Richmond, Indiana
"PANIC PROOF CITY"

Has a population of 23,000 and
is growing. It is the county
seat of Wayne County, and the
trading center of a rich agri-
cultural community. It is lo-
cated due east from Indianapolis
63 miles and 4 miles from the
state line.

Richmond is a city of homes
and of industry. Primarily a
manufacturing city, it is also the
jobbing center of Eastern In-
diana and enjoys the retail trade
of the populous community for
miles around.

Richmond is proud of its splen-
did streets, well kept yards, its
cement sidewalks and beautiful
shade trees. It has 3 national
banks, 2 trust companies and 4
building associations with com-
bined resources of over \$8,000,000.

Number of factories 125; capital
invested \$7,000,000, with an an-
nual output of \$27,000,000, and a
pay roll of \$3,700,000. The total
pay roll for the city amounts to
approximately \$6,300,000 annual-
ly.

There are five railroad com-
panies radiating in eight differ-
ent directions from the city. In-
coming freight handled daily, 1-
750,000 lbs.; outgoing freight
handled daily, 700,000 lbs. Yard
facilities per day 1,700 cars.

Number of passenger trains daily
18. Number of freight trains
daily 17. The annual post office
receipts amount to \$80,000. Total
valuation of the city, \$15,000,000.

Richmond has two interurban
railways. Three newspapers with
combined circulation of 12,000.
Richmond is the greatest hard-
ware jobbing center in the state
and only second in general job-
bing interests. It has a piano
factory producing a high grade
piano every 10 minutes. It is the
leader in the manufacture of
traction engines, and produces
more, threshing machines, law
mowers, roller skates, grain drills
and burial caskets than any other
city in the world.

The city's area is 2,440 acres;
has a court house costing \$500,-
000; 16 public schools and has the
finest and most complete high
school in the middle west under
construction; 3 parochial schools;
Earlham college and the Indiana
Business College; five splendid
houses; Glen Miller, the finest
largest and most beautiful park
in Indiana; a magnificent aqueduct;
seven hotels; the home of Rich-
mond; municipal electric light
plant, under successful operation;
and a private electric light plant,
insuring competition; the oldest
public library in the state, with
one and the second largest, 40,000
volumes; pure, refreshing water,
unsurpassed; 65 miles of sewer-
age streets; 40 miles of sewer-
age combined; 40 miles of cement
walks, and many miles of brick
walks. Thirty churches, includ-
ing the Reid Memorial, built at a
cost of \$250,000; Reid Memorial
Hospital, one of the most modern
in the state; Y. M. C. A. building,
erected at a cost of \$100,000, one
of the finest in the state. The
museum center of Eastern In-
diana and Western Ohio.

No city of the size of Richmond
holds as fine an annual art ex-
hibit. The Richmond Art Festi-
val held each October is unique,
no other city holds a similar af-
fair. It is given in the interest
of the city and financed by the
business men.

Success awaiting anyone with
enterprise in the Panic Proof
City.

This Is My 61st Birthday

DUNCAN B. MAC TAVISH.

Hon. Duncan B. MacTavish, a lead-
ing member of the judiciary of Ontario
was born in Carleton county, Ontario,
April 21, 1850, of Scottish parentage.
He received his preparatory education
in the public schools of Ottawa and
later graduated from Queen's universi-
ty. After leaving the university he
studied law under Sir Oliver Mowat
and after being called to the bar he
practiced his profession for many
years in Ottawa. For fifteen years,
beginning in 1882, he held the office
of City Solicitor of Ottawa. This po-
sition he resigned to accept appoint-
ment to his present position as senior
judge of the County Court of Carleton.
Judge MacTavish is regarded as a
high authority on matters of law and
on numerous occasions has been called
upon to represent the Dominion before
judicial committees.

A French scientist has combined the
moving picture camera and X-ray ap-
paratus into an instrument by which
the process of internal organs may be
studied, and has given it the name of
biorentgenograph.

Coliseum closes for skating
Saturday night, so be there,
take your last skate.

