

FEDERATED CLUBS PLAN CONVENTION

Directors of Indiana Women's Clubs Met—Give Girls Scholarships.

Indianapolis, April 14.—The members of the board of directors of the Indiana Federation of Clubs held an all-day meeting, at the Claypool hotel. The general business of the board was to plan for the state meeting, to be held in Indianapolis in October. Mrs. Grace Julian Clarke, president, was in the chair. The morning was given to the hearing of reports. Without exception the reports were satisfactory, especially that of the treasurer, Mrs. G. C. Merkle of Winchester.

The federation officers have decided to enlarge the scholarship loan fund. This fund is to be made of such size that young women wishing an education may borrow from the fund until the education is acquired, and when the borrower is self-supporting the money may be paid back. The hope is that the amount provided will be sufficient to educate ten girls.

The organization is affiliated with the federation are giving entertainments for the benefit of this fund and the secretary, Mrs. Edwin A. Knapp, said: "The money is coming in encouraging amounts and I regard this as one of the practical departments of the federation. We have considerable money already and girls are ready to make use of the federation's offer."

Mrs. Major Resigns.
The resignation of Mrs. William S. Major, of Shelbyville, as state federation secretary to the general federation, whose ill health made it impossible for her to continue, was accepted with regret by the board. A successor to Mrs. Major will be chosen in a few days. The federation secretary unites the state federation to the general federation.

The Indiana Federation of Clubs has issued a pamphlet setting forth why clubs should federate, and copies of the booklet are to be distributed by the district chairman, with a view to increasing the number of clubs affiliating with the state organization. There are now about two hundred and fifty clubs on the register, representing more than ten thousand members.

Meeting at Winona in July.
An interesting feature of the morning was the series of reports made by the district chairmen, and by the chairmen of departments, which reports tell of the work being done by every civic club connected with the federation. It was announced that a meeting in the interests of the federation will be held at Winona lake, July 12 and 13, when Mrs. Albion Fellows Bason, of Evansville, will speak on "Tenements" and Mrs. Charles Carroll Brown, of Indianapolis, will speak on "Parent-Teacher Associations."

Mrs. Clarke, the state president; Mrs. O. P. Kinsey, first vice-president, and Mrs. Edwin A. Knapp, secretary, will go to Memphis, Tenn., to attend the biennial council April 18.

STRUCK BY TRAIN HE RESUMES WORK

However, Plucky Jim Marshall, teamster, Soon Became Unconscious.

Hurled through the air for more than 30 feet when Pennsylvania train No. 12 at the Fifteenth street crossing, about 6:10 o'clock this morning struck his wagon, James Marshall, a teamster in the employ of the American Seeding Machine company, dismounted a long gash in the back of head and severe bodily injuries and attempted to drive his two horses, one of which had been severely injured, from the scene of the disaster. Witnesses, who did not believe him badly injured, allowed him to undertake his purpose, but after walking from the railroad almost to E street and passing the city ambulance which had been called to remove him to the hospital or his home, the plucky driver dropped to the ground unconscious.

Marshall was then removed to the office of the American Seeding Machine company, where the ambulance was called for the second time and he was taken to his home, 391 Chestnut street.

Hurts Not Serious.
Although his injuries, consisting principally, so far as can be ascertained, of the gash in the back of his head and bruises about the shoulders and body, are severe and the cause of much pain, Marshall is not believed by the attending physician to be in a serious condition.

The wagon which Marshall was driving, was reduced to splinters, and one of the horses badly injured, its legs being cut and bruised and a gash more than a foot long inflicted on its side. It is expected to recover.

