

TOGO TIRES FROM HIS ARDUOUS TRIP

In Deference to His Weariness, Program in Philadelphia Curtailed.

(National News Association)
PHILADELPHIA, Aug. 10.—The exertion of trudging the quarterdeck of his battleship and sinking the Russian fleet was nothing compared with the fast pace set for Admiral Togo by his host, Uncle Sam, and as a result the valiant old warrior from the Orient is almost worn out.

The Admiral awoke in Philadelphia this morning face to face with another arduous round of entertainments and to add to his discomfort, the weather was humid and enervating.

In consequence of the worn out condition of the visitor it was said that the program would probably be curtailed although the official ceremonies would be carried out.

The program for today included an official call upon Mayor Reuburn at the City Hall with a return call by the mayor at the Bellevue-Stratford hotel. Captain A. W. Grant, U. S. N., was delegated to escort the Admiral about the Philadelphia navy yard and the Cramp shipyard. A theater party is in store for the visitor tonight but on account of the heat it was feared that the Admiral would exercise strategy and sidestep it.

Tomorrow the Admiral will "see" Philadelphia, looking over the many revolutionary relics. At four o'clock in the afternoon he and his party will depart for New York.

The Center of the Family.

The center of the family is the dining room table, and women the judged by the tables they keep. A soiled, worn table-cloth will spoil the effect of a nicely arranged table. Thousands of tablecloths are spoiled by being washed with poor, strong soaps which leave them yellow with rosin and eaten in places by caustic and alkalies.

When Hewitt's white Easy Task Soap is used, table linens are uninjured. Easy Task soap leaves no stain, does not harm the textile surface and costs only a nickel.

NEW FACES APPEAR IN STARR LINE UP

Manager Sullivan of the Starr baseball team reports that his squad is going to be in good shape to give the "Kentuckians" team a hard tussle when the two teams meet in their scheduled encounter next Sunday at Athletic park. Several changes in the Starr's line-up probably will take place before the team will be ready to play, but the manager has a "line" on several players of class whom he hopes to add to his squad in time for the game. Avery, one of the pitchers of the team, has been released, and first baseman Rumpf will not appear in the Starr's uniform next Sunday. Miller, the catcher, has about closed a deal to bring a star artist over from Indianapolis. First base will probably be filled by a New Castle player. It is said that both of these new men are first class players.

The team is still regretting the loss of Murphy, who played short for one game, and was signed to hold down that place the rest of the season. Murphy is one of the fastest semi-pro players around this part of the state, and he only today announced that he would remain with the Madison, Ind., team. Warfel will be at his regular place at short.

MOTORCYCLE CLUB HAS INCORPORATED

Articles of association have been taken out by the Richmond Motorcycle club. The nine directors of the club are Roy Harvey, W. H. Oesting, George Bayne, George Kramer, Paul McBride, Glen Hoggatt, Charles Tamm, Carl Brown and Carl Cutter. The purpose of the association is to encourage the use of motorcycles, assist in the good roads movement, facilitate touring and to promote the sport of motorcycle racing.

SHOT WOMAN WHO REFUSED TO ELOPE

(National News Association)
BRAZIL, Ind., Aug. 10.—Samuel Alberts shot and mortally wounded Mrs. Tony George, and then severed his own jugular vein with a bullet. His recovery is impossible. Roberts asked Mrs. George to elope. She refused.

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

A MIDSUMMER'S DAY DREAM

CONFEREES AGREED

On Farmers' Free List Bill—Disagree on Wool.

(National News Association)
WASHINGTON, Aug. 10.—Representative Underwood and Senator La Follette failed to reach an agreement on the wool bill at the morning session but agreed on the farmer's free list bill which will be reported to the committee tomorrow.

Senator La Follette when seen after his conference with Mr. Underwood had ended said that it was his intention to state that an agreement had been reached on the farmers' free list bill. He declared that some progress had been made with the bill, but intimated that the house would have to make concessions or there would be no agreement. But it is understood that the conferees probably report to their respective houses tomorrow. That there has been an agreement on the farmers' free list bill by which the Kern amendment and other Senate amendments will remain in the bill.

Senator Swanson of the senate finance committee today reported adversely the Underwood cotton revision to the senate. He asked that it be made the unfinished business. But under the rules Senator O'Gorman objected and the measure went to the calendar. It can be made the unfinished business for tomorrow or whenever the senate meets and this will be done.