Prosperity Enroute

Wall street is complaining of "dull times," and its records show that there is ample reason in the complaint. There is very little speculation in securities and this has been the situation for weeks. Yet no one is worrying over it. Leading Chicago and New York bankers like James B. Forgan, George M. Reynolds and Frank A. Vanderlip regard the future with serene confidence and say that an era of great and sound prosperity is surely "coming." Mr. Marvin Hughitt, chairman of the Chicago and Northwestern, whose knowledge of the industrial and commercial conditions in the entire Northwest is exceptional, recently said in an interview that, while business is rather quiet, "there is no reason to fear that the present state of affairs will long be maintained." He looks for an early improvement, a quickening of the tempo of production, trading and extension.

It is worthy of note in this connection that in circles where a few months ago, the decisions of the supreme court in the pending trust cases were anxiously and apprehensively awaited, the tone of current comment is distinctly cheerful. It is freely admitted that even wholly adverse decisions cannot seriously affect the industry and commerce of the country.

Now there is no particular difficulty in accounting for this optimistic spirit, this absence of worry and fear. Our captains of industry are aware that even in quiet times a rich, progressive, strenuous nation of 83 millions creates a "normal" demand for necessities, comforts, luxuries and amusements which keeps the working population tolerably busy. There is in fact, little idleness among the workmen of the country, while bountiful nature promises the farmers a bumper crop. Our foreign trade is still expanding. The excess of exports for March was nearly \$23,000,000 as compared with an adverse balance of \$19,000,000 last year. Our foreign credits are heavy and likely to grow heavier. The export trade for the fiscal year is certain to break all records.

With an expanding foreign market and an unequaled home market, with steady employment at high wages for skilled and unskilled labor, with a reduction in the cost of living, and with prosperity "out of the soil" as the solid foundation for general prosperity, it is scarcely to be wondered at that level headed bankers, railroad men and manufacturers are not losing much sleep over "stagnation" in stock trading or comparative slackness in business at large.

The fundamental conditions of the country were never sounder and healthier than at this time. No speculative boom is wanted, but real and wholesome prosperity is almost inevitable. Only stupid and gross blunders in legislation or national policy could threaten such prosperity, and such blunders are happily not at all probable.—Chicago Record-Herald.

AN ODIUM TO TRADE

Blind Tiger Drug Stores Are
Branded as Disgraces.

Mt. Vernon, Ind., April 21.—When W. H. Fogas, the recently elected secretary-treasurer of the state board of pharmacy, was asked about the Governor's order to revoke the licenses of all pharmacists who obtain leases merely for the purposes of selling liquor, Mr. Fogas said the Governor's order had not yet been received. The state board of pharmacy will soon hold a special session, when action may be taken. Mr. Fogas said, until then, he did not wish to discuss the Governor's order.

In giving his own views on the subject of "blind tiger" drug stores Mr. Fogas said: "Blind tiger" drug stores are a disgrace to pharmacy and the better druggists do not approve of them. They are willing to see them abolished because they can not otherwise be regulated. The better class of pharmacists do not object to legitimate selling, which is limited. The profession is under odium because some prostitute it by making 'blind tigers' of their places. In a number of places former saloon men open drug stores and carry limited drug supplies, with a registered man, for the liquor sellers protection. Frequently where such liquor sellers make a good front they get much legitimate business, because patrons can get liquors, thus compelling otherwise respectable druggists to do the same. The better druggists with a clean pharmacy and the community's respect. They are willing to forego profit for better conditions."

TIME

Part with time as with money,
sparing; pay no moment but in
purchase of its worth. And what its
worth? Ask deathbeds; they can
tell.—Young.

"THIS DATE IN HISTORY"

APRIL 21ST.

- 1509—Henry VII., of England, founder of the Tudor dynasty, died. Born in 1457.
- 1785—Count Flahaut, a celebrated French general under both Napoleons, born. Died September 1, 1870.
- 1819—Oliver Evans, who made the first application in America of steam power for propelling steam carriages, died in New York. Born in Delaware in 1755.
- 1836—Texans under General Houston defeated the Mexicans under Santa Anna in battle of San Jacinto.
- 1861—Senator Andrew Johnson, of Tennessee, mobbed at Lynchburg, Va.
- 1874—Street conflict between the Baxter and Brooks political factions at Little Rock, Arkansas.
- 1879—Gen. John A. Dix died. Born July 24, 1798.
- 1894—Strike of 130,000 miners inaugurated in the bituminous coal region.
- 1900—Attempt to blow up the gates of the Welland Canal.
- 1905—Orville H. Platt, U. S. senator from Connecticut, died in Washington, Connecticut. Born there July 19, 1837.
- 1910—Samuel L. Clemens ("Mark Twain") died in Redding, Connecticut. Born in Florida, Missouri, November 30, 1835.

