

TO CONTINUE CLUB

Propose Tax for Boys' Corn Organization.

A plan probably will be devised by those advocating the continuance of the Wayne county boys' corn club whereby the townships of the county will be taxed a small sum to finance the club. The organization was formed in the spring of 1910 and all the obligations, including the expense of sending fifty boys to Purdue university for one week, were met by a resolution of the city.

Inasmuch as the value of the club was clearly demonstrated, those who backed it last year with their money and time, now believe that the parents of boys who will benefit by the organization should take up the management. By one of the school laws, it is possible that parents of children between the age of 6 and 21 years, in townships of the county, outside of incorporated towns, may be taxed and in this manner the necessary funds raised. The per capita assessment would be very small perhaps only 10 and not more than 15 cents each year. Such an insignificant tax would be sufficient, however, to meet all obligations of the club, if they were no heavier than they were in 1910.

C. W. Jordan, secretary of the Commercial club and formerly county superintendent indorses the organization, believing it one of the best educational affairs of the county and conducive of great results.

TO PRESERVE ORDER

Troops Arrive for the Camorra Trials.

(American News Service)

Viterbo, March 10.—Three hundred more soldiers arrived here today to preserve peace during the Camorra trials which begin Saturday. The town is virtually an armed camp with new barracks on the outskirts and the streets are full of uniformed men. Sentinels are everywhere and discipline is strict as in times of actual war is being observed. No one can approach the prison without giving the countersign. The guards are supplied with ball cartridges and their guns are equipped with bayonets.

The stationing of additional guards about the palace of justice and the residence of the crown prosecutor, led to the revelation today that an attempt had been made to destroy some of the exhibits which are to be used in the trial.

The wife of Enrico Alfano, the leader of the terrorists, it is reported, has eloped with Alfano's former secretary.

Alfano, or "Erricone" as he has been known to the police of several countries, has sworn to kill the betrayer of his friendship if he escapes prison. His former secretary is said to be in prison, having been arrested for burglary subsequently to the arrest of Alfano.

Alaska has great forests of timber, but they are practically virgin yet. Outside of firewood only 15,471,000 board feet were cut in 1910.

New Tuberculosis Remedy Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently curing a large number of Consumptives.

Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient? Eckman's Alternative has cured and is curing many a case of Consumption. Let those speak who know. Here is a specimen:—39 Savannah St., Rochester, N. Y.

Gentlemen: "On June 2, 1907, I was operated upon for Tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation, my physician gave me up as hopeless. I was then urged by a priest to take Eckman's Alternative, which I did. My weight at the time was 115 lbs. I began to improve and steadily gained health and strength. I now weigh 125 lbs., am an absolutely cured. Believing I owe it to myself and others, I make this statement."

Chicago, March 10.—Chicago police were yesterday searching the city for the new \$9000 automobile of Watson Blair, which was stolen from under the eyes of Blair's chauffeur, in front of the Blair residence last night while the owner was entertaining Mr. and Mrs. Malvina Drummond at a dinner party.

Following so close on the heels of the robbery of Mrs. Drummond of \$120,000 worth of jewels by a thief who entered her suite on the liner "Amerika" a fortnight ago, the automobile theft caused much good-natured rallery to be aimed at the Drummonds. They were hailed as hoodlums. The taking of the machine is one of the boldest thefts perpetrated in Chicago in many weeks. The chauffeur heard the machine start and gave chase in another car, but was unable to overtake his own, which is a 1911 model, Packard.

HEN "TRUST BUSTER"

Texas Takes Credit for Ousting Storage Egg.

(American News Service)

San Antonio, Tex., March 10.—When the Texas hen starts in on an anti-trust campaign she can do more in three months than the government has done since it took on the effort of "trust busting." The condition of the egg trust today is a sample of what the old hen can do for organizations which attempt to extort money from the people by cornering a food product. Certain wise financiers saw great possibilities in controlling the egg market and for a time they succeeded. But when they were in the real zenith of their success, the Texas hen asserted herself and cold storage eggs merely hit the high places in their descent down the toboggan. The first drop was from 40 cents to 35 cents. A few days later came a drop of a dime a dozen.

About this time the cold storage men threw a few fits and said a lot of things which have no place in literature. But these performances did not bother the hen. She was on the job all the time and after a time another drop of five cents per dozen came, and eggs are selling today at 20 cents retail, the farmer getting 15 cents a dozen for all he can market. This price gives a handsome profit and many car load shipments are leaving this state daily. The consumer is getting this valuable food product at just half what it cost three months ago and the egg trust is going to understand exactly what a "trust buster" means. Few industries have grown

so rapidly in Texas within the past three years as that of chicken growing. In many sections of the state large ranches are devoted to it and as a step toward producing the very best poultry, producers have organized associations and spare neither pains nor expense in getting the very best blood. As the result of this, the Texas hen has proven a great factor in striking the egg trust at a vital point.

PRESIDENT TAFT IS TO HAVE BUSY DAY

(American News Service)

Atlanta, Ga., March 10.—President Taft will have a busy time of it when he comes to Atlanta today to address the annual meeting of the Southern Commercial congress. The principal features of the day's program, as finally arranged by the local committee, will be a luncheon at the Capital City Club as the guest of the chamber of commerce, a reception by Governor and Mrs. Brown at the executive mansion, an address to the negroes of the city at the Central Avenue Methodist church, a dinner at the Piedmont Driving club, and an address at night before the Commercial Congress.

CROSS COMPLAINT FILED IN A SUIT

In the case of Martie Richardson against Benjamin and Lida Miles to eject from property and quiet title to deed, Lida Miles has filed a cross-complaint in which it is alleged that the claims of Martie Richardson of

the property in question are wholly unfounded. The cross complaint is the mother of Mrs. Richardson. The property at issue consists of a large farm in the western part of the county, to which the Miles claim a life interest by virtue of a deed of Mrs. Miles' father.

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that

of Mrs. N. H. Mead of Freeport, Kans., whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a supply free of charge.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.
