

CUMMINS PICKS TO PIECES TAFT'S ACTS

In Open Letter Gives Eight Reasons Why He Opposes His Renomination.

(National News Association)

CHICAGO, Sept. 5.—In a signed article, published in the Chicago Record-Herald today, U. S. Senator Albert B. Cummins, of Iowa, gives his reasons for declining, as he did recently, that President Taft should not be renominated by the Republican party for the presidency. The article says in part: "A few days ago, in answer to an inquiry from a reporter of the Register & Leader of Des Moines, I stated that in my opinion Mr. Taft ought not to be renominated as the candidate for president by the national convention and among other things I said that he did not take 'the progressive view' of matters which concerned the public interest."

"It is to be understood that my opposition to the renomination of Taft is based solely upon his attitude toward public questions and my conviction that the convention ought to nominate a candidate for president who will be strongest in the election."

"I have no other than the most friendly feeling for the president. With these preliminary and explanatory suggestions I present my bill of particulars."

"It will be conceded, I suppose, that President Taft's alignment must be defined chiefly—

"1—By his position upon the Payne-Aldrich tariff law.

"2—By his position upon the bill for the further regulation of interstate common carriers, brought forward about the first of the year 1910.

"3—By his position upon the change made in the postal savings, just as it was being passed in the Senate.

"4—By his position upon the proposed income tax law, which was sought to be incorporated into the Payne-Aldrich tariff act.

"5—That by his attitude toward the control and disposition of our public domain."

"6—By his position on the Canadian tariff bill passed at the extra session just closed.

"7—By his work for the peace treaties.

"8—By his vetoes of the woolen schedule, free list, and the resolution admitting New Mexico and Arizona as states."

Senator Cummins takes up each one of these in turn and picks Taft's stand to pieces. He criticizes Taft's associates in the making of the tariff, naming Aldrich, Payne, Cannon and Dalsell in particular.

He lays the interstate commerce law to Aldrich and Taft and declares that operation was used to force its passage.

Cummins charges that Taft was aligned with the reactionaries on practically every big piece of legislation and concludes his article thus:

"My general conclusion is, therefore, that in every struggle which has taken place since Mr. Taft became president upon vital things his allies and supporters have been the senators and members of the House of Representatives who, however honest they may be, are known from one border of the country to the other as reactionaries or stand-patters and not progressives."

If the voters of the Republican party believe that the old leadership should be perpetuated they can find no better nominee than Mr. Taft. I do not believe it ought to be continued and, therefore, without any personal disparagement of the president, I am hoping that a progressive Republican will be nominated and elected next year."

MEETING HELD BY CITY BOARD TODAY

The board of public works, at a short session this morning fixed the amount of benefits, which the Garr-Scott company will be obliged to pay the city, for the vacation of North F street, at \$1,500. Other assessments of benefits and damages on the vacation of North F street, and the Washington avenue railroad crossing have not been made as yet.

Protests have been made to the board that test cars of local automobile factories are being operated over the city streets at a greater speed than that allowed by law. Notices were sent to the concerns manufacturing machines this afternoon by City Clerk Baecher, requesting all test cars to comply with the law which states that no automobile shall be driven faster than eight miles an hour on the streets and not more than four miles an hour when turning a street corner.

WELL KNOWN FARMER BURIED TUESDAY

(Palladium Special)
HAGERSTOWN, Ind., Sept. 5.—Hiram Huff, a prominent farmer aged 78 years died early Sunday morning at his home, east of Hagerstown. Death was due to senility. The deceased is survived by his daughter, Mrs. John Jarbo, with whom he had his residence. The funeral services were held Tuesday morning at 11 o'clock at West Grove, near Centerville. The Rev. Love of the Christian church of which the deceased was a member, officiated. The interment was in the Centerville cemetery.

NATIVES KILLED A GUIANA MISSIONARY

(National News Association)
GEORGETOWN, Brit. Guiana, Sept. 5.—Elder Davis, an American missionary, has been killed by natives in Hatterland where he has been laboring to convert them to Christianity. News of the murder reached here today.