INTERURBAN WRECKS AUTO; DRIVER DEAD

(National News Association)
GREENCASTLE, Ind., Aug. 10.—H. O. Wiant, of St. Louis, was instantly killed when an interurban car demolished his automobile this forenoon. Wiant's engine went "dead" while crossing the tracks.

AMENDED STATEHOOD BILL IS ACCEPTED

(National News Association)
WASHINGTON, Aug. 10.—The house accepted the senate amendment to the Statehood bill admitting Arizona and New Mexico. The president expected to veto the measure because of the recall feature of the Arizona constitution.

MAIL ROBBERY IS BEING CLEARED UP

(National News Association)
BLOOMINGTON, Ind., Aug. 10.—Claude Lindsey aged 21 years a local man about town was positively identified this morning by flagman O'Herrin of the Chicago Express on the Monon railroad, as the man he had seen opening and robbing a mail sack as the train passed through here Monday night. Lindsey was turned over to a United States marshal at Indianapolis for trial in November. When searched he had two decks of cards and said he was a gambler. Lindsey says he is innocent although he admitted that he took the train north Monday night and returned the next day.

SIR KNIGHTS ARE LEAVING LAFAYETTE

(National News Association)
LAFAYETTE, Ind., Aug. 10.—The principal feature of the Encampment of the Uniform Rank of the K. of P. today was the competitive drill at Camp Warner. Linton and Jacksonville were the only competitors. The judges awarded the prizes for the largest number in line for the big parade to Delphi lodge. The big jubilee will come to an end tomorrow night with a big military ball. A number of Sir Knights have already left the city and there remain but about 500 at Camp Warner.

NAME IS CHANGED

C. & O. of Indiana Is Now Chicago Division of C. & O.

The third name of the present C. & O. Railroad of Indiana is about to pass into history along with the names, C. & R. & M., and C. & C. & L. This action has been brought about by a visit of T. H. Gurney, district passenger agent of the Chicago district, to Cincinnati, on Wednesday. After he had a conference with Assistant General Passenger Agent A. L. Elliott, the C. & O. of Indiana went out of existence officially. Abolishing this road, however, will have no effect other than a change of name, for in the future, the line will operate just as in the past, but under the name of the Chicago Division of the C. & O. railroad.

SOAP FOR SUPPER.

Do you ever notice that sometimes the vegetables taste a little strong, and that the meat has a peculiar flavor? That's soap. In washing the pots and pans and dishes, strong, yellow soap is used, and instead of cleaning, the minute crevices are filled with dirty grease and rosin which later get into the victuals. Try Hewitt's Easy Task Soap—it's a white, antiseptic combination of cleansing agents and absolutely cleans without leaving any deposit.

AFTER WAR SECRETS

Foreign Spies Make Blueprints of U. S. Forts.

WASHINGTON, Aug. 10.—Foreign spies are working to worm out the secrets of the American military and naval establishment. Irrefutable evidence has been brought to the war and navy department to this effect and extraordinary efforts are being made to guard against revelations of the U. S. offensive and defensive resources to these secret emissaries of foreign power.

A package of blue prints showing every detail of the main defenses of Corregidor Island, the main stronghold of the U. S. in the Philippine Islands was recently picked up in the streets of Calcutta.

PAPAL APPOINTMENT ANNOUNCED TODAY

(National News Association)
WASHINGTON, D. C., Aug. 10.—M. G. R. Falconio, Papal delegate here today stated he had received notice from the vatican at Rome of the following appointment: To be first Bishop of Toledo, O., Right Rev. Joseph Schrembs, formerly auxiliary bishop of Grand Rapids, Mich., to be Archbishop at Dubuque, Ia., Right Rev. James Keane, formerly Bishop of Cheyenne, Wyoming.

BEVERLY IS TO BE THE SUMMER CAPITAL

(National News Association)
WASHINGTON, Aug. 10.—The president decided to leave for Beverly, Mass., his summer home, tonight. He will return to Washington next Monday morning.

MAKE SCHOOL PLANS

For Fall Term—Equipment for Manual Training.

The members of the school board are busily engaged in working out their plans for the school year which opens in September. Although they are spending a great deal of time in preparing the grammar schools for the opening, a large part of their efforts is being directed toward improving the new high school. Superintendent Mott states that last year's staff of instructors will be assisted by several new teachers this year, making the faculty amply large to take care of the increased number of pupils who are expected. An assistant will be added to the English department, and new heads have been secured for the history and Commercial departments. Most of the old teachers have not yet signed their contracts for the year, and the board is busy making sure of their services.

