

POMERENE VICTOR IN BUCKEYE STATE

Prominent Canton Man Was Chosen to Wear the Toga of Charles W. Dick.

Columbus, O., Jan. 6.—On the first ballot in the caucus yesterday afternoon of the Democratic members of the Ohio General Assembly, Atlee Pomerene was nominated for United States senator to succeed Senator Charles W. Dick, Republican. The election in the separate branches of the legislature will take place next Tuesday and on the following day the houses will meet in joint session to ratify Pomerene's election.

Forty-five votes were necessary to nominate in the caucus today and on the first ballot Pomerene received just that number. He had claimed 47 Wednesday night and the friends of E. W. Hanley, his chief opponent had conceded him thirty-five. Over night, however, Pomerene lost three, but had gained one from Hamilton county. Hanley who had counted on the nomination, received only ten votes.

Flock to Band Wagon.

Representatives Wyman of Shelby county cast the forty-fifth vote for Pomerene. Before the vote was announced others changed to Pomerene giving his 67. Then a motion was made to make the nomination of Pomerene unanimous and all voted for it except Representative W. E. Dawson of Dayton, Hanley's home town.

Twelve candidates were placed in nomination and the vote polled was as follows:

Pomerene, 45; Hanley, 10; Ansberry, 5; Anderson, 5; Kilbourne, 3; Lentz, 3; Daugherty, 5; Donovan, 4; Powell, 1; Thomas, 1; Campbell, 4; Hughes, 2.

Next Monday Pomerene will be inaugurated as Lieutenant Governor of Ohio. Although his term in the senate begins in March he will serve as Lieutenant Governor, in which capacity he presides over the Ohio senate, until the end of the present session, which may extend until after May 1. His successor as Lieutenant Governor will be appointed by Governor Harmon, who last night discussed the subject with Hugo Nichols of Batavia, chairman of the Democratic state executive committee. It is hinted Nichols may be chosen.

BREAK INTO A JAIL

Take Two Girls and Lock Them Up.

American News Service
Chicago, Jan. 6.—Leah Hickman, sixteen years old, and Genevieve McNamara, seventeen, were taken from West Chicago jail during the night and locked in a lonely switch tower on the Northwestern railroad by three men who broke the jail doors with a draw bar. The girls were in jail because they ran away from the Girls' Home at Geneva. They were rescued this morning and taken back to Geneva. The kidnappers were not apprehended.

SMOKE PEACE PIPE AT OSCEOLA LODGE

Dancing, music, card playing and a banquet featured the annual peace pipe smoking of the Osceola tribe of Red Men, held last night. A number of out-of-town lodges attended the affair. The public installation of officers has been postponed until next Thursday.

HARLAN PREPARES REGISTRATION LAW

It Requires All Township Assessors to Secure Data Concerning Voters.

(Palladium Special)

Indianapolis, Jan. 6.—A registration law by which township assessors gather all data concerning voters, is to be proposed by Senator Levi P. Harlan of Indianapolis.

The township assessors by the bill are required in addition to their duties concerning property, to list in alphabetical order the men qualified to vote in their territory, together with such facts as nativity, age, term of residence in state, county, township and precinct, and present street and number. These facts are sufficiently definite to identify the voter without doubt.

The lists of voters are to be filed with the county board of registration on or before the first Tuesday after the first Monday in May each year, thus being filed six months before election.

When such lists are filed, voters on the lists are deemed as registered, except those whose right is questioned on qualifications by the assessors and so noted on the lists. The registration board will then notify such electors and fix a hearing of their cases.

Three Members of Board.

The bill specifies the county board of registration shall consist of three members, the county assessor being ex-officio chairman, and one member

to be appointed by each of the county chairmen of the two leading political parties. The board is to be provided offices in the court house and keep books open for inspection. The county board is to furnish one copy of the lists to each central committee and to furnish four copies of each precinct to the judges and workers in each precinct for election day purposes.

One important provision is that all inmates of poorhouses, infirmaries or other state, national, county or city institutions shall be registered from their place of residence before coming to the institutions and cannot be registered in the same county in which the institutions are located. This would shut out the 2,200 veterans in the soldiers home at Marion.

The definition of residence in the bill is "so exacting as to shut out the floating population," or those who may dwell in barns, box cars or even tents.

The bill makes one registration last two years, the length of time the precincts remain unchanged.

An increase of salaries of township assessors to \$10 a day in view of additional duties will be incorporated.

COAL GAS MAKES FOUR PEOPLE ILL

Draft of Baseburner Shut off and Chas. Borton and Family Suffer.

Washington, Jan. 6.—Congressman Crumpacker of Indiana today introduced a bill providing for a house membership of 435, an increase of forty-four at the next session of congress. This measure satisfies the Democrats and compromises the claims of various functions.

Inhalation of the insidious gases generated in the hard coal baseburner when the drafts to the stove were turned off on Thursday evening, resulted seriously to Charles Borton, his wife and two children, living at 231 Charles street. All the members of the family suffered with nausea, splitting headaches and temporary debility. Mr. Borton was able to call a physician.

Mrs. Borton was perhaps the most seriously affected of the four. She was exceedingly ill and for a time was unconscious. All were much improved on Friday morning and the attending physician believes they are now entirely out of danger.

During the evening one of the members of the family closed the drafts to the stove and the gas generated having no other outlet, passed into the room through the crevices of the stove. There is little odor to the South Amboy crashed with terrific the family very ill before they understood the cause.

A general warning was issued by the physician, directing people who own baseburners to be careful in their operation. The physician said that as there is so little odor to the gas a similar case might prove less fortunate.

APPORTIONMENT BILL Introduced in the Lower House Today.

Washington, Jan. 6.—Congressman

COAL BEING GIVEN TO POOR FAMILIES

An average of ten persons a day are being furnished with coal at the office of township trustee Howarth. The cold snap is hitting the poor people of the city very hard, many of whom are out of coal and have poorly built houses. Some claim they are ill and others are unable to find work. Some say it is either steal or come to the trustee.

Money to Burn.
"Hear about old man Feddershucks? He went ter th' city an' come back with money to burn."

"Ye don't say?"
"Yep. Bought a thousand dollars' worth for a ten dollar bill."—Cleveland Leader

A red sunset foretells dry weather, because it indicates that the air toward the west, from which rains may generally be expected, contains little moisture.
