

## FAIR ASSOCIATION PLANS 1911 EVENT

Name Executive Committee  
and Will Dispense  
with "Comps."

Eaton, O., Feb. 1.—At a meeting of the directors of the Probable county agricultural society in Eaton Monday, President George W. Riner of Gratiot township, announced his appointment of an executive committee and the heads of the various departments for the coming year. The executive committee is composed of Samuel Miller, John J. Kaylor and J. E. Flora. The departments and their heads follow: Speed department, M. M. Wyatt; horse show, Jesse L. Haston and R. E. Brandenburg; cattle, J. E. Flora; art, J. I. Paris and J. G. Hawley; hogs and sheep, H. A. Yost; agricultural and horticultural, Samuel Miller and Alvadore Roberts; privileges, Frank Mitchell; police, J. J. Kaylor.

Among other business transacted by the board was the action dispensing with complimentary tickets for the fair. It was shown that this privilege had been abused in former years and by a unanimous vote a motion was carried to discontinue them.

The executive committee was directed to make arrangements for the care of the race track at the fair grounds for another year and file a report at a meeting to be held in Eaton February 10, when the board will again meet to revise the premium list for 1911. A few of the privileges for the 1911 fair were sold, but sales of the majority of them were deferred.

**Charge Gross Neglect.**  
Alleging gross neglect, Bessie B. Minnix has filed suit in the common pleas court asking that she be given a divorce from Frank C. Minnix, to whom she was married October 8, 1901, in Eaton. The litigants lately resided in Dayton.

**All Will Be Right.**  
Because David Wright is alleged to have been guilty of failure to provide and is also charged with having cursed her, Altha V. Wright seeks to be divorced from him. They were married August 1, 1909, and have lately resided at West Alexandria and Gratiot. They have no children.

**Held Up Funeral.**  
John H. Upham, a veteran resident of Eaton, died about midnight Sunday at his home on East Main street from heart failure from which he had been afflicted a long time. He was 74 years old. Besides the widow, he is survived by one son, Professor Alfred H. Upham of Bryn Mawr college, Philadelphia. Funeral services were held at 2 o'clock Tuesday at his late home, conducted by the Rev. Hugh A. Smith of the local Christian church. The members of the local I. O. O. F. fraternity had charge.

**Evangelist's Meeting.**  
Evangelist J. P. Warner of Fostoria who is holding a special revival at the St. Paul M. E. church, is arousing much interest and is being given a large hearing at each of his services. Rev. Warner is a believer in the old-fashioned revivals and deals with the gospel in a plain and clear cut manner.

**Why Kitty Is Puss.**  
A great many years ago the people of Egypt, who had many idols, worshipped the cat among others. They thought she was like the moon, because she was more active at night and because her eyes changed like the moon. So they made an idol with a cat's head and named it Pashit. The same name they gave to the moon, for the word means "the face of the moon." The word has been changed to "Pus" and "Puss" and has come at last to be "Puss," the name the most of us give to the cat.

## Backache Means Dying Kidneys

A Remarkable Treatment that Saves  
the Kidneys. How You May  
Cure Yourself Quickly  
and Thoroughly.

With the progress of science comes one remarkable treatment for kidney diseases. It has been so thoroughly tested and its results have proven so revolutionary that a well-known firm in Michigan has undertaken its distribution into every part of the country.

Those who suffer from kidney trouble and the diseases resulting from it will be pleased to know that every package of this treatment is thoroughly guaranteed. This should assure at last a positive cure to every sufferer. Every man and woman should know that backache is usually a well-defined symptom of advancing kidney disease which may end fatally unless treated in time; that rheumatism and bladder trouble are caused from nothing more nor less than kidneys that do not filter the poison from the blood; that dropsy, Bright's disease, diabetes and bladder-stones are caused by bad kidneys.

Once they are made to work properly, these diseases should quickly disappear.

