LUNCHEON AN EVENT.

Much interest is being manifested by the teachers of this city in the luncheon to be given Saturday, March the eighteenth, at the Hotel Westcott by the members of the Wayne County Women Teacher's association. The organization has a membership of eighty-nine, but with the special guests for the occasion it is hoped that about one hundred persons will be served. This will no doubt be a most charming social event. The invitations have been issued by Miss Ada Woodward who is a member of the committee on arrangements.

UNVEILED BY CHILD.

Raised high above the heads of the crowd that surrounded the bust of Owen at the south entrance of the state house little Martha Fitton, twenty-seven months old, representing the sixth generation of the Owen family since Robert Owen, pulled the cord that freed the flag from the bronze bust. With a fanfare from the band the breeze caught the colors and swung them free of the statue while a cry of childish delight burst from the lips of the little girl and was echoed by a cheer from the crowd. The bust

MOST CERTAIN WAY TO END A BAD COLD

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Terrible neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

of Robert Dale Owen stood in the bright sunlight with the kindly features turned toward a great assembly of men and women who had gathered to honor his work.

On the platform on which the speakers stood was the silver pitcher presented to Robert Dale Owen by the women of Indiana in appreciation of his efforts that resulted in the enactment of statutes giving them the right to hold property. Descendants of Owen were seated on this platform, and were introduced to the audience. Among them was little Martha Fitton, daughter of Mr. and Mrs. Harry R. Fitton of Indianapolis, and a great-grandchild of Robert Dale Owen who unveiled the bust in front of the Washington street entrance to the state house.—Indianapolis News.

TOURIST CLUB.

According to the year book Mr. and Mrs. James M. Judson will be host and hostess for a meeting of the Tourist club this evening at their home in South Twelfth street. The program will be:

Bombay.....Mr. Will Earhart

Subject, "The Five Cent Theater." The only change in the program is the conversation. The year book announces that Mr. Edgar Hiatt will talk on "The Rockefeller Foundations." However, it was decided to make this change and Mr. Hiatt will lead the conversation at the next meeting. All members are cordially invited to be present.

RECITAL AT CHURCH.

Among the social events for Monday will be the organ recital to be given by Mr. Herbert Alvin Houze at the First Presbyterian church under the auspices of the Ladies' Aid society. Mr. Houze comes well recommended as he has given between fifty-five and sixty recitals in Indiana and has appeared four times in Indianapolis. He will be assisted by Mrs. Ha-

zel M. Geake of Fort Wayne, who will be the soloist for the occasion. As the admission is only twenty-five cents it is expected that the church will be filled to its capacity. Mr. Houze is perhaps the most celebrated organist of the middle west. He is organist of the Oliver memorial organ at South Bend, Indiana, and which by the way, is one of the finest organs in the state.

MEETS THIS EVENING.

Mrs. Charles Kolp's Friday evening dancing class will meet this evening in the Odd Fellows hall. The assembly will be held promptly at nine o'clock and the young people are cordially invited to be present. Piano music.

TEA PARTY.

Miss Sneepp, governess at Earlham college entertained the freshmen girls with an informal tea party given on Thursday afternoon in the student's parlors. The affair was a most delightful event. Tea and confections were served late in the afternoon.

FADS AND FASHIONS

New York, March 2.—Judging from appearances the fur season is at its height just now. Be the weather cold or mild, dry and clear or gloomy and raw, furs may be seen everywhere. Long enwrapping coats of real seal, musquash or electric seal are seen on all sides, trimmed heavily around the hem with some contrasting fur, chinchilla, ermine, skunk or opossum, the shawl or Russian collar and cuffs or corresponding peltry.

Pelisses of sable, chinchilla or ermine, with broad turn-over collars of zibeline are the most popular furs worn by fashionable women, who, more or less indulge in magnificent mantles or tailless ermine, hemmed and ornamented with sable or seal. Labrador lynx and other fancy furs are made up into muffs and toques, while the ultra-smart and stylish broadtail coats, hemmed and trimmed with sable, skunk or chinchilla, according to the taste of the wearer, are the last words of distinguished fashion.

Russian pony coats are worn with collars or doekins embroidered with silver and large tortoise-shell buttons. For dirty weather these paletots de

poulain Russe are certainly most useful if not supremely elegant. Countless broad scarfs are seen, invariably bordered with fur of a contrasting color, not the least attractive being those of the soft gray moleskin lined with satin to match, and bordered with sealskin or baby bear, accompanied by voluminous muffs to match.

The new style mantles or manteaux are extremely fashionable just now. These mantles entirely cover the dress and have taken the place of the tailor costume for all dressy occasions. It is not to be inferred that the practical coat and skirt in velvet or ratine are no longer worn by the woman or girl who walks, but for all elegant purposes it must be admitted that the mantle has taken precedence, and thrown every other kind of toilet into the shade. For this reason "les petites robes" are so much in demand.

Women require a number of these "little dresses" to vary the effect, as their mantles are either laid aside or left open at the fashionable tea meetings. These little dresses are worn with the velvet or fur mantle, are so much prettier than the blouse and skirt that have formed the home dress or more than half the number of women in the civilized world for the last ten years.

Everywhere on gowns and coats and evening wraps and separate blouses and negligees, the sailor collar is prevalent. It is the one new touch in neckwear this season. As a rule it is of generous proportions, sometimes reaching almost to the waist, and it may be of any color or fabric. Moreover, it may not match the rest of the costume. The sailor-collar effect may, in course, be only an apparent one. In this case the collar is simply a stitched square applied on the blouse, and

is used chiefly because it gives an appearance of height.

Fur millinery of every sort and kind is enjoying a wonderful popularity this season, and worn with stoles and muffs to match, these hats in skunk and in fox, in ermine and in gray squirrel have proved themselves equally comfortable and becoming. The furriers seem to have discovered some means, too, of making this kind of headgear comparatively light in weight, a great improvement on the state of things which prevailed only a year ago, when to wear a fur hat usually meant a bad headache for the wearer. Fortunately this is no longer the case, for one can procure nowadays soft caps in ermine and in mole-

skin, as well as quite large toques in fox furs, which are as light as a feather and cozy warm into the bargain. They are so softly mounted, too, that they can be folded and draped to the shape of the head, almost as easily as if they were made of velvet, and in this way a deft touch here and there may often make all the difference between a final effect which is chic and striking, or merely commonplace. Contrasts of brilliant color are sometimes introduced very successfully on these fur toques in the shape of a bunch of bright purple violets perhaps, or an emerald-green ostrich feather on a gray squirrel cap, or a large flower in orange velvet on a moleskin background.

The orange is the most luscious and healthful fruit. California excels in quality of oranges. The best of the California oranges are now packed in individual wrappers labeled "Sunkist".

Five thousand orange farmers in California do their own packing, shipping and selling. They grade and select their crop into "firsts," "seconds," etc. The firsts are fancy, tree-ripened, hand-picked, seedless, fibrous, thin-skinned oranges—every individual orange a perfect specimen of the finest variety of oranges. They are not only more healthful and more palatable than other oranges, but they are actually cheaper, for they are nearly all meat and nourishment. Your dealer sells "Sunkist" Oranges. Ask for them. You will know them by the tissue paper wrapper in which each "Sunkist" Orange is packed. On the wrapper note the label, "Sunkist." Keep all the wrappers. They are worth money to you.

Come in "Sunkist" Wrappers

You can judge lemons by the "clothes" they wear. If they wear "Sunkist" wrappers they are juicy and good, for they are not thick-skinned or pithy. They are just as fine as "Sunkist" Oranges, and their wrappers are equally valuable.