The book lists which are to be sent to the dealers are being sent off now, so that no delay can possibly arise from a lack of text books. Work on the schedule of classes will not start until the first of September; but the board expects to have it complete before the end of the second week of that month. Superintendent Mott announces that all those who for any cause failed to register last June will be given a chance to do so during the second week of September. He is looking for a very large enrollment this year, as he is expecting about 550 students at the beginning of the term, and says that this number may be swelled to 650 before the year is far advanced. The only change in the equipment which will be made during the rest of the summer will be the fitting up of the second wood-working room. This is intended for use by a third year class in manual training.

PUSH WORK ON NEW SCHOOL BUILDING

Township Trustee James Howarth visited the new school building which is under construction on the Middleboro pike on Wednesday evening. The structure is being erected with all possible rapidity and the roof is being put on now. The building will be plastered the coming week.

SOME IMPROVEMENT IN POPE'S HEALTH

Seemed Brighter and Fever Abated—Had Snatches of Sleep.

(National News Association)
ROME, Aug. 10.—After a somewhat easier night Pope Pius seemed brighter today and his fever was slightly abated although there was no marked improvement in his condition. Doctors Petacci and Marchisava believed that the removal of their patient into more spacious quarters has had a good effect. The attending physicians concentrated their endeavors to prevent complications from a fresh attack of gout and to allay the fever. His Holiness had snatches of sleep in the coolness of the morning hours. His throat seemed better, which was another good sign. The doctors have strictly forbidden the Pope to see members of his household upon church business. His Holiness' sisters are proving good nurses and spend as much time as they are allowed in the sick room.

HOLD MASS FOR POPE.

VENETIA, Aug. 10.—Special masses for the recovery of Pope Pius were said throughout Venetia today and many a little mountain chapel was visited during the morning by peasantry who murmured prayers for the safekeeping of their patron saint. Pope Pius is known to his humble neighbors of Venetia as Giuseppe Sarto, his family name, and their love is attested by their fervent devotion to the church and the gifts which they send to the vatican.

CHARGES PRETTY WIFE OF CRUELTY

(National News Association)
SOUTH BEND, Ind., Aug. 10.—William Temple, a prominent member of the younger society set, caused a sensation today by filing a suit for divorce from his pretty wife who is supposed to be in Colorado on a pleasure trip. He alleges cruel and inhuman treatment. The Temples were married two years ago following an elopement. Last year, while in California, Miss Temple attempted suicide by jumping into the Pacific ocean.

MCABE HOLDS POWER

On Chemical Rulings, Dr. Dunlap Tells Inquisitors.

(National News Association)
WASHINGTON, Aug. 10.—Dr. F. L. Dunlap, associate chemist of the bureau of chemistry, who first brought the Dr. Wiley charges to the attention of Secretary of Agriculture Wilson, testified before the house committee, investigating the Wiley controversy today. Dr. Dunlap said that the charges against Wiley were called to the secretary's attention while Dr. Wiley was absent from the city.

"I was acting chief chemist at the time admitted Dr. Dunlap. Dr. Wiley was in Chattanooga, Tenn., on the Coca Cola case. I verbally called Secretary Wilson's attention to the correspondence in the Rusby case. He asked me to make a formal memorandum of the matter which I did on March 28th. Dr. Wiley got back on March 29th." In reply to several questions, Dunlap said that in the event of a disagreement as to the matter of chemistry between himself and Dr. Wiley this would probably be decided by the third member of the bureau who is Solicitor McCabe, this point was brought out to show that McCabe who is not a chemist holds the balance of power in the inspection bureau.

LAWS CONFLICT ON EXPRESS PROBLEM

Owing to conflicting ordinances Police Superintendent Gorman is unable to take any definite action on the express wagon problem which has been confronting the city officials for the past several months and which was given to Supt. Gorman to solve by council at Monday evening's meeting. Business men have made numerous complaints about express wagons being permitted to stand at corners of streets intersecting with Main street and as the city officials could not reach a satisfactory solution to the question the matter was given to Supt. Gorman.

Placidly Said.
Hewitt—Does the climate agree with your wife? Jewitt—That's more than I'd expect of any climate.—Smart Set.
