

CASE GOES TO JURY

Case Against Robt Stines, Colored, for Alleged Attack on Girl Ended.

WAS HARD TO GET A JURY

The jurors' of the Wayne circuit court before whom Robert Stines, colored, was tried for alleged assault on Mabel Muey, white, when she was fourteen years old received the case late on Friday afternoon. The trial was started Thursday, much time being consumed in the selection of a jury, and the remainder of the day in the introduction of evidence by the state. Not sufficient evidence was introduced by the state to allow the defense much opportunity and its witnesses, the majority character witnesses, were examined in a few hours on Friday morning. The arguments of the attorneys consumed four hours each side having two hours in which to address the jurors.

The jury is as follows: Forest Vansant, John R. Spahr, G. W. Hensley, Walter Burgess, Charles H. Bond, George Dwigins, Walter Simpson, Henry Bertsch, William Hoover, Isalah Fricker, Frank E. Oler. The state excused four from jury service, the defense two and the court three. Those excused include M. M. Chenoweth, Fred W. Fetta, James Howley, George Davis, Alvin Threewits, George Thornburg, Arthur Cheesman, John F. Pierce and Frank Kocher.

IMPALED ON A FENCE

(American News Service)
New York, Nov. 11.—William F. Abbott, a real estate operator, forty-five years old, jumped from the fifth floor window of his fashionable Roseland apartments, Manhattan avenue, during a fire this morning and was impaled on a picket fence. His wife, aged forty, also perished, hurrying to death in the apartments. Thirty persons were heroically rescued by firemen.

MANDUS MASON SPOKE

"Settlements with Supervisors," was the subject of a paper which Mandus E. Mason, trustee of Jackson township read before the trustees' meeting on Thursday.

Lactic Acid is the arch enemy of the tooth. Under the microscope have been discovered *twenty-two kinds of bacteria in the mouth*; these feeding upon the particles of food carelessly allowed to remain in the teeth produce lactic acid. This acid seeks out the weak spots in the enamel and there decay immediately begins.

You can successfully combat against the depredations of lactic acid by the constant use of

SOZODONT

This world-renowned dentifrice being alkaline, produces a normal condition by neutralizing the mouth acids.

SOZODONT is a marvelous antiseptic and unexcelled deodorizer, yet it is so fragrant and delicious to the taste that every child who has used it loves it—an advantage to the mother who is teaching her children to clean their teeth.

SOZODONT TOOTH POWDER has a lasting fragrance. It is free from grit and cold, and gives the teeth a pearly luster.

SOZODONT TOOTH PASTE is similar to Sozodont Tooth Powder, but in the form of a paste to accommodate those who prefer it that way.

A WORTHY CAUSE

These are extremely busy days for the Salvation Army as the local workers are preparing an extensive Christmas and winter relief work among Richmond's poor.

The sewing will be under the supervision of Mrs. Deuter, the captain's wife, who is busy forming sewing bees.

When it is remembered that the Army plans to provide clothing for about two hundred children it will be readily understood that the task is much hard work, and Mrs. Deuter therefore requests any

desirous of assisting her in the making of undergarments, dresses, aprons, etc., to drop her card, addressed to the Salvation Army. Of course Christmas would be short of its joys were there no toys, dolls or candies, so in addition to the gifts of clothing, every poor child in the city will be given a bounteous supply of these. A large order for dolls has already been placed by the captain and the work of dressing same immediately started.

WALES HAS A FLOOD

(American News Service)
Llangollen, Wales, Nov. 11.—All of the rivers in northern Wales are flooded, vast damage has been done and many are homeless. The rivers Dee, Severn, Conway and Cloyd are out of their banks and thousands of acres of farming land are under water. The low lying sections of many Welsh towns are flooded and hundreds have been driven from their homes. The suffering is intense. The beautiful vale of Llangollen which draws artists from all parts of the world because of its picturesque ruins, is partially under water.