One Way of Saving
a Baby—Free to Try

The mother does not live who would not do all in her power to keep her child healthy, but often she does not know how. So when a doctor of standing points the way all can afford to listen.

It is an accepted fact that nine out of ten of the troubles of infants and children are intestinal. You notice it by the fact that the child is constipated, it belches, is peevish and cries. Don't give a remedy that contains an opiate, because the child will get in the habit of needing it, and don't become alarmed and run at once for a doctor.

Try a scientific laxative first. Give a small dose of Dr. Caldwell's Syrup Pepsin, the remedy that is intended for the use of children. It is mild, gentle and non-gripping. The remedy is absolutely pure and is guaranteed in every particular. Mrs. Ramsey of Elm Grove, Pa., and

Mrs. Fred Crooms of Alanson, Mich., never give their children anything else. These are only a few among thousands of women.

You can buy a fifty cent or one dollar bottle of any heavy druggist, or you have all sold to for a generation, but if you want to test it on your child first send your address to Dr. Caldwell and he will cheerfully send you a free sample bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 284 Caldwell building, Monticello, Ill.

"AFTER MANY YEARS OF
STOMACH TROUBLE"

Monnett's Kan-do-its Give You New
Stomach, Liver and Kidneys. Guar-
anteed by Conkey Drug Co.
Indianapolis, Nov. 12, 1910.
"I had stomach trouble for several
years, and tried many remedies
and several doctors. In July,
1910, I got so bad that everything I
ate caused me agony. In three
months I lost 25 pounds in weight.
A neighbor told me about Mon-
nett's Kan-do-its and one box gave
me such relief that I bought two
more boxes. I finished taking
three boxes over six weeks ago. I
am back to normal weight and can
eat anything."
E. P. Funk, Conductor, Vandalia
Lines, Flat 11, 402 N. New Jersey
St., Indianapolis, Ind.

Monnett's Kandoints have a prompt
and beneficial action on stomach, liver
and kidneys and urinary tract. They
clean up and strengthen the whole sys-
tem, purify the blood and throwing off
disease.

This remedy is strongly guaranteed
to give prompt and lasting benefit in
stomach ailments, liver and kidney dis-
eases (including most cases of dia-
betes), skin and blood diseases (in-
cluding the worst forms), and rheumatism.
Constipated people are quickly released
from the physical habit.

Any man of woman seeking to regain
normal weight and health should take
a prompt and effective means.

Conkey Drug Co. will sell you a 15-
day trial bottle of Kandoints for 50c,
and will promptly refund your money
if you do not feel like a new man and
different person after taking them.

If you live where Kandoints are not
on sale, and wish a sample, send 25
cents to Monnett Medicine Co., 209 N.
New Jersey St., Indianapolis, Ind.

ADVICE TO WORKERS

Published in Nine Languages
by Penn. Railroad.

A new book of instructions published
in nine languages has just been is-
sued by the Pennsylvania railroad for
the government of employees working
on or about the tracks. The English
portion of the booklet covers three
pages and following it are translations
into German, Greek, Hungarian, Italian,
Lithuanian, Polish, Slovak and
Swedish.

In the average track gang in this
section of the country there are from
three to six nationalities represented.
As many of the foreign laborers un-
derstand very little English, the prob-
lem of protecting the lives of these
men has become a serious one for the
railroads.

The sixteen rules in the booklet dis-
tributed by the Pennsylvania are de-
signed chiefly to enforce a proper care
in the performance of hazardous du-
ties. Rule sixteen says, "Any employe
who, while on duty, is careless about
the safety of himself or others, or
who disregards warnings, shall be sub-
ject to discipline." Another rule makes
possession of the book and a knowl-
edge of its contents obligatory for all
track workmen.

Contrary to the general belief that
the poorer classes of immigrants are
very ignorant, those who are in charge
of the track gangs say that practically
all the men can read, and that one is
rarely found who cannot sign his name.

