

How I Can Spend My Vacation on \$25.00?

—\$10.00 CASH PRIZE FOR BEST ANSWER—

Everyone should take a vacation—at least one week out of the fifty-two weeks should be devoted to a change. This one week can be well spent anywhere so that it's away from your home and business surroundings. At the sea shore, in the mountains, the country, up north near the lakes, there are numerous and appropriate ways of spending a vacation.

Our object is to show you the economical side of a vacation—some will tell you that they can't afford it—now there are hundreds of Wayne County people that know different—we feel that by taking \$25 and planning before you start, your railroad fare, your hotel bill, amusements and other miscellaneous expenditures that amount will more than pay the bill—it will cover all expenses.

WE ARE OFFERING \$10 TO THE ONE THAT WRITES THE BEST ANSWER ON: "HOW I CAN SPEND MY WEEK'S VACATION ON \$25?"

—THE IDEAL VACATION PEN—

MOORE'S NON LEAKABLE FOUNTAIN PENS—They never leak. They are filled and tested at the factory and that same ink is in them when you buy them. What better proof could there be that Moore's Fountain Pens never leak? The traveler appreciates the fact that it is not necessary to carry Moore's in an upright position. When the cap is screwed on the pen, it is as tight as a bottle. Either end up or lying flat it cannot leak. There's no joint to leak ink just where the fingers hold the pen. As easy to fill as a bottle. The ink flows evenly and freely. \$2.50 and up, fine, medium and stub nibs. All pens sold under positive guarantee of complete satisfaction or money refunded.

Ask any owner of a Moore's what he thinks of it. See the new styles just received.
