## RICHMOND, INDIANA "PANIC PROOF CITY"

Has a population of 23,000 and  
is growing. It is the county  
seat of Wayne County, and the  
trading center of a rich agri-  
cultural community. It is lo-  
cated due east from Indianapolis  
49 miles and 4 miles from the  
state line.

Richmond is a city of homes  
and of industry. Primarily a  
manufacturing city, it is also the  
jobbing center of Eastern In-  
diana and enjoys the retail trade  
of the populous community for  
miles around.  
Richmond is proud of its splen-  
did streets, well kept yards, its  
cement sidewalks, its beautiful  
shade trees. It has 2 national  
banks, 2 trust companies and 1  
building association with com-  
bined resources of over \$5,000,000.  
Number of factories 125; capital  
invested \$7,000,000; and an an-  
nual output of \$27,000,000, and a  
pay roll of \$2,700,000. This in-  
cludes pay roll for the city amounts to  
approximately \$6,300,000 annual-  
ly.

There are five railroad com-  
panies radiating in eight differ-  
ent directions from the city. In-  
coming freight handled daily, 1-  
750,000 lbs.; outgoing freight  
handled daily, 750,000 lbs. Yard  
facilities, per day 1,700 cars.  
Number of passenger trains daily  
57. Number of freight trains  
daily 77. The annual post office  
receipts amount to \$50,000. Total  
assessed valuation of the city  
\$15,000,000.

Richmond has two interurban  
railways with a combined circulation of 12,000.  
Richmond is the greatest hard-  
ware jobbing center in the state  
and only second in general job-  
bing interests. It has a piano  
factory producing a high grade  
piano every 15 minutes. It is the  
leader in the manufacture of  
traction engines, and produces  
more threshing machines, lawn  
mowers, roller skates, grain drills  
and burial caskets than any other  
city in the world.

The city's area is 2,640 acres;  
has a court house costing \$500,-  
000; 10 public schools and has the  
finest and most complete of high  
school in the middle west under  
construction; 3 parochial schools;  
Earlham college and the Indiana  
Business College; five splendid  
fire companies; in fine home  
houses; Glen Miller park, the  
largest and most beautiful park  
in Indiana; the home of Rich-  
mond's annual chautauque; seven  
hotels; municipal electric light  
plant, under successful operation;  
a private electric light plant,  
insuring competition; the oldest  
public library in the state, except  
one and the second largest, 40,000  
volumes; pure, refreshing water,  
unsurpassed; 45 miles of im-  
proved streets; 10 miles of sewers;  
25 miles of cement curb and gutter  
combined; 40 miles of electric  
walks, and many miles of brick  
walks. Thirty churches, includ-  
ing the Reid Memorial, built at a  
cost of \$250,000; Reid Memorial  
Hospital, one of the most modern  
in the state; Y. M. C. A. building,  
erected at a cost of \$100,000, one  
of the finest in the state. This  
amenity center of Eastern In-  
diana and Western Ohio.

No city of the size of Richmond  
holds as fine an annual ex-  
hibit. The Richmond Fall Fea-  
stival held each October is unique,  
no other city holds a similar af-  
fair. It is given in the interest  
of the city and financed by the  
business men.

Success awaiting anyone with  
enterprise in the Panic Proof  
City.

## This Is My 74th Birthday

HARRISON GRAY OTIS.  
Gen Harrison Gray Otis, proprietor  
of the Los Angeles Times, was born  
near Marietta, Ohio, February 10, 1837.  
He was reared on a farm, attending  
the common schools in winters until  
the age of fourteen, then learned the  
printing trade. With the breaking out  
of the civil war he enlisted as a pri-  
vate in the Twelfth Ohio Infantry. He  
was made first lieutenant in 1863. The  
next year he was transferred to the  
Twenty-third Ohio Infantry, and made  
a captain July 25, 1864. He was twice  
wounded during the war and at the  
close of the conflict he was mustered  
out with the rank of major. After the  
war he returned to Marietta and be-  
came owner of a small newspaper. In  
1866-67 he was official reporter for the  
Ohio house of representatives and was  
foreman of the Government Printing  
office 1868-69. From 1870 to 1876 he  
was chief of a division in the United  
States Patent office, and special agent  
of the United States Treasury during  
1879-81. The following year he en-  
gaged in the newspaper business in  
Los Angeles. In the war with Spain,  
Gen. Otis was appointed a brigadier-  
general of the United States volun-  
teers. He went to the Philippines  
with his brigade and took a prominent  
part in the capture of Galleon Febru-  
ary 10, 1899.