DR. WILEY STAMPS
CRANKS WITH O.K.

Washington, April 21.—"Crank-
make the world go round," declared
Dr. Harvey W. Wiley last night at
the Cosmos club, where the National
Academy of Science held its annual
banquet. The chemist and pure food
expert of the department of agricul-
ture was not referring to any mechan-
ical contrivance that rotates the earth,
but was defending the Cosmos club.

"We are composed mainly of poor
scientists," said Dr. Wiley. "Even a
man lecturing to automobile sightseers
tells about us. I heard one the
other day say another club was the
richest in the city; that only swells
were allowed there. On reaching the
Cosmos club he said 'Only cranks are
allowed here.' We admit this, but I
want to say that it is the cranks who
make the world go round."

Life Insurance or Death
Insurance—Which?

Real life insurance often consists in
taking Eckman's Alternative, which
brings better health. Persons often
are so improved that they can work
before they are finally cured.

Gentlemen: "During 1907, my physi-
cian sent me to Texas from there to
Colorado. I became worse and was
sent home to die. Hearing of Eck-
man's Alternative, I began treatment
and was cured."

(Signed) Affidavit of ARTHUR WEBB.

Fuller details of above case on re-
quest.
Eckman's Alternative is for Bronchi-
tis, Asthma, Hay Fever, Throat and
Lung Affections. For sale by A. G.
Luken & Co., and other leading drug-
gists. Ask for booklet of cured cases
and write to Eckman Laboratory, Phil-
adelphia, Pa., for additional evidence.

Why Not You?

We help others with money.
We loan on household goods,
pianos, fixtures, horses, wagons,
etc.

Easy payments for 50 weeks.
\$1.20 a week pays back a \$50
loan.

All amounts in proportion.
We make loans in the city and
all surrounding towns and
country. Mail us this blank if
you need money and our agent
will call on you.

STOCK FRAUD CASE

CALLED AT BOSTON

Wheeler and Stillman Al-
leged to Have Used U. S.
Mails for Fraud.

(American News Service)
Boston, Mass., April 21.—The joint
cases against Warren B. Wheeler and
Stillman Shaw of Wheeler & Shaw,
Inc., who were arrested two weeks ago
charged with having used the mails
in a scheme to defraud, was called for
a hearing before United States Com-
missioner Hayes in this city today.

Wheeler and Shaw were arrested at
the request of Postoffice Inspector
Charles H. Claraham, who had for
some time been investigating the con-
nection of the firm with the promotion
of the American Rubber company, a
\$5,000,000 corporation, organized un-
der the laws of the state of Maine,
which is said to control a secret pro-
cess for producing rubber at small
cost and large profit.

According to the statement of the
federal officers who have been engaged
in the investigation of the case
about \$600,000 in stock of the company
have been sold to about 500 or more
small investors, most of them in the
New England states. It is charged by
the federal officers that Wheeler, who
was formerly treasurer of the rubber
company and his associate, in selling
the stock of the corporation, used the
mails to circulate information concern-
ing the condition and prospects of the
rubber company which they must
have known to be misleading and de-
ceiving.

Among other things, it is claimed
by the government, the promoters of
the company in their effort to attract
purchasers of the stock, made the
statement that there was a profit of
150 per cent on every pound of rubber
turned out by the company's factory
in Hyde Park. This statement, the
federal officers say, was not supported
by the facts in the case and consti-
tuted a fraudulent misrepresentation.

As a matter of fact, the government
officials assert, the price which the
company received for the products of
its factory did not even cover the cost
of manufacture.

GOES TO FINDLAY

Roy Van Zant, a well known printer
of this city who has been connected
with the Palladium Printing company
for some time, will leave tomorrow
for Findlay, O., where he has accepted a
position with a large printing estab-
lishment. Mr. Van Zant is a young
man of much ability and his many lo-
cal friends wish him success in his
new position.

Among other things, it is claimed
by the government, the promoters of
the company in their effort to attract
purchasers of the stock, made the
statement that there was a profit of
150 per cent on every pound of rubber
turned out by the company's factory
in Hyde Park. This statement, the
federal officers say, was not supported
by the facts in the case and consti-
tuted a fraudulent misrepresentation.
