

THAT POST OFFICE DEPT. PROBE ASKED

Resolution Entered in House—Reciprocity Bill Debate Drags On.

(American News Service)

Washington, April 18.—Representative Howard of Georgia introduced a resolution in the house today calling for a sweeping investigation of the postoffice department and Postmaster General Hitchcock's "economy" plans, also of "numerous complaints of un-American practices of intimidation coercion of postal employees."

Though this was the third day of debate on the Canadian reciprocity in the house, the Democratic leaders saw little prospect of a vote before Friday or Saturday. The refusal of Murdock, the Kansas insurgent, and Frank Clark, a Florida Democrat, to permit any member to "extend remarks in the Record," is responsible for the delay in concluding the debate.

If a member breaks into the Record on Canadian reciprocity now he must actually speak his piece and in consequence practically the entire week must be devoted to debate. Two days might have sufficed under the old plan. Representative Underwood in charge of the bill, announced today that the vote on reciprocity will be had before the end of the week.

Following the speech of Fordney of Michigan, a standpatter, Daizell is slated to close the debate against the reciprocity agreement. Underwood, Democrat, will make the last speech in favor of the bill in the house. Representative Hill of Connecticut, opened the debate in favor of the reciprocity agreement. He refuted the statement that reciprocity was in violation of the last Republican platform. "The difference in cost of production at home and abroad is presumed to regulate our duties," he said. "There is virtually no difference between the cost of production here and in Canada. Laborers receive almost the same wages in both countries, and this talk of discrimination against the American farmer is absurd." Hill presented statistical data in support of his contention.

Statisticians now count on the survival to maturity of 70 out of every one hundred male children born in France, instead of sixty-seven a few years ago.

Miss Hazel Roach has gone to Dayton, Ohio. Last evening she attended a large Easter dancing party given at that place.

A GUEST AT NEW CASTLE.

Miss Nellie Bulach was the guest of friends in New Castle, Indiana over Sunday.

ATTENDED WEDDING.

Mr. and Mrs. Henry F. Miller, 425 South Seventh street, and Mr. and Mrs. Ben Aring attended the Miller-Higgins wedding at Dayton, Ohio, Sunday.

GUESTS AT NEW PARIS.

Mr. Bernard Hamilton and Miss Bessie Sprague spent Sunday at New Paris, Ohio, the guests of Miss Bessie McCarty.

A GUEST IN MARION.

Mr. Edward H. Harris spent Sunday in Marion, Indiana, having gone to join Mrs. Harris, who has been spending the weekend with her parents.

MARRIED SUNDAY.

The following was received in this office yesterday too late for publication:

Homer F. Miller, son of Mr. and Mrs. Henry F. Miller of 425 South Seventh street, was quietly married in a cozy little home which he had already furnished at Dayton, Ohio to Miss Helena F. Higgins of Boston, Massachusetts, Sunday at 12:30 in the presence of the immediate family of the bride and groom.

The home was very tastefully decorated with ferns and Easter blossoms and the ceremony was performed by Rev. Charles A. Campbell in the spacious living room of the apartment.

A double ring service was used and directly after the ceremony a dinner was served in the beautifully arranged dining room in which the predominating color scheme was pink and green.

The young couple were the recipients of many beautiful and useful presents, among which was a complete

dining room set of Fumed Oak, given by the parents of the groom.

The many friends of Mr. Miller in Richmond and Dayton wish them undivided happiness and success. They left for a short honeymoon trip and will be at home to their friends after May 1st, 25½ East Third street, Dayton, Ohio.

GAVE BANQUET.

A banquet was given last evening by the choir of the St. John's Lutheran church as a courtesy to Professor J. F. Hunzicker who will leave in a fortnight for Golden, Illinois, where he has accepted a similar position. The evening was spent in a pleasant social manner. A banquet in several courses was served. Music and toasts given by the various members also featured the evening. During the seven years that Mr. Hunzicker has been principal of St. John's school it has prospered and not one pupil has the school lost during that time, and not one meeting pertaining to any trouble has been held during this period. He has succeeded in building up the choir which far exceeds anything in the history of the congregation. This is perhaps due to his talent as a director. A number of difficult numbers have been presented with marked success at various times by the choir. He is one of the foremost organists in the community and is perhaps one of the best organists in the Lutheran denomination. Mr. Hunzicker will play for the last time at the services of the church next Sunday. His many pupils in violin, piano, organ, voice and harmony will regret to see him leave.

MAENNERCHOR TO ENTERTAIN.

The Richmond Maennerchor will entertain their families Wednesday evening of this week in the Odd Fellows hall. A program of German classics and humorous selections will be given followed by Taeuzkraenchen. The program will also consist of numbers from Mendelssohn and Franzabt. The chief object of this society is to preserve the German Volks Lieder.

ENTERTAINED CLUB.

Mrs. Galen Lamb was hostess Monday afternoon for the postponed meeting of the Friday bridge club at her home in East Main street. Bridge was played at several tables and favors presented. The club meets Friday afternoon of each week.

WENT TO CINCINNATI.

Mr. John H. Brown has gone to Cincinnati for a few days' visit.

WITHDRAW CHARGES AGAINST SMELSER

Charges filed with Governor Marshall against Dr. S. G. Smelser of this city, asking his removal from the state board of medical registration and examination, have been withdrawn by those who preferred them, and it is likely that all difficulties arising from the charges will be satisfactorily adjusted.

The charges against Dr. Smelser were preferred by Dr. Wishard, a member of a medical school at Indianapolis. They did not allege particularly that Dr. Smelser was incompetent, yet cited allegations that he had failed to pass his examination. Dental was made and the local physician stated he was accused because he had objected to the older members of the state board, from the standpoint of service receiving, it is alleged, twice the amount which he did for the same amount of work.

IN THE SINK.

MY! Aren't they detestable?—those sneaky little roaches that creep and crawl all over everything. You know how spry they are. But they can't dodge Hewitt's Easy Task Soap, and they can't abide it, so they clear right out. Hewitt's Easy Task Laundry Soap is white and pure; keeps sinks, bathrooms and pantry shelves clean and sweet and free from mustiness.

It is proposed to manufacture paper from pulped blue-gum timber. Tests have been carried out at English paper mills, and are said to give a product equal to that made from African esparto grass.

MAKES A DECISION IN GUARDIAN CASE

In a decision in regard to the motion to set aside the appointment of John Manning as guardian for Martin Cranor, a well-to-do retired farmer of Green township, Judge Fox of the Wayne circuit court held no fraud had been practiced upon the ward and refused to sustain the motion. The court declared in his decision that if any fraud had been perpetrated it was upon the court and not upon the ward of the guardian. He recommends that in order to proceed to set aside the appointment of the guardian that the petitioners proceed in the same manner as did those who had been appointed. It is likely this course will be pursued.

A SMALL ESTATE

John W. Phelps, the brakeman on the Pennsylvania railroad who was almost instantly killed, March 17, left an estate of the probable value of \$100, according to probate record. The widow, Mrs. Agatha Phelps, is named administratrix of the estate and has qualified with \$200 bond.

Some potash originates in this country, but the principal source is in the mines at Stuettgart, Germany, which at the present rate of exploitation, will last 600,000 years, it is said.

GOVERNOR SPEAKS

The Earlham Press club will attend the meeting of the Intercollegiate Press Association at Crawfordsville, May 20. Governor Marshall will deliver the principal address.