## Without a Bonus

The announcement that a new factory is to come to Richmond with-  
out a bonus is news that will set people all over the state a thinking.  
Things of that sort do not happen without a reason. It appears that  
many other cities would have been very glad to get the factory that came  
to Richmond without a bonus—among these were Muncie and Dayton.  
Both of these towns are good towns—everyone knows that—but the fac-  
tory came here.

Factories do not come to towns without a reason. In the year and a  
half that this paper has run the story of Richmond in its first column on  
this page to the left of this column many thousand people must have look-  
ed at it and read it—but now people who have seen it do not read it  
every time they pick up the paper. It is the same way with Richmond.

This is a wonderful town in many respects—yet we who live here only  
realize it at such times as this when a factory comes without a bonus.

Indiana is the distribution center of the United States—east, west,  
north and south.

It is this geographical location which is the greatest natural resource.  
Somebody once said that Indiana is filled by the people that dropped  
by the wayside in the march westward.

Indiana was peopled by the people who knew that there wasn't any  
place better to be found.

But seriously the western boom is at an end. People are turning  
eastward and southward—not westward.

The new industrial development of the south is coming on with a  
rush.

And that will mean the greater development of Indiana.

There is no better city in Indiana than Richmond.  
There is none just as good.

That is the reason for the factory "without a bonus."

## STUDENTS ORDERED TO DRAPE POSTERS

Philadelphia, Feb. 10.—Members of  
the architectural faculty at the Uni-  
versity of Pennsylvania apparently  
have allied themselves to those who  
insisted that the Barnard statues in  
the state capitol at Harrisburg be  
draped so as not to shock the eyes of  
the legislators. The Pennsylvania  
professors are conducting a like cam-  
paign on the third floor of College  
Hall, where the students are busy  
drawing posters for the architectural  
play to be given early next month.

The undergraduates always have  
been allowed free scope, but this year  
several of the professors felt called  
upon to object to the character of pos-  
ters made by the students, and insist-  
ed that they be "draped" before be-  
ing placed in the show windows about  
the campus.

One professor in the architectural  
school said this morning that he, too,  
believed in "art for art's sake," but he  
could not countenance the exhibiting  
of posters around the college which  
would lead outsiders to think the mod-  
els posed for the students "puris in  
naturalibus."

As a consequence the students are  
now busy painting artistic drapery on  
the fair women who flaringly pro-  
claim that "The Sacred Scov." a play  
written by Donald Kirkpatrick, a sen-  
ior in the architectural school, will be  
given in March.

Following the stand of the faculty  
several students asked that the plas-  
ter casts used as models for architec-  
tural students shall either be removed  
or that they be suitably draped.

Prior to 1825 all women's shoes  
were made without heels.

## "THIS DATE IN HISTORY"

FEBRUARY 10TH.

- 1567—Lord Darnley blown up by gunpowder, and Mary, Queen of Scots ac-  
cused of conspiring at his death.
- 1676—Lancaster, Mass., attacked and burned by the Indians under King  
Philip.
- 1777—Seth Pomeroy, a distinguished soldier of the American Revolution,  
died. Born May 29, 1706.
- 1824—Bolívar declared dictator of Peru.
- 1840—Marriage of Queen Victoria and Prince Albert of Saxe-Coburg.
- 1841—Union of Upper and Lower Canada.
- 1842—Opening of the Philadelphia and Reading railway.
- 1887—Mrs. Henry Wood, author of "East Lynne," died. Born in 1829.
- 1899—President McKinley signed the Peace Treaty with Spain.
- 1904—The czar of Russia proclaimed war with Japan.
- 1908—France and the United States concluded a treaty of arbitration.
- 1910—John Redmond declared that the Nationalists would not vote for the  
budget until Home Rule had been granted to Ireland.

