RICHMOND, INDIANA "PANIC PROOF CITY"

Has a population of 22,000 and
is growing. It is the county
seat of Wayne County, and the
trading center of a rich agri-
cultural community. It is lo-
cated due east from Indianapolis
65 miles and 4 miles from the
state line.

Richmond is a city of homes
and of industry. Primarily a
manufacturing city, it is also the
jobbing center of Eastern In-
diana and enjoys the retail trade
of the populous community for
miles around.

Richmond is proud of its splen-
did streets, well kept yards, its
cement sidewalks and leafy
shade trees. It has 3 national
banks, 2 trust companies and
building associations with com-
bined resources of over \$8,000,000.
Number of factories 125; capital
invested \$7,000,000; with an an-
nual output of \$27,000,000, and a
pay roll of \$2,700,000. The total
pay roll for the city amounts to
approximately \$6,300,000 annual-
ly.

There are five railroad com-
panies radiating in eight differ-
ent directions from the city. In-
coming freight handled daily, 1-
750,000 lbs.; outgoing freight
handled daily, 750,000 lbs. Yard
facilities, per day 1,700 cars.
Number of passenger trains daily
24. Number of freight trains
daily 77. The annual post office
receipts amount to \$50,000. Total
assessed valuation of the city,
\$15,000,000.

Richmond has two interurban
railways. Three newspapers with
a combined circulation of 12,000.
Richmond is the greatest har-
ware jobbing center in the state,
and only second in general job-
bing interests. It has a piano
factory producing a high grade
piano every 15 minutes. It is the
leader in the manufacture of
traction engines, and produces
more threshing machines, lawn
mowers, roller skates, grain drills
and burial caskets than any other
city in the world.

The city's area is 2,640 acres;
has a court house costing \$500-
000; 10 public schools and has the
finest and most complete high
school in the middle west under
construction; 3 parochial schools;
Earlham college and the Indiana
Business College; five splendid
fire companies; fine horse
houses; Glen Milla park, the
largest and most beautiful park
monday's annual chautauqua; seven
hotels; the home of Rich-
mond, the Indiana, the home of
hotels; municipal electric light
plant, under successful operation
and a private electric light plant,
insuring competition; the oldest
public library in the state, except
one and the second largest, 40,000
volumes; pure, refreshing water,
unsurpassed; 65 miles of improv-
ed streets; 40 miles of sewerage
miles of cement curb and gutter
combined; 40 miles of cement
walks, and many miles brick
walks. Thirty churches, includ-
ing the Field Memorial, built at a
cost of \$250,000; Reid Memorial
Hospital, one of the most modern
in the state; Y. M. C. A. building,
erected at a cost of \$100,000, one
of the finest in the state. The
amusement center of Eastern In-
diana and Western Ohio.

No city of the size of Richmond
holds as fine an annual art ex-
hibit. The Richmond Fall Fes-
tival held each October is unique,
no other city holds a similar af-
fair. It is given in the interest
of the city and financed by the
business men.

Success awaiting anyone with
enterprise in the Panic Proof
City.

This Is My 29th Birthday

GRAND DUKE OF MECKLENBURG-
SCHWERIN.

Frederick Francis IV, Grand Duke
of Mecklenburg-Schwerin, was born
April 9, 1882, and succeeded to the
throne upon the death of his father in
1897. His mother was a Russian
Grand Duchess, daughter of Grand
Duke Michael. The future ruler of
Mecklenburg-Schwerin was carefully
educated. After completing a thor-
ough course of university training at
Bonn, he traveled extensively in many
parts of the world. Though he came
to the throne in 1897 he did not as-
sume the reins of government until
the termination of his minority in
1901. In the meantime the grand
duchy was ruled by his uncle as re-
gent. In 1904 Grand Duke Francis
married Princess Alexandra, second
daughter of the Duke of Cumberland.
His family is the only reigning family
in Western Europe of Slavonic origin,
and claims to be the oldest sovereign
house in the western world.