His Noble Son-in-Law

Clarence Doesn't Get Much Sympathy from Pa-in-Law

GOOD BOXING CARD

Was Offered at the Coliseum Last Evening.

Though blood was freely sprinkled in all of the bouts of the Labor Day card at the coliseum on Monday evening, it was a case of an eye for an eye, a tooth for a tooth in all of them, excepting in the mill between Jimmy Watts of Indianapolis and Jimmy Goodman of Chicago, which was stopped in the third round by promoter Hugh McGann after Goodman had been sent to the floor for the second time, ready to receive the count. Though no knockout was registered, it would have been had the referee so willed.

But the main go between Young Sweeney of Indianapolis and Jimmy Anderson of Brazil was the stellar attraction, the lightweights mixing it up frequently and coming out scratched and plainly showing the evidence of some of the fierce spells of grilling. Both were cautious of each other. Both were clever, possibly Sweeney having the shade, as he was active on his feet and clever in landing blows. Anderson has the punch; Sweeney evidently lacks it, but is quicker. Consequently Sweeney had his speedy little opponent in many tighter holes than Anderson was in. The popular decision possibly favored Anderson, though there were many who thought the former Chicago lad had the better of the exhibition so far as points are concerned; referee McGann rendered no decision.

SUSPECT WRECKERS OF FATAL ACCIDENT

(National News Association)
FREMONT, Wis., Sept. 5.—Three persons were killed and several were fatally injured when a Soo line passenger train from Chicago to Duluth was wrecked near here today in a mysterious manner. Train wreckers are suspected. The dead are: Engineer Kuester and two unidentified men. They include S. Fortune, Detroit, fatally; Mrs. S. M. Harvey, Duluth, and F. H. Arnesen, Fondulac.

FINE HOWARD HARRIS FOR ASSOCIATION

Howard Harris, colored, entered a plea of guilty to associating with Ferris Hayden through his attorney in the police court on Tuesday morning and was fined \$10 and costs and sentenced to jail for ten days. The Hayden woman has been warned by police chief I. A. Gorman to get out of the city. Harris was arrested on Saturday night.

The oldest practicing surgeon in the United States is Dr. D. D. Martin, of Tulsa, Okla. He is eighty-nine years old, and recently at a clinical convention in Chicago performed successfully an operation which required the skill and judgment of surgeons at their best.

ITALIANS LINED UP AND WERE SEARCHED

John Doe Reported to Officers \$250 Had Been Stolen from Him.

Sheriff Albert Steen and deputies Clarence Mote and Ed Morel, Rice Miller of Greensfork and Sam Roberts were called to the Italian camp just south of the Wernle Orphans' Home on Monday night to search for \$250 which had been stolen from one of the Italians, whom the authorities styled John Doe. Sixty nine of the laborers were lined up on the car tracks and while deputies Mote, Roberts and Miller searched these, the sheriff and Morel went into the cars which they searched and moaned. The money was not found, though two brothers, whose names the sheriff could neither understand nor get the spelling of are suspected but were not arrested. The authorities returned to the camp on Tuesday afternoon, but at press time had made no further discoveries nor made any arrests.

While searching the men deputy Roberts found that one had a hundred and fifty dollars sewed up in the inside of his undershirt, in such a manner that the money was always next to his shoulder. Even some gold eagles were sewed between the cloth. When the deputy made the discovery and compelled the man to disrobe and count out the money he squeaked and was most reluctant to do so. However the robbed Italian, whose name the authorities do not have, exonerated the man. The authorities did not learn just how it was the money had been secreted from the Italian's hiding place.

John Bunyan's Indictment.
The bill of indictment preferred against John Bunyan ran thus: "John Bunyan hath devilishly and perniciously abstained from coming to church to hear divine service and is a common upholder of several unlawful meetings and conventicles, to the disturbance and distraction of the good subjects of this kingdom, contrary to the laws of our sovereign lord the king." He was convicted and imprisoned twelve years and six months.

Levity in Court.
Judge—You saw the prisoner steal the sheet of music. What happened next? Witness—Then he walked out of the store with an abstracted air, your honor.—Boston Transcript.