## NEWS FROM THE LABOR WORLD

Porto Rico contains six thousand unionists.  
A general labor strike in the spring is rumored at Kingston, Canada.  
Cleveland's Jewish Carpenter union has doubled its membership in  
a few months.

Newfoundland's government has decided to establish immediately an  
old age pension system.

Vancouver, B. C. will start a fund to augment the fund established by  
firemen for pension purposes.

The California district council of clerks includes representatives from  
Oregon, Nevada and California.

The Texas state conference of bricklayers is composed of thirty-three  
unions with a membership of 2,500. The wage scale for the entire state is  
\$6 a day.

San Francisco retail drug clerks' association has prepared a bill  
which is to be submitted to the legislature. This provides that all drug  
stores shall be closed between 1 and 5 o'clock Sunday afternoon.

In this country more than one hundred workmen are killed every day.  
The number of killed and maimed is 536,000 annually, and the annual  
number of accidents of all kinds to workmen is two million.

Out of some three hundred and fifty-eight trades recorded in the Uni-  
ted States, there are only five or six left in which women are not em-  
ployed; for instance linemen, sailors, excavators and a few similar occu-  
pations.

The law of England requires the employer of every workman in-  
jured in his service to pay immediately the injured man one-half of his  
rate of wages until he is able to work again, and in case of death to pay  
to the heirs three years' salary.

The provision of the Rhode Island factory inspection law, which pro-  
hibits children under sixteen years of age working in factories, manufac-  
turing or business establishments, unless they can read at sight, and write  
legibly simple sentences in English went into effect January 1.

The present session of the Massachusetts legislature in all probab-  
ility will pass a law providing for compensation of workmen for injuries re-  
ceived in the course of their employment. A special commission created  
to investigate the subject has prepared a tentative draft of a bill.

The Order of Railroad Telegraphers will celebrate its twenty-fifth an-  
niversary in June, 1911, and has adopted as a battle cry, "Complete and  
thorough organization." Cash prizes to the amount of more than \$2,000  
will be given away during the year to those who assist in bringing in new  
members.

The shortest hours of any union workmen in New York City are  
those of the caisson workers who have just signed an agreement with the  
employers' association for the year 1911. Three hours a day, with  
thirty minutes off for luncheon and wages of \$5 a day is the stipulation  
of the men who work under an air pressure of three atmospheres.

## GOOD NEWS

Many Richmond Readers Have Heard  
It and Profited Thereby.

"Good news travels fast," and the  
thousands of bad back sufferers in  
Richmond are glad to learn that  
prompt relief is within their reach.  
Many a lame, weak and aching back  
is no more, thanks to Doan's Kidney  
Pills. Our citizens are telling the good  
news of their experience with the Old  
Quaker Remedy. Here is an example  
worth reading:

Edgar S. Mote, mail carrier, 24 S.  
Twentieth St., Richmond, Ind., says:  
"Doan's Kidney Pills brought such  
good results in my case several years  
ago that I gave a public statement,  
recommending them. For a long time  
I suffered from backache and kidney  
trouble and the least cold I caught set-  
tled in my kidneys, making my com-  
plaint worse. Hearing about Doan's  
Kidney Pills, I procured a supply at  
A. G. Loken & Co's Drug Store and  
their use so completely cured me that  
I have had but little trouble since. I  
will always hold Doan's Kidney Pills  
in high esteem."

Ror sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## TO MAKE MEN WORK

Woman Legislator Says City  
Men Sit by the Fire.

Denver, Feb. 10.—What are gener-  
ally regarded as the best of the anti-  
suffrage arguments marked a speech  
in the state house of representatives  
yesterday by Mrs. Agnes Riddle, one  
of the three women members of the  
legislature, and presumably an advo-  
cate of woman suffrage.