Last Discount day, 10th of
month; no discounts allowed
after the 10th of this month.

Power Company. S-27

POLITICS AND POLITICIANS

Rev. L. J. Duncan is the new Social-
ist mayor of Butte, Mont.

Mrs. Ella Wilson, the first woman
to be elected mayor of Hunnewell,
Kan., says she is going to start house-
cleaning immediately.

Ex-United States Senator Hans-
brough has turned novelist, his maid-
en effort being "The Second Amend-
ment," a political novel. The book
promises to be widely read.

Pennsylvania legislators have intro-
duced into their state legislature a
public service commission bill mod-
eled on the lines of the New York
statute. It is probable that the Penn-
sylvania commission will be given
even more powers than the New York
body.

The legislature of New Jersey has
passed the employers' liability bill of
State Senator Edge, embodying the
ideas of Governor Wilson. It abolishes
as grounds of defense for the employ-
er in suits for damages the negligence
of the fellow employee and the assum-
ing of risk by the injured employee.
The measure is to go into effect on
July 4.

In the new congress, both the ma-
jority and the minority will find it ne-
cessary to mould leaders out of ma-
terial which does not appear to be to-
gether adapted to this purpose. For the
present at least the affairs of both
sides probably will be directed by a
group rather than an individual. On
the Republican side, Borah and Cum-
mins are the strongest men in the in-

urgent group in the senate, with
Senators Bourne and La Follette lead-
ing the ultra-radicals.

On the Democratic side the situa-
tion is far more problematical. Un-
less the temper of the members
change, it will be impossible to select
either an individual or a group of men
in whose hands the reins of leadership
may be placed. Many desire no lead-
ership at all, preferring to move inde-
pendently. John Sharp Williams is
looked upon somewhat as a "dark
horse" but the older heads will prob-
ably resent direction at his hands, un-
less they can be kept in good humor
by extraordinary tact. Senator Bailey
reactionary, has already antagonized
the progressive element of his party
and some declare, has lost prestige by
his action in resigning his seat im-
mediately after the adjournment of the
last session and recalling the resigna-
tion before it could be considered.

George M. Bowers, United States
Fish Commissioner is from West Vir-
ginia and he has been very busy think-
ing out a plan which will wipe out
all factional troubles among the Re-
publicans of his state. The Bowers
plan is to nominate Senator Scott for
Governor next year and ex-Representa-
tive W. P. Hubbard for representa-
tive at large on the state ticket. It
is not thought good politics to make
another district in the state, and it
is presumed that Hubbard, who has
long been at war with the Scott or-
ganization, will agree to peace on the
new terms.

RICHMOND TO GET STATE CONVENTION

United Commercial Travel-
ers to Meet in This City
Next Year.

Upon the selection of delegates to
the state convention, which will be
held next month at Madison, Ind., at
the regular meeting of the local order
of the United Commercial Travelers
association, last evening, it was stated
that it was practically assured that
the state convention in 1912 would be
brought to Richmond. The local or-
der began a campaign to land the con-
vention for this city several months
ago, asking the Young Men's Business
club to assist by sending circulars
telling of the advantages of Richmond
to the various orders over the state.
A favorable sentiment seems to have
been created and local officers of the
association believe the convention is
practically clinched. The Richmond
delegates to the Madison convention
are G. M. Christian, Philip Highly, and
J. P. Vieders.

Arrangements were completed at
the meeting last evening for an illus-
trated lecture on "The Passion Play"
to be delivered at the Coliseum some
time in May by Henry Ellsworth, a
well known and prominent lecturer on
this subject. The slides to be used
in illustration are taken from original
photographs of the plays as enacted at
Oberammergau. It will be the first
public entertainment undertaken by
the local order which has been exist-
ence but a short time.

H. L. Monarch was admitted to the
association last evening.

MASONIC CALENDAR

Monday, April 10, Richmond Com-
mandery No. 8, K. T. Stated convoca-
tion.

