

PROCTOR LIQUOR REGULATION ACT NOW CONSIDERED

Senate Today Tacks on an Amendment Providing One Saloon to Each 500, and a Sliding Scale.

(Continued From Page One)

situation since the state now has township option.

Against Flat 500 Basis.

Senator Proctor rose and objected at once when Senator Higgins proposed the simple limitation of one saloon to each 500 people. Senator Beal favored the amendment on the ground that the 1,000 unit gives the entire saloon business to fewer dealers. Senator Curtis declared the 500 unit would defeat the purpose of the bill inasmuch as it would practically be no restriction at all. Senator Fleming who has been known as an advocate of the 500 unit, at this point publicly changed his views and announcing he liked the 1,000 unit better, cast his vote that way. Only ten senators favored the Higgins 500 unit amendment when it came to a show-down. They were Beal, Clark, Grube, Halleck, Harlan, Higgins, Parks, Royce, Trautman and Traylor.

This vote showed the drift of sentiment so clearly that the Kimmel 1,000 unit amendment which followed was immediately popularized. It occurred to both Senators Proctor and Fleming at once, that although they had both become committed to the 1,000 unit, the plain unit would not do because it barred saloons from small communities. But the rest of the troupe being untrammelled in the gymnastics of liquor legislation could not keep pace with the flip-flops and hence when Proctor and Fleming did their back handspring and voted to table the plain, unqualified 1,000 unit, their trusty followers were found still on the other side of the hurdles when the vote was taken. The leaders found themselves with only 19 votes, as follows: Beal, Farlow, Farrell, Fleming, Gera, Greenwell, Harlan, Hauck, Jackson, Lamont, Netterville, Parks, Powers, Proctor, Royce, Stotsenberg, Sullivan, Trautman and Traylor.

No Present Saloons Closed.

The only semblance of a real contest during the afternoon was the difference upon the question as to whether all the saloons now holding licenses will be permitted to continue in business regardless of limitations upon the number of saloons to be fixed in the act. It was decided they will be so empowered, and with the privilege of renewing and transferring licenses, the present saloons have a chance to practically hold their privilege forever, or until the prospective law is knocked out by some future legislature. As the bill now stands in cities or townships in which the number of present saloons exceeds the limitations however, they may be fixed, the way in which the number may ever conform to the limitations is by increase of population, failure to renew licenses or revocation of license for cause. However, it is specified, no more licenses can be issued under such conditions.

Senator McCarty, a Democrat who, true to pledges to his constituency in Carroll and Clinton counties, voted against the repeal of the county local option bill, proposed an amendment to knock out this entire section and have the limitation effective in reducing at once the number of saloons. Senator Proctor's motion to ditch this amendment was carried by the Democrats without difficulty.

Moore Would Cut 'Em Out.

Then Senator Moore held up another substitute with plenty of ginger in it, but there was a wholesale dislike for the label among the Democrats, together with Senators Gavit, Durrie, Hibberd and Higgins among the Republicans. This quartet of the minority side were among the 29 who stepped on the neck of the amendment which 18 tried to support. Moore's amendment would have made the present licenses good for the time specified, but would have prevented county commissioners from renewing them, or granting any others.

"We have already passed the new option measure which makes all dry territory automatically wet," said Senator Moore. "Now you propose a limitation which can apply only to the number of saloons in dry territory. In territory where numerous saloons are now operating there may be five times the number contemplated by the legal limitations in this act. It is fixed so that only a big increase in the population of a city can make the limitation effective. There is a permanent discrimination between the different counties."

The Republicans as a rule stood by Senator Moore in this amendment and were valiantly mowed down, the vote being 29 to 18. The advocates were Brady, Crumacker, Halleck, Hanna, Hunt, Jenkins, Kimmel, Lambert, Lamont, Long, McCarty, Moore, Ratta, Sexon, Strancke, Tilden, White and Wood.

Brewers Are Barred.

Senator Wood's amendment to prevent any person, firm or corporation engaged in brewing, distilling or selling liquors from having any interest in the real estate upon which the applicant for a license proposes to operate a saloon, or any interest in or

BEST AND HEALTH TO MOTHER AND CHILD.

Mrs. Winslow's SOOTHING SYRUP has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEething, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

Laxative Cough Syrup Cures When All Fail

Make It at Home.

This fine recipe when prepared at home, is said to make the surest acting cough cure ever heard of. It has cured many in 5 hours by the clock. Fine for a gripper, colds, sore throat, and chronic bronchitis of old people. Any one can easily make it at home—a full pint costing less than 50 cents. Obtain a 2½ ounce package of essence mentholaxene and make it into a pint of syrup by following simple directions contained in package. You make the syrup of granulated sugar and mix. Eight to ten doses daily create a laxative action of the bowels and the cough and cold are soon cured as the poisons are carried out of the system. It relieves the tightest cough in one hour and cures the chronic cough of old people quicker and surer than anything ever heard of; while it is just fine for children's coughs, as they like it, and by its laxative tonic effect it prevents pneumonia, fever and other complications of colds.