Mrs. Riddle spoke in favor of a  
bill placing a limit of eight hours on  
the daily work of women in this state.

"In the cities," said Mrs. Riddle,  
"women work such long hours for  
such small pay that employers hire  
them instead of men. This results in  
the woman doing the work while the  
man sits at home and wears out the  
seats of his trousers."

"And while the woman is working  
and coming home each evening to a  
stuffy flat, she is not going to raise a  
family."

"This condition is wrong. The men  
should go to work and the women  
stay at home and raise families. The  
nation needs mothers and home mak-  
ers and housewives."

"Pass this bill and make the men  
go to work."

The bill passed on second reading  
with only one dissenting vote.

Barcelona, Spain, is to pay \$11,476,  
000 for its new water supply.

## Envy Her Lovely Hair?

When you see a woman who uses  
this dry shampoo to dress her hair  
instead of soap, water, soda and the  
like you are almost certain to witness  
the looks of admiration and envy  
which other women and girls cast at  
her.

The following home-made dry  
shampoo certainly works wonders in  
a short time on a frothy, stringy, oily  
dirty head of hair, be it man or wo-  
man:

Just mix 2 ounces of antiseptic  
villane powder with 6 ounces of pow-  
dered orris root. Apply a tablespoon-  
ful and distribute through the hair  
with the fingers. Permit to remain  
several hours or over night and then  
brush and comb out all traces of it.  
The hair becomes beautifully lustrous,  
fluffy and clean looking, often assum-  
ing a slight wave hitherto unknown.

## Sleeplessness Cured:

Mr. Wm. Seaver, Onondago, New  
York, says: "With gratitude and many  
thanks I send these few lines to let  
you know what your CascaRoyal-Pills  
have done for me. Before using them  
my nights were ones of horror and  
misery, and I had little or no appet-  
ite; now my sleep is like the sleep  
of an infant, and I awake thoroughly  
refreshed, and feel like a new being.  
My appetite is something wonderful,  
for the first time in three years.  
\$1,000.00 would not buy the box of  
pills on hand if I could not get another.  
Blackburn's CascaRoyal-Pills are a  
God send to the human family, etc."

If you or any friend or relative suf-  
fer as did Mr. Seaver write for a Free  
trial package of Blackburn's Casca-  
Royal-Pills. Address The Blackburn  
Products Co., Dayton, Ohio. Sold by  
all druggists, 10c and 25c.

Blackburn's  
CascaRoyal-Pills

## OH, THIS BUSY AGE

Not Even Time for Oratory  
in Senate Now.

(Palladium Special)

Indianapolis, Feb. 10.—No longer  
will demagogue senators bathe their  
pet bills in the golden splendor of the  
sinking sun, baptize them in the glory  
of the dew-kissed morn, or wrap them  
in the tattered folds of Old Glory for  
consignment to their eternal rest.

They haven't time. The senate has  
promised to cut out the oratory. A  
motion was passed Thursday limiting  
each senators time for debate to five  
minutes on each question. A senator  
may trade his speaking period or yield  
it to another senator, so there is a possi-  
bility of some longer speeches. Sena-  
tors Royce and Beal shattered the rule  
within a half hour after it was made in  
their Terre Haute school debate, but  
they had consent.

The senate is also to get down to  
business at 9 a. m. each day, so says  
a resolution introduced by Senator  
Stotsenberg and adopted. Members of  
the effete upper house will order their  
valets to have their tooth brushes set  
out the night before. Doubtless quick  
will be the rule for the masseur. The  
morning session with the manicurist  
will be slighted and breakfasts will be  
served on the run.

The new rule went into effect Friday  
and it was a busy day for the senators,  
according to the program on the calen-  
dar. Two very important measures—the  
Grube referendum bill on franchise  
and the Shively recall bill are both  
on the books for special orders Friday.