This is done by the new treatment, Dr. Derby's Kidney Pills. We urge everyone who has pain in the small of the back, profuse or scanty urination, pains in the bladder, cloudy or foul urine, not to fail to get a package today of Dr. Derby's Kidney Pills, and drop all other kidney treatments. Senator Stevenson of Washington, writes from Olympia: "There is no question about the efficacy of Dr. Derby's Pure Kidney Pills in curing kidney and bladder trouble. I know whereof I speak."

Dr. Derby's Kidney Pills are now sold at all drug stores—60 pills—10 days' treatment—25 cents or direct from Derby Medicine Co., Eaton Rapids, Mich. If you would like to try them first, ask your druggist for a free sample package. Then buy a package; you will not regret it.

## Interesting Scene From "Raffles"

AT THE GENNETT TOMORROW NIGHT.

## At Local Theaters

### "Brewster's Millions."

"Brewster's Millions," a dramatization of George Barr McCutcheon's popular novel, will be the attraction at the Gennett next Tuesday, February 7. The McCutcheon play is an intensely amusing farce-comedy with a sensation in the third act that is easily the best scenic illusion ever shown on the stage. The scene transpires on board "Monty" Brewster's yacht on the Mediterranean during a violent electric storm. The deck of the yacht in this scene rises and falls, the masts groan and creak and sway to the accompaniment of peals of thunder and vivid lightning flashes that light up the tumultuous phosphorescent waves and the storm clouds that race across the heavens. All the appurtenances of a full grown hurricane are presented and the effect is a triumph of stage mechanism. It requires a force of 27 stage hands to operate this vivid scene which is covered by seventeen patents controlled by Frederick Thompson, the producer. Ten hours are required to prepare the stage for the intricate appliances.

### "The Genius."

There are few managers who keep account of the number of people their attractions play to during a season, but Mort H. Singer, who will present Henry Woodruff in "The Genius" at the Gennett next Wednesday, knows almost the exact number, and he takes pride in keeping records. Henry Woodruff in "The Prince of Tonight," last season played to more than his other shows, the record giving the number of 325,000 and his tour lasted about ten months. Mr. Singer figures that of this number, there were very few dissatisfied, and he figures that Woodruff will play to at least 400,000 this season in the new song comedy as it is a better play and the star will show to greater advantage. The cast comprises many noted farceurs, more perhaps than is usually seen in one organization, as follows: Magie Kennedy, Cassie Jamison, Agnes Everett, Ina Rorke, Lorraine Barnard, Messrs. Theodor Doucet, Herman Hirschberg, Chas. Wellsley, Frank Decum, Thomas McKnight, Wm. Jenner and others of note. The charming chorus are required to dance lines as well as to sing and dance. Many new creations in hats and gowns are displayed by the feminine portion of the aggregation. The production is carried complete.

### "Raffles."

Curiously enough Kyrie Bellew, hero of "Raffles," and "The Thief," the two most notable "thief" plays of the decade became an actor because of thieves. When an adventurous middy on Her Majesty's frigate "Conway," he caught the gold fever and with another young Englishman plunged into the bush of Queensland where the new mines had been discovered. A year later his companion died. Young Bellew bagged his gold and started for the coast, prepared to buy a small sailing vessel. On his way back he was set upon by thieves and robbed of everything but the clothing he was wearing. Finally, landing in London penniless, he took the first position that was open to him. It was "general utility" man in a stock company. He will be seen in "Raffles" at the Gennett tomorrow.

### At the Murray.

The three Gilden sisters in clog dances, songs and handsome costumes are a distinct novelty. They are three English girls, who having made a success on the English vaudeville stage decided upon a tour of this country, arriving here last summer for their first engagement. Three girls in clog dances are unusual even among the unique acts found on the variety bill, and they are an interesting sight when they dance as well as the Gildens. They also appear in catchy song numbers, which are well sung and well chosen. Patrice and her company, in an act new, and well put on, give a suggestion of the more modern methods used by lobbyists at the Capitol. The act, entitled, "The Lady Lobbyist," deals with a charming woman and a Western congressman. "The R. F. D. Man," a little sketch,

by Von Smiths, including a little comedy, a few songs and also fancy dancing. The L. Jesses are clever contortionists. Motion pictures are quite good.