A Diplomat.
Little Willie—Say, pa, what is a diplomat? Pa—A diplomat, my son, is a person who can prove a man a liar without calling him one.—London Times.

No great thing is created suddenly any more than a bunch of grapes or a fig.—Epictetus.

Palladium Want Ads Pay.

WOULD REFORM SECT

Swedenborgian Clergy Displeased with Polygamy.

(National News Association)
CHICAGO, Sept. 5.—Following the resignation of the Rev. A. B. Francisco from the pastorate of the Humboldt Park Swedenborgian church, it was learned today that he quit the ministry because he was convinced the church had become tolerant of the "allowableness of an associate wife." The resignation was brought about as a result of the failure of the recent convention of Swedenborgians to go on record as opposed to the alleged polygamous doctrine.

Leaders of the sect in Chicago predicted that many more clergymen would resign unless the doctrines were purged of the polygamous article.

BANK STATEMENT.

No. 1988.
Report of the condition of the Second National Bank, at Richmond, in the State of Indiana, at the close of business, September 1st, 1911.

RESOURCES.

SOUTH SIDE ASSOC. DEMANDS A BRIDGE

Makes Dire Appeal to County Council—Main Street Bridge in Bad Shape.

The directors of the South Side Improvement association appeared before the county council this afternoon and asked for an appropriation sufficient to build the south side bridge at South L street. The directors of the association stated that the county at the present time had a fund of \$44,971 set aside for the construction of the bridge and that to build the bridge it would only take from \$50,000 to \$60,000. They asked the council to adjust the levy so that the additional amount could be collected, which would be sufficient to construct the bridge. They stated that they had presented the matter several times to the county commissioners but without result and that had come before council to try to get action. The commissioners called Jack Mueller, county engineer, to explain what had been done and why the matter had not been reported on. Engineer Mueller stated that he had made three surveys and had made an examination of the Main street bridge, thinking that it might be torn down and reconstructed at South L street, but upon examination he found that the bridge was in such bad shape that it would not pay to do anything with it. He stated that the bridge was not constructed to carry the heavy interurban cars and the current of the street car company has caused electrolysis on the west end of the bridge, which had left that part of the bridge in bad shape. He also stated that it would be only a few years until there would have to be a new bridge constructed in its place.

The bridge contemplated for South L street would be 400 feet long, 40 feet wide and have a sidewalk of five feet, leaving the roadway thirty feet. This sort of a bridge would cost in the neighborhood of 160,000, including approaches. Mr. Coe showed the council how the appropriation could be made without raising the levy, by reducing one or two of the items on the budget. The county council adjourned at 2:00 to meet again at 3:00 to consider the appropriations on the 1912 budget. The commissioners and council generally favored the appropriation providing it would not necessitate the raising of the tax levy.

ORA RAU, CITY LINEMAN WAS ELECTROCUTED

Ora Rau, an employee of the municipal light plant was killed this afternoon about 3:30 o'clock on Williams street by being shocked to death. More than 2,200 volts went through his body. He was on a pole but further details about the accident are not known. The city ambulance was called but when it arrived Rau was dead and his body was taken to the undertaking parlors. He lived at 223 South Thirteenth street.

He is survived by his wife, his father and mother and two brothers.

The Twilight of Life.

The muscles of the stomach in old age are not as strong or active as in youth and in consequence old people are very subject to constipation and indigestion. Many seldom have a bowel movement without artificial aid. Many also, have unpleasant eruptions of gas from the stomach after eating. All this can be avoided by the use of Dr. Caldwell's Syrup Pepsin, which permanently regulates the bowels so that passages come naturally, and so strengthen the stomach that food is digested without discomfort. Druggists sell it at 50 cents or \$1 a large bottle.

MAYOR HAS GELDING WHICH SHOWS CLASS

William Owens, a well known horseman from Toledo, who has had a great deal of experience with some of the fastest horses of recent years is now associated with Dr. W. W. Zimmerman in the training of Billy Buster, the mayor's fast double gaited gelding. The animal has been in poor form until this spring, but under the training of Mr. Owens is developing wonderfully. It has passed on several occasions in tryouts at the driving park a 2:13 1/4 mile and trotted a mile in 2:24, which is regarded as most remarkable. The horse possibly will be raced this season.