Those in this city who have tried it, think it is the best thing ever discovered to relieve a cough, sore throat and lung trouble. Here is the formula:

Essence mentholaxene 2½ Ozs.
Granulated sugar 8½ Ozs.
UP 15½ Ozs.

Compared with labeled syrups, you save \$3 or \$4 by making at home.

lien upon the furniture or fixtures in the applicant's place of business, was tossed aside upon a motion by Senator Clark. But there is a close similarity between this and an amendment by Senator Curtis to which Senator Fleming consented, which says the saloonist shall receive no gift or loan of money, furniture, fixtures or other assistance from a brewer.

It was also Senator Curtis whose suggestion raised the saloonist's bond from \$2,000 to \$3,500, and made him responsible for all unlawful conduct of any sort in his place of business. Senator Strange walked up with the only Republican suggestion which got any welcome. This makes two violations of the liquor law sufficient ground for the revocation of a license on the ground that such a saloonist is not a man of "good moral character." Although it aroused no opposition it is one of the most terse and potent changes in the bill and the altering of the numeral from three to two may bother the derelict dealer more than any other things in the bill.

BUTCHER HOGS AT COUNTY INFIRMARY

Twenty-one hogs were butchered at the county infirmary on Wednesday by Superintendent Brumfield and his assistants. The meat, such as hams, shoulders and side meat will be cured and kept until summer. The poorer pieces which could not be preserved, will be served first. There are fifty-four inmates in the institution now.

Exasperating.

All afternoon Mr. Stubb had been moving pictures from one room to another, and his only reward was dust and perspiration.

"Hurry up, John," chided Mrs. Stubb impatiently. "You will never finish at that rate."

Mr. Stubb removed the cobwebs from his forehead.

"Woman, do you think I'm a machine?"

"Gracious, how funny!"

"Madam, may I ask what's funny?"

"Why, dear, if you were a machine you would be a moving picture machine."

And then there Mr. Stubb washed his hands and started for the club.—Chicago News.

FINANCIAL REPORT OF Y. M. C. A. MADE

Shows Conditions Are Satisfactory—Membership Is Growing Rapidly.

The financial report of the Y. M. C. A., submitted Wednesday evening, was divided into two accounts, the building account and the current expense account. The receipts in the building account totaled \$109,377.26, and were divided into pledges, \$97,200.74; fence signs, \$62.65; and borrowed from association funds, \$12,113.87. The grand total of disbursements from this account equaled the receipts, \$109,377.26. The assets comprising building and equipment, real estate and unpaid subscriptions are given as \$117,727.35. The liabilities are \$19,289.35.

The current expense account was credited with a grand total of receipts of \$60,492.75, of which only \$41,203.40 accrued from the various departments of the association and \$989.35 which came from 1911 receipts, leaving \$18,300 borrowed money. It was necessary to make this loan in order that the disbursements which totaled \$60,492.75 could be met.

Statistical Report.

The statistical report for the year 1910 was presented in part as follows:

Membership.	
Men	379
Boys	252
	631
Dormitory.	
Regular roomers	68
Transient, one night	345
Transient, one week	328
Educational.	
Number classes	6
Number students	45
Number at summer school	14
Number using reading room	18,250
Religious.	
Men's Bible classes	10
Attendance	480
Boys' Bible classes	24
Attendance	2,312
Members	240
Boys uniting with church	15
Religious meetings	1,981
Physical Association.	
Total classes	981
Total attendance	28,506
Total visitors	11,503
Total baths	17,408
Outings and hikes	106
Gymnasium classes	466
Leaders' sessions	56
Basketball practice games	62
Club sessions	34

Weed Complimented.

High compliments were paid Secretary Herbert S. Weed, who about five months ago resigned a similar position at Stamford, Conn., to accept the vacancy here, by Richard Sedgwick, the president. In his response the secretary dwelt on generalities in association work and declared in conclusion that in 1911 he was confident the work of the association would count particularly in the creation of better manhood; that many more boys and men of the city would join the organization and that he felt confident there would be many other surprises in store. He spoke of the cooperation between the schools, homes, churches and association, which combined made accomplishments easier and greater. He referred to the seemingly utter lack of denominational spirit when affairs of common welfare were at stake and declared he was much pleased. He said that in the short time he had been a resident

here the men and women with whom he had come in contact had impressed him as being a genuine lot of people and not given to say nice things just because they might sound nice.