### To Come Again.

The MacLean Stock company which made such a decided hit in this city recently when the company appeared at the Gennett theater will again be seen here in two new plays "Texas" and "Marching Through Georgia," Friday and Saturday evenings of this week. The announcement made this morning by the Gennett theater management will be received with pleasure by theater goers.

### COLDS CAUSE HEADACHE

LAXATIVE BROMO Quinine, the world wide Cold and Grip remedy, removes cause. Call for full name. Look for signature, E. W. GROVE, 25c

### His Blunt Critic.

Irrving Bacheller was introduced one day by a mutual friend to a western mountaineer. "Mr. Bacheller," exclaimed the friend to the mountaineer, "is an author of repute in the east." "Oh, yes," drawled the mountaineer, "I know of him. I was locked up in my cabin here by the snow two winters ago, and I only had two books to read the whole five months, your book, sir," he said, turning to Mr. Bacheller, "and the Bible, and I read them through several times." "Indeed?" said the author, a smile of satisfaction wreathing his face. "Yes, sir," continued the old mountaineer, "and I never knew before how interesting the Bible was."—St. Paul Dispatch.

### Grenada Was Bought Cheap.

The island of Grenada, in the British West Indies, was bought by the French from the Caribs by a solemn treaty in the middle of the seventeenth century, and the price paid was two bottles of rum. Esau's mess of pottage was a good stroke of business by comparison. The Caribs soon regretted having sold their birthright and vainly tried to get the island back by force. It is now one of England's most prosperous colonies in the West Indies.

### So Absurd.

Youth—Look here! This horse I hired from you runs on to the pavement every time he sees a motorcar. Horse Dealer—Well, you don't expect a horse to run up a telegraph pole or climb a tree, do you?—New York Journal.

### It Suited Him.

Silas—Say, did you ever see a gold dust ball just where you wanted it? Storekeeper—Yes; the one on you is exactly all right for me, Si.—Boston Transcript.

It requires very little trouble to find fault. That is why there are so many critics.—Holmes.

To make this excellent cough syrup take one pound of granulated sugar, one-half pint of water and one bottle (2 ozs.) of LOGOS cough remedy (the extract for making cough syrup) this will make one pint of exceedingly good cough syrup, free from opiates, at a very small cost, good for every member of the family. The next time you have a cough, try this, make it yourself, see if you don't say it is the best cough syrup you ever used. The LOGOS extracts are for sale at all First Class Drug Stores.

## MONEY BACK

On That Basis, Leo H. Fihe Will Sell  
You a Bottle of Parisian Sage  
Hair Grower.

Hair must have nourishment or die. If it does not have proper nourishment it will lose its vitality, grow weak, and become an easy prey to the ravages of the vicious germs of dandruff.

Parisian Sage is a hair nourisher; it is the result of sincere study and experiment by one of the world's leading scientists.

It should be used regularly as a hair dressing by everyone with healthy hair, because it never fails to prevent dandruff, falling hair, or any scalp disease.

But Parisian Sage is not only a preventive, it is a certain cure for dandruff; it stops itching of the scalp instantly; it makes hair grow thick and luxuriant. It is especially in demand by ladies, because it makes the hair beautiful, soft and fluffy. It is sold by Leo H. Fihe and druggists every where, under a positive guarantee to do all that is claimed for it, or money back.

Mail orders filled, charges prepaid, by the American makers, the Giroux Mfg. Co., Buffalo, N. Y. The girl with Auburn hair is on every package.

## TALK ABOUT TARIFF

Revision Discussed by the  
Wool Men.

(American News Service)

Washington, D. C., Feb. 1.—Whether or not the National Association of Wool Manufacturers shall endorse the Administration plan of tariff revision, including the tariff commission idea, probably will be made known at the association's annual meeting and dinner in this city tomorrow. No group of men in the country is more deeply concerned in the proper revision of the customs duties than are the wool manufacturers. Recently many of the great woolen manufacturers of New England and other sections are said to have come around to the view that one of the results of the work of the Tariff Board will be to protect their interests.