SPECIAL MEETING TO CONSIDER BUDGET

At the meeting of the city council on Monday evening there were seven absentees and the five present delegated the authority to Mayor Zimmerman to call a special meeting at which the city budget for 1912 will be considered. The council then adjourned. The mayor issued a call for a special meeting this evening. The council will consider the budget as a committee of the whole. Though a vast amount of money is to be appropriated, the 1912 budget will not be radically different from those of the previous years.

APES OF GIBRALTAR.

Highly Prized and Carefully Protected by Martial Law.
Major is the name of the chief of the highly prized and carefully protected tribe of Barbary apes that inhabit the rock of Gibraltar. There is a saying in the fortress to the effect that it were "better to kill the governor than Major."

There are only about twenty left of this band of monkeys, which in some mysterious manner came over from Africa many years ago and claimed citizenship in Europe. They are protected by martial law, and any addition by birth to their number is carefully chronicled and announced in the local paper. The apes change their place of residence from the highest peaks of the rock to lower and more sheltered portions and back again, according to the state of the weather. They show their sense of humor by throwing stones at the soldiers, but they are often not seen for weeks at a time save in the early morning.

A few years ago, on account of the diminishing numbers of these animals, some apes were procured from Barbary and turned loose upon the rock. But resident monkeys killed them all. Although so fierce to intruders of their own kind, they never attack human beings and are greatly beloved and esteemed.—New York Press.

Japanese Tag.
This makes an amusing variation on the old game of tag. When a player is tagged he must place his left hand on the spot tagged and keep it there until he has caught some other victim. The game works out in this way: The one who is "it" endeavors to tag a runner on the knee or foot, so that his efforts to tag any one with his hand on this part of the body will be awkward and amusing.

MACHINE ITEM IS REJECTED

This afternoon at three o'clock the county council voted to reject the item in the 1912 budget providing an appropriation of \$21,000 for twenty-eight voting machines for use in Wayne county. The councilmen were of the opinion that such an expenditure was not warranted at the present time.

REDUCE CONTINENTAL WALKING TIME

(National News Association)
San Francisco, Sept. 5.—Kohn Henry Mooney, member of the fire department of New York City, established a new walking record from New York to the Pacific coast when he arrived here today. The distance was covered in seventy-two days, beating Weston's record of 106 days.

SALVATION ARMY.

Cold weather with its demands will soon be here and adequate preparations are being made by the local corps of the Salvation Army to meet the needs. Discarded articles of clothing, shoes, furniture, etc., can be brought into use. Anyone wishing to donate such should send a postal to Ensign Deuter, 245 South Third street or phone 1045.

SERIOUSLY ILL.

Mrs. James Morris is seriously ill at the home of her daughter, Mrs. C. A. Brehm, 128 South Eighth street.

YOUR STANDARDS.

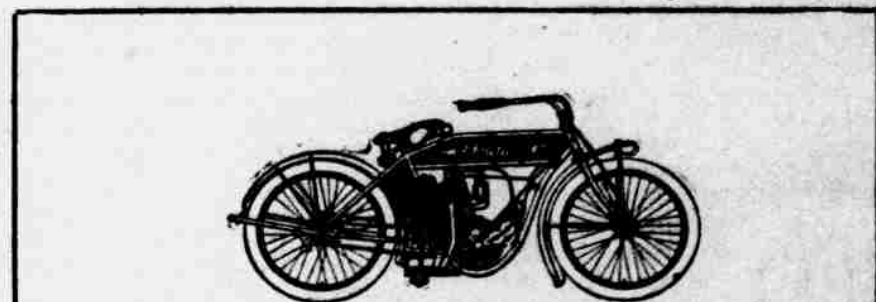

The most difficult problem that any human being has to solve is the prevention of an insidious lowering of his standards. It is so easy to drop into habits of neglect in small matters that were once considered duties that the whole life has slipped to a lower plane before one is aware of it. Keep your standards high and unswayed.

UMBRELLAS