Woman's Auxiliary.

To Mrs. G. H. Knollenberg and Mrs. Richard Sedgwick, president and treasurer of the Woman's Auxiliary of the Y. M. C. A. fell the honor of making report on the work of this organization which is so closely allied to the association work proper and which has been responsible in a large degree for the success of the institution. The reports of both were short.

The auxiliary has a membership of about a hundred and is well organized with five committees, including the house, boys, membership, visiting and social committees overseeing each branch of the organization's work. The motto is "Love, Service and Christian Forbearance." The financial report given by Mrs. Sedgwick showed there was a balance of approximately \$94 in the treasury on January 1. The disbursements were in the neighborhood of \$1,900, the efforts of the organization along this line being to purchase needed furnishings and the like for the association. The revenue was derived from membership dues and entertainments which were given.

Polo—old time Polo at Coliseum, Thursday night between Tibbetts team of Marion and Richmond.

Saved the Liars.

The first newspaper published in America never got beyond its first issue. It was called Public Occurrences, and it appeared in Boston, Sept. 25, 1700. Public Occurrences started out well. It promised to print all the news without fear or favor and to promote the interests of Boston. It also promised that in its next issue it would publish the names of all the liars in Boston. The authorities, taking cognizance of the threat, wisely forbade the publication. So Public Occurrences gave up in disgust and died.

ADDITIONAL SOCIETY FOR RAILROAD MEN

THIMBLE CLUB.

Members of a thimble club were entertained in a charming manner yesterday afternoon by Mrs. Walter Ley at her home in South Sixteenth street. The afternoon was spent socially and with needlework. Later in the afternoon a lunch was served by the hostess. Mrs. Omar Bullerick will entertain the society in two weeks at her home in South Fourth street.

RETURNED HOME.

Miss Mandy and Mr. Roy Wenger returned to Richmond this morning after a few days visit the guests of Mr. and Mrs. Morris Wenger.—Connersville News.

OF INTEREST HERE.

The following from Lewisville is of interest here as Earlham girls attended the wedding:

This evening at 8 o'clock at the home of Dr. and Mrs. C. G. Bartlett will occur the marriage of their daughter, Aurelia, to Dr. Walter P. Harvey of Pittsburg, Pa. The wedding will be a simple but pretty affair and will be attended by a large number of friends and relatives, including several out-of-town guests.

GUESTS HERE.

Mr. and Mrs. H. A. Fisher of Logansport, Indiana, are in the city on their way to visit Mr. Fisher's parents, Mr. and Mrs. L. D. Fisher at Whitewater, Indiana.

RETURNED FROM DAYTON.

Mrs. George M. Browne of North Twenty-second street and her niece, Miss Dorothy Hartzler, have returned after a few days visit with relatives at Dayton, Ohio.

America's Gifts.

Maize, tobacco and potatoes are the three great products of the soil which America gave the world.

BURNING OF WIDOWS.

The Horrible Rite India Maintained For Over Twenty Centuries.

The abolition of the horrid rite of widow burning in India was decreed by the British authorities in 1829.

The dreadful practice was found there by the Macedonians under Alexander the Great 300 years before Christ, and for more than twenty-one long, weary centuries did it repeat its almost inconceivable torture and agony upon the women of India. The sacrifice, while not actually forced on the wife, was so strongly insisted on by public opinion that it amounted to a law, and its victims were legion. Scores of widows were often burned upon the funeral pile of a single rajah. In Bengal, the head center of the monstrosity, thousands were sacrificed annually, and the figure for all India was appalling.

The millions of widowed women were completely at the mercy of the remorseless superstition of the times. The ministers of Brahmanism told the widow that her sacrifice was necessary as a means of her own happiness and that of her husband in the future state, and often than otherwise she consented to be burned along with the dead body of her husband. Unless she did this she was covered with the maledictions and curses of the people, was virtually outlawed and unceremoniously cast outside the pale of human sympathy and consideration and had to spend the rest of her days in degradation and wretchedness. It was death on the funeral pile of her husband or a living death of contumely and shame, of loneliness and misery.

The women of India can never discharge their debt of gratitude to England for the abolition of the suttee.—New York American.

Asthma! Asthma!

POPHAM'S ASTHMA REMEDY gives instant relief and an absolute cure in all cases of Asthma, Bronchitis, and Hay Fever. Sold by druggists; mail on receipt of price \$1.00.

Special Package by mail 10 cents. WILLIAMS WPC. CO., Prop., Cleveland, Ohio. For sale by T. F. McDonnell.

Naive.

A child who had been absent from school brought back the following excuse when she returned: "Dear Teacher—Please excuse Jennie. She was sick and had to stay at home to do the washing and ironing."—Good Housekeeping Magazine.