"WHY BE SO THIN?"  
Thinness is Embarrassing, Unhealthy  
and Not Natural—Formula Now  
Used Which Adds From One to  
Three Pounds a Week.

Every one ought to have some extra  
flesh on the bony structure of the  
body, both for the sake of health and  
self-esteem.

Most thin people are sensitive to the  
harm, unfeeling criticisms which are  
constantly being hurled at them by  
the more fortunate well-fleshed per-  
sons.

Every one pities a thin, bony horse,  
but horses don't know it—while thin  
people are both pitied and ridiculed.  
It ought not to be so, but it is.

A well rounded figure, be it man or  
woman, excites admiration; not only  
for the figure but for the bright eyes,  
pink cheeks, red lips, and vigorous  
carriage which accompany a well-  
nourished body.

Strength, health, beauty and sound  
flesh abound, if the blood and nerves  
get enough nourishment out of the  
food eaten.

This prescription aids nature; helps  
absorption, digestion and assimilation;  
helps distribute the blood and nerve  
elements which make sound flesh. Get  
the ingredients and make it at home,  
and see how very fast you gain in  
weight.

In a half pint bottle, obtain three  
ounces of essence of pepsin, three  
ounces syrup of marsh, then add  
one ounce compound essence cardiol,  
shake and let stand two hours; then  
add one ounce tincture cadomene com-  
pound, (not cardamon). Shake well  
and take a teaspoonful before meals  
and one after meals. Also drink plenty  
of water between meals and when re-  
fraining. Weigh yourself before begin-  
ning.

DR. W. R. MAYO,  
715 N. Alabama St.  
Indianapolis, Ind.

Specialist  
WILL BE AT

Richmond  
Arlington Hotel

Wednesday, Feb. 15th  
And Every Four Weeks  
Thereafter.

Lung trouble and catarrh have been successfully treated by his IN-  
HALATION METHOD. By this method the oils are applied directly to the  
diseased parts.

HYDROCELE and VARICOCELE under one treatment has effected  
cures in several cases. Dr. Mayo has treated successfully Blood Poison,  
Skin Diseases, Kidney, Bladder, Prostatic Troubles, Piles and Fistula.

Dr. Mayo has treated a number of cases of CANCER without the  
knife.

CANCERS AND TUMORS HAVE BEEN TREATED WITHOUT THE  
KNIFE.

Dr. Mayo has treated successfully all forms of chronic diseases that  
are curable, such as diseases of the brain, heart, lungs, throat, eye and  
ear, stomach, liver kidneys, bladder, blood poison, rectum, female dis-  
eases, impotency, seminal emissions, nervous diseases, catarrh, rupture,  
piles, stricture, gleet, eczema, varicocele, hydrocele, etc.

DISEASES OF MEN SUCCESSFULLY TREATED.

After examination we tell you just what we can do for you. If we can  
not benefit or cure you we frankly and honestly tell you so. Patients  
have been successfully treated at a distance. Write for examination and  
question blank, W. R. MAYO, M. D., Indianapolis, Ind., 715 N. Alabama St.

## Painless Feet

Richmond Is Full of Them Since Leo  
H. Fihe Commenced to Sell Ezo.

There is no reason on earth why  
anyone should suffer another day with  
painful, swollen, burning feet or foot  
misery of any kind, when a large jar  
of Ezo costs but 25 cents at Leo H.  
Fihe's.

Not a powder mind you, to clog up  
the pores, but a soothing, healing re-  
fined ointment that takes out all pain  
and soreness, and leaves the feet feel-  
ing fine and comfortable.

Your feet may be so sore that you  
cannot walk on them tonight, rub on  
Ezo and you will enjoy a walk tomor-  
row morning.

Use Ezo for sore corns, for disa-  
greeable bunions; use it when break-  
ing in new shoes or before dancing.

Very pleasant refined ointment is  
Ezo, and there is nothing better for  
sunburn, rough skin, blackheads, ec-  
zema or itching skin.

Ezo Chemical Co.  
Rochester, N. Y. Makers.