Tuesday, April 11, Richmond lodge
No. 196, F. & A. M. Called meeting.

lowed by social and lunch for members
and their families.

MINNESOTA LOSES A RAILWAY FIGHT

(American News Service)
St. Paul, April 8.—The state of Min-
nesota today lost its great battle with
the railroads. The United States cir-
cuit court of the eighth district hand-
ed down a decision in the rate case up-
holding the railroads.

ITEMS COLLECTED IN PROBATE COURT

William H. Swisher has been ap-
pointed administrator of the estate
of the late Sarah B. Swisher who died
on April 2. The personal property
of the decedent was valued at \$1,500.

The Dickinson Trust company,
guardian of the estate of interests of
Leona Epps Morton in the estate of
Jesse Epps, deceased, filed final set-
tlement report in the Wayne probate
court on Saturday. The guardian ad-
vanced \$124.41 to the ward when she
became of age.

Seven heirs of the late William
Shaw shared in the distribution of the
estate, which after all debts were paid
included \$642.23, according to the fi-
nal settlement report filed in Wayne
probate court Saturday by the Dickin-
son Trust company, administrator. The
total charges of the administrator
was \$1,547.23, the estate's obligations
being \$892.02.

NORWAY IN DANGER OF GENERAL STRIKE

(American News Service)
Christiania, Norway, April 8.—With
14,000 iron workers now out, Norway
today is confronted with the danger
of a general strike of workmen. The
iron workers were locked out as the
result of a dispute over minimum wages,
minimum hours and pay for over-
time. The Socialists are making a
strong campaign to have all the work-
men in the kingdom strike.

A large Hamburg restaurant is hous-
ed in a building of compressed paper.

LESSON IS LEARNED

Dying Man Kept Resolution
in Sight to Last.

Columbus, Ind., April 8.—Will E.
Strawn, age forty-eight, is dead here
after an illness lasting three years.
He formerly lived at Montpelier. The
body was taken there today. Strawn
was cheered to the end by a printed
resolution which hung where he could
always read it. His resolution read:
"Just to be patient; just to be hum-
ble; just to keep a cheerful, thankful
heart; just to claim all the gospel
promises, and to commit to memory
all of them that I do not already know,
just to repeat very often the deathless
truths and weave them into the web
of life."

BIG GIRDER FALLS; TWO FATALITY HURT

(American News Service)
New York, April 8.—Two men were
fatally injured this afternoon and a
score of ironworkers at work on the
28-story building being erected by the
Bankers' Trust company at Wall and
Nassau streets, narrowly escaped with
their lives when a two-ton steel girder
crashed from the 24th to the nine-
teenth floor. The accident occurred in
the heart of the financial district.
The girder was being lifted into place
by a derrick when the guide rope
broke.

Albert Hansen and Peter Norman
were struck by the falling girder.
Hansen's legs were severed at the
knee and Norman sustained severe in-
ternal injuries.

OLD AGE.

To ridicule old age has been
compared to pouring cold water
into the bed in the morning upon
which you have to sleep at night.

CREAM
—IS—
MONEY

WHY WASTE IT?

Buy a DE LAVAL and watch
your Cream Checks Grow.

Remember that cream is money, and
what may look like a saving of \$15
or \$20 in the original price of a cream
separator will be eaten up many times
over in the cream that it will rob you
of in months and years to come.

Creamerymen and dairymen, who
have had much experience in the use
of cream separators will tell you that
when it comes to clean skimming,
easy running, long wearing and easy
cleaning, there is but one machine on
the market that meets with their re-
quirements, and that is the De Laval.
It only costs a little more than its
imitators at the start, and it does so
much better work than any of its
"would-be" competitors that it is eas-
ily the most economical machine to
buy even if it costs twice as much.

We have in stock the No. 10 and No.
12 and when in market for a machine
you can have a free trial by telephone-
ing.