The plans for the dinner to follow the association's annual meeting tomorrow are of unusual significance. The special guests will be the three members of the Tariff Board and Chairman Henry C. Emery will make an address. Other speakers will be Vice President Sherman, Senator Lodge of Massachusetts and Senator Warren of Wyoming. The members of the Senate Finance and House Ways and Means Committees also have been invited to the dinner.

### Bravery.

"You spoke very admirably of that man's courage." "Yes." "But he was never a soldier or a fireman or a policeman." "No, but he eats mushrooms that he has gathered himself."

## Honest Druggist Gives Good Advice

Having suffered for some time with backache and after being treated by many physicians for bladder trouble without any good results I was induced by my druggist to try Dr. Kilmer's Swamp-Root. From the first I was surprised, as all pain disappeared. Have since continued the treatment and am satisfied I am cured.

Yours truly,  
FRED FLYNN,  
8 So. Tuxedo St., Indianapolis, Ind.

Letter to  
Dr. Kilmer & Co.,  
Binghamton, N. Y.

Prove What Swamp-Root will Do  
For You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Richmond Daily Palladium. For sale at all drug stores. Price fifty-cents and one-dollar.

## POLO! POLO! Coliseum Thursday Eve., Marion vs. Richmond. SKATING Tuesday, Thursday and Saturday

## Lots and Lots of COAL

Now on hands and we can fill your orders immediately. Let us fill your order now. We have all the leading grades of both hard and soft coal at reasonable prices. Try a ton of our famous "M" block soft coal. We are sure that it will prove satisfactory. A ton or so of "Yellow Jacket" for the cook stove, range, heater or grate. We have the best grade of Jackson coal in the city, and Hocking or Sunny Creek the best.

## HENS STARTED IN A NOVEL CONTEST

Egg-laying Tourney Begins  
Mid Scenes of Frenzied  
Excitement.

Philadelphia, Feb. 1.—With a flapping of wings and wild cackles of delight, accompanied by crows of encouragement from the admiring cocks, thousands of hens started today in the first great international egg-laying contest. Vineland, N. J., is the scene of the remarkable competition, which will continue for a year.

Breeders and poultrymen of the entire world have entered their crack biddies in the race, which has for its principal purpose the testing of the egg-producing qualities of all breeds and brands of hens under the best conditions. The entries are housed in buildings erected according to modern scientific plans and will be fed on the same kinds of food and kept under the same conditions.

Each entry consists of ten hens, and is housed in a separate pen, and a careful record of the number of eggs secured each day from each pen will be kept. All breeds and strains of birds are included in the contest.

Similar contests have been held in Australia, and competitions on a small scale in this country, but this is the first international event of the kind ever attempted.

It is alleged that poultrymen today have no accurate knowledge concerning what breeds are the most prolific egg-producers under the same conditions, and this contest will definitely settle the matter.

### Loyal to Yankee Hen.

Another matter to be decided will be the exact statute of the American hen compared with her sisters of other lands. The American hen is pitted against the world, and if book-making were permitted, there is no doubt that she would have plenty of backers. Weekly reports will be given out through the year, and the sporting element will doubtless soon be greatly excited by news like this:

"White Leghorns, pen 13, lead by a neck; Plymouth Rocks, pen 23, close up, and Black Minorcas, pen 7, are running third. Track, fast."

Other records to be kept that will be of interest to poultrymen will deal with weather conditions and effects upon the production of hen-berries; comparative amounts of food consumed by different breeds, and the months of the year during which the greatest number of eggs were laid by the various kinds of hens. This will be of vital interest to those engaged in the industry, as the winning hens, if they had a tendency to "eat their heads off" or to produce most of their eggs in months when the price is low, might not be so valuable as a more economical and steady breed.

Series.

Berlioz, the famous French composer, was made miserable by his wife. He married Miss Sulthson, an actress, many years younger than himself. She had prolonged fits of jealousy and ill temper, ruined him by her theatrical ventures and finally fell from a carriage and broke her leg, thus ending her artistic career. Berlioz bore with her in patience until she finally left him. He was a tall man, of stern aspect and very dignified. In spite of his immense musical abilities as a composer he could play no instrument except the guitar, and that very badly.