Marshall was on his way to work, driving on Fifteenth street. When he approached the crossing, the flagman was not in sight and no one being there to warn him he started to cross the tracks. The flagman is alleged to have been in his shanty at the time. Marshall had proceeded about half way across when No. 12, a fast mail and passenger train from Chicago, due here at 5:50 o'clock, bore down on him. The wagon was struck before Marshall had time to jump or whip up his horses. It is the second accident of its kind to take place at the Fifteenth street crossing within the last few weeks. Not long ago the Helger grocery wagon was struck there and its driver severely injured. Both accidents are alleged to have been due to the carelessness of the flagman who is said to have been in his shanty both times.

JAKE SUCCUMBED

Jake Brown, of Rushville, came to Richmond yesterday to go to a funeral. Not being used to the temptations of "Lager Beer, Best on Earth," he fell. "Jake" finally landed in the city jail, a la Voelgelong. He will be arraigned in city court tomorrow morning.

PRETTY NOVELTIES
The shops are displaying a number of novelties this week appropriate to the Easter season.

DOCTOR FEATHERED

Divorce Action Aroused Mob of Iowa Residents.

Mason City, Iowa, April 14.—A mob at Glenville, in Worth county, tarred and feathered Dr. J. P. Freeman, a prominent physician. The doctor was attacked while on his way home from his office. Later he was taken to a hospital suffering severely from shock and exposure, and a physician was summoned from Northwood to attend him.

Charges preferred by Dr. Freeman against his wife in a divorce action and revelations made in a cross bill filed by Mrs. Freeman are believed to have been the cause of the outbreak, which has created a tremendous sensation in Glenville and surrounding country.

Dr. Freeman was attacked about 10 o'clock by thirty men, who were in hiding in an alley and rushed upon the physician and two companions as they passed the place of concealment. The assailants seized the doctor's companion first, as they apparently thought the two were armed.

Freeman broke away when he was attacked and ran back to his office, but was caught as his hand touched the door, the knob of which was wrenched off in the struggle that followed.

He was quickly thrown to the ground and smeared with the contents of a pail of tar. Then the mob rolled him in feathers and pelted him with eggs.

A few weeks ago Dr. Freeman brought suit for divorce, charging his wife with cruelty. Mrs. Freeman filed a counter-charge connecting the physician's name with that of another woman.

Monday evening Mrs. Freeman went to her husband's office. There was a quarrel and Freeman is alleged to have thrown his wife and little daughter into the street. This brought feeling in the town to a climax.

A COMMON CAUSE OF HEADACHE

Is straining the eyes and using them to the point of exhaustion—if more people realized this and wore the proper glasses for aiding them in close work there would be fewer "nervous headaches" and tired eyes. I make a specialty of curing this kind of headache with glasses that will fit your special need. Let me help you today.

MUSIC ROLLS ARE IN HEAVY DEMAND

There is a heavy demand for the music rolls for 88 note player pianos. The rolls have recently been added to the Morrison-Reeves library. Both classical and popular music is included. Every family in the township that enters its name at the library is entitled to four rolls of music, to be kept not longer than three weeks.

90 PER CENT PER ANNUM

This is the dividend of the Reo-Motor Company for the past five years. Common stock in most automobile manufacturing concerns pays from 30% to 1,000% dividends.

Our offering of the 7% Cumulative Preferred Stock of the CONSOLIDATED MOTOR CAR COMPANY, (Capital stock \$4,000,000), of Cleveland, at par, \$100.00, with a bonus of 100% of Common, should prove equally productive of profit.

The CONSOLIDATED MOTOR CAR COMPANY manufactures the Royal Tourist and the Croxton Cars, both of which are familiar to every Automobilist.

There are individual, fundamental, mechanical reasons why their complete line of commercial trucks, taxicabs and pleasure cars will assure large profits to the investor, these we will gladly furnish on request.

Investors will also be furnished with certified public accountant's statements semi-annually. The book value of preferred stock is \$2% in excess of price asked.

The Croxton Taxicabs are now being used by Walden W. Shaw Co. of Chicago and nineteen other large taxicab companies.

This is the first public offering of the stock which is limited to \$250,000. General illustrated prospectus, showing plants, assets, etc., upon request. Address.
