, Nov. 10.—Abdul Hamid's wives continue to be a source of perplexity to the Turkish government. Their number was estimated not to exceed 300 including female slaves of all ranks, but the ministry of finance found itself confronted by claims from 746 women, who demanded from the ex-sultan's successor compensation to the tune of \$800,000.

The government refused to pay this sum, but proposed that the chamber should sanction an arrangement by which the women of the harem for a period of ten years should receive monthly pensions, ranging from \$4.35 to \$31.35. The Turkish deputies, however, still thought the ministry overgenerous.

Some of the extreme left shouted: "Why don't you get them married off?" whereupon the finance minister retorted that the women were lone and homeless widows, and, according to Turkish custom, could not expect to attract husbands among the faithful.

Other deputies suggested that as the women came mostly from Asia Minor or Albania they should be sent back to their native provinces to be cared for locally.

Here the members for the provinces concerned jumped up and pointed out indignantly that the families of these women had received good money for them by selling them to Yildiz Kiosk and that the local authorities could not be expected to provide for their maintenance.

Other deputies again firmly refused to do anything at all for the ex-sultan's grass widows so long as wives had bled for their country were living in dire poverty.

Finally a small majority was found for the government's project and so the women of the harem may look forward to receiving their little pension at all events until 1920.

**PERFECTION OIL HEATER**

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

## DIES FROM A SHOCK

William Medearis, an old soldier, fell down stairs this afternoon at the Windsor hotel, where he had been staying and died from apoplexy or heart failure, probably brought on by the shock of the fall. He had been an inmate of the Dayton soldiers home and drew \$17 a month pension. There is a married daughter living in Richmond, but her name is not known by the authorities. A telegram was found on the man dated in 1902 announcing the death of his mother. It was sent by Charles Medearis, a brother.

## SNEEZES A BULLET

New York, Nov. 10.—Three surgeons bent over Willie Roth, four and a half years old, as he lay on the operating table in Har Moriah hospital.

"I have located the bullet right here," said a doctor, touching one side of Willie's nose to indicate the exact position of the leaden pellet.

"Katchoo! Katchoo!" sneezed Willie.

Something dropped on the floor and rolled under the table, and a surgeon picked up the bullet. William was sent to his home. While playing in the street with another boy last night the latter placed a cartridge on the car tracks and it exploded and hit Willie, lodging in his nose.
