

THE SOCIAL WHIRL

Edited by Miss E. Elizabeth R. Thomas

BREAKAWAY SEASON.

See the man with dress-suit case—
See him up to the steamer race.
See the woman all tied up.
Hurry—hurry—doctors, too!
How they rush and push by you!
See the courts closed—judges gone
Only court now on the lawn.
See the houses in the town
All shut up—the curtains down,
Goody news and wicked flee
To the mountains and the sea.
Choo-choo honk-cars raise the dust
Got to get away or bust.
Still the open cars are full;
People grab the straps and pull.
Some folks never get away;
Always some one has to stay.
What a dull old town 'twould be,
If all hiked off to land or sea!

Health and Beauty Notes

By Mrs. Mae Martyn

Edith: No, I do not believe in "dry shampoos." If you were going to wash your face, would you even think of rubbing powder on it? When you need a shampoo ask your hairdresser for a canthrox shampoo or buy the canthrox at any drug store and prepare the shampoo at home by dissolving a teaspoonful of canthrox in a cup of hot water. The cleansing lather of this shampoo will remove the excess oil and all dirt and dandruff from the scalp pores. Your hair will rinse easily and dry quickly. This is the most beneficial shampoo I have ever used. It is very refreshing to an itching scalp and makes the hair very soft, silky and so fluffy there will seem to be twice as much of it. You will find nothing better than this shampoo for promoting a clean, healthy condition of the hair and scalp. It is not expensive and will not cause the hair to become dull and streaky like soap shampoos do.

Martha: If you have any fears of becoming bald, now is the time to save your hair. By getting one-half pint alcohol and one ounce quinson at your druggist's and mixing with one-half pint cold water you will have the finest remedy imaginable for dandruff and falling, lifeless hair. Rub this tonic into the scalp twice a week and you will soon see a wonderful improvement in your hair. It will take on a healthy color and become glossy and abundant. This tonic is not sticky and will instantly relieve scalp itching. I know of many hairdressers who use this tonic exclusively and with fine results. It is equally good for both light and dark hair.

W. M.: Your dull, weak, expressionless eyes can be made clear, beautiful and sparkling by putting in each eye twice daily a few drops of a simple tonic made by dissolving an ounce of crystals in a pint of cold water. This inexpensive tonic is very soothing and strengthening to weak, tired or inflamed eyes. Oculists find it excellent for treating granulated lids and eye troubles generally. Its strengthening properties make it a great aid to those who wear glasses.

Mrs. G. K.: You may be able to reduce your weight simply by exercising and dieting, but you can easily hasten the reduction with the following: Dissolve four ounces of paronitis in one and one-half pints hot water; when cold strain out the sediment; take a tablespoonful of the liquid before each meal and you will find it a splendid dissolver of fatty tissues that will not yield to other remedies. It is harmless, inexpensive and has restored many to their former slender figures and given sure relief from the burden of being too fat.

M. R. C.: A good, inexpensive lotion to take way that shiny, oily, sallow look to your complexion can be prepared at small cost as follows: Dissolve four ounces spumax in one-half pint hot water; when cool add two teaspoonfuls glycerine and apply to the skin, rubbing gently until dry. This will whiten and beautify your skin without leaving that powdered look. You will find this lotion far better than powder, as it not only gives your face a fresh, youthful tint, but does not rub off or show like powder. I find it excellent for preventing and removing freckles, skin pimples and as a protection to the skin from the sun and wind. Do not use powder

Mrs. N. C.: Even at your age of 40 there can be no good excuse for your complexion not looking just as smooth, fresh and plump as it did 15 years ago. I want you to try a cream-jelly that I have found very fine for clearing up a dark, rough, wrinkled skin. You can make it yourself by dissolving an ounce of alomozin in one-half pint cold water; then add two teaspoonfuls glycerine, stir and let stand over night before using. Apply this to your face and you will soon find those large, dirt collecting pores smaller, your blackheads and wrinkles gone and your complexion smooth and clear. As a skin beautifier I have never seen its equal and I know you will like it.

Betty: A simple paste made with powdered delatone and water will rid your face of those unsightly hairs. Get an ounce of delatone from the druggist and with a little water mix some to form a paste, then spread on hairy surface and after remaining two or three minutes rub off and wash the skin. Delatone costs a dollar an ounce, but it does the work quickly.
