

A MORE STRINGENT LAW IS ADVOCATED

Ministers Appeal to Governor or to Advise Better Marriage License Law.

At a meeting of the Ministerial association this forenoon a resolution was drafted calling upon Governor Marshall to incorporate in his forthcoming message to the legislature a recommendation that the laws governing the issuance of marriage licenses be made more stringent. The association believes this would be an excellent remedy for the divorce evil.

The following resolution was also ordered by the association:

"We, the ministers' Association, of Richmond, Ind., after two weeks of united evangelistic service under the leadership of George Gordon Mahy, of Montrose, Pa., during which time we have had opportunity to judge of the man, the message and the method, desire to express our conviction that the meetings have proven the wisdom and devotion of Mr. Mahy and his associates, Mr. Harmon and Mrs. Morgan, and their humble dependence upon the Holy Spirit for guidance and power. We would express our approval of the clear, evangelical messages of salvation by faith in Jesus Christ, and their fidelity to the Word of God. We wish also to endorse the methods employed in these services, free from all sensationalism and undue emotional excitement, but full of dignity, earnestness and sanity, bringing men to a serious, definite decision for Christ. Especially do we endorse the emphasis laid upon the personal work of Christians, and their personal responsibility for the salvation of their fellow men.

We therefore call upon the Christian men and women of Richmond and vicinity to lay aside all personal, social and business engagements where possible, and to join themselves to the undivided support of this aggressive campaign to win souls to Christ during this coming week.

Done by order of the Ministerial association.

H. Robert Smith, President
Thos. C. McNary, Secretary.

A VERY BUSY WEEK FOR LOCAL SCHOOLS

Teachers in the district schools in the county will endeavor to get as much of five days' work done in three days this week as possible. The Thanksgiving and Friday holidays are never regretted by the pupils but the teachers having so much work to do in a limited amount of time are not so enthusiastic. During the week county superintendent C. O. Williams will visit the district schools in Jackson and Dalton townships on the invitations of trustees Mason and Taylor, respectively.

DR. CHARLES BOND TO GIVE LECTURES

"Care and prevention of contagious diseases" is the subject which Dr. Charles S. Bond has chosen to lecture on before the county and city teachers' institutes at the high school at the respective meetings in December. Miss Ethlyn Miller, head of the art department of Miami college at Oxford, Ohio, found it impossible to be here during the December meeting and has asked that her lectures before the two organizations be postponed until January 6 and 7.

AUTO STRIKES BOY STEPPING OFF CAR

Just as he dropped off the back end of an east bound city street car, soon afternoon today, Niles Foster a step son of Joseph Zeller, was hit by an automobile driven by Dr. Roy Morrow and slightly injured. The boy was knocked to the pavement and a gash cut under his eye. There were several severe bruises.

Willing to Be Reasonable.

"Do you believe in long engagements?" he asked after she had consented to his.

"Yes, dearest," she replied. "I have always thought it was such a mistake for two people to rush into matrimony before they learned to really know each other."

"Well, about how long would you wish the engagement to be?"

"Let me see! Would you think it was too long if we didn't get married until a week from next Thursday?"—Chicago Record-Herald.
